Community Honors Kipke at Dedication

Charlevoix high school and the community paused Sunday to pay tribute to retiring Coach Ray L. Kipke at the dedication of the athletic field in his honor.

Several hundred persons including coaches from conference schools attended the program at the field, to be known henceforth as Kipke Field. His mother and several brothers and sisters from Lansing were guests.

Principal Harry Bingham, who has been closely associated with Mr. Kipke since 1928 when both started their school jobs here, recalled how Kipke has always met the athletic as well as character challenge. "He has produced scholars and athletics," Mr. Bingham said.

• • •

"**KIPKE** has been well-known for installing good sportsmanship in his boys. He has been a great fellow with whom to work. It has been a pleasure to have been associated with him in every way."

Mr. Bingham, on behalf of Williamston high school, where Kipke coached for one year prior to coming here, presented the honored guest a handsome traveling piece of luggage.

Mrs. O. V. Cunningham presented Mrs. Kipke and his mother bouquets of flowers. Dean Davenport read a telegram from Biggie Munn of MSC who termed Kipke a truly great high school coach. "We at MSC are lucky to have some of the players he developed.

• • •

DAVENPORT expressed the appreciation of the community to Kipke for his excellent teams and contribution toward good citizenship. He introduced Del Terrill, who will succeed Kipke as coach here, Maurice Dixon of Boyne City, Earl Brotherston, also of Boyne City, Dan Devine of East Jordan, Sam McClutchey and Roy Brown of Pellston and Max Damoth of East Jordan.

The plaque and stone marking the field as Kipke Field was unveiled by Bill Supernaw who played on Kipke's first team here and Jerry Gibbons who played on his last football team.

Bonnie Nickerson, president of the board of education, spoke briefly and presented Kipke with a book containing the names of his well-wishers. Rev. W. D. Wood and Rev. Jackson Turner also took part in the ceremony.

The plaque was made by the Malpass Iron Works and donated by the company.

One of the highlights of the ceremony honoring Coach Ray Kipke Sunday when the athletic field was named in his honor was the presentation of a honor book containing the names of several hundred well-wishers. This picture shows him looking at the book after receiving it from Bonnie Nickerson, president of the board of education. Also in the picture are Rev. W. D. Wood, Dean Davenport and Rev. Jackson Turner directly behind Mr. Nickerson.

Mrs. Heise Given 3-Year Lease on Lake Bathhouse

Mrs. Laura Heise who has leased the beach bathhouse from the city for three years following a reconsideration motion Monday at the council meeting, was not billed for lights used during the last three years.

The fault was not hers, it was pointed out. A provision in the lease which expired stated that she was to pay for the lights when billed. She was never billed by the city.

The renewal of the lease, originally voted several weeks ago, was re-opened for consideration at Monday's meeting. The Mayor repeated his contention that she should pay the $100 offered the city several weeks ago plus the cost of lights, water and garbage disposal. Drew Young said that she should at least pay for the lights used in the last three summers, based on this summer's light bill. When asked if she would, she declined.

The outcome was a vote approving a three-year lease which provides that she pay for lights, water and garbage disposal. All councilmen except Young voted in favor of this lease.

Knight criticized efforts to give her the concession for $1 a year at a time when the city is having financial troubles. Hamilton and William Heering favored abiding by the original agreement.

Illness Fatal to Mrs. E. S. Tumath

Funeral services for Mrs. Ella S. Tumath, 80, wife of William G. Tumath, were held at the See Funeral Home Wednesday. The Rev. W. D. Wood officiated and burial was in the Brookside cemetery. Mrs. Tumath died Tuesday at the Charlevoix Convalescent home following two years of failing health.

Born in Kent county, Ont., Can., Aug. 31, 1869, the former Ella Guilds came to Caro, Michigan with her parents, Evetts and Rebecca Guilds at the age of 19 months. She came to northern Michigan as a young woman and on Oct. 26, 1912 was married to Mr. Tumath. They made their home in Detroit and Ironton before coming to Charlevoix.

Besides her husband she is survived by a niece, Mrs. Frank Courier of Charlevoix and several other nieces and nephews in southern Michigan and a cousin, Mrs. George Glados, of Charlevoix.

Parking Meters to Be Installed June 15

Parking meters will be installed for operation on Bridge street June 15, the city council voted Monday night.

The council followed the results of a survey made of local merchants. The majority favored June 15 as the starting date for the meters.

The council also ruled that June 14 will be the last day for angle parking on Antrim street. After that date, parallel parking only will be permitted on Antrim.

Name Omitted

The name of Barbara Smith, daughter of Mr. and Mrs. Joseph Smith was inadvertently omitted from the list of students presented in recital by Mrs. Stewart Henner Wednesday night at the Congregational church.

Sewage Tax to Apply on Water For Sprinkling

The ticklish problem of whether residents should be required to pay sewage tax on water used for sprinkling resulted in a long discussion by the city council Monday.

Comptroller Don Swinton said that residents who do not want to pay the sewage tax must provide their own meters for this purpose. Several have done so already, he said.

He explained that when the 16 cents levy was put into effect last fall, it was estimated that all of the levy was needed to retire bonds for the sewage disposal plant.

Alderman Ralph Hamilton said several residents had asked him about the need for paying a sewage tax on water for sprinkling.

As it stands now, sewage tax will be charged for water for sprinkling unless residents have their own meters.

Seniors Hear Dr. Thurston At Graduation

Little fear need be expressed for this generation which in all likelihood will be the best of many.

So declared Dr. Lee M. Thurston, Michigan superintendent of public instruction, who delivered the commencement address Tuesday night at Charlevoix high school.

Fifty-five seniors, clad in cap and gown, were presented diplomas by Mrs. Catherina Bergeon, member of the board of education, and mother of one of the seniors. R. G. Bennett, superintendent of schools, introduced the speaker.

• • •

PRINCIPAL Harry Bingham introduced the class and Rev. W. D. Wood gave the benediction. C. A. Odmark, band director directed the choir which sang two selections.

Dr. Thurston said that this commencement marks another milestone in the lives of the graduates as they prepare to leave parents and friends. Parents have reason to take pride in this class, he added. Teachers express their belief that this class is one of the very best.

This class will do all right, Dr. Thurston said. Often times "we are fearful about the ability of our graduates. But I have a sincere feeling that this generation to which these students belong will surprise many of us. Morally this generation is the finest ever produced.

• • •

THEIR FACES lifted to the future, these are the lights they follow", he declared.

Double Honors

Mrs. Albert Gill, Sr., had double reason to be joyful about this year's commencement ceremony.

First of all, the last of her eight sons, Don Gill, was among the graduates. The first of her 22 grandchildren, Ann Gill, daughter of Mr. and Mrs. Alfred Gill, Jr., was also among the graduates.

This is believed to be the first instance in the memory of local residents that a son and a granddaughter graduated in the same high school class.

Bill Vosburgh to Wed Grand Rapids Girl

Mr. and Mrs. Delbert Clark of Grand Rapids announce the engagement and approaching marriage of their daughter, Maribel, to William C. Vosburg Jr., son of Mrs. Henry Ager and William C. Vosburg of this city.

The wedding will be an event of June 24 at the Second Congregational church, 525 Cheshire Dr. N. E., Grand Rapids.

Evaline Sipple graduated Sunday from the St. Lawrence School of Nursing in Lansing at commencement ceremonies. She is the daughter of Mrs. Marguerite Sipple of Charlevoix.

Adult Leaders Needed to Save Scout Day Camp

An emergency plea for adult leaders for the Girl Scout Brownies' Day Camp program here was issued today.

Unless there is an immediate response from several adults who will offer their help in leadership in arts, crafts, dramatics and other phases of camp life, the summer's program will be cancelled, it was reported.

The entire staff personnel was completed two months ago but unforseen events have reduced the personnel to the point where it cannot handle the program.

Adult women who want to help the program are asked to call Mrs. Herbert Campbell, Mrs. Charles Bleha, Mrs. Gordon L. Freedman or other scout leaders.

Sportsmen Plan To Dedicate Clubhouse July 2

A long-cherished plan of tho Charlevoix Rod and Gun club will be climaxed July 1-2 when the clubhouse, north of the city, will be dedicated in a two-day sports program.

The first fire in the massive fireplace was started last Thursday night when the membership held its monthly meeting. "Bo" Bowman, club president, presided.

It was decided to speed up the sinking of the well and installation of toilet facilities so that by July 1, everything will be in readiness. The clubhouse when finished will rank with the best in this part of the state.

MANY MEMBERS took part in the work bee Sunday to beautify the grounds and put the finishing touches on the clubhouse. Saveral thousand young trees have been planted on the 80 acres owned by the club.

Bowman thanked the members who have worked so hard to realize the club's ambition to have a clubhouse large enough to hold large dinners and become the center of the club's activities.

Most of the labor in building the clubhouse has been contributed by club members who have labored at night and on Sundays since last fall. Details of the club's program for the two-day dedication event will be published in the next two weeks in the Courier.

Band Is Honored

Members of the Charlevoix high school senior band and the choir were honored at a party Friday evening at the high school gym by the Band Parents Association. Bruce Shanahan, band president, presented a gift to their director, C. A. Odmark, from the graduates in the band. Games, dancing and refreshments were enjoyed by the seventy-five students in the two organizations.

Expenses Pared By 20 Pct. in Economy Order for Operations

A budget of $81,855 for operations of the city of Charlevoix for 1950-51 was adopted by the city council Monday night. This is about $23,000 less than the cost of 1949-50 operations.

The only item in the budget still under consideration is the salary of $900 for C. A. Odmark, director of the city band. The budget called for a cut of $300 in Mr. Odmark's salary.

A council committe is expected to confer this week with Mr. Odmark. Alderman Ralph Hamilton led the faction favoring no cut in Odmark's salary. However, Mayor Knight and Alderman Drew Young pointed out that almost without exception various expenditures were ordered reduced in keeping with the financial plight of the city.

MAYOR KNIGHT said that the city must make every effort to cut expenses in every way so as to be able to pay the $19,000 borrowed to finance this year's operations. He added that everyone was in favor of cutting the budget at someone else's expense.

Comptroller Don Swinton estimated the city's revenue during 1950-51 would amount to about $103,000, or about $22,000 over expenditures if the city adheres to the budget. This would easily take care of the $19,000 which the city owes and permit the city to operate in the black.

Mayor Knight said a close check will be maintained over the city's spending in an all-out effort to keep expenses to the minimum.

THE NEW BUDGET for the first time provides $5,000 for a pension for city employes. A

Snow Removal Costs Cut for Townships

Snow removal on the McNitt (township) roads in Charlevoix county cost the townships less per mile than at any time in the last five years, a report compiled by Ralph S. Hamilton this week shows.

The average cost per mile for the 225.4 miles of McNitt roads was $105.75 for 1948-49 as compared to $137.25 during 1947-48; $173.29 in 1946-47 and $122.55 during 1945-46.

The fact that the past winter was mild as compared to the 1946-47 winter and that the snowfalls and winds vary throughout the county during the season accounts in part for the lowered costs in some areas and the higher costs in a few others.

During 1949 13.5 miles were graded with the financial aid of the townships and by the elimination of snow traps in various townships the cost of plowing was lower than before. An example of this is indicated by Hayes township where each year the trend is downward and during the past few years a number of miles have been graded and many so-called snow traps eliminated.

• • •

IN HIS REPORT Mr. Hamilton points out that snow plowing is a heavy expense that in no way helps the roads and in many instances damages them. At the end of the winter season there is nothing to indicate the job accomplished during the preceeding months.

The revenue received for McNitt (township) roads is practically the same amount received 15 years ago when little snowplowing was done or needed.

Tabulated statement of snow removal by townships appears on page 2.

Coast Guard Bows To Slugging Owls

The local Coast Guard team was no match for the Knight Owls Sunday as the Owls went on a batting spree, banging out 18 hits, good for 17 runs and swamping the losers, 17-3.

Junior Supernaw held the Coast Guard to three hits. Chuck Fairbanks caught Supernaw. Bob Sommerville hit a homer with two on for all of the losers' runs. Bruce Henley led the winners with three out of four including a homer. Gallagher, Ager, Meggison and Swanson each had three hits.

The Owls play the Naval Air base at Traverse City this Sunday at 8:30 p.m. The field there is 13th and Pine street.

Barnard 4-H, Grange Honor Brumm Family

Some 50 persons attended the Farewell party given the Howard Brumm family by the Barnard 4-H club and Barnard Grange.

The family which is moving to Holland where Mr. Brumm is employed by the H. J. Heinz company, was presented a croquet set. Al Smith, Grange master, Betty Warner and Dawson Way, 4-H president, handled the arrangements.

Visits Here

Angus Leitch, former city superintendent here, who has a similiar position at Tecumseh, was a Charlevoix visitor this week. Mr. Leitch has supervision of a large program in a town of about 4,000.

Rites Tuesday For Mrs. McLean

Mrs. Margaret C. McLean, 79, a resident here for ten years, died Saturday at the Charlevoix Hospital. Funeral services were held at See Funeral Home Tuesday with Mrs. Ida Welsheimer, first Christian Science reader officiating. Burial was in Sunset Hill cemetery, East Jordan.

Born in Lansing Aug. 27, 1870, the former Margaret Crosby came to northern Michigan with her parents in 1880. She resided at Roaring Brook and Harbor Springs until her marriage to John McLean of East Jordan, where they made their home. He proceded her in death Aug. 26, 1939. She came to Charlevoix to make her home in 1940.

She was a member of the Christian Science church and the W.C.T.U.

She is survived by a sister, Mrs. Jean C. Lehmann of Charlevoix; a niece, Mrs. Archie D. Rounds of this city; two nephews, A. T. Washburne of Petoskey and Crosby B. Washburne of Ann Arbor; several grand-nephews and nieces.

Thanks Again for Those Kind Words

The enthusiastic reception to the graduation section of last week's Courier was most gratifying.

The Courier staff and the merchants who helped make it possiblo are glad the commencement section was so well-liked.

While the plan of publishing the 55 pictures and other graduation activities during a short work-week met with some difficulties, the community is well-pleased with the results.

The plan of publishing the senior pictures resulted one day last winter when we were scanning through the Courier files of bygone years. It seemed that efforts should be made to obtain the pictures for publication.

The school provided the pictures from the yearbook and furnished information about the graduation activities. The Courier is indebted to the school and the merchants for their assistance in making the graduation section possible.

This was only another example of the co-operation of the merchants in supporting community endeavors. Time after time they are asked to help some worthy cause. Almost in every instance, help is forthcoming.

Plans will be made to make next year's graduation section even better than this year.

To the many parents who have taken time to commend the Courier for publishing the graduates pictures, we hope we can justify further the kind words.

It's Only This Thing We Call Money

Those who are bewildered by the fact that the federal government can't seem to make both ends meet, no matter how great its tax revenues are, would do well to read, and re-read, an article in the May 1 issue of Newsweek called "Well, It's Only Money." It deals with Sen. Paul Douglas' brave but wholly ineffectual effort to do something about the $1,565,000,000 rivers and harbors bill.

These bills are the traditional pork barrel measures. As Newsweek puts it, "The whole principal is" Don't ask questions. You vote for my project and I will vote for yours" Partisanship is forgotten as the bills are rushed through and every state is given its share of the pork.

Senator Douglas, formerly a college professor who made a distinguished record as a volunteer combat Marine officer when he was past 50, generally favors the philosophies that are associated with the New Deal and the Fair Deal. However, he also hates waste, unbalanced budgets and the kind of political cynicism which creates them.

As Newsweek says, "Douglas didn't ask the Senate to cut the pork from the bill . . . All he requested was elimination of the baloney. Even this would have reduced the appropriation by more than half. The senator explained precisely why the projects he wanted to kill . . . including two in his own state, Illinois, were wasteful.

And here is what resulted, again in Newsweek's own words: "Each amendment was greeted with raucous laughter. Each was howled down and some of the loudest shouts were those from Republicans and Southern Democrats who moan most about economy between appropriations bills.

Only one voice was raised in support of Douglas, by Democratic Sen. Harry F. Byrd of Virginia who pointed out that, unless whittled down, the rivers and harbors bill eventually would cost the nation $30,000,000,000.

"While the Senate was laughing at Douglas, the House also demonstrated that in Congress economy is a word that ryhmes with hypocrisy . . . The only savings effected were a 10 percent reduction in the $12,000,000 federal contribution to the District of Columbia which has no votes, and the elimination of $7,000,000 contract authorization for the Institute of Inter-American affairs, for which there was no basic authorizing legislation anyway."

Newsweek also said that the 1951 federal deficit is now likely to reach the incredible figure of $7,300,000,000. It is a common political practice to claim that this is the result of such costly undertakings as the national defense, the rebuilding and rearming of Western Europe and so on. But Congress' unbridled amusement when Senator Douglas attempted to take the baloney out of just one bill indicates how empty that claim is.

District Legion Meeting Set for E. Jordan Sunday

Sixteen American Legion posts and their Auxiliaries will meet in East Jordan this week-end for a district rally.

The new American Legion home of the Rebec-Sweet post No. 227 will be dedicated at 1 p.m. Sunday. The new building replaces the structure destroyed by fire in 1948.

The activities will open with a concert by the American Legion band in G. A. R. Park at 8 p.m. Saturday. An informal get-together at the Legion club will follow.

A baseball game between two teams composed of American Legion Junior all-stars from the district will be held at 9:30 Sunday morning.

Electronics May Aid Lamprey Eel Research

LANSING—Sea lamprey research specialists are going to give electronics a chance to help in the war against the eel-shaped parasite, the conservation departments fish division reports.

Electrically-charged screens and possibly other advises will be tested as federal and state lamprey investigators probe further in their joint efforts to get a toe hold on the lamprey program.

A few tests with electric shocking devices, made a year ago, proved ineffective as a means of destroying the lamprey larvae in the stream beds.

Beside continuing to operate present lamprey-stopping structures, federal Great Lakes lamprey investigation and control units may install new weirs on the east branch of the Au Gres and the Rifle rivers.

Lacquer Aids Industry

Many industries have grown into mass production only because fast drying lacquers made this possible. As most lacquers are applied by a machine that is stationary or semi-stationary, the lacquer and the article to be coated have to be brought to the applicator. Hard and tough, lacquers have remarkable durability and water resistance.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

A drive or walk through the countryside on Beaver Island is a good spring tonic. It is really lovely with all the shades of green massed together in the foliage of the leaves just putting out, fruit trees blossoming and many wild flowers in bloom. The effect is most soothing. This time of year, housewives should 'ditch" the dust rag and broom and take time out to enjoy the beauties of nature that await only a hop, skip and jump from every home on the island.

This past week, the regal trillium was in full bloom. Wild strawberry blossoms are out, too.

With the closing of school, suit cases were dusted off and a number of vacations off the island are being taken by the school children.

Mary Margaret Greene, Margaret Ellen McDonough returned with Burnell Greene to Chicago for a visit. Margaret Ellen will visit her sister and brother-in-law Mr. and Mrs. Bernard McCafferty.

A. J. Gallagher is visiting relatives in Charlevoix.

Thelma and Darlene Schmidt returned to Pontiac with their sister and brother-in-law, Mr. and Mrs. Charles Wielke for a visit.

Sister Gilbert and Sister Leonora left for Grand Rapids Monday to be present at the reception of Sister Gilbert's neice into the Dominican order. Joy McDonough accompanied them to Grand Rapids in the interest of her entrance in the Mercy School of Nursing. Later in the week, Joy joined her school mates in Chicago.

Dick Barkley has been visiting in Detroit since his graduation.

Mary Catherine Hanley, Rosalie Bennett, Carolyn and Billy Miller spent a few days in Charlevoix during the week.

Mrs. Carl Left and children will spend the summer in Charlevoix. They left the island Wednesday.

Mrs. Arthur Miller, Sr. was taken to Lockwood Hospital, Petoskey, Tuesday morning. She had been suffering from arthritis. From reports she is on the road to recovery.

Mrs. Lloyd McDonough flew across Wednesday with her son, Bruce. It was a trip to the doctor for Bruce.

Bussie La Freniere had a rush call to the doctor by plane Monday when his heel caught between the bumpers of two cars and was badly cut.

A word of thanks to our visiting nurse, Mrs. Marion Rice. She came to the aid of several in the absence of Doctor Palmer.

Mrs. Mike Cull is visiting in Chicago.

Mr. and Mrs. Marvin Cross, Charlevoix, are visiting Mrs. Cross' parents, Mr. and Mrs. Ed. Burke.

Mr. and Mrs. Paul Herndon and party from East Chicago spent the past week in the Herndon's cottage, the former Gat Cole's cottage at the south end of the island.

Mr. and Mrs. Clayton Parker, Kalamazoo, and their daughter and son-in-law, Mr. and Mrs. Fred Miller and great-granddaughter, Sandra Thompson of Portland. Ore., arrived during the week to visit their relatives. Mr. and Mrs. Parker were guests of Mr. and Mrs. Herman Pischner and Mr. and Mrs. Miller were guests of Mr. and Mrs. Vernon LaFreniere.

Mr. and Mrs. Walter Smith, Chicago, have arrived to spend the summer in their island home.

Mrs. Evelyn Vaden returned Thursday from Farmington where she spent the winter.

Friends of Perry Palmer will be glad to know he is coming along nicely. He has been removed to Blodgett Convelescent Home to complete his recovery.

The Cordeliers met at the home of Mrs. James Gallagher Friday evening, this being the last meeting until September. The winners in a recent contest were announced. They were Mary Catherine and Terry Hanley. After the meeting, ice cream and cake were served as a treat from members of the Third Order of St. Francis.

Mrs. Tom Gatliff and daughter, Ann, left Saturday for Detroit where they will visit among Mrs. Gatliff's sons and daughters.

Saturday afternoon, Joe McPhillips flew across with a sleeping beauty. Little Colleen Gallagher, daughter of Mr. and Mrs. Norman Gallagher was tucked in Joe's plane for a trip to the island to stay with Grandma and Grandpa Gallagher while her mother and daddy are tripping along with the seniors. As the young lady is not quite two years old and not a seasoned traveler, Joe was a little apprehensive as to how his young passenger would react on the flight across. instead of putting up a protest, as most youngsters would, Colleen snuggled down in the seat and went fast asleep. "A perfect passenger" said Joe, which made Grandma and Grandpa very proud.

A general meeting of the parish was held Sunday afternoon in the Parish Hall to discuss plans for the August Dinner. Better start making plans for August 13, because this year there's going to be a TURKEY DINNER!

Two Girls Graduate At Nursing Schools

Two Charlevoix girls graduated this week from schools of nursing in Lansing.

Evaline F. Sipple graduated Sunday from St. Lawrence Hospital which is a unit of the Mercy School of Nursing in Detroit.

She was one of 23 members of the graduating class for whom commencement exercises were held at the West Junior Auditorium at 3:30 p.m. Sunday. She is the daughter of Mrs. Marguerite Sipple of this city.

On Wednesday evening Camille Geneit, daughter of Mrs. Grace Geneit, graduated from Edward W. Sparrow school of Nursing. Commencement exercises were held at the Plymouth Congregational church followed by a reception at the nurses residence.

In Search of Insects

Since insects outnumber in kinds all other groups of species of animals combined by a ratio of about six to one, researchers are constantly on the outlook for a new member to classify and name. About 750,000 species have been named and described, but authorities estimate there are between three and five million unknown to science.

Success story: Popular demand for Packard's exclusive new Ultramatic Drive is simply terrific! Since January 1, more than 85% of all Packards—including the *lowest-priced* models—have been ordered with Packard Ultramatic Drive!

Success secret: Packard Ultramatic Drive is the first fully automatic drive to combine

1 The super smoothness of **torque-converter acceleration** with

2 The gasoline-saving efficiency, and more positive responsiveness, of **solid direct drive at all cruising speeds.**

No clutch-pushing, no gear-shifting. No jerking, no clunking. Nothing new to learn! Just set it—forget it!

No gas-wasting slippage at cruising speeds, because you cruise in direct drive. No "racing engine sensation."

No risky down-shifts, which might cause a skid on slippery pavement. Smooth engine braking power when needed.

No gearshift lag. Instant change from Forward to Reverse, to rock the car in snow or mud.

Methods of Paying for Proposed New School Pose Many Problems

By E. K. Shanahan

This is the fourth of a series of school articles, the next will deal with current school inadequancies.

"How are we going to pay for it?" The simple answer—"Borrow it" leaves much unanswered. So let us discuss this phase of the school problem.

Michigan law requires two distinct acts on the part of the electorate (in the case of (a), below, property owners of the school district who are otherwise qualified to vote) before financing arrangements may proceed, namely: (a Simple majority decision to authorize bonds for the purpose of constructing and equipping new school facilities, and (b) Simple majority decision to authorize the collection of additional tax money for the sole purpose of repaying such bonds within a definite period of time.

The greater the tax raising authority behind the bonds the greater the attractiveness of the bond issue to the bond buyer, and consequently the lower the interest rate is likely to be. The most attractive situation provides for a high authorized tax rate, perhaps as much as 20 mills, for the maximum period, 20 years. This does not mean that the maximum tax would be collected for the full 20 years since a bond issue equal to 10% of the assessed valuation of the district, and bearing an interest rate of 4% would be entirely repaid in 15 years through the collection of only 9 mills. Fifteen years is the normal or usual term of life of school bonds.

• • •

SCHOOL DISTRICTS in Michigan that have indicated sincere determination to repay have been able to borrow money at very low rates of interest, 2%, or even lower in some cases. These low interest rates make interest payments much less burdensome than formerly when rates on such bonds were 4% or more.

In addition to a cushion of taxing authority, bond buyers like to have school districts establish School Bond Debt Retirement Funds. In a typical example the district collects in the first two years enough to meet the interest and principal retirement requirements of the first three years, the one year excessive amount collected to be kept as a reserve against future uncertainties.

Investors with large taxable incomes find Michigan school district bonds attractive because, in addition to the safety features oulined above, they are federal tax exempt. To illustrate, a man whose income tax is in the 75% bracket would have, after taxes, as much income from a tax exempt 2% bond as from an 8% taxable investment, and with probably more safety.

Even though 20 mills for 20 years is authorized by the electorate that does not mean that such sums would ever be collected for the full 20 years. Even with 4% bonds 20 mills for 20 years would be sufficient to repay the bonds near 2½ times. But once the bonds are repaid the authority to tax for that purpose expires. Nor is there any provision that allows any diversion of school debt retirement tax receipts. It would require a new election to authorize a new bond issue. And to authorize new taxes to repay such new issue. Before any building tax money could be collected beyond the amounts sufficient to repay the money borrowed under the original building program.

• • •

MICHIGAN LAW limits borrowing to a sum not in excess of 15% of the assessed valuation of the school district. Since the valuation for our district is approximately $4,170,000.00 we are limited to a bond issue of about $625,000.00. Any bonding plan must be within that limitation.

To get down to cases as to what a $417,000.00 issue would cost a person with property assessed at $1,000.00:

a. Authorization of school bond retirement tax for 20 years.
b. Tax collected each of first two years:
  1. $14.98 if 4% bonds,
  2. $12.96 if 2% bonds.
c. Tax collected each of next twelve years:
  1. $9.99 if 4% bonds,
  2. $8.64 if 2% bonds.
d. With 100% tax collection (all property eventually pays 100% of assessed taxes) the issue would be completely liquidated in about 12½ years.

complete their high school education in the spring as it comes in the spring of their life. While in Europe, dictatorship seems to be characteristic of its life, children are the hope of America.

"The children here reflect the honor of their family's name as they did in ancient times. The parents are proud of these children and their ambitions and struggles will continue to be an intense source of interest as they hurdle each obstacle in life.

BRUCE Shanahan and Joyce Paul, honor students, of the class gave their valedictorian and salutatory addresses. Both were well received. Rev. Gaylord D. Howell gave the invocation.

At the baccalaureate program Sunday night, Rev. Jackson Turner challenged the graduating class to work hard to make their lives successful, not only from a material viewpoint which is fleeting but from spiritual enrichment.

He said that there is no better opportunity for learning than at the present time. Effort should be made to take advantage of this opportunity, Rev. Turner added. "Certain things must be gained now," the said. Ten years from now may be too late.

REV. TURNER predicted that the graduates will know greater success and happiness than they are experiencing now, even though it may be hard to believe at present.

Leading the processional were a group of juniors including Alvin Ranger, Sara Coleman, Donald Hardy, Joan Lewis, Dale Suomela, Colleen Reed, George VerWys and Rheta Boss.

V.F.W. Convention

The annual Michigan Veterans of Foreign Wars convention was held in Grand Rapids last weekend. Carlton Smith, former member of the 32nd Division, and Mrs. Smith, and Mrs. Howard Griffih and Mrs. Elmer Poole attended the three day conference. The latter two attended as delegates from the local auxiliary.

Attend Retreat

The annual Northwestern Michigan Catholic Laymen's Retreat was held at Leland Hotel, Leland, June 2-3-4. Among those who attended were Ralph Hamilton and sons, Nicholas and Sam, Andrew Grillo, George LaBlance Jr. and Frank Oleksy.

U. S. Death Rate

The death rate in the United States was at a record low level in 1946. '47 and '48. The ratio was about 10 deaths per 1,000 persons.

Betty Clarke Becomes Bride of Harry Potter at Church of God Ceremony

Betty M. Clarke, daughter of Mr. and Mrs. Harold M. Clarke, became the bride of Harry Potter, son of Mr. and Mrs. Richard Potter at a ceremony solemnized at the Church of God at 2:30 p.m. Saturday.

The Rev. Harold A. Clarke of Ludington, brother of the bride, assisted by the Rev. W. D. Wood officiated at the double ring service which was performed before an altar decorated with lilacs and yellow tulips and lighted tapers.

Mrs. Robert Gill, organist played the tradition wedding march and accompanied Dean Fiedler who sang "Because", "I Love you truly" and "The Lord's Prayer".

Given in marriage by her father the bride selected a gown of white satin designed with an illusion neckline, princess bodice and long sleeves. The full skirt ended in a train. Her fingertip veil fell from a braided satin tiara and she carried a cascade bouquet of white roses.

Mrs. Ingma Pontious was matron of honor and Joyce Clarke and Anita Clarke, sisters of the bride, were bridesmaids. They wore identical gowns of marquisette over satin styled with high necklines, pleated bodices and ful skirts. Mrs. Pontious gown was aqua and the bridesmaids yellow. They wore matching headdresses and carried colonial bouquets of yellow roses.

Eldon Potter assisted his brother as best man and Robert Potter, brother of the bridegroom, and Robert Clarke, brother of the bride, were ushers.

Cynthia Cunningham, niece of the bridegroom, in a floor length white dress, was flower girl and carried a basket of rose petals. Richard Fisher, nephew of the bride, carried the rings on a white satin pillow.

Mrs. Clarke chose a pink silk gown, white accessories and a corsage of pink and white roses for her daughter's wedding. Mrs. Potter wore a navy suit dress, white accessories and a corsage of talisman roses.

A reception at Dean's Tea Room on Park ave. followed the ceremony. The four-tiered wedding cake topped with wedding bells and doves graced the refreshment table which was decorated with lighted tapers and spring flowers. Martha Anne Clarke, sister of the bride and Annamae Maxwell assisted.

The couple will be at home at 228 Antrim street after June 12 when they return from a wedding trip to Illinois and Wisconsin. For traveling the bride wore a navy suit, white accessories and a corsage of white roses.

Among the out of town guests were the Rev. and Mrs. Harold A. Clarke of Ludington; Mr. and Mrs. Marvin Fisher of Grand Ledge; Mr. and Mrs. E. J. Birman of Ihicago; Mr. and Mrs. J. C. Birman of Rockford; Mrs. Doris Wheelock of Saranac and Mr. and Mrs. Henry Ten Horne of Muskegon.

Newlyweds Feted At Shower Here

Mr. and Mrs. Ralph H. Boutwell have returned to Kasota, Minn., to make their home following a wedding trip to Michigan to visit the bride's mother, Mrs. Edward Swanson Sr. and other relatives in Charlevoix and in Barryton, Lansing and Owosso.

The couple was married in a ceremony at the Baptist parsonage in Hettinger, N. D., at 9 a.m. Wednesday, May 24. The bride is the former Rosemary Swanson, daughter of Mrs. Edward Swanson Sr., of this city, and the bridegroom is the son of Mr. and Mrs. E. H. Boutwell of Kasota, Minn.

The double ring service was solemnized by the Rev. Norman Miller, brother-in-law of the bridegroom.

Attendants were Mrs. Miller and James Boutwell, sister and brother of the bridegroom respectively.

Vera Schneider played Lohengrin's wedding march and accompanied Rev. Miller who sang "The Lord's Prayer" and "Savior, Like a Shepherd Lead Us." preceeding the service.

Following the ceremony a wedding breakfast was held at the home of Judge and Mrs. Wigens in Hettinger.

The bride is a graduate of the Charlevoix high school and the Northwest Institute of Medical Technology and has been medical technician at Community Memorial Hospital, Hettinger. The bridegroom is a graduate of Kasota high school and operates a large dairy farm near Kasota.

While they were in Charlevoix they were honored at a post nuptial shower given Tuesday by the members of the Church of God. Relatives and other friends were also present. The seventy guests enjoyed games, a mock wedding skit and refreshments.

Perch Accounts for Big Catches in Lakes

LANSING—Great Lakes' sport fishermen know that yellow perch regularly dominate their catches but they may be surprised to learn that this species is estimated to have accounted for over 90 per cent of their total take last year.

Anglers on Great Lakes, including connecting waters, averaged a record of 3.06 fish per hour while fishing.

The conservation department's institute for fisheries research reveals this is the highest percentage of perch since 1945 when 86.4 per cent were perch. In 1948, yellow perch made up 86.2 per cent of the take. General creel census reports started in 1942.

Last year walleyes again were second, accounting for 3.9 per cent of the total catch, and smelt were third with another one per cent. Other four most abundant species, but responsible for less than one per cent each, were sunfish, pike, black crappie and the rock bass.

Lake Michigan anglers, fishing along the southwestern strip from Ottawa county to Berrien county, averaged over six fish per hour of angling.

Why every car in the Indianapolis Race has a recessed floor!

It's the only way to get lowest possible center of gravity — maximum road-hugging stability — safety advantages equally vital to motorists who drive at conventional speeds on the nation's highways.

For the lowest possible center of gravity, for stability on turns, for *greatest safety*, race cars have recessed floors.

For the safest, steadiest way of going over all kinds of roads—Hudsons have a recessed floor ("step-down" design) and the lowest center of gravity in any American passenger car.

Race cars are built for speed on the tracks. Hudsons are built for outstanding comfort and roadability on the highways.

And brilliant engine performance, a traditional Hudson characteristic, is another indication of the sound engineering that goes into these great passenger cars.

Poultry Marketing Should Be Planned

When is the best time for a producer to market poultry?

This question comes often to Ed Rebman, county agricultural agent. He cites some information from Henry Larzelere, agricultural economist at Michigan State College, to help answer the problem.

Marketing poultry-chicken in particular-involves two aspects, the economist points out. One is the sale of hens ready for culling and the other is the sale of young males. The sale of these males has expanded with development of the broiler industry.

Wise poultrymen will remember that the prices for fowl are usually lower in the last seven months of the year than in the first five, he states. It is advantageous to cull more closely in the spring months. Having early hatched chicks will help keep the flock in a profitable condition.

Michigan broiler producers can help their price situation by keeping production and marketing from corresponding too closely with heavy producing areas such as Delaware, Maryland, and Georgia. A survey shows the indication that broilers brought the best prices in early April and again in September.

Four Year Old Jersey Produces 240 Pounds Butterfat in 90 Days

By Stanley Anderson

Betsy, a four-year-old Jersey cow, is doing more than her share in the production of butterfat in Charlevoix county.

In the past three months, Betsy has produced 240.3 pounds of butterfat. That is quite a record, considering her three months production greatly exceeds the yearly average of the cows in this county.

The yearly average of production is between 190 and 200 pounds of butterfat. Last year Betsy produced 570 pounds of butterfat and this year should top 600 pound mark, barring unforseen incidents. She is owned by Jason Van Zant, RFD 1, Charlevoix.

• • •

JASPER BOUGHT Betsy from a herd of cattle near Corunna, Mich. The former owner has a herd which placed in the 400 pound club of Micigan. His herd averaged 491.1 pounds of butterfat. To be a member of the 400 pound club, the herd owner must have a herd which produces 400 pounds or better for five years and raise his own replacement cows.

The record speaks well for Betsy's background. Van Zant, a veteran of World War II, is a member of the Veterans Institute. He hopes to purchase several others like Betsy this fall as part of his herd improvement program.

Betsy is being fed all the fair quality hay she can eat and recommended three pounds of grain per one pound of milk produced. She has water available at all times and her grain ration includes minerals and salt. She is milked twice daily.

The first month's test was an official DHIA test and the last two months she has been tested in the Veterans Institute.

Her production over the last three months: March, 1336 pounds of milk, 6.5% fat and 86.8 butterfat; April, 1170 pounds of milk, 6.3 fat and 73.7 butterfat and May, 1308.2 pounds of milk, 6.1% fat and 79.8 butterfat.

Her three months testing record shows 3,814.2 pounds of milk with an average test of 6.3% fat and 240.3 butterfat.

Soil Testing Lab To Serve this Area

Charlevoix county farmers who are interested in having soil tested for lime requirements, phosphorus and potash needs, will now have their soil tested at the new laboratory set up at Petoskey, according to Ed. Rebman, county agricultural agent. This laboratory will handle soil samples from Emmet, Charlevoix, Antrim, Otsego and Cheboygan counties. The reason for one laboratory for five counties is that one county does not have enough soil samples to keep a laboratory operating efficiently while five counties should be able to do so.

All farmers who are now cooperating in the Charlevoix county PMA program can have their soil samples taken by one of their committeemen. Roy Hardy, chairman of the Charlevoix county PMA will be in charge of collecting the soil samples for those farmers who wish to have them do so.

All farmers, however, who wish to do so may take their own samples and bring them to the county agents office at Boyne City. The charge for testing these soil samples will be 50c per sample and this will include a test for p.h., phosphorous and potash. There will be no more soil testing in the county agents office at Boyne City once this laboratory is operating. Watch this newspaper for further details in regards to this program.

Fair Board to Discuss Final Plans

The directors of the Charlevoix county fair board will meet some time next week to draw up final plans for the 1950 fair to be held September 12 through 16 at East Jordan. The premium book will go to the printer early in June and will be ready by the middle of July for distribution. Anyone who has a suggestion for this years program should contact either Claude Pearsall, Ed. Rebman, secretary or one of the other directors.

Soil Directors Will Tour Orchards

The directors of the Charlevoix Soil Conservation District will attend the tour of the northern orchards, 6 miles from Cheboygan on Thursday, June 15. This tour is a part of the regional meeting of the district directors of all the soil testing in northern Michigan, according to Ed. Rebman, Charlevoix County Agricultural Agent. Some of the highlights of the trip will be spent covering such topics as mulching, cover crops and 'the effect of humus on soil fertility. Ted Steffans, who is manager of the northern orchards, will be in charge of the program. The tourist and resort service will also discuss how their program fits in the soil conservation program.

The directors who will be attending from the Charlevoix district will be George Klooster, chairman, East Jordan, Norval Korthase, vice-chairman, Boyne City, Peter Winnick, treasurer, Charlevoix, Clayton Healey, East Jordan, and Carlton Smith, Charlevoix. E. B. Watkins, farm planner for the district and Ed. Rebman, Charlevoix county agricultural agent and secretary of the district will also attend this meeting.

Good herd management, including the use of correct milking practices, will help prevent mastitis.

Pastures Give Farms Three Top Benefits

High quality pastures and forage give us three benefits, says George A. Brown, head of the Michigan State College animal husbandry department.

He points out that they help maintain livestock health, increase returns through more economical grains, and reduce labor and tillage costs.

Green pastures provide a liberal supply of protein, vitamins and minerals essential to the rapid growth and development of young animals. Succulent pastures throughout the growing season and well-cured leafy roughage for winter feeding are our best guarantee against nutritional deficiencies, Brown states.

Approximately 80 percent of the feed of beef cattle is grass and forage and improvement of grass and forage means a cut in the cost of production, the livestock authority believes. Most economical beef gains come from the use of good pasture.

Farmers Get Soil Help in District

A series of articles will be written under this heading to better acquaint you with the operation of your Charlevoix Soil Conservation District.

The Charlevoix Soil Conservation District was organized in October 1948, under the Michigan Soil Conservation District Law. The Directors are George Klooster, chairman, Norval Korthase, vice-chairman, Peter Winnick, treasurer, Clayton Healey and Carlton Smith. Ed Rebman, county agricultural agent was elected secretary. E. B. Watkins is soil conservationist or farm planner.

It is the responsiblity of the directors to administer the program and to cooperate with all agencies, organizations and individuals in developing an adequate soil and water conservation program for the lands of the county. It is also the responsibility of the directors to accept applications for assistance and to decide in what order assistance will be made available to the applicants. They also supervise the use of materials or equipment made available to the district. Assistance obtained from the Charlevoix Soil Conservation District is made available at no cost except for materials or equipment furnished or used.

The Soil Conservation Service a federal bureau under the U. S. Department of Agriculture, when asked by the soil conservation districts for assistance, assigns a full time farm planner to the district at no extra local cost. These technicians or farm planners have no authority whatsoever over the district or the farmers in it. The S. C. S. directs the work of its own men and develops their technical standards, but it has no power of any sort over the farmers or their soil conservation district.

Swine Ration Tests Indicate Progress

Big changes are in the offering for hog raisers, according to results of swine feeding experiments conducted at Michigan State College. By use of information gained in these tests, swine raisers could possibly cut their feed bill and increase profits within the next few years.

Swine authorities at the Michigan Agricultural Experiment Station say farmers often think in the terms of rapid gains instead of feed cost for those gains. Four pounds of feed for each pound of gain has become a measuring stick.

Results of recent experiments using vitamins and combinations of highly digestible feeds are opening up avenues of more efficient swine feeding. The backbone of the low-cost swine ration in Michigan and other corn belt states is corn and soybean meal. Other oil meals can be used to replace a part of the soybean oil meal they say.

Shorthorn Highest in DHIA Monthly Tests

A shorthorn cow owned by August Postmus was highest in the Charlevoix-Antrim Dairy Herd Improvement Association, according to Don Graham, testor, by producing 80.8 pounds of butterfat for the month of May. Another milking shorthorn that is owned by Jim Rubingh was second highest by producing 72.1 pounds of butterfat. Both of these cows were in the mature class which means that they were at least 5 years of age.

Arnold Smith of East Jordan owned the herd of cows that averaged highest by producing an average of 45.3 pounds of butterfat per cow for the entire herd. This was a mixed herd of cows. Jim Rubingh's herd was second by averaging 43.8 pounds of butterfat.

The association during the month of May showed considerable increase over the month of April. The monthly report as sent out by Ed. Rebman, county agricultural agent, showed that the average production for all cows was 738 pounds of milk and 29.6 pounds of butterfat for the month. The average test was 4.02 percent. Included in these are the 65 dry cows owned by the members.

Two new cooperators joined the association and they are Louis Lakies of Charlevoix and Jason Shinn of Bellaire.

Bigger Milk Checks

Control of mastitis means bigger milk checks, say dairymen at Michigan State College. They advise managed milking and the use of a strip cup every day to help in the mastitis control program.

Follow Instructions

Michigan State College extension specialists say you should plant varieties that are adapted to freezing, harvest at the right time, and freeze according to directions.

Map Helps

When it comes time for a tiling job on the farm, insist that a well-drawn map be made, advise Michigan State College agricultural engineeers.

Red Dane Service Now Available to All ABA Members

Following a conference with the American Red Danish Cattle Association, several changes have been made in the regulations regarding obtaining red dane semen from the artificial breeder association. These changes as reported by Ed Rebman, county agricultural agent, has removed all strings as far as obtaining this service. This means that any farmer who wishes to use red dane may do so without belonging to a dairy herd improvement association or without castrating all of his bull calves. For members who live in the territory serviced by the Antrim-Charlevoix artificial breeders association, they may have this service by simply calling in to the inseminator. For members who live in the area serviced by the Boyne City artificial breeders association, there must be 150 cows signed up for red dane before this service can be obtained.

The rules and regulations as far as registering the red dane cattle in the American Red Danish cattle association, are still the same. Ed Rebman, urges any farmer who has belonged to the association and has one year of testing, to continue on this program. To register their cattle in the American Red Danish cattle association there must be three generations of cattle on record test and the bull calves for three generations must be castrated. Those who have this one year of testing completed are that much closer to registered cattle.

Lower Costs

To help lower costs on dairy farms, Michigan State College agricultural economists list four major practices: improve forage production, more efficient housing, better work methods, and more economical housing.

Expenses are Double

On commercial farms in southeastern Michigan, total expenses in 1949 were more than double the 1935-39 gross income, reveal Michigan State College farm management account records.

School Facilities Far from Adequate to Meet Needs

This is tha fifth of a series of weekly articles by Mr. Shanahan on the local schools. The naxt will discuss tha selection of tha proper building site.

In a previous article it was noted our schools were designed for about 600 students, that we had at that time nearly 800 enrolled, that over the next five years there will be a gradual increase year by year (on the assumption that there would be no significant movement of families with children to or from the school district) and that there is no present indication that the crisis would ease in the forsceable future.

That articles did not indicate in what places, facilities, and departments our schools are deficient. It is now proposed to discuss how and why we as a community are not giving our graduates the full preparation for future study and living that they should receive. No discussion of the safety features of the 50 year old High School building will be attempted at this time.

In order to get on it is immediatly admitted that Charlevoix cannot afford the best and most complete school that could be built. However, that is not a valid reason that we should make no effort at improvement. Besides the overcrowding it should be recognized that facilities that were good and acceptable a quarter century ago probably are outmoded for the complex and competitive society of today.

TO GET DOWN to cases as to what is needed, not just desirable, but essential for the school to offer reasonably complete curricula to the students . . . .the following are presented; the order of the listing does not necessarily represent the order of their importance. As a matter of fact relief in any one place is sure to ease the pressure elsewhere.

1. Added shop facilities. Present woodworking shop meets the needs of about two-thirds of demand. Need expanded space to allow teaching in practical metal work, in farm machinery repair work, and in automotive mechanics.

2. Soundproof music room, with adequate storage space for instruments. Music classes are quite restricted since there is no practice room. The Gymnasium is not always available, is poor accousticaily, and if used at certain times would cause disturbance to study and classes.

3. Typing-Commerce demand has grown so that it now needs additional space for 18 typewriters and for office machines of various types. Currently the department fails to meet the needs of more than half the students.

4. No Agriculture room. Needed for adult instruction and school agriculture courses. Both essential in a rural school district with large consolidated farm areas. Nothing currently offered because no space available.

5. Seventh, eighth, and perhaps ninth grades ahould have home rooms insulated from the rest of the high school students. Particularly true of seventh grade since the students are immature and quite impressionable with result that close contact with upper high school classes may have most undersirable sociological effects. Segregation now impossible because of the crowded conditions.

6. Only room available for speech classes greatly restricts effectiveness of instruction because of the type of the room.

7. No space available to make use of visual education aids.

• • •

8. Gymnasium facilities unable to meet the demands put on it, particularly in the winter months. No Girls and Boys Physical Education Program now offered. (If present population of school district is in excess of 3,000, as is most likely, the law requires a Physical Education Program for high school students.)

9. In addition there are several usual school functions or facilities that well organized school provides, and which our school is deficient. While apparently small in themselves they are added evidence that the present crowded conditions should be aleviated. They are:

(a.) No provision for individual guidance, conference, instruction, and testing.

(b.) No proper individual ventilated lockers for wraps, books, and personal belongings of high school students.

(c.) Inadequate office space for individual teachers.

(d.) Inadequate health facilities. Present room, 8 x 10 feet, only about 1/3 as large as desirable minimum space.

Again it is mentioned that no attempt has been made to present the above in the order of their importance. All are important, and means should be found to correct all the listed deficiencies. It is expected that some of the needs could be satisfied through the multi-use of certain areas. The author will attempt, in a future article, to recommend a plan that could be the starting poin for the preparation of an acceptable plan.

Matchett Family Reunion Attended By 70 Persons

More then 70 members of the Matchett family gathered over the week-end for a reunion at the Barnard Methodist church. The group enjoyed a social afternoon followed by a 5:30 family dinner Saturday. On Sunday they attended services at the church and later dispersed to the homes of local relatives for further activities.

Among those present were Mr. and Mrs. Robert Matchett of Miami, Fla., who were in the north on their wedding trip and who were presented with a lovely gift by the northern cousins. Also present were two uncles, George Burns who is 96 years old and his brother, Ed Burns who is 84 years old.

Present for the event were Mr. and Mrs. A. D. Matchett of Miami, Fla., who plan to return to the south later this week and their son and daughter-in-law, Mr. and Mrs. Robert Matchett who left Monday for the south; Mr. and Mrs. Leo Giannini and three children, of New York, N.Y. Mrs. Ethel Pence of Indianapolis, Ind.

Mr. and Mrs. Lawrence Hildt and daughter, Mr. and Mrs. Joseph Dunn, Mr. and Mrs. Ray Swan and two children, Marie

Liberty Bell To Pay Visit In Charlevoix

"Independence Day" will be coming a little early in the county this year!

The big day for citizens of this area to celebrate Independence, their personal financial independence will arrrive next according to Ralph Price, of Ironton, chairman of the Volunteer Savings Bonds Committee.

That's the day when Michigan's "duplicate original" Liberty Bell will arrive in Charlevoix at 9:30 a.m. to be rung in Monday, June 19 ceremonies spearheading the campaign to sell U.S. Savings Bonds in this county during the Independence Drive, ending July 4.

The replica, an exact duplicate of America's hallowed freedom symbol, even to tone, is touring the State on a red, white and blue Ford truck to emphasize the timeliness of the Drive's slogan: "Save for YOUR Independence, Buy U. S. Savings Bonds," Mr. Price said.

Elaborate ceremonies have been prepared for the ringing of the Bell, said to be audible for 10 miles and guaranteed by bellmasters to reproduce the long silent voice of the original, Mr. Price added.

"The Liberty Bell is a great deal more than a symbol of the Independence Drive." Mr. Price said. "It is the symbol of our freedom and personifies the American spirit. Everyone is invited to see this hreathtakingly beautiful Bell and hear it ring." From here, it goes to East Jordan.

Allocation Appeal to Be Heard June 21

An appeal to the state tax commission by four school districts in Charlevoix county from tax allocation will be heard in Charlevoix, Wednesday, June 21.

At that time the four school districts, Charlevoix, Boyne City, Boyne Falls and the Melrose township unit will appear before the tax commission and the county tax allocation board and review their needs.

The four districts appealed to the tax commission following the decision of the allocation board to cut the school allocation from five to four mills. The school appealed immediately following the final meeting of the board May 10.

E. S. Markle, Glenn R. Nicholson and Charles R. Farrell, representatives of the tax commission, met Friday with the Charlevoix county tax allocation board to review the board's recommendations and to set the date for the final meeting.

Plans to Choose Vetetian Night Queen Program

Do you want to be queen and rule over the annual Venetian Night parade and water carnival July 29?

The Beta Sigma Phi sorority is again this year accepting the name of candidates for the honor.

The new queen will succeed charming Nancy Kipke who represented Charlevoix at the Cherry Festival in Traverse City and later served as Venetian Night Queen.

Contest rules require the candidate to be a local girl between the ages of 17 and 22, and unmarried.

She must leave her picture, her name and age at the Board of Commerce office on Bridge st. by 5 p.m. Monday, June 19.

Plans for selecting the queen from the group of candidates will be announced later by the sorority, Mrs. Herbert Schofield, president said Wednesday.

We Love Our Children . . . Alive

We love our children . . . . alive.

Must we wait for a child to be killed or mained before motorists check their speed on Charlevoix streets?

The speeding and careless driving conditions have worsened in the last three months. It appenrs remarkable that a child has not been killed or maimed this year.

We have been watching this speeding situation here for some time. On a warm night last week, we checked cars on Park avenue and a while later on State street. These throughfares are the scenes of two of the worst violations.

Of 81 cars trnveling on Park avenue, near Antrim, fewer than 10 cars were driving at a careful speed. Most of the drivers were clocked at more than 45 miles an hour. Fourteen drivers were doing 55 or better on Park avenue.

It so happens that Park avenue has no curb most of the way and it is a narrow street at best. Sooner or later a child, four or five years old, is going to wnnder out n little ways from the yards and be crushed heneath the wheels of a speeding car.

Perhaps it is a police problem. It is the responsibility of motorists at large to drive carefully at all times, pnrticularly on streets where children may thoughtlessly wander into the street.

At a low speed, the driver has a chnncc to avoid hitting a child. But at 40 and 50, chances are less that he can stop in time. From now on it will be worse there will he more children nnd more cars on Charlevoix streets.

We have noticed unchecked speeding on Park avenue, Bridge street, May street, Petoskey avenue and Dixon avenue to mention only a few.

We believe we have the support of the police here who are interested in preventing needless accidents. Mnny times little children are in the wrong in wandering out into the streets. Often times their minds are busy dwelling on playing with their little friends.

This is why the driver who has the weapon to kill or main should bear the responsibility of watching for children.

We all love our children . . . let's keep on loving them by looking out for their welfare.

Save a life, prevent nn accident by slowing your speed in our city.

We love our children . . . . alive.

City Makes Honest Effort to Cut Operating Cost

The city's attempt to cut 1950-51 erpenses by 20 per cent or more is remarkable at a time when the federal government, state administration and other governmental units are faced with huge deficits.

Of course, the city has to make allowances because its $19,900 loan which it borrowed earlier this year will have to come out of this year's receipts. Mayor John Knight insists that the city has no alternative but to trim expenses so that the obligation can be met.

There are several important jobs which should be done, namely more improvements on the docks, slips and the resurfacing of streets and obtaining added parking facilities in the south end of the business district. The mayor and the council recognize the validity of these improvements.

They also remember that the city's financial condition while good over the long run is pinching the community at present. Believe it or not, the city in the last few years has made a host of improvements.

City operations have been more costly than at anytime before while revenue has not kept up with expenditures. Inasmuch as the city has a fixed revenue, it must live within its income.

Residents while pressing the city for various improvements, many of which are badly neded, must remember that an honest attempt is being made to keep operations costs within the city's income.

Voice of Our Readers . . .

Dear Sir:

In connection with Commander Shanahan's article of last week on schools, it might be of interest for you to see the summary of two detailed estimates which we made to help a suburb of New York to decide whether to build a one or a two-story school.

	one-story	two-story
Bldg. vol., cu. ft.	285,000	129,700
Floor area, sq. ft.	18,645	21,410
Number class rm.	12	12
Estimated cost	$273,368	$310,528
Cost per cu. ft.	$0.96	$0.942
Cost per sq. ft.	$14.65	$14.50

His article implies that the savings of a one-story building would primarily be in the use of cheaper, non-fireproof materials. The above figures do not represent any such change because both buildings are fireproof. It is our belief based upon 50 years of experience in engineering and construction in the Eastern section of the country, that, everything else being equal, a one-story building can be constructed 6 to 9 per cent cheaper than a two-story building. From the savings, of course, would have to be deducted any additional land that would have to be purchased. The same materials will be used in the walls and the roof structures. It is hard for the average person to grasp this point since they think of the roof area that is saved, but the hidden cost in heavier steel columns, larger footings, the increased cost of second floor slabs over slabs-on-ground, all add to more than the value of the roof area which is saved.

My purpose in writing this is to reinforce Commander Shanahan's argument that a one-story building is always cheaper than a two-story building except in certain cities where land values are hight.

If I could be of any further assistance on this subject, please do not hesitate to call on me.

I add my compliments to Ray Kipke. He came after my High School days of '16,'17 and '18, but I know he has done a wonderful job. I wish his successor the best of luck.

Sincerely,
Harold A. Cartier,

ODDS 'N ENDS

Did you ever see such a riot of color as Mrs. Fred Trimble's tulip garden last week? There were several thousand blossoms which looked like a well stirred rainbow . . . and elsewhere in her yard (in fact, everyplace one looked) were other flowers with their leaves sticking their noses out to the sun.

It was a joy to see the garden and gave us one more reason for thinking spring is just about the nicest season of the year . . . and just around the corner on Upright ave. was Mrs. John Piet's garden . . . with each clump of flowers a story . . . she's collected plants from her friends and from places she's been . . . and she has a wild flower garden and evergreen trees with tiny rose-colored 'blossoms' . . . and tiny fruit trees on which Mr. Piet is trying his hand at grafting . . . Added to that were Mrs. Harry Gebeau's gloxinia which just don't look real they're so perfect . . . Of course there are many more lovely gardens but those we happened to see . . .

WEREN'T YOU a bit disappointed at the results of the International SPEBSQSA contest in Amaha last week-end? We were kinda pluggin' for a Michigan quartette to win but it was the Buffalo Bills whicb came through to top three Michigan foursomes including the Cleft Dwellers which are well-known here and who placed second . . . Let's hope the 'powers-that-be' invite the Bills to the Barbarshop Jamboree come Labor Day week-end.

ALL ONE HAS to do is watch the birds and bees and one can see some interesting things . . . the other day the robins in the neighborhood were on the rampage and we couldn't understand why until we spotted a young hawk in a nearby apple tree . . . the poor little thing looked lost and as scared as the robins . . . and he soon flew off with the robins in hot pursuit . . . If you've missed the Coast Guard cutter at the city dock recently, don't be alarmed . . . it's been taken to Sturgeon Bay for repairs and will be back in about ten days . . .

GOT QUITE a thrill last Wednesday night when the phone rang and the voice on the other end said 'one moment please, S. S. South America calling . . . it was the seniors calling on the ship-to-shore telephone to say Hi and tell us they were having a grand time and were calling from the middle of Lake Erie . . it has been a treat from Supt. Roy Bennett who accompanied the group . . . talked to Tom Hamlin who said 'I can't talk very good, I'm having trouble with buttons' and to Jim Fiedler who were selected to represent the class . . . Hope the kids enjoyed it as much as we did . . . And speaking of the senior trip we hear it was a huge success . . the boat trip ,the trip to Niagara Falls . . . a sight second to none and some of he kids even got to see Hopelong Cassidy (Bill Boyd) who with his party was visiting the falls . . . they're the envy of the young fry since they returned for they got his autograph . . gee . . .

DO YOU EVER listen to 'Welcome Traveler' on NBC every morning? The program's congenial M. C., Tommy Bartlett, who is becoming quite a frequent visitor, was in town over the weekend. Accompanied by a friend from Chanute Field, Ray Lamb, he flew up for a bit of fishing . . went to Beaver Island . . . had a wonderful time . . . but never got a nibble . . . Tommy always stays at the Silver Birch cabins and Frank Boss made the trip to B.I. with them . . . Frank promised him better fishing around here he's promised to return later in the summer . . .

If your name is Hamilton and you're superstitious, beware . . . two Hamiltons have suffered injuries this last week and we tho't we'd warn you . . . first Chris, 9 months old daughter of the Bob Hamiltons, in an effort to get off the ground and take to her own two feet, pulled a chair over on her arm and suffered a fracture below the elbow . . . she's now done up in cast and sling . . . On Saturday night her older cousin and Courier staff member, Nick, fell while square dancing and cracked his wrist bone . . . he's also complete with cast and sling . . .

This is your ticket to worry-free recovery

YOUR BLUE CROSS - BLUE SHIELD Membership Card is truly a "friend indeed" in case of accident or sudden illness. For this "ticket to worry-free recovery" cuts red-tape fast whenever you are in need of hospital or medical care.

When you present your Membership Card at any of the 178 participating hospitals in Michigan no one will ask you for advance payments or credit references. There'll be no embarrassing questions. And when you leave, BLUE CROSS - BLUE SHIELD pays hospitals and doctors *directly* for benefits covered.

Chances are 1 in 4 there'll be hospital or medical bills in your family this year!

Such unexpected expenses can easily wipe out hard-won family savings. Often it's necessary to borrow money in order to meet them. That's why you and your family need BLUE CROSS - BLUE SHIELD protection—now, while you can get it for only a few cents a day!

No other health-care plan offers so much for so little!

Blue Cross Hospital Plan covers a broad range of benefits (up to 120 days of care) in any of the 178 participating hospitals in Michigan. NO CASH LIMIT on the benefits covered.

Blue Shield Medical - Surgical Plan pays liberal amounts for stated surgical procedures—and payments for doctor's visits to the hospital in non-surgical cases. Just knowing payments will be made toward your doctor's bills is worth many times the low cost of this plan!

Talk over with your employer how your company can make BLUE CROSS - BLUE SHIELD available to you!

Or ask your friends who are members. BLUE CROSS - BLUE SHIELD is available to employed people without physical examination or health statement, through the group enrollment plan.

Barnard News

By Mrs. Clyde Smith

Our Farm Bureau will meet at the Emerald Bolhuis home on Thursday evening of this week.

Mrs. Roberts and family attended the graduation exercises at Mt. Pleasant State Normal on Saturday when her daughter Arlyle graduated there. Arlyle will teach in Petoskey the coming year.

We are sorry to learn that Will Ager is ill in the Charlevoix hospital. Hope to hear of his recovery soon.

Clair Giar who has been in the Little Traverse hospital returned home Saturday.

Miss Mary Packard and brother, Elmer, of Walkerville visited their brother-in-law and sister, Mr. and Mrs. Wilbur McDonald over the week-end.

Mr. and Mrs. Charles Warner accompanied Mr. and Mrs. Jasper Warner and family to Elk Rapids to visit relatives on Sunday, also motoring to Traverse City to see the zoo there.

We neglected to report last week that Mr. and Mrs. Ed Potter attended the wedding of their daughter, Anna, in Grand Rapids on June 2. Her Barnard friends extend belated congratulations.

Rev. Wood of Charlevoix preached to a large congregation at the Methodist church on Sunday. A nice group of visitors of the Matchett family were present.

Over 60 people attended the Matchett family reunion on Saturday. Members of the clan from Florida, Detroit, Lansing, Kingsley, Cross Village, Ironton, Marion and Charlevoix were present.

Loeb Community

Mrs. Clifford Gennett

The Loeb Farm Bureau will meet June 20 at the home of Mr. and Mrs. Franklin Cellner.

Sunday afternoon visitors at the home of Mr. and Mrs. Clifford Gennett were Mr. and Mrs. John Slezak of Marlon Center, John Thiel of Reed City, W. Mayer Jr. and Ronald Perkins of Stockbridge and Ken Broadway of Stanton and Gordon Giars of Barnard.

Miss Anita Clarke is spending the summer months at the home of her parents, Mr. and Mrs. Harold Clarke.

Mrs. Otis Thiel and son, John, of Reed City and his friend, Miss Lylvia Tish of Big Rapids were Sunday visitors of Mrs. Thiel's parents, Mr. and Mrs. George Clark, and Mrs. Thiel is spending a few days with her parents before returning to Reed City.

Dorothy Fisher of Grand Ledge is spending a couple of weeks with her aunt, Janet Clarke.

Those who helped Genevieve Gennett celebrate her eight birthday Sunday evening were, Mrs. Carl Left and children of Beaver Island, Mr. W. Mayer Sr. and daughter, Ellen, of Stockbridge, Mrs. Otis Thiel of Reed City and Mr. and Mrs. George Clarke and Mr. and Mrs. Maxim Gennett.

Mrs. Otis Thiel and son, John, Miss Lylvia Tish and Mrs. George Clark visited Sunday afternoon at the home of Mr. and Mrs. Andrew Robbins in Conway.

Mr. and Mrs. Joe Martincheck and son of Marion Center spent Sunday evening with Mr. and Mrs. Gene Gibelyou.

Mrs. Emma Gibelyou spent Thursday afternoon visiting her sister, Mrs. John Bacon of Petoskey.

Watch for Children When Driving Autos

Some 2500 Charlevoix county children, glad in the freedom of school let out, are rushing out to play.

With skates and bikes, kites and boats, and dolls and jumping ropes, and careless in their vacation fun, they need every protection that Michigan adults can give them.

Be sure that your car does not harm one of them.

Check to make sure that your own home, yard and drive have no hazards for your children . . . no place where they can be caught unawares and injured.

Enroll your children in the organized playground activity in your home community and show them how to get to the playground and back home safely.

Let them go swimming at a guarded beach where the buddy system is used, but be sure that some adult sees to it that they do not stay in the water after they become tired nor so long that they become chilled.

Plan for a rest period for your children each afternoon. A rested child is not only safer from illness, he is safer from accidents.

B.P.M. Circle Ends Activities for Year

The B.P.M. circle of the Methodist church closed their activities for the year with a beach party Thursday evening followed by a stork shower honoring Mrs. Joseph Arvilla at the home of Mrs. Harry Stewart.

The twenty members and guests enjoyed games and a social hour after which Mrs. Arvilla opened the many lovely gifts. Refreshments were served late in the evening.

IT HAPPENED ON . . . .
BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island had a taste of real summer weather last week—but only a bite size taste. There was one hot day. Fires still feel good in the early morning and evening.

The one day when the mercury soared, some of the island youngsters went for their first splash in the lake.

The Beachcomber's front has been "perked up" with white asbestos shingles. New drapes at the two large picture windows are an attractive addition to the interior.

The lot besides Gus Mielke's mill is filled with logs to be sawed this summer. Monday morning, the mill whistle blew and the sawing started. After two days of sawing, there was a break down, but after the arrival of the necessary part, the wheels of industry started up again.

Little "Sandy" LaFreniere had a fall Monday which resulted in a trip across by plane to the doctor and two stitches taken in the forehead.

Tony McDonough is in Charlevoix recuperating from an operation. His dad, Bill Pat McDonough, is a patient at the University of Michigan Hospial in Ann Arbor. He was scheduled for an operation on Monday, June 12th. Mrs. McDonough is in Ann Arbor to be with her husband.

Mary LaFreniere, Lila Lee Connaghan and Mrs. Geraldine Buckner spent a few days in Traverse City.

Mr. and Mrs. Giles McCann, Charlevoix, and their guests, Lieut. Colonel and Mrs. Bill MacKelvey and daughter, Kay from Denver, Colo., visited Mrs. McCann's parents. Mr. and Mrs. James H. Gallagher during the week.

Bob McCann, son of Mr. and Mrs. Rolland McCann, is home for a vacation and is sporting a good-looking maroon car. Bob is working at the O'Hara International Airport in Chicago.

Mr. and Mrs. Tim Lenard have the cutest little kid out at their place, and no kidding either. The Lenards have a herd of pedigree goats and the newest addition to the family is a little—white—bundle—gambolling around with the rest of the bunch as cute as any kid could be.

Doctor Russell Palmer returned to the island Tuesday. Mrs. Palmer will remain in Charlevoix for a few more weeks.

Lawrence Malloy flew to the mainland twice last week on business.

Perry Gatliff is a patient in the Marine Hospital in Detroit.

Loyola and Bernardette Malloy were in Charlevoix for several days.

William Belfy was taken to Detroit Friday for hospitalization. He flew across to Charlevoix where he was met by his son and driven to Detroit. He was accompanied by Mrs. Belfy.

Mrs. Susie Sandenburg has been very ill. She is now able to sit up a little during the day and seems to be improving. Her daughter, Mrs. George LaBlane has been with her mother for two weeks.

Two new cars have arrived on the island lately. James H. Gallagher has a shiny black 4-door Ford and Archie LaFreniere has a new Chevrolet.

Mr. and Mrs. David Wilson and family arrived Saturday morning by plane to spend the week-end at their summer home on the island. Mrs. Wilson will return next week for the rest of the summer.

A regular little village is springing up around the Allen's log house. Work on the cabins is going right along and completion of the cabins is set for July 1st. Mr. and Mrs. Allen and their family arrived Saturday to spend a month or more on the Island.

Saturday afternoon, the island was visited by Tommie Bartlett, radio personality and M.C. of the "Welcome Traveler" program originating from Chicago. Bartlet piloted his own Seebee to the island.

The North Shore made an extra trip to the island Sunday to bring across poles and supplies for the extension of REA service to the west side of the island. This will bring service to Mr. and Mrs. Tim Leonard and the group of cabins being built by Henry Allen. REA workmen are on the island to run the new line.

Folks up on the hill in the village have a general alarm for early rising. The alarm is set off by Barney Mooney who starts the hammer going at 6:30 every morning. Barney is building a garage for Bub Burke and disturbing all snoozers in the neighborhood who would like to be resorting.

Mr. and Mrs. George Stevenson, South Bend, arrived Saturday to spend their vacation in the Stevenson's cabin on Sand Bay.

Tech School Quota Is High for Navy

The Navy Recruiting Station at the Post Office Building, Traverse City, announced that the Navy Recruiting Service has small quotas for the Navy's high school training program.

However, very large technical school quotas are available at the Great Lakes Naval Training Center. While no promises can be made regarding future quotas at the Training Center, all recruits at the Center during recent months, with an Armed Forces Qualification score of 60 or above, have been assigned to Navy. School for further training at the completion of their recruit training.

BEER
AMERICA'S BEVERAGE OF MODERATION!

The American Way

The words "Michigan" and "fishing" are practically synonymous at this time of the year. And after an exciting day's fishing, it's the "American Way" to enjoy a glass of cool, refreshing Michigan brewed beer to top off the day.

For beer is the kind of beverage Americans like. It belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. Beer Belongs . . . Enjoy It

Charlevoix County Farm News

Area Grass Day Is June 23 on Otsego Farm

The use of legumes and grasses in farming will be demonstrated and the latest information on hay and grass management will be given out at the 1950 Grass Day progrom, according to Ed Rebman, county agricultural agent.

In this area the program is scheduled for June 23 on the Tom Milbocker farm, located 2 miles south of Johanneshurg in Otsego county. The event is being arranged by Michigan State College extension service and local planning committees.

Michigan State College extension specialists in co-operation with Mr. Milbocker prepared demonstration plots of various seedings there last fall for inspection this June by Grass Day visitors. The plots will reveal fertilizer results and erosion control, and will also be used in harvesting demonstrations.

Grass Days, which were well received by farmers throughout the state the past two years, are conducted to bring farmers up-to-date on the establishment, management, harvesting, and utilization of higher yielding forage of better quality.

With the emphasis on high crop production, grassland farming has been neglected, authorities point out. They contend that well-balanced rotation, including both soil-building sod crops and grain and row crops, will provide the most satisfactory results through a period of years.

Weed control, gully control, and efficient use of forage, will be other highlights of the Grass Day. New harvesting machinery and other farm equipment will be brought in for visitors' inspection.

On hand will be MSC extension specialists to explain the various demonstrations and to dicuss individual management problems with county farmers.

Hayes Farmer Seeds Swamp to Canary for Summer Pasture

A Hayes township farmer believes he has the answer to providing summer pasture for his herd of catle.

Peter Winnick who has 240 acres in Hayes township has been faced with the same problem which plagues many other farmers in Charlevoix county in the summer . . . lack of suitable pasture.

Actually, this was only one of his problems. But he is well on his way toward having suitable summer pasture. He has done this through soil planning under the Charlevoix County soll district of which E. B. Watkins is form planner.

• • •

WINNICK HAD A large swamp area which wos a liability to his farm. He has cleared a section of this and planted it to reed canary. He also has a section of his farm planted to Sudan Gross.

He and Watkins estimate that by next summer he will be able to utilize his swampland for pasture and prevent his buying commercial feed for his livestock. A director of the soil district, he has been one of the prime movers in urging farmers to take advantage of the soil organization and the expert help of the form planner.

Winnick's farm suffers from water erosion and wind erosion because of the steep slopes. He is trying to obtain proper land use by keeping the lesser slopes in permanent vegetation with a re-seeding every four five years to promote vigorous vegetation.

• • •

HAVING ABOUT 80 ocres of tillable soil, not including his 70 acres of tillable pasture, he and Watkins set up a fertilization program, crop rotation and proper handling of barnyard manure.

In his crop rotations, he follows this pattern: corn, oats and two years of hay - - - alfalfa brome - - - and in another section he has three fields of wheat, oats and two years of hay. He has no cash crops but attempts to grow everything his livestock need. He raises only enough corn for silage.

He estimates he can keep 20 cows and 20 young stock when his soils program has been completed. He is aiming at 10 one-year olds and 10 two-year-olds for his young stock. Of course he intends to raise his own replacements.

It will be possibly two years before his herd is at peak strength. At present he hos 29 head of cattle. By that ine he wants to have a new barn constructed.

• • •

WINNICK INTENDS to shift over to registered Holsteins, feeling that the Holstein stock bloodlines are better. Resale of registered Holsteins is better, he added. His herd for the past year has an average butterfat production record of 338 pounds.

In fact he has one cow, not registered, which produced 525 pounds last year. A farmer since 1934, he has been a lifelong resident of Hayes township. His farm is the former home of his late aunt, a pioneer Hayes resident.

As part of his soils program, he has strip cropped his fields to about 91 feet by 3500 feet, working toward the goal of raising set amounts of each crop.

• • •

HIS 14 ACRES of swampland, part of which was planted to reed canary grass last summer, is a portion of permanent wet pasture. Next year it will be ready for his cattle to munch on when the other pasture is burned out.

The principle underlying the soils program here is the building up of the lighter soils in organic content so it will hold more moisture, thereby increasing the yields.

Winnick also lays claim to havlng of the biggest cows in northern Michigan. His "Big Bertha" weighs 1600 pounds and last year produced 475 pounds of butterfat.

4-H Dairy Members Try Judging June 16

Charlevoix and Emmet 4-H dairy members will meet on Friday, June 10 at 10 a.m. to learn dairy judging. Members, their leaders and parents will meet at 10 a.m. on the steps of the Court House ot Petoskey. From here the group will travel to the Art Fettig farm where they will work with a very fine herd of Holsteins. At 12:00 the group will eat a picnic dinner at Magnus Park. At 1:15, the group will trovel to the Ray Eppler farm to judge a class of Guernseys.

Vern Freeman, state 4-H dairy leader, will conduct the judging school.

Dairy judging is an important phase of 4-H Club work. Every member who enrolls in this project is required to do some dairy judging. The dairy score card might be of general interest to farmers. General appearence counts 30%, dairy character 20% body capacity 20% and mammary system 30%. Club members will also he acquainted with the proper names of the parts of a cow so they can talk intelligently about a dairy animal.

In addition to members and leaders, Ed Rebman, Charlevoix county agent ond K. C. Festerling, 4-H Club agent, plan to attend.

ORCHARD NOTES

By Claude Fairman

New and better fruit varieties are being planted by the commercial fruit growers as well as the home orchard planter. In apples the "Melha" is replacing the Red Cistrican, ripening just after cherries finished. A large solid red apple for all purposes.

Next "Henry Clay" a dessert apple, followed in ripening by "Early Red Bird" in the Transparent season. It is very fine for cooking and when ripe extra good for eating. This apple will no doubt replace Transparent.

For early fall, the early "McIntosh" is supurb, followed by, "Red Delicious", "Jonothans", "Red Spy", "Yellow Delicious", and "Cortland".

• • •

THIS WRITER will try to cover all phrases of fruit growing that are practical under our climate, conditions, type of soil, etc. Also planting, sproying, soil management, storage, markets, thinning fruit, trimming, fertilizing orchard sites, locations, varitics, bees, pollenization, varieties to be planted together for better yields, etc.

These may be clipped out and saved for reference, compared with other writers and fruit growers. Our practices are carried out by our neighbors and other fruit growers. Any visits of inspection here will be appreciated.

There seems to be a general tendency toward more fruit growing in this neighborhood and I expect the cherry belt to run further north and cover a lot of Marion Township as well as Norwood.

Several new orchards are being planted around my place. Growers or planters should be warned against poor nursery stock and poor locations. Orchards frost too often too far inland.

Warm Weather Is Danger Signal for Dairymen in Area

Most good dairymen are constantly on guord against unsanitary conditions which may contaminate milk. No matter how mony precautions are taken to keep milk free of bacteria, there will always be a certain omount present.

With warmer weather at hand, dairymen must give special attention to cooling the milk to prevent growth of bacteria, according to Michigan State College dairy specialists.

Perhaps the best means yet devised to check the growth of bacteria in milk is to cool it as soon as it is milked from the cow. Under Michigan laws, dairymen can not deliver or tronsport milk at a temperature above 60 degrees fahrenheit. Even at a temperture of 60 degrees, bacteria multiplies at a rate of 15 times in 24 hours. Bacteria in milk at 40 degrees will not reproduce itself. However, at 80 degrees bacteria will multiply itself 3,000 times a 24-hour period.

Because of the constant threat of bacteria in milk multiplying itself at this time of year, it is of paramount importance that dairymen give special emphasis to the handling of milk and the management of the dairy herd. Milk may be cooled by any one of several different methods. Milk must be kept at a temperature below 60 degrees and preferably below a temperature of 50 degrees, the dairy specialists advocate.

Mechanical coolers will give the most consistent and best results to the dairymen everyday throughout the year. To speed cooling action, it is recommend that an agitator be used to circulator the cold water around the cans, after they have been immersed.

Spoelman Will Head Banks Township Local

The Farmers Union organized a new local in Banks township, Antrim county, last Friday.

Officers of the new local are: John Spoelman, president; Mrs. Wilda McPherson, secretary-treasurer; Julius Elzinga, vice president; Guy McPherson, organizer.

A number of the members from Charlevoix county locals attended the meeting at which S. P. Martin of Stanton, Mich., state president, spoke.

The first meeting of the Banks local will be held June 16 ot the home of Mr. Spoelman.

4-H Meeting

The Barnard 4-H Club will meet Monday, June 19, at 8:30 p.m. at the Barnard Grange Hall to organize 4-H projects for the summer. Everyone is requested to attend including those interested in helping the boys and girls as leaders.

From where I sit ... *by* Joe Marsh

Oh—My Aching Feet!

Other night just as I was settling down with a book and a mellow glass of beer, the wife calls down, "Joe—I almost forgot—you and I are going over to the High School and take dancing lessons!"

Now, I can waltz with the best of them, so I put up a quiet struggle against going but it was no use. Turns out it was the class in square dancing. And from the look on some of the other men I judged I wasn't the only one there who had been taken by surprise!

Miss Williams and Curly Lawsoo taught us what to do with our feet, and before it was over, darn if I wasn't actually enjoying myself. Going back next week, too!

From where I sit, we sometimes get an idea into our head for or against something and then hang onto it for dear life. Whether it's square dancing, or the right to enjoy temperate beer or ale now and then, we owe it to ourselves as Americans to take an open-minded attitude — that's even *after* we make up our minds about it!

Farmers Find Grass Silage Good Forage

Great interest in grass silage in Michigan is being shown primarily because it is a way to put up hay and save more of the nutrients. Surveys made by Michigan State College researchers in nine central Michigan counties show 300 percent more farmers made grass silage in 1949 than made it in 1948. There is evidence that many more will make it for the first time this year.

The most enthusiastic supporters of grass silage were the farmers who had good experience with their crop.

Most of the farmers are using the first cuting of legume-grass fields for hay crop silage. Michigan weather conditions are usually not too good for putting up first-cutting hay. Under usual haying methods it is estimated that from 20 to 40 percent of the feed value of the first cutting of hay is lost from weather damage.

Field-cured hay can be safely stored at around 25 percent moisture. This means that about 15 to 20 hours of sunshine are required for curing. With a mow-drier, hay can be stored at about 40 percent moisture, but relatively few farmers have mow-driers.

With grass silage stored by the wilting method the crop can be stored at 65 to 70 percent moisture. This normally takes about one to three hours of sunshine.

MSC surveys showed that in 1949 about two-thirds of the farmers started filling their silos the first two weeks of June. Cuting when the legume is at one-quarter blossom is more important than the date, however.

First cutting from new seedings accounted for 40 percent of the grass silage on farms visited the crop usually being alfalfa-brome. As farmers know, this crop is sometimes a bit wedy and may have some volunteer wheat, oats or barley in which the legume was seeded. If cut early, this makes high protein silage... but it must not be allowed to get too mature.

Preservatives were used by only about one-third of the farmers. Those who used preservatives most commonly used dry molasses at a rate of about 20 pounds to a ton of silage. That is equivalent to about 60 to 80 pounds of wet molasses.

134 Farmers Apply for Soil Aid in County

An application to your Charlevoix Soil Conservation district is all that is necessary to obtain assistance. The district now has 134 applications covering 19,235 acres. It will be necessary for some of these applicants to wait until the fall of 1951 for assistance.

In order to speed up the work, the directors ask that applications come in as a group, that is, three or more of your neighbors that you trade work with, that are interested in obtaining assistance. Individual applications will be accepted where a group cannot be formed. One reason for groups is that it takes less time to discuss the principles of conservation farming with a group than with each one individually.

A series of three or four group meetings are held to discuss the following: land use, land capabilities, rotations, seeding and fertilization, pasture, orchard management, conservation practices, forestry and wildlife and the contents of the farm conservation plan.

Information and recommendations used comes from field experiments, agricultural experiment stations, and from the State Agricultural College through your county agricultural agent.

There will be demonstrations you may attend to see some of the recommended practices being established. You may also visit farms with practices established to see how they work into a program, and what kind of control they give for soil and water conservation.

Your application does not obligate you in any way, but after the group meetings, you should decide whether or not you want to develop a farm conservation plan. Others will be waiting that do want to develop one. An application may be obtained from the directors, your county agricultural agent or the Farm Planner.

Improve Methods Cut Dairying Costs

Labor, which amounts to 40 percent of the total cost of farm operation, is the most important consideration of the dairy farmer, say Ed Rebman, county agricultural agent. A survey of farm records, shows that milking takes about one-half of the time spent on the dairy herd.

Milking alone takes as long as feeding, bedding, and cleaning the barns. Many man hours of chore work can be eliminated by making more effective use of equipment and also by doing such minor things as relocating a door, changing a hay chute, and centrally locating a light switch.

Perhaps the most important way of cutting down on farm operating costs is to improve work methods. This may be accomplished by keeping the milker units as close together as possible and by milking the cows in order as they stand in the barn. Managed milking, sometimes referred to as "fast "and "four minute" milking, is another labor-saving cost-cutting operation.

Experiments have proved cows can be trained to milk within three to four minutes. Keeping the milker on the cow too long does not add to production, and it may injure the cow's udder.

Arranging the hay chutes so hay can be dropped into the feeding area is another way of saving time and labor, as an extra handling of the feed will be eliminated, the agent concludes.

Production of clean eggs should be one of the big aims of successful poultrymen, say Michigan State College poultry specialists. Eggs that get dirty and have to be cleaned lose quality more rapidly than eggs which are produced clean.

Every Minute Counts

Part of every farmer's recipe for getting a high return for his work is "make every minute count" in doing routine chores.

Shade trees need water, too. Michigan State College foresters say large trees may be thirsty enough to use 20,000 gallons of water a year.

Dairymen who boil in lye the rubber parts of a milking machine which come in contact with milk have found it gives excellent results in lower bacteria counts and keeps the rubber in good condition.

Accumulations of grain, feed, bran, or screening in and around storage bins and feed rooms should be removed and destroyed.

Brownie Scout Camp Will Open Monday

Girl Scout Day camp will open Monday at the Church of God camp grounds, Mrs. Herbert Campbell, day camp chairman, has announced.

All Brownie scouts as well as girls who will become Brownies in the fall or who are of Brownie age and have never joined are invited to attend. They are reminded, however, that they must register and pay their registration fee by Friday.

The girls will meet at the city hall daily Monday through Friday for transportation by bus to the camp site. They are asked to bring a nose-bag lunch Monday. During the remainder of the week the various units will plan their meals. They will return home at 4 p.m. each day.

Mrs. Edith Irish, of Harbor Springs, will serve as camp director.

Serving on the Day camp committee with Mrs. Campbell are Mrs. Robert McClure, Mrs. Robert Kelley, Mrs. Fay Davis and Mrs. Frank Oleksy.

Program Set For Dedication of Clubhouse

A two-day celebration to mark the dedication of the new clubhouse of the Charlevoix Rod & Gun club will be held July 1 and 2 at the clubgrounds, two miles north of Charlevoix on US 31.

The gala sports program, open to the general public, is expected to attract a large summer throng, "Bo" Bowman, club president, predicted.

The dedication will climax several years of dreaming and many months of hard work by the club, directed by Bowman. The clubhouse is likely to rank as one of the best in the state. The fire place is an outstanding point of interest.

July 1 highlights include skeet, rifle and trap shooting to start at noon and a games party at 8:30 p.m. at the clubhouse.

July 2 features include more skeet, rifle and trap shooting at 10 a.m. followed by a parade in Charlevoix at 2 p.m. in which the Harbor Springs Drum and Bugle corps and the Charlevoix city band will participate.

The dedication ceremonies and band concert will be held between 3 and 5 p.m. at the clubhouse. Many prizes will be distributed at 6 p.m. A games party will conclude the day's activities at 8:30 p.m.

Pony rides, soft drinks and food will be available all day at the clubhouse.

Mrs. Frank Novotny Retired Teacher Dies in Hospital

Funeral services for Mrs. Frank J. Novotny, 45, retired rural teacher, were held at the See Funeral Home Tuesday. The Rev. Gaylord D. Howell officiated. Burial was in the Brookside cemetery.

Mrs. Novotny, who had been in failing health for several months, died Sunday at the Charlevoix Hospital after being admitted Friday.

The former Florence Margaret Holland was born in Charlevoix April 15, 1905, the daughter of Mr. and Mrs. Nelson Holland. She graduated from the Charlevoix high school in 1924 and the Charlevoix County Normal school the following year. On April 15, 1926 she was married to Mr. Novotny. She taught in many rural schools in the area until 1942 when she went to New Mexico with Mr. Novotny who had entered the army. In 1944 they went to Detroit and returned to Charlevoix in 1946.

She was a member of the Methodist church and had been active and held offices in the Pythian Sisters, the Rebekah lodge and the Past Noble Grand Club.

Besides her husband she is survived by two sisters, Mrs. John Katz of Adrain and Mrs. Luther Ransom of Central Lake; three brothers, William Holland, of Chicago, Nelson of Central Lake and Carl of Jackson.

Three Girls to Enter Nurses' Training

Three recent Charlevoix high school graduates have been accepted by the Grace Hospital school of Nursing and Wayne University in Detroit and will enter nurses training in September.

They are Sue Miles, daughter of Mr. and Mrs. Walker Miles, Lorna Lewis, daughter of Mrs. Lola Lewis, and Phyllis Mason daughter of Mr. and Mrs. Lee S. Mason.

Special meeting of Charlevoix Lodge, No. 282, F. & A.M. at 8 p.m. Friday, June 23. Second degree to be conferred. Tom Carey, worshipful master. 25x

Can't Believe Sight As He Sees Six Bears

Dale Boss is kicking himself for not having his camera along last Sunday afternoon.

While driving with Marilyn Ikens near Burgess, they happened to see six bears, all adults except one. The bears lingered for a while about 300 feet from the road, apparently oblivious to the fact that they were being watched.

These were the first bears, Dale or Marilyn had ever seen, so naturally they were quite thrilled about it. Dale estimates that two of the bears weighed about 600 pounds each.

While seeing bears is not exactly unusual in this section, it is uncommon to see so many in one spot.

Unfortunately, Dale did not have his camera with him so he could convince some doubting Thomases.

Dick Hardy Wins Athletic Honors At Michigan Tech

Dick Hardy, former Charlevoix high school athlete, has been awarded the Everett Trophy as the outstanding athlete of the year at the Soo Branch of the Michigan College of Mining and Technology. The award was made recently at a special program staged at the school.

Members of the Varsity club and college faculty select the candidate for the honor. The trophy, which will bear his name, will remain at the school.

This is the second year the Everett Trophy, contributed by Clifford Everett, a Soo business man, has been awarded at the school which is only four years old.

Dick has completed three years of college work with a major in police administration. He won letter awards in football, basketball and track during 1949-50. During the school year he served as assistant director of the Youth Center at the Soo.

He graduated from the Charlevoix in 1947 and had won letters in all major sports. He is the son of Mrs. Hilma Hull and the late Fred R. Hardy.

Eight Marion Center Women Enter Contest

Eight members of the Marion Center Extension Group made cotton dresses in the cotton dress project. They were Mrs. Countis Mascho, Mrs. Mary Balch, Mrs. Florence McGhan, Mrs. Betty Straw, Mrs. Jennie Martinchek, Mrs. Sybel Wynsma, Mrs. Peggy Greiner and Mrs. Lorie McCracken. The women will wear their dresses at Achievement Day, June 20, at Whiting Park, Boyne City. Extension women will be the hostess.

Attend M.U.C.C. Convention

Among those from the Charlevoix Rod and Gun club who attended the M.U.C.C. convention at Ludington last week-end were Bud Fisher, Glenn Ingalls and S. E. Coleman.

This is the Charlevoix group which will attend the Scout Jamboree at Valley Forge. Pictured front row, Jack Niswander and Bob Richards. Back row, Tom Bleha, Scoutmaster Gaylord Howell and Larry Burns.

Scout Delegates to Leave for Valley Forge

Last minute touches are being given Boy Scouts and their scout master before they leave Sunday for the National Boy Scout Jamboree at Valley Forge June 30 through July 0.

The quintet includes Tom Bleha, a Star Scout, Larry Burns, a First Class Scout, Bob Richards and Jack Niswander, Second Class Scouts and the Rev. Gaylord D. Howell, Charlevoix Scout Master who will serve as Protestant chaplain of Section 33 at the Jamboree.

The local Scouts will be a part of 40,000 Boy Scouts who will gather at historic Valley Forge for the second annual jamboree which will be officially opened by President Harry S. Truman, honorary president of the Boy Scouts.

The group will leave here Sunday for Traverse City where they are to report for their first inspection at 8 p.m. They will then embark by rail for Detroit, joining other Scouts enroute. The trip will also include a visit to the nation's capital.

Larry is the son of Mr. and Mrs. Leonard Burns; Tom the son of Mr. and Mrs. Charles Bleha Bob the son of Mr. and Mrs. Robert Richards and Jack the son of Mr. and Mrs. Melvy Niswander. All are members of Troop 11 and the latter three are Explorer Scouts. It is the first time Charlevoix has sent representatives to the national jamboree.

The Kiwanis is the sponsoring organization of the local Boy Scouts.

Pomona Grange To Participate in State Campaign

At the Charlevoix Pomona Grange meeting at Deer Lake Thursday, the Michigan State Grange Loyalty Fund was explained by Anna Warner, deputy.

The fund of $200,000 is being sought for a three-fold purpose, a scholarship fund for grange youth, a Grange youth center, and a State Grange Home at Lansing.

At present the State Grange headquarters is located at Niles, where state master W. G. Armstrong lives. By creating a Grange office building in Lansing, it is hoped to have a permanent home near the legislature and center of Grange activities.

Each local Grange is planning to put on one of the dinners for which Granges are famous and send the proceeds to the state Grange. In addition to this loyal Grange families are donating $50 which make them members of the Founders Club.

Gerald Rodger of Deer Lake Grange was appointed Lecturer of Pomona to fill that office formerly held by Howard Brumm. Next meeting will be with Maple Grove.

Rock Elm Grange has organized a baseball team and is asking all other Granges to have a team so we can have a county league. They are serving one of family style turkey dinners Thursday evening.

Seven new members have joined Barnard Grange. Barnard is again sponsoring a 4-H club. They met Monday night with lots of the young fry signing up for a dairy project with Bill Parsons as leader. The older boys are interested in an archery club. Girls are needed for food preparation and preservation.

St. Mary's Summer Masses Start July 2

The summer schedule for masses at St. Mary's Catholic church will become effective June 2 and will be as follows: Sunday Masses: 6, 8, 9:30 and 11 a.m. and week day Masses at 7:30 a.m.

Rev. Fr. Leo Malinowski is pastor of the church. During the summer months priests from the Jesuit summer camp near Omena will assist with schedule.

Growing Pig Is Guest of Kiwanis Club

A growing pig was a non-eating guest of the Kiwanis club Monday night.

Kiwanis clubs in northern Michigan started a project centering around the pig to boast individual club attendance. With attendance up at most of the clubs, it was then thought best to pass the pig from club to club. Now it's Charlevoix's turn.

Local Kiwanians will keep him a week and then take him to a neighboring Kiwanis club.

Mrs. Mina Dawson spoke on her hobby of collecting buttons. Meyer Levinson was program chairman.

Hastings Man Is Wire Manager Here

Herman Maurer of Hastings has arrived here to assume the managership of the local Western Union office for the summer months.

Since September, 1949, the office has been located in the Charlevoix Abstract and Engineering office and has been operated by Mr. and Mrs. Lawrence Feindt.

The office will be placed on the summer schedule July 1. The hours will be from 8 a.m. to 10 p.m. during the week and from 0 to 11 a.m. on Sunday and holidays. The above schedule will be in effect until Sept. 1.

Mr. Maurer came here from Buchanan to prepare the office for the summer season.

St. Mary's Festival To Be Held Aug. 18-20

Dates of the 1950 carnival, festival and bazaar were announced yesterday for Aug. 18-20 by St. Mary's church.

Rev. Fr. Leo Malinowski reported that a general chairman and his executive committee will be announced in a few days. He said that this year's carnival should be equal or better than last year's.

The church carnival here annually is one of the highlights for entertainment of summer visitors. It is the church's greatest fund raising drive.

Help the hospital drive.

Nine Entries In Venetian Night Contest

Nine Charlevoix girls have entered the Venetian Night contest being sponsored by the Beta Sigma Phi sorority in cooperation with the Charlevoix Board of Commerce.

Contestants are B. J. Cunningham, Marion Seymour, Ann Gill, Colleen Reed, Patsy Rose, Theresa Zeitler, Janet King, Delores Winnick and Marylou Gibelyou.

The contest will open July 1. Details will be announced later.

Harold Bedford, Former Hotel Manager Succumbs

Funeral services for Harold L. Bedford, 61, retired hotel manager and businessman, were held at the See Funeral Home Saturday. The Rev. G. D. Howell officiated. Burial was in the Brookside cemetery.

Mr. Bedford died early Thursday at the Charlevoix Hospital where he had been admitted Wednesday evening. He had been in failing health for several weeks.

Born in Charlevoix, Dec. 20 1888, he was the son of Mr. and Mrs. Harrison Bedford, pioneer settlers. He assisted in the management of the family store and the hotel, the former Fountain City House before going to Grand Rapids in 1920. There he managed the old Charlevoix Hotel on Monroe ave., the site of the present Rowe Hotel, and the Eagle Hotel on Market st. He returned here in 1935 to manage the family store and later operated a tavern. Following the death of his mother he assumed management of the hotel which was sold several years ago when he retired.

He was affiliated with the Masonic and Knights of Pythias lodges.

He is survived by his wife, the former Areline Olmstead whom he married in March, 1914; two daughters, Mrs. Robert Porter of Grand Rapids and Mrs. Franklin Curtis of Charlevoix; a sister, Mrs. W. R. Barney of Ionia and five grandchildren. A son, Harrison, preceded him in death in August, 1041.

Knight Owls Oppose Bay View on Sunday

The Charlevoix Knight Owls took a fall out of the Cheboygan All-Stars Sunday night 7-5 before a large crowd at Cheboygan. State Softball Commissioner Herb Kipke was among the spectators.

Pat Martin with three singles and Chuck Fairbanks with a homer and a single sparked the Owls attack. Chick Gallagher pitched a steady game, allowing only four hits, two of which were homers by Van Paris.

Batteries were Skoog, Woderski, Greenwood and Wheelock for Cheboygan and Gallagher and Meggison for Charlevoix.

The Knight Owls face the strong Bay View team, composed mostly of Albion college boys at 8:30 p.m. Sunday night at the Sounth Side park here. Visitors are playing this year as Bailey's Collegians.

Two Officers File Petitions for Election

Only two petitions for election of county offices in the September primary election have been filed at the Charlevoix county courthouse as the July 3 deadline draws near.

They are Fenton R. Bulow, incumbent county clerk who has served in that office for 21 years and Rex. E. Davis who is seeking re-election to the office of register of deeds after serving two terms.

Church Camp Opens At Lake Louise

The annual Methodist church camp opened at Lake Louise Sunday and will be open for a week. The Rev. G. D. Howell of the local church is attending as dean of the senior sections.

Others attending from Charlevoix are: Beverly Trimble, Velma May, Donna Everts, Lois Alford, Phyllis Williams and Joyce Cunningham.

Budget Calls For $1080 In Band Outlay

A 10 per cent cut for the Charlevoix city band was approved by the city council Monday night.

This means that the band which had been asked earlier to take a $300 cut in its appropriation will have its funds reduced by only $120. The appropriation calls for $1080.

Albert Novotny, spokesman for the band, told the council that the band would like to have the appropriation paid in monthly installments and that it would pay Director C. A. Odmark. It had been suggested that Mr. Odmark take a $300 cut in his $900 salary he receives from the city. Alderman Ralph Hamilton and several others objected to the cut. Odmark's salary is part of the $1080 budget.

* * *

MAYOR JOHN KNIGHT contended that the city must adhere to a policy of economy if the city is to pay its obligations. He pointed out that many of the departments, including streets and docks, have been asked to take a larger cut than normally but that it can not be avoided.

A request of several street department employees for a five cents and hour raise was discussed and then referred to the finance committee. Hal Hill, superintendent of utilities, said it would not be fair to raise the wages of some and not others. The matter will be brought up again for discussion at the next meeting.

The blocking off of the east side of Bridge street between Mason and Clinton was approved for July 29-30, date of the carnival and Venetian night program.

Edward Heise, of Heise's Surplus store, appeared before the council and asked that meters be installed on Mason between State and Bridge. He said that

Charlevoix Host to Two Conventions

Charlevoix will be host to two conventions during the last two week-ends of June, S. E. Coleman, secretary of the Board of Commerce, has announced. The Belvedere Hotel will be convention headquarters of the Michigan Automobile Dealers Association June 23 and 24 and the Michigan Consumers Finance Association June 29-30.

Seventy directors and their guests are expected for the two-day meeting this week-end at which Floyd Brown will serve as host.

Highlights of the convention will be a dinner Friday evening, election of officers Saturday and a banquet Saturday evening.

Wives of the directors will enjoy golf, motor trips and sightseeing while here.

David Holmes of Battle Creek is association president and Frank W. Herrick of Lansing executive secretary.

Two hundred members of the Michigan Consumers Finance association and their guests are expected for the convention June 29-30. Russell Darling of Lansing is executive secretary of the association which is returning to Charlevoix for the second time in as many years.

Principal speakers at the meeting will be C. Williams Otto, manager of the Lansing Chamber of Commerce, and Rev. Edward A. Keller, C.S.C., director of the Bureau of Economic Research at the University of Notre Dame.

Bridge Committee Formation Is Encouraging

Now that Governor Williams at last has signed the Mackinac Bridge Authority, we can expect some action in inquiring into the feasibility of such a bridge across the straits.

There is tremendous interest in this bridge project, not all of it being in northern Michigan by any means. However, there are factions and communities in southern Michigan which by their own admissions stand to gain nothing by it, so they say, and object to the bridge.

The bridge committee, headed by John McCarthy, chairman of the governor's inter-peninsula communication commission, is composed of some outstanding men. We only hope the committee does not get fouled up in political red tape.

The committee will finally decide whether or not a bridge to join the two great peninsulas is feasible and the cost, and then recommend a plan of action to the legislature. It is expected that the costs of the bridge will be paid out of toll fees.

If the bridge plan is feasible, it seems the only logical way to pay for it would be through toll fees. In that manner, the people who use it will pay for the bridge over a long period of time. No one including those who use it will object to this type of payment.

The construction of such a bridge would be a boom to business in both peninsulas. Other sections will benefit besides the upper part of Michigan. Much business for years has been going to Wisconsin instead of to lower Michigan.

The easy facility in crossing the straits at anytime of day or night, summer or winter, cannot be overlooked. It has been said that a span between the two peninsulas would give the tourist and resort trade a healthy transfusion. Many people avoid waiting in lines to cross the straits.

In today's transportation world, this should not be necessary.

Here's hoping that the bridge committee speeds its investigation of possible factors and returns a favorable report to the governor, regardless of political preferences.

Let's Keep Softball on a Sound Financial Basis

Softball games here are attracting record crowds.

But the schedule of games may have to be curtailed in spite of the attendance. The only means of paying for the umpires' services, bats and balls is the free-will offering taken each night.

To break even, the league has to have between $15 and $18. To date the average nightly offering has been about $7 with receipts dropping sometimes to as low as $2.

League officials are at a loss to explain the small offering by the fans. They point out that if every person who attends would give 10 to 15 cents, the softball plan would be self-financing.

Basketball games for the independents were disbanded last winter because of the lack of attendence and support. But softball this spring and summer is something else, good-size crowds turn out for the games and appear to enjoy them.

However, when the hat is passed many people apparently fail to realize that this is the only means of financing the program of softball here unless admission is charged.

It has been pointed out that the league officials hope to continue the games on its present program but there is a bottom to the deficit. People who attend the games must contribute unless they want to see the program fall.

League officials believe 10, 15 or 20 cents is not too much to pay for watching two softball games.

As it stands now, a small handful of people are paying the total bill. To ask them to support the entire financial load is not fair. As a result we must make it a point to contribute when the hat is passed.

The league does not intend to try to make a profit, only enough to pay for actual expenses incurred in providing softball games for large number of fans.

Methodists Book Two Guest Speakers

Two guest speakers will fill the pulpit at the Methodist church during the absence of the Rev. G. D. Howell who will leave Sunday to attend the National Boy Scout Jamboree at Valley Forge.

On July 2 the Rev. G. E. Whitten, veteran Methodist minister of Albany, Ind., will speak on his recent trip to Palestine and Italy. Rev. Whitten is the father of Dr. C. O. Whitten.

On July 9 Victor I. Whittimore, lay leader of the Big Rapids district of the Methodist church, will be in charge of the morning service.

Dairy Employment

Approximately 250,000 people are employed in the processing and delivering of dairy products.

ODDS 'N ENDS

A bouquet to the Girl Scout organization in our town . . . several troops are back from trips to Ocqueoc, Camp Charlevoix, Blue Heaven and Milwaukee and elsewhere with reports of a grand time, no major casualties and great fun in the open. . it has meant a sacrifice by many of these leaders to take your youngster on these trips and to accept the responsibility of the girls . . . they deserve a great big thanks from everyone.

And this week is Brownie Day camp . . . which is being enjoyed by another fifty children in the younger age group . . . many mothers and others interested in scouting have planned a full week of diversified activities . . . art. . nature . . cook-outs . . handicraft and numerous other activities . . . the kids love it . . . and when you're asked to visit the camp . . . be sure to do so for you owe it to your youngster as well as the adult scout personnel.

• • •

HAVE YOU NOTICED the hawthorn trees in bloom? . . . they're really a sight these days . . . there are several around town but the largest one is in the Weiss yard on the corner of Michigan and Ainslee and is really something to see . . . Does it seem possible that a whole year has passed since our Memorial bridge has been in use . . . and we take it so much for granted . . have you all forgotten so soon the awful holes in the temporary highway?

If you saw a special covered truck going through town Friday with the markings: "Alaska or bust" it was John Snackers of Lansing enroute to Anchorage to make their home . . . the truck has all the comforts of home, they say, and the couple will live in it for the six weeks it will take them to reach their destination.

• • •

CAPT. DICK LYONS was presented with a pretty nice Father's Day gift by his wife . . . a lovely baby daughter who hasn't been named , . . it's now three of a kind for the couple . . . who already had two girls.

Have you noticed all the new voices on the switchboards at the telephone office . . . there are now 19 'voices wih a smile' and before the summer's over the number will be increased to 29. There's a new face at the Courier office . . . it belongs to Fred Senger of Manistee who has joined the staff as printer . . . the lad's being married Saturday and will have an apartment at the Bosses on south Bridge st.

Congratulations to the Karl Erbers and the Bob Cases who celebrated wedding anniversaries on June 15 . . to Mrs. Mary Bacon who had her eighty-first birthday anniversary Sunday . . . to Bud Kohler who will be married to Frances Rollins in Detroit Saturday.

• • •

AND DON'T forget to be nice to Jim Gaskin these days . . . he's the man who checks the parking meters . . . which were painted and put in operation last Thursday . . . Did you notice the lobby of the Palace theater with lush pink walls . . . the redecorating of the main section is to begin this week . . . it's to be in shades of blue with penels in modernistic colors and designs . . . so the contractor Harold Pearl tells us . . . we're anxious to see the result.

Our sympathy to the family of Harold Bedford . . . to Frank Novotny and the Holland family. . . . to the family of Charles M. Rice of St. Louis and summer residents here for many years.

TO SCOUTMASTER Rev. G. D. Howell and the four Charlevoix Scouts who are leaving for Valley Forge, Pa., Sunday . . . have a wonderful time . . . it's an opportunity of a life-time . . Wish we might even go along.

IT HAPPENED ON . . . .
BEAVER ISLAND

By Mrs. J. C. Hanley

It's lilac time on Beaver Island These lovely lavender and white blossoms were in full bloom all week. Off the beaten path, the wild flower called "roosters" is in bloom - a dainty violet flower that makes a dainty bouquet. Indian paint brush is in bloom, too.

The weather remains chilly on the island. One of our visitors who arrived from Chicago last week reported it was 92 degrees when he left the windy city and the next day when he landed on Beaver, his coat felt mighty good. We on the island aren't asking for 92,but we would like a little warmth.

This spring, Young James Gallagher built a dock for his lumnear Willie John Gallagher's net shed. James is taking the lumber right from the mill and stickering it on the dock and the piles of lumber are getting higher every day.

• • •

DICK LA FRENIERE has installed a Frigidaire cooling system in a large storage room in the back part of his store for keeping supplies as fresh as possible. Dick's store is becoming more "general" every day. Besides groceries, he has added a line of dry goods and hardware department.

Martha Miller left Monday for Munson Hospital, Traverse City, for a complete examination. A trip to the Mayo Clinic has been reccommended and Martha plans to go as soon as possible.

Mr. and Mrs. Buck Ditlefson, Cleveland, have arrived to open up the Bonner's summer home.

Tuesday, Mr. and Mrs. Fred Spalding and Mrs. Spalding's mother, Mrs. Cora Portt returned to the island and they were very glad to be home once more. Fred flew from Albany, Ga. to Pontiac where he met Mrs. Spalding who had driven up from the south. In Pontiac, the family piled in the station wagon with little Karen Spalding, their granddaughter, and headed for the island. Fred is much improved, but he still has some to go before he's 100%.

BERNADINE JOSEPH will be interested to know the pair of goldfinches that return annually to her yard are busy making a nest and singing their little hearts out as they work.

Tuesday evening, members of the Third Order of St. Francis met at the home of Mr. and Mrs. James W. Gallagher. Father Giles, spiritual director began reading "The Amazing Life of Father Maxmilian Kolbe". Mr. and Mrs. Henry Allen and their son and daughter, Louise and Tom, were visiting guests.

Mrs. Warren Wilmot and daughters Kay and Karen, Cleveland, are visiting Mrs. Wilmot's mother, Mrs. Elizabeth Gallagher. Mrs. Gallagher's grandson, Charles McDonald, Charlevoix, is also a guest.

Marylyn Van Erkle, who formerly lived on the island, is the guest of Mr. and Mrs. Rolland McCann.

Andrew Grossi and party from Chicago arrived Saturday to roll up their sleeves and go to work on the completion of their cabin on Little Sand Bay. "Have to get it ready for the family so they can come to the island as soon as possible", said Grossi.

The Dave Wilson's returned Saturday loaded with supplies for their summer home. Mrs. Wilson and the children are here for the season and Dave will come up from Detroit at every opportunity.

Mr. and Mrs. Willie O'Donnell's pretty yard has been made more attractive with a white picket fence. In the O'Donnell's back yard, there is something even more attractive . . . the nicest stack of poll wood on the island and does that ever burn swell in the kitchen stove.

• • •

MARY MARGARET GREENE had her after graduation fling in Chicago visiting her sister, Bernell. Mary Margaret is back for the summer but is making plans to return to Chicago this fall.

The baseball bug bit Archie LaFreniere, Gene Connaghan, Jack Cull, Buddy McDonough and Dan O'Donnell so hard that they couldn't resist seeing their favorite team, the Detroit Tigers, play Saturday. They all drove down Friday in Archie's new car.

Mrs. Frank Nackerman had her first plane ride Saturday morning and she loved it! She returned to the island in McPhillip's large twin engine model after a trip to the dentist.

Father Giles left Sunday for Carey, O., to attend the annual retreat at Our Lady of Consolation Seminary.

George Miller spent the week-end with his family. He returned to Jackson Sunday afternoon.

James H. Gallagher, W. G. Gallagher and Ed. B. Gallagher left Thursday for South Haven to attend the funeral of their uncle, Edward Pratt, who died Thursday morning. Mr. Pratt was a former resident of Beaver Island.

Mrs. Joe Gallagher and Kay McDonough returned from Chicago Saturday. Kay will spend the summer with her grandparents, Mr. and Mrs. W. J. Gallagher, Mrs. Gallagher and Kay also attended the funeral of Mr. Pratt.

North Shore Starts New Schedule Monday

The motorship, North Shore, of the Beaver Island Transit Co., will start its summer schedule next Monday, Capt. Richard Lyons, announced.

Starting Monday the ship will leave Charlevoix daily at 9 a.m. and arrive on the return trip at 5:30 p.m. This will give visitors to the island for the day approximately an hour and a half for sight-seeing and luncheon.

The summer schedule will remain in effect through the Labor Day week-end.

Wood Manufacture

In 1940 the state of California led all others in the use of wood in manufacture, being followed by Washington, Oregon, Pennsylvania, New York, Illinois, Wisconsin and Tennessee in that order.

Grandson of Fishers To Be Festival Prince

Seven-year-old Wayne Anderson, of Traverse City grandson of Capt. and Mrs. William Fisher of this city, has been chosen as prince of the 1950 Cherry Festival at Traverse City.

He will be crowned on July 5 and with his princess will rule over the juvenile activities of the festival.

Prince Wayne is the son of Mr. and Mrs. Alfred Anderson and a student at Boardman school Traverse City.

Rock Elm News

By Mrs. A. B. Lawton

Mr. and Mrs. Lewis Sader of Detroit with their son and three daughters spent last week-end at Mrs. John Rudes' cabin. Mrs. Sader is a granddaughter of the late Mrs. Jensen. As they had to return to the city Sunday, members of the Jensen family met with them at the cabin for a reunion dinner. Present were Thomas Jensen, Mr. and Mrs. Lawrence Jensen, Mr. and Mrs. John Rude and Mr. and Mrs. Jack Hall.

Tom Jensen recently purchased a house and lot in East Jordan from Mr. and Mrs. Thomas Cox of Kalamazoo.

Everyone around here would be glad for a good rain. The ground is getting to dry and hard to work well.

Edwards Food Mart open evenings 'till 9 p.m. Sundays 9 a.m. to 2 p.m. — 5 p.m. to 8 p.m. Always a parking place.

Jeanne Hammond Honored at Shower

Jeanne Hammond, bride-elect of Carl Hartmann of Newaygo, was honored guest at a miscellanous shower given Tuesday evening by Mrs. Glenn See and Mrs. Arthur Ranger at the latter's home.

Miss Hammond is the daughter of Mrs. Oakley J. Hammond. Her marriage to Mr. Hartmann will be an event of July 8 at the Congregational church here.

Guests enjoyed an evening of canasta followed by refreshments. Spring flowers were used about the rooms and to decorated the refreshment table.

Miss Hammond received many lovely gifts.

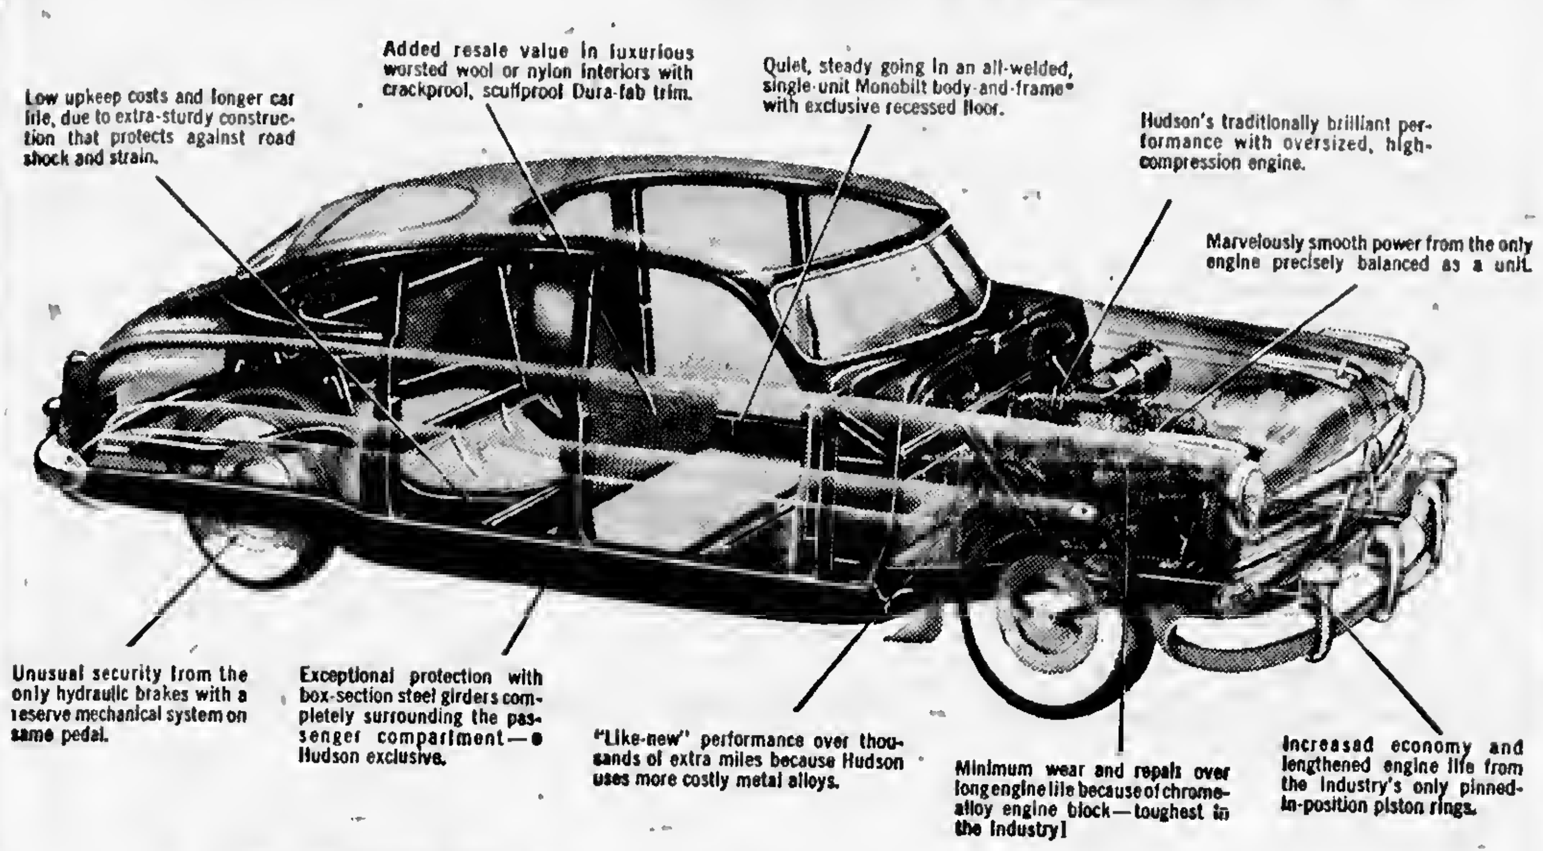
HERE'S WHY HUDSONS STAY YOUNG SO LONG



Low upkeep costs and longer car life, due to extra-sturdy construction that protects against road shock and strain.
Added resale value in luxurious worsted wool or nylon interiors with crackproof, scuffproof Dura-fab trim.
Quiet, steady going in an all-welded, single-unit Monobilt body-and-frame* with exclusive recessed floor.
Hudson's traditionally brilliant performance with oversized, high-compression engine.
Marvelously smooth power from the only engine precisely balanced as a unit.
Unusual security from the only hydraulic brakes with a reserve mechanical system on same pedal.
Exceptional protection with box-section steel girders completely surrounding the passenger compartment—a Hudson exclusive.
"Like-new" performance over thousands of extra miles because Hudson uses more costly metal alloys.
Minimum wear and repairs over long engine life because of chrome-alloy engine block—toughest in the industry!
Increased economy and lengthened engine life from the industry's only pinned-in-position piston rings.

HUDSON
MOST ROOM...BEST RIDE...SAFEST
The new, lower-priced Pacemaker
brings you all of Hudson's great advantages for
Just a Few Dollars More Than The Lowest-Priced Cars!

Hudson's styling and beauty will be "like new" for years to come . . . and these sturdiness features keep Hudsons "like new" in action, too!

What you see above only high-spots the great line-up of sturdiness features that keep Hudson young in looks and in action.

We invite you to discover for yourself the important advantages Hudson offers in addition to these long-life features. Hudson's recessed floor ("step-down" design) results in true streamlining, magnificent beauty. It provides the *most room* in any automobile at any price! It brings you the *best* and *safest ride* ever known!

Won't you come in—see and drive the car that stays young—the car with so many important advantages that it is among the leaders in resale value, coast to coast, as shown by Official Used Car Guide Books!

Record of the Council

June 5, 1950

The Common Council of the City of Charlevoix met on the above date with Mayor Knight presiding.

Aldermen present: Davy Gebeau, Hamilton, Heering, Kohler, Young.

Minutes of the previous meeting were read and approved.

Alderman Young presented the following Ordinance No. 243 and moved its adoption, second by Alderman Hamilton:

ORDINANCE NO. 243

AN ORDINANCE to amend Sections 2105 and 2109 or Article XXI of the Zoning Ordinance, being Ordinance Number 203 of the Ordinances of the City of Charlevoix, as amended, by excluding certain designated lands from Agricultural District and including said lands in Commercial District 11 and to repeal all ordinances or parts of ordinances inconsistant herewith. THE CITY OF CHARLEVOIX ORDAINS:

Section 1. Section 2105 of Article XXI of ordinance Number 203, as amended, is hereby amended by adding thereto and including in Commercial District II the following described land, viz:

"Beginning on the South line of Carpenter Avenue 132 feet East of the East line of Bridge Street thence Southeasterly in an arc deviating to the West with a radius of 3800 feet to a point on the North line of Stover Road 100 feet West of the West line of May Street; thence East along the North line of Stover Road to the West line of May Street; thence North along the West line of May Street to the South line of Carpenter Avenue; thence West along the South line of Carpenter Avenue to the place of beginning; EXCEPTING THEREFROM all of said property located within 297 feet of the South line of Carpenter Avenue."

Section 2. Section 2109 of Article XXI of Ordinance Number 203, as amended, is hereby amended by excluding all of the aforesaid lands from Agricultural District.

Section 3. All ordinances or part of ordinances inconsistant with the provisions hereof are hereby repealed.

Section 4. This Ordinance shall take effect twenty days from and after the date of its adoption.

Adopted by the following Yea and Nay vote:

Yeas: Davy, Gebeau, Hamilton, Heering, Kohler, Young. Nays: None.

Alderman Davy offered the following resolution and moved its adoption, seconded by Alderman Young:

RESOLVED that the regulation of parking under Ordinance No. 220 which provides for the regulation of parking by the use of parking meters be placed in effect and enforcement commencing on Thursday, June 15, 1950, and that June 14, 1950 be the last day of angle parking on Antrim Street, and that the clerk publish notice thereof in the Charlevoix Courier.

Resolution adopted by the following Yea and Nay vote:

Yeas: Davy, Gebeau, Hamilton, Heering, Kohler, Young. Nays: None.

The finance committee having examined bills totaling $8,749.13, find them correct and recommend they be allowed. Moved by Alderman Young, seconded by Alderman Hamilton, that the bills be allowed and orders drawn for their amounts. Motion carried by the following Yea and Nay vote:

Yeas: Davy, Gebeau, Hamilton, Heering, Kohler, Young. Nays: None.

Alderman Heering offered the following resoultion and moved its adoption, seconded by Alderman Kohler:

RESOLVED that the resolution adopted at the meeting of the common Council held on April 24, 1950, authorizing a lease of the Lake Michigan bath house to Laura Heise be amended so as to require said lease to provide that said lessee shall pay the electric light and water bills, provide for garbage collection and keep up the premises.

Resolution adopted by the following Yea and Nay vote:

Yeas: Davy, Gebeau, Hamilton, Heering, Kohler. Nays: Young.

Alderman Hamilton offered the following Ordinance No. 244 and moved its adoption, seconded by Alderman Davy:

ORDINANCE NO. 244

An Ordinance to Provide for and Appropriate the Several Amounts Required to Defray the Expenses and Liabilities of the City of Charlevoix for the Fiscal Year Beginning March 1, 1950; to Provide for an Interest and Sinking Fund to Pay the Funded Debt of the City and the Interest thereon; to Provide for the Several Street District Funds, viz; Street District No. 1 Fund, Street District No. 2 Fund, and Street District No. 3 Fund, to Defray the Expenses of Working upon the Street in Each Respective Street District.

THE CITY OF CHARLEVOIX ORDAINS:

Section 1. That to defray the expenses and pay the liabilities of the City of Charlevoix, Michigan, for the fiscal year beginning March 1, 1950, chargeable to the several funds provided by law and duly created, it is necessary to appropriate to such funds for the respective purposes thereof the following sums of money:

Contingent Fund		$ 9,557.63	(2.9 Mills)
Park Fund		4,943.82	(1.5 Mills)

Police Fund		5,932.31	(1.8 Mills)
Cemetery Fund		5,602.74	(1.7 Mills)
Advertising Fund		4,943.83	(1.5 Mills)
Total General Fund		$41,198.87	(12.5 Mills)
Interest & Sinking Fund		18,478.75	(5. Mills)
Special Street District Funds:			
Street District No. 1	$ 3,030.50		
Street District No. 2	1,941.82		
Street District No. 3.	3,281.25		
Total Street District Funds		$ 8,239.37	(2.5 Mills)
TOTAL ALL FUNDS		$65,915.00	(20 Mills)

Section 2. That there be raised by tax upon the July tax roll for the year 1950, to be assessed upon the real and personal property in said City, a total sum of money equal to 12.5 mills on each dollar of the total assessed valuation of such property as shown on the assessment roll of said year, such sum including the allocation made by the County Tax Commission. Also a further sum equal to 5 mills on each dollar of said valuation for the uses and purposes of the Interest and Sinking Fund in paying the funded debt of the City of Charlevoix and the matured interest thereon. Also that there be raised by tax upon said tax roll, to be assessed upon the real and personal property in Street District No. 1, Street District No. 2, and Street District No. 3, respectively, a further sum equal to 2.5 mills on each dollar of assessed valuation as shown on said assessment roll for each of said Street Districts, respectively, for the uses and purposes of the Street District Fund for each of said Street Districts, respectively, in defraying the cost of improving, repairing and cleaning the streets of each respective Street District. Such taxes shall be entered upon the tax roll, assessed and levied, and as collected shall be apportioned accordingly and the amounts therein assessed and levied aforesaid for the Street District No. 1 Fund, Street District No. 2 Fund and Street District No. 3 Fund, and the Interest and Sinking Fund shall be apportioned to said funds as herein prescribed.

Section 3. The City Assessor shall assess and spread the total of the amounts herein specified on said July tax roll in the manner provided by law, together with all unpaid special assessments appearing on the special assessment rolls of said City as a lien upon lands described in said rolls, which Special Assessments shall be spread and levied against the respective lands and premises liable therefor according to such Special Assessment Roll.

Section 4. The City Treasurer shall collect the taxes levied and spread under the provision of this Ordinance; and when collected, credit the several funds as herein prescribed pro rata as the appropriation to each fund shall bear to the total of all taxes assessed and spread on said tax roll, and shall collect all special assessments on said tax roll, and when collected credit the same to the special assessment funds as provided by law.

Section 5. Ordinance No. 239 and all other appropriations ordinances are hereby repealed.

Section 6. This Ordinance is ordered to take immediate effect.

Adopted by the following Yea and Nay vote:

Yeas: Davy, Gebeau, Hamilton, Heering, Kohler, Young. Nays: None.

Section 2. The salaries herein prescribed shall be paid semi-annually except the salary of the City Attorney which shall be paid quarterly, and the salaries of the City Treasurer, City Marshall and Street Commissioner, which shall be paid every second Monday.

Section 3. All City officers and employees not named in said schedule shall receive salary or compensation as the Common Council shall by resolution, or otherwise, determine.

Section 4. The salary of the City Attorney shall be in full for attendance at meetings of the Council, for routine advice to City Officials concerning official business, for drafting motions and resolutions in the regular procedure of the Council, and services incidental thereto. It does not include services in judicial proceedings before any board, department or other governmental body, nor time employed in special proceedings, investigations or search, all of which shall be paid upon itemized statement.

Section 5. The City Clerk and City Treasurer shall keep their respective offices open to the public from nine o'clock a.m. to twelve o'clock noon and from one o'clock p.m. until five o'clock on all secular days excepting legal holidays and Saturday afternoons and at such other hours as shall be provided by law for special instances.

Section 6. The City Clerk and City Treasurer shall keep their respective books in agreement and shall balance their books at the close of each month's business, and shall render to the Council a statement of the condition of each fund and the cash balance therein whenever the Council shall make such request.

Section 7. All city officers shall attend all the meetings of the Common Council.

Section 8. All ordinances or parts of ordinances, in anywise contravening the provisions of this ordinance are hereby repealed.

Section 9. This ordinance is to take effect as of June 1, 1950.

Adopted by the following Yea and Nay vote:

Yeas: Davy, Gebeau, Hamilton, Heering, Kohler, Young.

The Mayor's appointment of Frank Zeitler as Police Officer of the Belvedere Club without pay was unanimously approved.

Moved by Alderman Hamilton, seconded by Alderman Gebeau, that the method of calling the roll of the Council shall be altered at each meeting; i.e., that at one meeting the order shall be Davy, Gebeau, Hamilton, Heering, Kohler, Young; at the following meeting the order shall be Gebeau, Hamilton, Heering, Kohler, Young, Davy, and so on, rotating in alphabetical order with each meeting. Motion carried.

On motion the Council adjourned.

Anniversary Letter

Dear Friend:

Banks have birthdays too! On June 26th we will be 45
years old.

And what interesting years they have been. During
that time we have sent our sons to serve in two great World Wars.
We have enriched our rolling hills with prosperous farms which
produced milk and honey for a hungry world. The atomic age has
begun to unfold before our eyes.

Working side by side we successfully served the needs
of the community. We have prospered together until our bank
stands as a pillar of conservatism, yet progressive and consider-
ate of the needs of its customers.

And so today after 45 years of continuous service a-
mong the best friends and neighbors in the world, we reaffirm our
faith in the community and with the same spirit of friendly co-
operation as when our bank opened in 1905....rededicate ourselves
with a resolute purpose.

Cordially,

Archie S Livingston
A. L. Livingston, Cashier

P.S. If you are not doing business with our bank, may we extend to
you a cordial invitation to stop in and get acquainted.

Advocate Grass Farming to Cut Crop Surpluses

"The Grass Farming program being sponsored and advocated by state and county councils, extension services, the soil conservation service, and others is a very practical way for farmers to attack the present problems of farm surplus and at the same time improve their soil," says Secretary-Treasurer A. J. Townsend of the Production Credit Association located at Gaylord. Mr. Townsend urges the farmers in Alpena, Antrim, Charlevoix, Cheboygan, Crawford, Emmet, Montmorency, Oscoda, Otsego and Presque Isle counties, the area his office serves, to divert the land that they take out of corn, wheat or potatoes, the allotment crops, to grass and legumes.

"An increase in grass and legumes acreage by diverting land from so-called surplus crops will provide farmers with the opportunity to help in balancing agricultural production for the present and of building fertility reserves in the soil for future needs," Mr. Townsend continues.

This plan will put agriculture on a sounder basis and will build, restore, and hold our soil wealth. Land value is based on the farm's production ability. Credit is usually extended on sound agriculture and the operator's wise use of his land.

When extending short-term credit the directors of the Production Credit Associations like to see the agricultural land kept together and not allowed to wash away. Grass will help do this job. The Production Credit and National Farm Loan Association are ready and willing to assist far-sighted farmers in their sound soil savings, grass and legume program.

"An improved farming system that effects better producing soil makes credit repayments easier, is the opinion of our farmer directors", concludes Secretary-Treasurer A. J. Townsend.

Farmers Union Hear National Speaker

There was a special meeting held at the Norwood Farmers Union Hall Tuesday evening at which time, Mrs. Flossie Harris, of Denver, Colo., Nationol Farmers Union fieldworker discussed the action program of the Farmer's Union.

Mrs. Harris will be back in September to conduct a training school for County and Local officers.

These meetings are a part of an expanded program of activities being carried on by the Michigan farmers Union which hopes to double the membership in this state in 1950.

Irrigation Jumps Certified Seed Potato Yield on Peebles Farm

By John Timmer
and
Vic Spaniolo

John and Kenneth Peebles of Route 1, Charlevoix, are really sold on irrigation for their fields.

They have reason to feel this way as their yield in growing certified seed for potatoes has really jumped in the last two years since they started irrigation.

They estimate that their average yield for seed potatoes in an irrigated acre is between 350 and 400 bushels while the return in a non-irrigated acre is about 250.

• • •

THEY ARE IN the process of completing the planting of 35 acres of certified (20 acres of Katahdins and 15 of Russets) as well as 20 acres of table stock. This is slightly less potato acreage than they had last year.

The Peebles family members are old hands at raising certified seed in this area, Their father, Herbert S. Peebles, was one of the pioneer growers. Possibly the oldest hand in these parts for growing certified seed for potatoes is Henry Vanderslik, who lives a short ways from the Peebles farm.

When their father first started planting certified seed, it was a venturesome business, full of financial perils. At that time, growing certified seed was a new idea, at least in this part of the state.

Over the stretch of years, the elder Peebles and his sons became proficient in this phase of farming. Slopes and locations of some of the fields prevent their using more irrigation.

At present they are irrigating 35 acres, getting the water from Mud lake (Bentley lake). John Wieland who lives near the Peebles farm, is the only other farmer in the locality using irrigation to an appreciable extent.

• • •

THE PEEBLES use a 100 horsepower pump to get their water from the lake into their fields. Their yields for potatoes are some of the highest in this sector. But if their yield is high their expenses of production are higher too.

For example, planting seed potatoes, they use 30 bushels to the acre compared with 10 bushels to the acre by the average farmer. On non-irrigated soil, they use about 25 bushels to the acre.

Use of fertilizer is heavy, too. They use about 800 pounds of fertilizer (high in potash) to the acre. They point out that potatoes need more potash than most other crops. Their soil is mostly sandy loam. This year's fertilizer is 3-9-18 which, they believe, is best for potatoes.

They also use a cover crop of rye, plowing it under as green manure. This practice is gaining more supporters every year. The Peebles do a lot of spraying, using a spray of three pounds of basic copper to 100 gallons of water about seven times during the growing season.

Potatoes for seed usually bring about a 25 per cent greater yield than table stock, they said. Their total yield is sold through the Potato Growers Exchange at Cadillac.

Farmers Should Check Moisture In Grass Silage

Many farmers have made grass silage without any trouble and may have difficulty in imagining that trouble could arise. They do arise, however, as other farmers can testify, when the silage is put up too wet or too dry. The key to good silage making is proper moisture content, according to Dr. Stephen T. Dexter, Farm Crops Researcher at MSC.

So long as you stick to making silage of the big tall plants like alfalfa, red clover, timothy or bromegrass, cut at the ordinary hay stages, you are likely to be very close to the proper moisture content; using them just as the plants stand in the field. These plants at such maturity, then, can be put into the silage without any wilting to dry them out.

To the contrary, if these plants are cut in rather immature stages, as when the alfalfa is in early bloom, the moisture content of both grass and alfalfa is too high for the best preservation, and one to three hours of wilting is advisable. With such plants as ladino clover, or early cut grass, wilting may require several hours, particularly since the air and the soil are both likely to be cool and damp so early in the year.

With plants that are overmature and too dry, wilting usually leads to a forage that packs poorly in the silo, that heats, burns and molds, and that is low in value even if the cows will eat it. Frequently they do not eat this heated silage well.

If the moisture content is right, no preservative is needed, but if the silage is pure alfalfa, and a little too damp, molasses will help in getting good preservation. With very early-cut, high-protein silages, molasses is recommended to ensure good preservation of the valuable feed. From 40 to 80 pounds of wet molasses per ton of silage is suggested.

A good job of chopping, at a short length of cut is helpful in getting good packing in the silo. Tight doors and walls also help in avoiding spoilage.

Hardy Attends PMA Conference

By LeRoy Hardy

The annual meeting of Michigan PMA County Committee men was held in Escanaba, Michigan, June 8 and 9 with 450 delegates present.

Attending from this county was chairman LeRoy Hardy and wife; vice-chairman, Elmer Lyon and wife; third member Louis Jones; and secretary-treasurer, Mrs. Erma Mills and family.

Gov. G. Mennen Williams addressed the conference in the afternoon. The theme of his address was for us all to use our sovereign right as citizens of this United States.

Clarence A. Klup, Harrisburg, Pa., PMA fieldman for the middle west region, described the creation of the federal farm program starting back about 1932 and said critics then said, "farmers are too dumb" to work as a committee and carry the program through. "Results have proved otherwise", he said.

Farm Planner Is Key Man in Soil Conservation Program

What is the part of the farm plenner in the operation of your Charlevoix Soil Conservation District? It is his duty to hold the group meetings to diseuss the basis of the soil conservation work, and to assist you right on the farm in carrying out practices adopted to your farm.

A soil survey is made of your farm by the Soil Scientist of the Soil Conservation Service. This soil survey shows the types of soil, degree of slope and the degree of erosion that has taken place. The proper land use for all the different soils on your farm can be determined from this survey and field observations, by placing each soil in one of eight classes of land determined by the soil, degree of slope and degree of erosion.

No two farms have the same problems, so it will be necessary for you to walk over the farm with the planner end determine the proper use and the conservation practices needed on your farm.

You will then need help in establishing the practices and in developing your conservation farm plan. The ferm planner will help you establish contour lines, mark in strip boundries or other practices you may need help with to get established. All but very few conservation practices ean be estabished with the equipment you have on the farm.

You probably won't have all practices established for two or three years, depending on your program. After deciding on a rotation and the kind of livestock or program wanted, the plan starts taking form and ean then be written up. The plan is made by the farmer with the assistance of the planner, not by the farm planner.

The farm planner is paid by the Soil Conservation Service. His help is made available by the Soil Conservation District at no direct cost to the farmer.

The conservation ferm plan, its value and content will be explained next week.

County Agent Plans Trip to Wisconsin

A trip through the northern part of Wisconsin from June 26 to July 1 has been planned by Bob Reidel, Boyne City, Floyd Ayres, veterans instructor, Charlevoix, and Ed Rebman, county agricultural agent, Boyne City. This tour has been the result of three months planning and will visit four different counties in northern Wisconsin.

The group will leave on Monday and arrive in Wisconsin late that evening. On Tuesday, they will visit with Charles Krumm, county agricultural agent at Shawano. Mr. Krumm will show the group through the Badger Artificial Breeders Cooperative there and also some outstanding dairy farmers. On Wednesday, the group will go up the Door Peninsula and visit with Mr. Mullendore, county agricultural agent. Mr. Mullendore will entertain the group by taking them on a tour of the dairy farms and also cherry growers in that area. The next day will be spent at Manitowoc with Wesley Kron, county dairy agent and Mr. Kron will show the group through the White House Condenary and a cooperative dairy plant. The following day, Friday, will be spent in Dunn county with Archie Johnson taking the group on a tour of their cattle sale auction. The group plans to return lete Saturday evening.

ORCHARD NOTES

By Claude Fairman

The Michigan Cherry Commission in eo-operetion with the Department of Agriculture and the Michigan Association of Cherry Producers have set up a sweet cherry market service project.

At a meeting of the cherry producers held June 9 at Kewadin, crop estimates of the red tart cherries were thought to be comparable to last year or somewhat lighter. Price prospects were thought possibly to be one cent lower then 1949.

The crop of red tart cherries is lighter in southern Michigan but the central, west and north is feir.

We have more regular crops of cherries as far north as cherries are grown at Door County, Wis., on Green Bay and our Grand Traverse region which extends from Little Traverse Bay, Petoskey to around Traverse City. Our best locations are in a range of not further than four or five miles from Lake Michigan or two to three miles from Lake Charlevoix unless on high elevations. Sweet Cherries are grown extensively in the western states. However sour cherries do not do well out there but Michigan takes the lead

Our markets are our fectories at East Jordan and Ellsworth. First step in growing Montmorency cherries or the red tart pie cherry is the location and on well drained soil. Next, the nursery stock from standard nurseries free from various diseases. Plant one inch deeper than they grew in the nursery rowa. 9-16 or 11-16 yearlings may be cut back to a whip. For further details talk to experienced growers.

Also help may be obtained from our district horticulture agent, Carl Hemstreet, Traverse City.

ONE FOR THE BOOK—Telephone directories go with telephones just like ham goes with eggs. And last year Michigan Bell published more than 3,500,000 directories. Over 9,650,000 pounds of paper were purchased through Western Electric Company, the Bell System's supply division. Printing the directories took 124,000 pounds of ink and 65,000 pounds of glue were used for binding. It takes a lot of *everything* to provide telephone service.

AS SIMPLE AS A-B-C—Money for new construction needed to provide more and better rural telephone service has to come from investors. And investors only put their money in businesses that show a fair profit. So, no fair profit for Michigan Bell, no investors. No investors, no money for new construction. That's why it's important for you to have Michigan Bell financially healthy.

A TRIP SAVED—During planting this Spring, a Michigan farmer's tractor broke down. He was about to drive into town to get a spare part from the dealer there. But fortunately, he thought to telephone first. The dealer didn't have the right part. So he called the dealer in another nearby town and located the needed part. Saving needless trips and wasted hours is but one great value of the telephone.

THE POSSIBILITY of levying 10 cent fines against parking meter violetors was discussed at length. It was finally decided to have City Comptroller Don Swinton inquire from Traverse City and other communities which have 10 cent penalties for parking meter violations.

Police Chief Clarence Heise reported that Ionia and several other cities found that it collected more money from meters and 10 cent fines than under the former setup when violators paid $1 fines for overtime parkspeaking for Charlevoix township, said the township would pay for part of the cost of the dust layer as well as share the ing.

State Finance Convention Opens Friday

Receives Congratulations

Floyd Brown of Brown Motors accepts the gavel and congratulations for being elected president of the Michigan Automobile Dealers association from David Holmes of Battle Creek, retiring president. Brown was named at a two-day meeting of the board of directors here last weekend at the Belvedere.

Large Crowd Expected for Dedication

A large crowd including several out of town delegations of sportsmen are expected to attend the two-day celebration and dedication of the Charlevoix Rod and Gun clubhouse, Saturday and Sunday.

The program, open to the public, will be held at the clubhouse, north of Charlevoix, just off US-31. A delegation of women sportsmen from Hastings as well as groups from Petoskey, Cheboygan, Alpena, Harbor Springs, Boyne City and East Jordan have indicated they will attend.

Saturday's program will open with skeet, rifle and trap shooting, starting at noon. A games party with a host of generous prizes will be held at the clubhouse at 8:30 p.m.

• • •

SUNDAY'S program includes more skeet, rifle, and trap shooting followed by a parade in Charlevoix. The Harbor Springs Drum and Bugle corps will take part. The Charlevoix city band will make its first appearance of the season at a band concert between 3 and 5 p.m. at the clubhouse.

Dedication ceremonies will take place at this time. A change in speakers was necessitated when the scheduled speaker said Wednesday an earlier commitment would not permit him to appear here. Don Swinton has arranged for another speaker.

PRIZES WILL be distributed at 0 p.m. A games party at 8:30 p.m. Sunday will conclude the activities. Pony rides, soft drinks and food will be available all day.

The dedication will climax nearly a year's hard work by the club, directed by E. B. "Bo" Bowman, club president. Most of the members have labored at night and on Sunday to push the completion of the clubhouse.

When completed, it will rank with the best in Northern Michigan and will become the headquarters of the club's varied activities.

Bellinger Opens Marine Service

Edwards Installs No Wait Counter, First in North

The first of the new "No Wait" check-out counters in Northern Michigan was installed this week at Edwards Food Mart.

Originated by George T. Smith, Sr., owner of the Market Basket supermarkets in Lansing, the check-out counter is said to be the latest thing in supermarket operations. It is designed to greatly speed the checking out of customers after they have selected their groceries.

The units which were acclaimed the hit of the recent supermarket show in Chicago are manufactured by K & K Manufacturing and Engineering Co., in Charlevoix. The local firm recently stepped up its manufacturing operations in connection with the units.

Long described as the biggest headache in the large volume operation of a supermarket, the checking of groceries and meats has been by nature slow at best. Utilizing a wholly new idea in check-out counters, Mr. Smith along with engineering by K & K have devised a unit which will be sold from coast to coast in the near future.

Mr. Smith described the outlook for the new units as being "greater than anticipated." His markets in Lansing have enlarged their business because of the sharp reduction in waiting while checking out.

Pastor Visits Here

The Rev. Ralph W. Reamsnyder of Trinity Church, Alliance, O., will conduct services at the Christ Episcopal church here during the month of July. The Sunday morning service will be held at 11 a.m. Holy Communion will be celebrated at the 11 o'clock service Sunday, July 2.

Floyd Brown Heads State Auto Dealers

Floyd Brown was named president of the Michigan Automobile Dealers Association at the annual board of directors meeting at the Belvedere Hotel Friday and Saturday. He succeeds David Holmes of Battle Creek.

Mr. Brown has been an auto dealer since 1929, three years after his graduation from Ferris Institute. He first started in the business with his father who had been a Dodge and Plymouth dealer since 1924. He is now a member of Brown Motors, Inc., of Charlevoix and Petoskey. He is also interested in financing and is connected with Kays and Co. of Petoskey. He is a director of the Petoskey Chamber of Commerce and a member of the Kiwanis Club and the Elks.

He is married to the former Marion Bradley. They have two children, Brenda and Bradley.

Other officers named were vice presidents: Group 1, Stanley Lassen of Battle Creek; Group 2, Alex Levinsohn of Saginaw; Group 3, Kenneth Hathaway of Muskegon; Group 4, Bruce Brackett of Escanaba; Group 5, Hanley Taylor of Detroit. Howard J. Cook of Lansing was elected secretary-treasurer. Frank W. Herrick of Lansing is executive secretary.

Public to Vote For Venetian Night Queen

The people of Charlevoix will have an opportunity to vote for the Venetian Night Queen this year, Edith Olach, spokesman for the Beta Sigma Phi sorority, has announced. The contest will open Monday July 3 and close July 29 when the name of the queen will be announced at the annual Queen's ball at the Beach Hotel.

Each candidate will have a cannister with her picture and anyone can vote for her by placing a coin in the cannister. The money collected will be contributed to the Charlevoix Hospital building fund during the annual Hospital Carnival, July 28-29-30.

Business places in town are also sponsoring candidates. The candidate and her sponsor where one may vote for her are: Colleen Reed, Shroeder and Hovey; Mary Lou Gibelyou, Del's Dairy Bar; B. J. Cunningham, Food Port; Theresa Zeitler, Quality Food Market; Marion Seymour, Rexall Drug; Patsy Rose, Williams News stand; Delores Winnick, Edwards Food Mart; Janet King, Dutcher and Johnson; Ann Gill, Campbell and Supernaw.

The Queen's ball scheduled for June 29 at the Beach Hotel will be part of the three-day hospital carnival which will open Friday noon, July 28. Dean Davenport, Bob Hamilton and Herb Schofield are co-chairmen of the event. The week-end will be climaxed by the annual Water Carnival and Venetian Night Parade, Sunday evening.

Resort Hotels Here Are Set For Annual Influx of Visitors

Charlevoix's resort hotels, redecorated and rennovated after being closed for the last nine months, are opening for the 1950 season. Hotel managers are anticipating a good season and have their staffs prepared for the season's rush which will reach its peak late in July.

• • •

The Beach Hotel opened Saturday for its 52nd season and its fifth under the management of Mr. and Mrs. Eugene L. Kramer.

On their staff are Larry Gannon of Tucson, Ariz., as chef; Dorothy Crossman of Boston, Mass., assistant manager and social hostess; Edna VonBerge of Dayton, Ohio, dining room hostess Pete Locke of San Francisco, cocktail lounge manager; Phyllis Brabeil of Des Moines, Iowa, cocktail lounge hostess; Shirrel Smith of Milwaukee, Wis., auditor.

John Vander Ploeg of West LaFayette, Ind., superintendent of Service; Mrs. Jane Turner of St. Louis, Mo., beauty salon manager; Charles Evans, of Palm Beach, Fla., chief engineer; Charles Cooper of West LaFayette, Ind., bell captain; Mrs. Nina Hull of Charlevoix, housekeeper.

Herman Drake and his orchestra of St. Louis are returning for their third season and will play in the cocktail lounge as well as during the dinner hour.

• • •

THE BELVEDERE HOTEL which has been open since June 23 for two conventions will open officially for the 1950 season Saturday under the management of James J. Helms, who came here from the Trade Winds Hotel in Melbourne, Fla.

Assisting him will be Mrs. Queenie Wood of Lansing, secretary; Ralph Dalton of Boston, chief clerk; Roderick Stanley of Sarasota, Fla., general auditor; William Broder and Mrs. Broder

Nine Girls Compete for Queen's Title

Charlevoix's Venetian Night Queen will be selected from a group of nine girls who are candidates: back row (l to r) Deloras Winnick, Colleen Read, Marion Seymour, Janet King, Mary Lou Gibelyou. Front row, B. J. Cunningham, Ann Gill and Patsy Rosa. Another candidate, Theresa Zeitler, was not present. The name of the lucky candidate will be announced at the annual Queen's ball at the Beach Hotel July 29. The queen will be crowned during the ball.

Mr. Schwarz Dies Here on Monday

Funeral services for Theodor W. Schwarz, 62, resident of this community since 1940, were held at the See Funeral Home Wednesday. The Rev. W. D. Wood officiated. Burial was in the Brookside cemetery.

Mr. Schwarz died early Monday at his Lincoln ave. home following a brief illness.

Born in Switzerland Nov. 11, 1887, Mr. Schwarz had resided in Chicago for many years. He had spent 33 summer seasons in Charlevoix before returning here ten years ago to make his home.

He is survived by his wife; a daughter, Mrs. William Plamondon of Chicago and one grandson.

Clark-Vosburg Nuptials Read In Grand Rapids

The alter of the Second Congregational church, Grand Rapids was decorated with white stock lillies and gladioli for the wedding of Maribel Clark and William C. Vosburg Jr., Saturday afternoon. The Rev. John Felible read the double ring service. Mrs. John Farran was soloist.

The bride is the daughter of Mr. and Mrs. Delbert Clark and the bridegroom's parents are Mrs. Henry Ager and William C. Vosburg of Charlevoix.

The bride selected a ballerina gown of white nylon marquisette, matching mitts and a fingertip veil which fell from a pearl tiara. She carried a white prayer book topped with an orchid and lilies of the valley.

Kay Clark, the bride's only attendant, wore an identical gown of yellow marquisette, matching net halo and mitts. Her cresent bouquet was of green carnations and daffodils.

Donald B. Vosburg assisted his brother as best man and George H. Allen of Muskegon and Robin Kolkoski were ushers.

The bride's mother wore a gray ensemble and a pink rose corsage. Mrs. Ager, mother of the bridegroom, chose a beige dress, brown accessories and a corsage of yellow roses.

Kateri Kolkoski was the flower girl.

Following a reception at the church parlors the couple left on a northern wedding trip. They will make their home in Grand Rapids.

Storms Cause Damages to County Gravel Roads

Heavy rains and high winds during the electric storms Friday and Sunday nights caused considerable damage throughout the area, particularly to roads in the county.

A conservative estimate of the damage to county and township roads has been set at $10,000 by T. B. Reynolds, county engineer following a survey early this week. The central section of the county including Bay, South Arm and Boyne Valley townships suffered the greatest damage by the heavy rains which caused flash floods. A culvert near Advance was completely washed out and elsewhere severe damage was done to embankments along the highways and to gravel surfaces which were washed away.

Elsewhere lightning struck a light pole south of Central Lake and cut services between Charlevoix and the Bellaire power plant. Crews worked throughout the night to restore service.

REA lines throughout the county were damaged by the early Monday morning storm and crews were out at an early hour to repair broken lines and restore service.

Current to the north side was interrupted briefly Friday night when a branch was blown across wires at Michigan and Dixon aves. Repair crews removed the branch and restored service.

Clubhouse to Be Dedicated Here Sunday

This is a front view of the new Charlevoix Rod and Gun clubhouse, north of Charlevoix, which will be dedicated Sunday. The clubhouse has been under construction since last fall. When completely landscaped, it will rank as one of the best clubhouses in northern Michigan. Most of the work has been donated by members of the club.

62 Brownie Scouts Attend Day Camp

Last week 02 Brownie Scouts attended the annual Day Camp. A staff of twenty-six volunteer workers under the direction of Mrs. Herbert Irish of Harbor Springs arranged a program which included art, handicraft, nature study, dramatics, games, songs and folk-dancing.

A new experience for many of these seven to ten year old girls, was learning to build a fire and cook a meal in the open. The stew tasted better than ever before because the Brownies themselves gathered the wood, tended the campfires, peeled the potatoes and stirred the stew kettle.

High-light of the week was Hobo Day when everyone arrived in rags and patches to compete for the honor of being the worst dressed hobo in camp.

Day Camp is sponsored annually by the Charlevoix Girl Scout Council. It is made possible by volunteers who give their time because Day Camping is fun, not only for the Brownies, but for all who participate in the program. It's success is assured when an experienced director such as Mrs. Irish takes over the task of organizing the weeks activities.

More than half a hundred little girls will be looking forward to Day Camping in '51.

Mrs. Irish was assisted by Mrs. Herbert Campbell, day camp chairman, Mrs. Fay Davis, Mrs. Hubert Paddock, Mrs. Charles Duerr, Mrs. Max Novak, Mrs. Karl Erber, Mrs. Lloyd Arnold, Mrs. Phyllis McClure.

Miss Caroline Geiken, Mrs. Ted Foster, Mrs. Lester Smith, Mrs. George Roff, Mrs. Albert Russell, Mrs. Mark Cross, Mrs. George LaBlance, Mrs. Carlton Smith, Sally Miller.

Ruth Richards, Sara Coleman, Marian Carol Seymour, Colleen Reed, Joan Pishner, Joyce Dutcher, Shirley Clement, Barbara Bice, Barbara Roff and Elaine Peters.

Police Appeal For Curbing of Driving Speed

The faster you drive, the longer it takes to stop, that is!

Good drivers know that the higher the speed the more distance required to stop, according to Chief Clarence Heise.

The question, Heise said today, is: Do you know how much distance is required to recognize the need to stop, apply the brakes, and come to a full stop at any given speed? And, more important, do you always drive with the full realization that you must be able to stop in an emergency?

"We'd all be safer drivers", the Chief said, "if we'd remember three things: the driver has to see and recognize the need to stop before he can start stopping. After he does that, there's a half second or more interval called 'reaction time' before he is actually doing the third thing, putting on the brakes. All this time, until the brakes finally stop the car, the car is moving toward that thing the driver doesn't want to hit."

Here are the figures from the National Safety Council on how long it takes an average driver to see an emergency, react, and stop an average car:

At 20 miles an hour—43 feet (including 22 feet of reaction time.) At 30 miles an hour—80 ft. (33 feet of reaction time.) At 40 miles an hour—128 feet (44 feet of reaction time.) At 50 miles an hour—186 feet ((55 feet of reaction time.)

"You see", said Chief Heise, 'the faster you go the longer it takes! And that's simply because the car is moving faster—while you are seeing and reacting to the need to stop, and the greater the speed the longer it takes for the brakes to counteract the energy of that speed. Safe, experienced drivers know that. All drivers should remember it":

Safer speeds are the goal of the Michigan State Safety commission's program this month, a part of Charlevoix's continuing traffic safety program.

200 Expected For Two-Day Group Meeting

The Michigan Consumers Finance association will hold its annual convention at the Belvedere Hotel June 29 and 30. Two hundred members and their guests are expected for the two-day event.

Among the prominent speakers who will address the various sessions will be C. William Otto of Lansing, manager of the Lansing Chamber of Commerce who will speak on the subject, "Some observations of a present-day European travelers"; The Rev. Edward A. Keller C.S.C., director of the Bureau of Economic Research at the University of Notre Dame, whose subject will be "Putting the Public in Public Relations".

Other speakers will be Charles M. Cawley, director of Business Development, Beneficial Management Corp.; Myron Schroeter of Dearborn, president of National Finance Co.; August Haemmerle, assistant vice-president, Liberty Loan Corp.; David Litchenstein, vice-president, American Investment Company of Illinois.

Eugene E. McDonald of Grand Rapids is president of the association. Russell Darling of Lansing is executive secretary.

Begin Summer Music Program

The third annual summer music program is underway in the Charlevoix schools. Directed by C. A. Odmark the program is designed to give individual and group instruction to members of the various bands in the local schools.

This summer there is an enrollment of 72 boys and girls for the eight weeks program which will end August 5. Most of those enrolled are members of Beginners and Junior bands, with a few of the Senior band participating.

The summer course, instituted by the Board of Education in 10-48, has done much to raise the quality of instrumental players in the local organization, as it enables individual problems to be worked out with the various students, something that is not possible during the school year because of lack of time.

The Charlevoix High School band will make its annual trip to Traverse City on Friday, July 8, to participate in the Floral parade held during the National Cherry Festival. At least 45 members of the 1950 band are expected to make the trip.

Ricco's Susan Lake Inn Opens Saturday

Ricco's Susan Lake Inn, specializing in spaghetti, ravioli and other Italian foods, will hold its grand opening Saturday, July 1.

The Inn is located in the former Hopyard school on the Boyne City road at Susan lake. The interior has virtually been remade throughout. Bright and cheerful, it should provide a popular dinner spot for this area.

Mrs. Pauline Zappacosta, who formerly operated Italian restraurants in Detroit and Philadelphia, will be in charge of the kitchen. Mr. and Mrs. Ed Frank, Jr., and Mrs. Zappacosta are the owners.

Polio Time Is at Hand Again! !

Vacation season is here again. So is polio.

With 1949's terrible polio record in mind, our doctors are asking parents to face the facts calmly and to cooperate in the fight against the disease by using care and common sense.

Last year there were 2,877 cases in Michigan, and 26 reported cases in Charlevoix county.

According to the National Foundation for Infantile Paralysis, 50 persons out of every 100 afflicted with polio will recover within four weeks, with no serious aftereffects; 25 are left with slight impairment; 17 are left seriously handicapped, and eight die.

In a booklet with the title "More Facts About Polio in 1950" the National Foundation is carrying a message to parents and children alike explaining in simple language the few known facts about polio and what precautions doctors believe should be taken to guard against it.

Polio is caused by a virus. The polio virus probably enters the body through the mouth. In some people it may then attack the nervous system. When nerves are inured, by the polio virus, muscles are weakened or paralyzed. Often the nerves get well again and there is no paralysis.

It usually takes seven to 14 days to come down with polio after you have been infected with the virus. When polio is in the community, doctors believe it is better to put off tonsil and adenoid operations, if possible.

Polio, the booklet points out, can start in several different ways—with headache, sore throat, upset stomach, sore muscles and fever. Persons coming down with the disease will often feel nervous, irritable or dizzy. They may have trouble swallowing or breathing and sometimes there is a stiff neck or lame back.

When these symptoms appear, parents are advised to call a doctor at once, and to keep the patient quiet in bed, away from others.

Our scientists as yet have found no cure for polio despite the millions of dollars spent each year in research. But they are making progress, and each week adds new knowledge about the disease and its treatments. Improve techniques of rehabiltation have been developed, along with mechanical devices which reduce to a minimum the number of patients who suffer permanent disability.

Tomorrow, medical science may find the cure.

New Taxes Would Hit Low Incomes

If all personal incomes in excess of $10,000 a year were confiscated by Uncle Sam, it would barely give him the additional money needed to wipe out the $5½ billion deficit and finance the $1 billion first year's cost of the the new Federal spending programs proposed in the 1951 budget.

Since the nation faces a choice of submitting to higher taxes or reducing Federal spending if Uncle Sam is to live within his income, the Council of State Chambers of Commerce today pointed up some of the difficulties in increasing Federal revenues.

This study revealed that if, for instance, the Federal Government set $50,000 as the maximum income that could be retained by individuals and took outright all income above $50,000, it would get only about $843 million more than it gets now from present taxes on those incomes. This $843 million would be enough to run the Federal Government only one week.

Or suppose Uncle Sam called $25,000 the most anyone could have and took everything made above that figure. That would give the Government a little over $2 billion in additional revenue. This is just a little less than the Government intends to spend on agricultural activities and subsidies alone in 1951.

But, of course, Uncle Sam would never think of taking such a big tax bite because he knows he would destroy all personal incentives to earn that much again.

The survey showed further that in spite of the high taxes on incomes of $100,000 and over, Uncle Sam collected only $1.2 billion from 10,844 persons with such incomes in 1947 which is the latest year for which complete statistics are available. This total was only 6½ per cent of all income taxes paid that year. And tax rates on incomes over $100,000 that year ranged from 67 per cent to as high as 91 per cent.

On the other hand, 51 million taxpayers reported incomes of less than $5,000 in 1947 paid $8½ billion which is 48 per cent or almost half of the income taxes collected that year.

The Council said, "There is no getting around the fact that any additional burden of taxes must fall on the lower income groups. They have only two choices: submitting to more taxes or demanding cuts in present spending with a halt to new spendings."

Two Local Students Win U-D Scholarships

Bill Barber, son of Mr. and Mrs. Elmer Barber and Jerry Gibbons, son of Dr. and Mrs. Gerald Gibbons, have been notified they have been granted scholarships to the University of Detroit.

Both boys were members of this year's graduating class and played football. Both are well-known for their athletic prowess. They will enter college in September. Both are intending to play freshman football.

They are working hard this summer, keeping in condition. Bill is going to be a lifeguard with Chuck Fairbanks and Jerry is helping his brothers in operating the Charlevoix cabins. Jerry will join two of his brothers who are students at the University of Detroit.

ODDS 'N ENDS

By Fran Martin

Mrs. Hugh Barbeau, the former Mary Jane Paddock and granddaughter of the Amos Websters, is sitting on top of the world these days and no wonder . . . she won a first place in the suit and coat division of the 10th annual sewing contest sponsored by the National Needlecraft Bureau . . . her winner was a gray flannel coat which cost her $26 and brought her $135 in prizes plus a five-day stay at the Waldorf-Astoria in N. Y. . . . and all as a result of a few sewing lessons last winter lucky gal . . .

Congratulations to the Rod and Gun club whose hard work through a number of years and manual labor since last summer has finally fulfilled a dream . . . their own club house on their own property . . . And to Bill Barber who has been awarded a scholarship to the University of Detroit . . . And lots of luck to all the cute gals who are seeking the title of Venetian Night Queen . . . we're glad we don't have to select the winner . . . or there'd be nine . . .

• • •

SOMETIME WHEN YOU'RE in Wood Brothers store take a look at the pix of Charlevoix on their wall . . . it was taken in 1881 and you'll never recognize the place . . . it was taken from the Chicago club . . . there were few houses on the south side . . . no docks and about the only place you'll recognize is the Opera House (later the Alhambra Hotel). which was razed when Memorial bridge was built . ...

• • •

REMEMBER THE HARMONY Halls of Grand Rapids who have sung at our Barbershop Jamberee here many times . . . noticed where they've gone to Europe to entertain at U. S. Army Camps. . a wonderful trip and a grand gesture on their part . . .

• • •

YOU CAN BET Charlevoix got a good going over recently when Sgt. Eugene Barber and Sgt. Glenn Cook got together on Guam . . . Gene didn't know about Glenn til the latter walked in one day and from then on they talked of nothing but home . . .

• • •

THE SEARCH FOR the lost Northwest Airlines over Lake Michigan hit Charlevoix Saturday when our Coast Guard cutter 83428 (why doesn't the C. G. use names instead of numbers) was ordered to the area to aid in the search along with a sister ship which was laying in here because of weather while enroute to Muskegon the ships were alerted and were on their ways in a matter of minutes . . .

THE R. B. PITKINS of Philadelphia visited briefly with friends here Friday . . . Mrs. Pitkin is the former Mildred Parker and brought news of her family. . . her older sister Virginie now lives on Long Island and graduated recently from A. Y. Agricultural College . . . she now does landscaping, research and cross germination of orchids and all sorts of interesting things with seeds and plant . . . Isabel and Bill also live on Long Island and the latter recently greeted the arrival of William Gordon Parker III . . . their mother went to Denver recently to visit Mary Lou who resides there . . . it was great fun hearing all about the Parkers again . . .

Home Sold

The former Fechheimer summer home, one of the nicest places on the North Side, recently owned by Steve Rabb, was purlast Saturday by Jacob Weinbaum of Detroit. The sale was handled by Realtor Earl A. Young.

Card of Thanks

I wish to thank the people of Charlevoix for their loyal support of the athletic program throughout the years I have been coaching at Charlevoix High school. The fine cooperation you have given, along with that of the school official, players, and coaches, has made it possible for Charlevoix to have one of the best small school athletic programs in the state.

I will long remember the many athletic banquets, letters, wires and personal congratulations, contributions to help defray expenses on special team trips and the weekly ads sponsored by local merchants. I know, because of the active interest you have shown in high school sports, that you have shared with me the glory of the many victories and the challenge of all the defeats.

My family and I wish to express our appreciation for the honor shown me by the dedication of the Athletic Field. We especially wish to thank those who took part in the program and the members of the committee who made it possible.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Workmen of the Elzinga-Volkers Construction Co.; Holland, Mich., have arrived on Beaver Island to enlarge the present REA plont to twice the original size. According to Jewell Gillespie, in charge of the island plant, a new catipillar Diesel engine will be installed, a workshop. lavotory and new office added. The additions will be made of cinder block.

The King Strang Hotel under the new management of Fred Spalding is open for the season. The dining room has been taken over by Mrs. William Schmidt assisted by Mrs. John Martin, both of Beaver Island. Mrs. Schmidt will serve regular course meals and will be open for short orders.

Bruce McDonough has bought out Art Miller's boat livery. Last year, Bruce bought Archie LaFreniere, Sr.'s boats and launched into the boat livery business. Good, non-leaking boats are now available on all inland lakes where there's good fishing.

,It looks as though it's safe to pack the heavy coats in moth balls at last. It's real summer weather on Beaver Island now.

The islands "ducks", "mermaids" and "tadpoles" (classify yourself) are in the splash with a dash since the "sho nuf" summer weather arrived. Getting personal, how I envy those who can run in the chilly waters of Lake Michigan and plunge in all at once. Your reporter's southern blood hasn't warmed up to it yet. It's in by the inch - which is like taking adhesive tape off slowly.

Mrs. Murray Cole and daughter, Escanaba, are the guests of Mrs. Dave Wilson.

Grace Marie McCann is visiting relatives in Bay City.

Raymond O'Donnell left during the week for a vacation in Chicogo.

Charles McDonald returned to his home in Charlevoix Wednesday. His cousin, Kay Wilmot, went along to stay awhile with the McDonalds.

Bob McCann returned to his job in Chicago Wednesday after two happy weeks spent visiting his parents.

Archie LaFreniere, Sr. left Thursday for business on the mainland.

Bill Pat McDonough is home from the hospital (it was the Charlevoix Hospital instead of the U. of M. Hospital) and itching to get into the running among his checker challengers—'Harlem' Gallagher, Tom Malloy and Turner Boyle. Turner Boyle is "up on a cloud" these days since he won two tournaments from Buck Ditlefsen, a checker Champ from Cleveland who was recently on the island.

Mr. and Mrs. James O'Donnell have as their guests their daughter and son-in-law, Mr. and Mrs. Chuck Archer, an dthe Archer's two little daughters from Maywood, Ill.

Mr. and Mrs. James Insell, Betty Ann Cox, Betty Insell and Dick Barkley drove up from Detroit to spend the week-end on the island. Mrs. Louise Barkley returned to Detroit with the Insells for a stay of two weeks. Betty Ann remained on the island to help hold down the Barkley's fort while Mamma is away.

Bill Barkley spent last week in Detroit. He brought back something all boys crave ot the age of seventeen, a puddle jumping jalopy.

Glenn See, Karl Erber and "Wolf" Wolf of Charlevoix came over in the middle of the week to get set for the bass season. The trio stayed at Erber's cottage on Sand Bay.

Paddy Gallagher, an Irishman with a brogue so thick you could cut it, spent the past week as the guest of Mrs. Nora Gallagher.

Bass season opened Sunday. Saturday and Sunday, fishermen were arriving by boat and planes to cast their line on the opening day. Three sea planes arrived Saturday afternoon and by Sunday noon, six planes were parked at the airport. The boat brought across good crowds Saturday and Sunday.

Sunday morning, all available fish tugs were hired to take fishermen to Garden Island for bass fishing. It was a beautiful day with very little wind, which meant smooth sailing for the crossing to our neighboring island.

Registered at the King Strange Hotel: Mary Critchett and mother, Evanston, Ill.; Anthony Markis and party, Toledo; B. P. Cook and party of six in from Toledo by plane; Mr. M. B. Mockeller and party of four orrived by plane from Breckinridge, Mich.; George Roth and Carl Stainer, in from Detroit by plane; C. T. Mendenhall and F. D. Elmer, flew up from Flint; Paul W. Gottke and Eugene Snyder from Toledo by plane; Mr. and Mrs. T. A. Miller, Pontiac; Harold La Rue and daughter, Napoleon, Mich.

Doctor and Mrs. Nels Sorenson and party, Greenville, arrived Sunday for bass fishing.

Charles M. Rice

Charles M. Rice, 68, prominent St. Louis attorney and civic leader, died at his home Sunday following an illness of several months. Funeral services and burial were held in St. Louis Tuesday.

Mr. Rice has been a summer visitor here for more than 30 years.

From where I sit ... *by* Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed . . . but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—*demanded* they be brought up on charges. But Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us *stop* littering our roads—and start showing a little tolerant consideration for our neighbors!

Discussion of Building Site Presents Many Different Angles

By Edward Shanahan

This is the sixth of a series of weekly articles on the local schools. The next will offer for the consideration of readers of the Courier a suggested school building plan.

The ideal school is one that is in pleasant surroundings, has unlimited playground facilities, is within easy walking distance (less than ¼ mile) from all homes of attending students, is at least a quarter mile from the nearest residence to minimize the disturbance or annoyance caused by playing children, has low costs of construction, maintenance and operation, is well spread out so as to offer a maximum of window areas, is compact to make it easy and quick for students to go from class to class, and is so well built that it will last forever.

Quite obviously no such building exists for it is impossible to incorporate in one building or site all the desirable features of the ideal school. That does not mean, however, that we should be satisfied with anything but the best we can afford or obtain within our limitations. As a matter of fact diligent effort can incorporate many of the more desirable features in a school without undue sacrifice of others.

• • •

THE BUILDING site should be centrally located with adequate playground area and facilities to care for the peak recess load. The cost must be within the limits of what the district can afford and the building designed so as to make maintenance and operating costs reasonable. The structure itself must be sound and well built so as to endure for many years but with a minimum of costly frills and gingerbread.

A factor that is often overlooked is the incorporation of provisions for future growth. Too, often, in adopting a plan that will take care of the immediate present, the solution of the problems of the future are made more difficult. We as a community should be on the alert to avoid such mistakes.

It has been proposed to build a two story -(expensive) high school at the site of the present building (tear down the 1901 building, destructive of a somewhat useful building). The plan would entail encroachment of the playground area in spite of the fact that the district and state authorities believe that the yard is already too small. Therefore the plan calls for the acquisition of additional adjacent property (expensive since building would have to be removed) in order to meet the needs of the school and to satisfy the state authorities.

The plan, as originally propounded, would cost in the neighborhod of $500,000.00. Since that seemed excessive it has been further proposed to withdraw from the original plan by eliminating some of the desirable features until about $100,000.00 is removed from the cost.

That plan has several features that make it difficult to support. Space limitations, at the Mason-Clinton-Grant street location, force the construction of a two story building, the acquisition of additional property, the encroachment on playground area that is already deemed inadequate, and the abandonment of certain features or facilities that our school authorities have indicated are desirable and needed. The plan makes no provision for any possible future increase in school needs since it crowds the available area to the limit of its school capacities.

• • •

PERHAPS Charlevoix has outgrown the school grounds in the valley. It would seem the thought is worthy of consideration. It is certainly true if the next ten years witness an increase in school age children equal to that of the last decade. There is little to suggest that there will be no further increase, there is much to support the belief that Charlevoix will continue to grow.

Not only is unimproved land cheap in Charlevoix, but already the Board of Education owns enough land to satisfy any building requirements for as long as can now be foreseen. In addition to the property on Clinton-Mason streets (about three acres), there is the old north side school on Petoskey ave. It consists of an old building and about six-tenth of an acre of land. On the south side there are about 17 acres of land now used as an athletic field. It is located between Bridge and May streets, and extends from Garfield to Carpenter avenues. The building and lots along Bridge street are not a part of this property. Neither is the old Ward school building, since it and about one and two-thirds acres of land along Garfield ave., were sold to the Leslie Shapton Post of the American Legion about five years ago for $25.00.

IT IS believed that within the limits of these properties there are sufficient building sites for all present or foreseeable needs of the Charlevoix school district.

In the article for next week it is proposed to outline a building plan that should be low in cost, take full advantage of present facilities, provide all that is now needed, and retain the maximum of flexibility for possible future requirements. It is the hope of the author that the plan will be found to have some merit.

Ellsworth Legion Elects New Officers

Ellsworth — The Jansen-Richardson post 488, American Legion, has elected the following officers: Commander, Roy Staudenmeyer; first vice-commander, Richard Dennis; second vice-commander, Maynard Fielstra.

Adjutant, Walter Rood; Chaplain, Emory J. Wilson; sergeant-at-arms, Walter L. Chellis, Sr.; finance officer, Ethan Edson, and post service officer, Marvin Elzinga.

Banks School Meet Slated for July 10

Ellsworth—Annual meeting of Banks Township unit school district will be held July 10 at Community hall here. Polls will be open from 10 to 5. One trustee will be elected to succeed Anthony M. Kuiper, treasurer.

Electors will also vote on a proposition to levy an additional seven mills for one year to buy furniture and equipment in the new four-room addition to the school.

Robert Straws Feted At Housewarming

Marion Center Grangers and friends held a surprise house warming party for Mr. and Mrs. Robert Straw June 17.

They are now living in Hayes township. Robert Straw is the former master of the Marion Center Grange.

The group played cards. A pot-luck lunch was served.

Marjorie Falting Wed on West Coast

Mr. and Mrs. Ernest Falting of Route two, announce the marraige of their daughter, Marjorie Ellen to John E. Gardner of Brentwood, Calif.

The ceremony took place June 17 at Hamilton Square Baptist church, San Francisco, Calif. Her uncle, Ralph Falting, gave the bride away. A friend, Mrs. Betty Gardner of Redwood City was matron of honor and Richard, son of Ralph Falting, was best man.

A reception was held at the Ralph Falting home. The couple will make its home at Brentwood where Mr. Gardner is a telegraph operator.

Marjorie Ellen graduated from Charlevoix high school and Western Michigan college.

New telephone rates for Michigan Bell customers

THE Michigan Public Service Commission has authorized increased local rates for Michigan Bell telephone service, beginning June 20, 1950. The increase was granted after a thorough 18 months' study of Michigan Bell's application, which was filed in December, 1948. It does not change the long distance rates now being charged.

The revised rates represent increases of from 25c to 75c a month for residence service. Increases for business customers range from 50c per month upward.

Each Michigan Bell subscriber will receive specific information about the new rates with the first telephone bill dated on or after June 20.

The reason for the new rates is a very simple one. *The costs of providing telephone service have climbed much faster than revenues.* And the rate increases granted have lagged far behind the increases in costs.

In the last ten years, for example, general increases in basic wage levels alone have added $35,000,000 a year to operating costs. But during the same period, telephone rate increases, including the present one, will have added only $21,000,000 a year to revenues. Only recently we received demands from the telephone union for changes in its contracts which, if granted, will add still more to our expense. This, of course, is not provided for in the rate increase just granted.

Even with the present increase, the average telephone bill has risen less than half as much as the prices of things that make up the cost of living. In terms of value—in terms of the working hours needed to pay for it—telephone service is cheaper now than before the war. A telephone in the average home costs less per day than a package of cigarettes, a quart of milk or a gallon of gasoline.

Michigan Bell must keep on adding to its telephone plant in order to expand and improve its service to meet the needs of Michigan people. That requires that more money be invested. And to attract that money from investors, your telephone company must have adequate earnings.

This rate increase, although much less than the amount needed, will help to strengthen Michigan Bell's financial condition—and thus help us to provide you with the kind of telephone service you want, when and where you want it.

A financially healthy telephone company is good for everybody

Two File Petitions For School Board

Two petitions have been filed for the offices of trustees of the Charlevoix Board of Education. The petitions were opened at the regular meeting of the Charlevoix board of education Monday night.

Those filing were Bonnie Nickerson and Fred W. Willis, incumbents, who are seeking re-election at the annual election scheduled for July 10. The polls will be at the Charlevoix high school and will be open from 10 a.m. to 8 p.m., the time of the annual meeting.

Bellinger Opens Marine Service

(Continued from Page 1

The new business will offer a variety of services including storage, haul-out and loading to be done by a modern overhead hoist which will be installed in the near future; hull repair and finishing, mechanical service and custom building.

Also featured will be the sale of boats, motors, fuel including gasoline and fuel oil, ice, paint, and marine hardware.

Remodeling of the former Booth building and the dock area being made in preparation for the opening which is being planned pending the arrival of additional merchandise and equipment.

Mr. Bellinger, native of Charlevoix, is a University of Michigan graduate and naval architect. He has spent most of his adult life with boats with a record of ten seasons as a crew member on yachts, four years of marine service experience, seven years as an engineer for Foster Boat Co. and custom boat building.

Resort Hotels Set for Visitors

(Continued from page one)

maitre d'hotel and dining room captain respectively.

Coming from the Trade Winds Hotel with Mr. Helm are Steve Onis, chef; Willie Jones, first cook; Rena Hayman, baker and Frances Wood, salad woman.

Harry Harrington of Clearwater, Fla., will be superintendent of service; Mrs. Vivian Carter, also of Clearwater, housekeeper.

A Detroit orchestra will arrive July 1 to play for the hotel's various activities.

THE GREY GABLES INN located at 308 Belvedere ave. has been open for some time under the management of Mr. and Mrs. Russell Dundas who are starting their fifth season in Charlevoix. The dining room will open July 1 for the summer season.

• • •

MR. and MRS. JAMES FLYNN have opened the Lakeview hotel at the corner of Bridge and Antrim sts. for their 11th season. Robert Richards will be assistant manager of the 75 room hotel. The dining room will open July 1 under the direction of Sam Kalfuss who is returning for another season. The dining room features both kosher and regular meals.

• • •

THE HALLETT HOTEL at 310 Belvedere ave. opened Monday with Mr. and Mrs. Hugh Bolan returning for their fourth season. The 23 guest rooms have been rennovated and many other improvements made in the hotel. Mrs. Walker Miles will operate the large dining room which will open July 4. She plans to feature home cooked breakfasts and dinners.

• • •

THE SUNSET LODGE at 205 Michigan ave. was opened June 26 by Mr. and Mrs. William T. Butters who are starting their seventh season in Charlevoix. The large home, formerly the Olds property has been enlarged and now has 26 rooms with picture windows. The new addition which included 12 rooms and baths was added to the south side of the building.

• • •

THE A. C. PALMERS of Chicago have opened the Palmer House at 304 Michigan ave. for the second season. The small hotel has been completely redecorated and the two dining rooms remodeled. The place serves home cooked meals and features southern fried chicken.

THE HALLETT HOUSE at 312 Belvedere ave. has opened under the direction of John Hallett. The hotel has been in operation since 1686 and always under the management of a member of the Hallett family.

• • •

Cherry Fruit Fly Found in County

All cherry fruit growers have been warned by Ed Rebman, county agricultural agent, that the adult cherry fruit fly has been found in Charlevoix county. Vaughn Odgen, inspector for the department of agriculture, stated that the fly emerged this past week.

The spraying program to control the cherry fruit fly and the resulting maggot is to spray as soon as possible with 2 pounds of lead arsenate and 100 gallons of water if you have not already been spraying with lead arsenate. Also follow in 7 or 10 days with another spray. Some growers have been using this poison in every spray following petal fall to make sure that they will have no cherry maggots.

Growers are warned that they should make very sure to get complete coverage. It is better to put on extra spray material on your treees than not enough. If a rain occurs after you apply the spray material and you are in doubt, spray again. If your orchard is close to the woods, it is a good idea to spray the forest trees, especially the pin cherries and choke cherries. Copies of the 1950 spray calendar and supplement may be obtained from your county agricultural agents office.

Venison Brings Jail Term to Jordan Men

Illegal possession of venison without a permit brought penalties to two East Jordan area men.

Lewis Barnard and Charles Smith, both of Route I, East Jordan, paid $50 fine and $7.80 costs plus a 15-day jail sentence at Bellaire. They appeared before Justice A. Danowski. They face an additional 30 days if fines are not paid. They also lose their right to buy a hunting license for three years.

ORCHARD NOTES

By Claude Fairman

The best commercial fruit crop to grow here is the Montmorency Cherry to go along with regular farming, or as a side line for tradesmen. Two-four-eight or more acres. Factories furnish lugs as containers and pay cash on delivery. With apples and peaches it requires a larger volumn to make it pay - - fifty to one-hundred or more acres of apples, and not too many varieties as the trade likes straight car lots of one varieties.

From 1920 to 1929 the price of cherries gradually rose, and the growers who stayed with their trees during the early thirties have reaped a good reward during the forties. Most growers pay one-tenth of a cent toward advertising and this has sold cherries in large volumn than ever expected.

While there is a large acreage of young cherry trees being planted, it is my opinion that the grower on a good location, and this far North, will survive, providing the trees are well cared for.

Plant No. 1 Yearlings. Usually cut back to a whip, or one straight branch, not cutting off the top, and trained to the modified leader type of tree. Sometimes a larger tree, or trees smaller or younger than yearlings, are not cut back to a whip and four or more side limbs are left on. At a later date I will describe how to plant, trim, etc., and during the late fall call to help anyone decide on locations. While the sour cherry will grow on lower levels and more soggy land than the Sweet Cherry or Peach, the land should be well drained and not too hilly.

The Montmorency Cherry does not freeze out during cold winters. The crop is grown quickly and marketed early in the season.

In spraying any fruit, spray for only what you have in your locality, or what is present or liable to be present. It is my object in this column, to take the fear out of the home orchardists in regards to spraying, or the back yard planter with only one or two trees. Spraying the commercial orchard is slightly more complicated but not as difficult as it is farther south. Spraying the commercial Montmorency Orchard, use a fungiside and an inectiside. The fungiside is for Cherry Leaf Spot, sometimes called Shot Hole Fungus. Use 2 lbs. Blue Vitros and 3 lbs. of Spray Lime or one of the other coppers and lime or one of the new organic fungisides. All numerals of weights are for 100 gal. of water. Here at home we use "Fermate" for our fungiside for everything, using one and one-half pounds to one hundred gallons of water. We use Arsenate of Lead for Curculio (cherry worm) and Cherry Fruit Fly (cherry maggot).

Our spray schedule for the Montmorency Cherry is as follows:

First Spray — Just as most of the petals have fallen off, using 1½ pounds of Fermate to 100 gallons of water and covering thoroughly.

Second Spray — Six days later, using 1½ pounds Fermate.

Third Spray — Seven days later, using 1½ pounds Fermate and 2 pounds Arsenate of Lead. After the third spraying, every seven days up until just before harvest on cherries for factories that are to be washed. It is very important to begin spraying early and have the first two on time. Also very important to have the fruit fly sprays on time. The County Agents will notify you on dates fly emerges.

You Can't Order Soil Program From Catalog

What is a conservation farm plan and what is its value?

No two acres of land are identical as to the slope, kind of soil and degree of erosion, that's why you cannot order a conservation farm plan from a catalog. It must be designed to fit your farm, acre by acre, whether it's in crops, woodland, range or wildlife area.

A conservation farm plan has an areial photograph or map of your farm showing the soil, slope, degree of erosion and classes of land. It also shows the different fields, field acreage, and use, whether it be cropland, woodland, pasture, etc.

This land use is decided upon by you, with the help of the farm planner, after studying the soil slope and erosion.

In the plan is also a plan of conservation operations. In this is a write up of the whole program. It shows the fields in equal units. (One unit may be one or more fields.) The purpose of this is to balance the acreage so that each year you will have the same acreage of each crop. The number of livestock kept can be determined from the amount of feed raised. This also appears in the plan of operations, as does the fertilizer recommendations, conservation practices, orchard management, woodland management, and wildlife management. A cropping sheet shows what crop is in each field each year, and the crop rotation to be followed.

Your conservation farm plan should serve as a blueprint for your farming operations for many years. Since it is written, you do not have to trust to your memory. If changes in markets, prices, or other conditions make it desirable to change the plan, this is quite easily done. Any aid you need in establishment, or changing your plan, you can get through your Soil Conservation District.

More than a half million farmers in the United States now have conservation farm plans, assisted by one of over 2000 Soil Conservation Districts in the nation. On these conservation farms, erosion is held at a minimum, yields have increased, and income has increased as much as five dollars per acre.

Remember, soil conservation doesn't cost, it pays.

Time For Codling Moth to Strike

Apple growers in Charlevoix county are urged by Ed Rebman, county agricultural agent, to protect their fruit from the first brood codling moth which can be expected to emerge at any time.

Follow the regular spray schedule that has been passed out or that you may obtain at the county agents office. If the grower is using parathion, they should get a prescription signed by a doctor for an antidote in case they run into trouble. Remember, parathion is safe if properly handled.

Hay-Crop Silage Boasts Output of Dairy Cattle

By J. G. Hayes, Jr.
Dairy Extension Specialist

With much attention being given to grass silage, many dairymen are wondering to what extent such silage can be used in a ration and are also considering the economy of using hay-crop silage.

It should be remembered that hay-crop silage is not recommended for the purpose of replacing all the hay in a dairy ration. It is a method that dairymen can use in harvesting the first cutting of hay more effectively.

The greatest advantage of grass silage is that forage crop can be cut at the time of maturity when it usually has more milk production factors and not have to wait for good hay curing weather. This is important from the standpoint of obtaining good palatability, generally higher nutritive value and more feeding nutrients out of each acre. Since the first cutting of alfalfa is usually used, the crop is removed early enough to give the second crop better growth.

Some feeding trials conducted by U. S. Department of Agriculture at Beltsville, Md., indicate that about 77 to 85 percent of the feeding value of forage crops were retained as silage. As field-cured hay, the feeding value retained ran from 70 to 75 percent.

Other Beltsville tests showed that alfalfa merely allowed to wilt in the field and then made into silage yielded 12 percent more milk than the field-cured hay . . . adding a pint with each gallon of milk produced.

The question that comes to mind here is: Do the other advantages, along with the added feeding value, offset the higher cost of making hay-crop silage? This must be determined by each individual on the basis of equipment and labor he has at the time.

A practical operation was observed on a dairy farm in Emmet county last summer. For the past five years, this dairyman has cut some sweet clover with a binder, hauled the green material in bundle form and put it through his silage cutter which is used for making corn silage in the fall. He fed the silage out in July, August and September when pastures are usually short. The sweet clover silage seemed to be excellent quality, as was the case every year this was carried out.

Pomona Grange to Plan Mystery Ride

Plans for the annual Pomona Grange mystery ride will be formulated at the meeting of Pomona Grange with Maple Grove Grange next Monday evening. The mystery ride is climaxed by choosing a Cinderilla who will be the representative from this district competing for the state honors at the annual state Grange meeting. Gerald Rodgers, Pomona lecturer, will have charge of the mystery ride.

Arrangements for a Charlevoix hospital benefit baked goods sale to be held the day of the Venetian celebration will be made at this meeting.

A movement is underway to organize a baseball league among the Granges in the county. Harold Thomas of Rock Elm has been named chairman of the project. Further plans will be developed Monday night.

Proceeding the business meeting the Grangers will get together at seven o'clock for a potluck supper. Maple Grove Grange will furnish the meat and potatoes.

Search for Identical Twin Heifer Calves

Dr. C. F. Huffman of the Michigan State College dairy department is looking for some identical twin heifer calves. The calves would be used in nutrition experiments at the college.

So if any of you folks have a set of identical twin heifer calves, do one of two things, get in touch with Ed Rebman, your county agent, or write directly to Dr. C. F. Huffman, Dairy Department, Michigan State College, East Lansing. Dr. Huffman, one of the nation's outstanding scientists in the field of dairy nutrition says that one set of identical twin heifer calves is worth more for experimental work than twenty pairs of non-identical calves.

Record Attendance At 4-H Dairy Judging School

Some 125 dairy club members and leaders studied dairy animal judging on two Emmet farms, recently. The group was made up of 4-H'ers from Charlevoix and Emmet Counties.

The first stop was made at the Ajack farm operated by Art Fettig and Jack Seiler. There were 22 cars and trucks that journeyed to this first stop.

Vern Freeman of Michigan State College showed the members calf dehorning, points of a good dairy cow and permitted the members and leaders to place two ring of animals, aged cows and two year olds. The Ajack farm has a holstein herd.

Despite the wet grass the group enjoyed a ball game and picnic lunch at Magnus Park.

Ray Eppler provided a ring of Guernseys for the group to judge in the afternoon. Here volunteers were asked for their placings and reasons. Those responding were Isahel Jablinsky and Jim Herrick of Harbor Springs, Irving Bulman and Jack Zouleck of East Jordan and Howard Campbell of Charlevoix. At the forenoon sessions Annetta Shepard gave her placing plus a fine set of reasons on the Holsteins.

Mr. Freeman demonstrated the proper method of throwing a calf and the trimming of hoofs. He stressed hoof trimming as important to the development of straight legs on the animal. He showed the method of fitting a a blanket and its purpose, and how to improve the hair coat by proper currying. With a rope halter, which every club member makes in his project, he showed the proper technique of making a calf stand for showing.

Here are some points of interest brought out by Mr. Freeman:

1. It is impossible to over grain a calf up to six months of age. As we cut down on milk we must supplement this concentrated food with another, namely grain.
2. Grow the animal out well. She must have a large chest-capacity to have lots of room for heart and lungs. It takes many gallons of blood flowing through the udder to make a few pounds of milk. With a good heart and large lungs to aireate this blood the cow can do the job she is is supposed to.
3. The dairy cow is a factory for producing milk. Just as a factory needs to be large for maximum production so also should a dairy animal have her ribs sprung out so that she has great width and depth.
4. Freean says, "Cull the cows that support themselves and not the farmer. Get rid of those that put fat on their own backs."
5. Select cows with udders that are long and look like a blanket with the corners tied rather than one that looks like a basketball.

No effort was made at the school to determine who will represent either county in Dairy Judging at Gaylord Camp because of the large crowd. But a record was made of Emmet members attending since their attendance will be considered when the registered calf is given away next fall.

Mr. Freeman who conducts all of the dairy work was overwhelmed by the turnout. It was the largest group he has had to date. Monday he conducts a similar school in Cheboygan County.

Fire Destroys Chicks

Ellsworth—The brooder house and 50 chicks were destroyed by fire at the Frank Boss farm, five miles west of Ellsworth Tuesday evening about 8 p.m. Ellsworth fire department kept the fire from spreading to the house. It was estimated the damage was about $500.00. Fire was believed to have started either from the brooder stove over-heating or exploding.

Girl Scout Tells of Experiences On Annual Trip to Milwaukee

The Girl Scouts of Charlevoix Troop 1 have returned home from their annual trip and report a fine time.

An account of the trip as written by Donna Sommerville, troop scribe, follows:

Meeting at the high school at 7 a.m. Monday (June 12) were the 19 girls of the troop, half anxious and half scared, each thinking she might have forgotten something.

The school bus bearing the Scouts and their supervisors, Mrs. Lester Smith, Mrs. Orlin Cunningham and Mrs. John Cross, was in the careful hands of Martin Elzinga. We left the school at 7:40 for Ludington where we were to board the ferry for the lake trip to Milwaukee.

* * *

We had a 20 minute stop at Honor where the girls sent letter, bought post cards etc. The next stop was Scottville where we bought cake to eat with our lunch on the bus. It was rather quiet on the bus with the girls reading or watching the scenery.

We entered Ludington at 12:15 p.m. and were very much excited as we arrived at the dock and caught the first glimpse of the ferry Wow! was it huge. It was the city of Saginaw. When everyone was aboard we explored the ship and later with a guide went through the boat from the top deck to the coal bins.

We had dinner aboard the boat at 5:30 p.m. and some of the girls didn't want to leave the dining room because of the cute waiters. After six hours on the water we docked in Milwaukee at 6:30 and took taxis to our hotel, the Kenmore. Five girls were assigned to each room and after getting settled we went window shopping that evening.

* * *

NO ONE GOT much sleep that night and we were up early for breakfast Tuesday morning. We left the hotel at 10:30 a.m. and boarded buses for the radio station (WTMJ). Nancy Ikens represented our group on the air and we understand many of our families picked up the boardcast back home. Everyone of our group enjoyed the broadcast.

After lunch at our hotel we went shopping and returned in time for dinner before leaving for the boat, this time the City of Midland, to return home. After a grand crossing we landed at Ludington at 3:30 a.m. and started for home at 4:30. Everyone had a good time aboard the boat and we had staterooms on the return trip.

When we entered Charlevoix everyone was singing "Home Sweet Home". We would like to express our sincere thanks to everyone who belped make the trip possible. It was a wonderful feeling to know that so many were helping the Girl Scouts.

Legion Women Halt Meeting for summer

The American Legion Auxilary met with Mrs. Lillian Ulrich Monday evening for a business meeting and social hour. Plans for summer were discussed and the group voted to discontinue meetings until September. They also discussed the district rally held in East Jordan recently and attended by Mrs. Bert Carey, Mrs. John Zeitler Sr., Mrs. Harry Powers, Mrs. Harry Walstad and Mrs. Ulrich.

The potluck lunch featured a birthday honoring those with June birthdays.

Three Contests Assured in County Primary

Charlevoix caunty was assured of an exciting primary electian as three contests far county offices developed at 4 p.m. deadline for filing Monday.

Three candidates filed far the office of sheriff and two each for the offices af county clerk and road cammissianer.

Floyd Ikens, incumbent who has held the office since 1932 will be opposed by R. T. Davis, former county road commissioner supervisor and private contractor, and Glenn Rose, former member of the Charlevoix police and now a real estate agent. Rose has opposed Ikens three times prior to the coming election.

WILLIAM UNDERHILL of Bayne City, World War II veteran and former General Motors clerical employee, has filed far the office of county clerk to oppose Fenton R. Bulow who was apṗointel to the position in July, 1028.

Two Charlevoix men, Angus L. Fochtman, incumbent and Karl J. Erber, local super-station operator, will seek election to the office of county road commissioner. Foctman has served one term (8 years) in the office.

• • •

OTHER incumbents who filed without opposition are: Lillis Flanders, treasurer; Rex E. Davis, register of deeds; C. Meredith Bice, prosecutor; Mary C. Feindt, surveyor; James Stackus, of Boyne City, coroner; Donald Swinton, drain commissioner.

All candidates ore on the Republican ticket for the September 12 election.

County Escapes Fatal Accidents Over Week-end

Charlevoix county enjoyed a quiet Fourth of July week-end with no fatalities from accidents being reported over the four-day stretch ending Wednesday morning.

State police and local authorities estimated that the volume of traffic was heavier over the week-end than at comparable holiday in the last five years.

Police Chief Clarence Heise said that Monday afternoon saw more cors in Charlevoix than at anytime he can recall in recent years. Local police, Sheriff Floyd Ikens and Coost Guard authorities reported no distress calls during the week-end.

Meanwhile, elsewhere in the state and nation, accident tolls mounted to 858 over the Fourth of July. Michigon in an incomplete tally of accidental deaths with 57 deaths had the dubious honor of leading the nations death parade.

Charlevoix School Census is Completed

The Charlevoix school district showed an increase of only one child of school age as the results of the school census were announced this week by Supt. Roy G. Bennett and Mrs. Catherina C. Bergeon, county superintendent.

The 1950 figures shows 945 children in the five year through the 19 year group while in 1949 there were 944.

In the pre-school age group the figure increased from 328 in 1949 to 334 this year.

The figures for the last two years follow:

Pre-school group, under 1,86; 1, 60; 2, 75; 3, 75; 4, 58. Total pre-school age group 334.

School age, 5, 71; 6, 55; 7, 75; 8, 61; 9, 60; 10, 73; 11, 81; 12, 71; 13, 59; 14, 57; 15, 65; 16, 71; 17, 84; 18, 47; 19, 35. Total of school age 945.

Business Outlook Appears Good In U. S. For Next Few Months

With the exception of the coal mining area in the south-eastern part of the nation, business conditions look very favorable for the next six months.

This is the belief of Gordon Freedman who last week-end returned from a three-week trip to the West Coast. Since March 1, Mr. Freedman has traveled into every one of the 48 states in connection with business for his firm, the Freedman Artcraft Engineering Corporation. Mrs. Freedman accompanied him on the California trip.

The main purpose of the extensive traveling was to become acquainted with branch offices and distributors of Freedman Artcraft's principal customers For example, all 49 of RCA Victor's distributors were visited.

• • •

FREEDMAN ARTCRAFT developed the "point of sales" fixtures for the new RCA Victor 45 RPM records. Well over 1,000 fixtures of four designs have been shipped to all 48 states and Alaska since Jan. 1.

Many new ideas for fixtures have been developed as a result of these contacts. Several new inovations in the record display fixtures will be exhibited at the National Music Show in Chicago July 10-13 by the local firm.

An earlier trip through the area affected by the coal strike indicated that this part of the country is in a business depression with no signs of an early recovery. Not only was business badly affected during the long strike but conversian to other fuels has reduced coal requirements, Freedman said.

• • •

AS 40 PERCENT of Freedman Artcraft's sales are expected from this affected area and adjacent areas, new markets have to be developed by the company.

Residence Father Passes in Cheboygan

Funeral services for Harry Dagwell, 81, pioneer resident of Cheboygan county and father of Mrs. F. F. McMillan, were held at the Indian River Methodist church Thursday. Burial was in the Inian River cemetery. He died at his home in Indian River Tuesdoy after a long illness.

Born in England, Mr. Dagwell came to Canada with his parents as n child and later lived at Put-in-Bay where his father operated a boat works. He came to Cheboygan county as a young man and worked as a lumberman. His wife, the former Sarah Ann Pond, preceded him in death in March, 1943.

Besides Mrs. McMillan, he leaves three sons, Fred of Cheboygan, Carl of Miami, Fla., and Charles of Indianapolis, Ind., four grandchildren and seven great-grandchildren.

School Vote Set for July 10

Voters of school district No. 1 will name two trustees to the Charlevoix Board of Education on Monday, July 10. The polls, located at the Charlevoix high school, will be open from 10 a.m. to 8 p.m., the hour of the annual meeting.

Fred W. Willis and Bonnie Nickerson are seeking re-election to the board. No other petitions were filed at the June 26 deadline.

Additional millage for operation, building needs and o building program will be included in the business to be discussed.

State Photographers Meet Here Sept. 10-12

The Michigan Photographers Society will hold their annual convention at the Beach Hotel Sept. 10-11-12, E. L. Kramer, manager of the hotel has announced.

Approximately 75 photographers and their guests are expected for the three-day meeting.

Maurine Stovall of Alma is president of the organization and Allen E. Arnold of Birmingham, a former resident, is executive secretary.

County School Census Drops 190 in Year

Despite an increase of 312 in the Charlevoix county census over a ten-year period, the school census in the same area has dropped 190 in a one-year period which ended June 1., according to a report by Catherina C. Bergeon, county school superintendent.

In the pre-school age group the census showed a decrease from 1,391 in 1949 to 1,324 in 1950. In the five through 19 year group dropped from 4,217 last year to 4,094 this year.

Boyne Falls, Boyne City, Beaver Island and the Melrose district showed the greatest decrease with Charlevoix and East Jordan and the 11 outlying districts which include a large portion of the rural population showed only small increases.

An interesting point in the census in the 11 districts is the fact that their pre-school census jumped from 148 in 1949 to 241 this year while the number of school age dropped from 500 last year to 399 this season.

Griffin Family Unites At Reunion Here

For the first time since April, 1928, Mrs. Mary Griffin of 109 East Lincoln had her entire family with her last week-end. The occasion was a family reunion with a group dinner, picnics and other events planned to bring the family and many friends together.

Present were Mr. and Mrs. Clyde Griffin and children, John and Nancy of Baltimore, Md., Mr. and Mrs. Bob Crawford and son, Neison, of Dayton, Ohio, Mr. and Mrs. Ralph Conklin and and Kathleen ond David, now of Petoskey who returned to Michigan last year after several years on the west coast, Mr. and Mrs. Howard Griffin and Julian Griffin.

Parking Fines To Stay at $1, Council Rules

The overtime parking fines will remain at $1 per offense far the time being.

This was decided by the city council at its meeting Monday. The council had been considering following in the steps of a score of other cities in the state which are charging 10 cent fines far overtime parking.

City Attorney Norman Ance advised the council to continue the study of the lower fines, but counselled against making any changes at present. Other cities have maintained they have increased revenua from parking meters by lowering the fines.

The feasibility of providing parking space in the business district far taxis was referred to Alderman Ralph Hamilton and his committee. The council also heard Harry Martin's version of his building a trailer house in Ward's addition. Severol people have complained to City Comptroller Don Swinton who had ordered Martin to stop work on the project pending a decision by the council.

• • •

JULY 17 was set as the deadlines for bids for a new police car. The council also heard Fire Chief Charles Marshall say that the fire department needs new rubber coats and rubber hose. He was authorized to order these items through the city purchasing department.

The Mason street dock will be posted because of its poor condition, the council ordered. Swinton was ordered to speed action in the repairing of the sidewalk on the side of the postoffice.

Clare Cotton was appointed patrolman without pay so that he could be employed by the Chicago Club. At the last meeting, Sander Halverson was also appointed patrolman without pay. He will be employed at Moonlight Gardens.

Walker Miles was given permission to build a retaining woll on his property.

State Police Step Up Safety Move

Nearly one thousand persons are killed or injured on Michigan highways each week, and speed is one of the principal causes, Sgt. Harold Moore of the Gaylord post of the Michigan Stote Police asserted today in urging motorists to cooperate in the present campaign to reduce the frequency of this most serious traffic offense.

"The slogan of the campaign, 'Speeders Lose,' has been well selected, for the records prove that speeders do lose," Sgt. Moore said. "Even when speed is not the direct cause of an accident it often contributes to its seriousness and means the difference between life and death.

"Not only was speed a factor in 500 Michigan traffic deaths last year, but it also was responsible for the serious injury of many of the 41,000 persons who are hurt in the 143,000 accidents thot occurred in the state.

"Motorists should take heed of the fact that accidents are on the increase in Michigan. So are injuries and deaths. Many pleasure drives and vacation trips are ending in trogedy. The answer is that every driver, for his own sake as well as for the welfare of others, should drive carefully ond alertly, ond remember particularly that speeders lose."

Sgt. Moore also explained that where there is no specified speed limit, which is the case on most of the highway system, the stote law provides that it is a violation to drive faster than conditions such as traffic, weather ond time of day permit.

Orders Schools Given Five Mills; Townships Millage Taken Away

The Michigan State Tax commission yesterday reversed the division of the tax levy in Charlevoix county as made in May by the county tax allocation board.

The announcement from Lewis Nims, chairman of the state tax group, followed by twu weeks the appearance of the state authorities here to hear various phases of the allocation question.

The state ruling means that the school districts which had been allocated four mills, will receive five mills as originally requested, the county will get eight mills for general operation plus two mills for the sinking fund for a new courthouse building.

The townships, all but Charlevoix township, which did not request one mill from the allocation group, lost their one mill allocatian, according to the stote ruling.

The state stepped into the county setup when Boyne Valley township agricultural school, Melrose township district school, Boyne City public schools and Charlevoix schools appealed the allocation by the county group May 11.

Hearings on the appeal were held here June 21 and the state authorities took the appeal under advisement. The decision to take the mill from the townships came as somewhat of a surprise in certain quarters.

• • •

WHILE SCHOOL district authorities were jubilant over the decision, there was a feeling of disappointment among township county and road commission officials.

The schools expressed **a belief** that they need the five mills, some as they received last year, because of increased expenses in schooling.

On the other hand, one township official who asked that he not be quoted by name, predicted that townships need that one mill to help bring the twonship roads gack to normalcy. He pointed out that there will be less snow removal this winter because the townships in the county do not have the money.

A county road official reiterated the belief that the roads which are in a bad condition at present will become worse because the county road commission has depleted its funds.

THE TAX commission also colled attention to the belief that the board of supervisors at its equalization session next spring "shauld endeavor to bring the values of the county to a closer proximity to the state equalized value for the county".

The county equalized figures for the county as set by the supervisors were $11,983,295, about two-thirds of the state equalized figures . . . $18,000,000 in order that sufficient revenue be availoble far all purposes.

Nims' letter to the allocation board also stated that supervisors should bear in mind that the county has by its own vote, set aside two mills for three years and one mill for seven years out of the available 15 mills.

Visitors Laud Clubhouse of Sportsmen

Despite inclement weather, the Charlevoix Rod and Gun club's dedication of its clubhouse last week-end drew good-sized crowds E. B. "Bo" Bowmnn, club president, reported.

Among the out of town gueats were Mr. and Mrs. George Hess, prominent sports couple of Wayne Mich., both of whom are state skeet champions. Several othera from Wayne county and other downstate sportsmen clubs attended the activities.

Many of the out of town visitors were amazed at the size and physical layout of the clubhouse and grounds. Scores of the sportsmen from Petoskey and surrounding oreas attended. Mr. Hess, 1949 skeet champion in Michigan gave a demonstration.

Winners in the skeet shoot were No. 1 group, Mrs. Hess, first; Frank Gruler of Petoskey, second; and Glen Garrett of Petoskey, third; second group, Warren Shapton, of Lansing former Charlevoix resident, first; Harry Gillette of Petoskey, second and Jack Garrett of Petoskey, third.

Third group, Glenn Rose, first Ralph Shapton, second, and Bo Bowman, third.

George Trimble won the shot gun, Donna Rose, the deer rifle, Jerry Hess, Jack Erber and Alma Halverson, $10 grocery prizes, Angus Phillips, Clarence Rabach and Harold Pearl, $5 grocery prizes.

The club received a telegram from Harry T. Gaines, president of the MUCC, who said he regretted being unable to ottend the dedication but sent his congratulations and best wishes. In his wire, he termed the Charlevoix club "one of the finest in the state."

57th Anniversary

Mr. and Mrs. George Megglson pioneer residents of this community, observed their fifty-seventh wedding anniversary Monday. The couple spent the day quietly after attending a family party at Torch Lake Sunday.

Returns Home

Mrs. Martin Pedersen has returned home from Watford City, N.D. following an extended visit with her brother, William Van Dyke and other relatives. Her son, Cpl. Marvin Petersen of Fort Lewis, Wash., is spending a three weeks furlough here. Her son-in law and daughter, Mr. and Mrs. Don Laue of Waseca, Minn., were here for the holiday week-end.

Mark Twain's Famous Spider Story

Many years ago Mark Twain was editor of a small town newspaper. A reader wrote in saying that he had found a spider in his paper, and wanted to know if that was an omen of good or bad luck.

Mark Twain answered: "Finding a spider in your newspaper is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so he could go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

Retailing has come a long ways since those days, and the art of advertising has undergone great development. And advertising by stores or any other kind of business, is a typical outgrowth of the competitive system. It is the best possible means of reaching the people who want goods and services, or urging the merit of one brand as against another, and of encouraging the consumer to get to some particular retail outlet.

That advertising benefits the consumer goes without saying. No storekeeper could long charge an excessive price with competitors offering in print the same or an equivalent product at a lower price.

And deceptive advertising always defeats its own purpose. The wise merchant advertises aggressively, but he bases his story on appeal not fiction.

Salesmanship is a driving force in keeping the American economy running. Advertising is the heart of it.

Most Drownings Can Be Avoided

Last Friday we watched futile efforts to revive two drowning victims, one a boy of 12 and the other, an adult of 25.

While we have been at hand on numerous occasions when children and other victims were brought out of the water, lifeless, as it was part of our job as a police reporter on a metropolitan paper, we have always been shocked by the sight.

The drowning victims at Walloon were given recussitation which proved futile. It mattered little that it was a windy day and the boys should have not ventured out in Walloon lake in a canoe.

The drownings touched up one of the greatest dangers in the summertime. To most of us, water safety is something that the Red Cross teaches. But it is more than that. It saves lives, if followed.

First of all, keep children out of quarries, water holes, creeks and rivers. Teach your children to swim, but teach them swimming and boating precautions as well. If you cannot swim yourself, now is a good time to learn. National studies show that the majority of drownings are avoidable and that eight out of 10 who drown do so within 50 feet of shallow water or safety.

Boating accidents last year took 81 lives in Michigan last year, more than any other form of drowning.

Be sure that any boat you use is in good repair. Don't overload it or stand up in it or lean way out of it.

If you can't swim well, take along a life preserver or an old inner tube. Stay out of the swell of large boats and out of any swift current. Put for shore when a storm threatens. If your boat should capsize, wait for it to come up, take hold of it and stay with it until help comes or you drift ashore.

Swim always with at least one companion and if possible, only at a guarded beach in the daytime. Wait two hours after a meal before you swim. Most drownings result from stomach cramps.

Don't go swimming when you are overheated, tired or intoxicated. Go in slowly. Quick plunges into cold water can be fatal.

It's a lot of fun to be in the water. But exercise precautionary measures at all times.

I'm sure we would have enjoyed early American history and writers if we could have gone to school as Mrs. Ethel Courier did recently . . . a course in Early Americans Writers by Central Michigan College took her and 42 other students on a 2,400 mile trip of the New England States that sounds like a dream . . . a visit to Hawthorn's homes, his birthplace, Tanglewood, Old Manse and House of Seven Gables all so familiar to his readers . . . a picnic at the foot of the White Mountains in the shadow of the Great Stone Face . . . a visit to Longfellow's home under the guidance of an old gardener . . . seeing the room where he wrote his Children's Hour and his many other poems so dear to everyone's heart . . . a visit to all the places mentioned in history books . . . Old North church . . . Concord . . Plymouth Rock . . . a trip to Glouchester and its lobster traps and fishing fleets . . . Harvard University . . . Cooperstown, N. Y., home of baseball's Hall of Fame . . . to name a few . . when you finish talking to Mrs. Courier you almost feel as tho' you've been there for she tells the story so well and is so inspired by it all . . . we're sure her students next fall will love to hear about it . . .

• • •

AND SPEAKING of trips, Nelle Smith, daughter of Capt. and Mrs. Oscar Smith, left last week on a trip to Antwerp, Belgium . . . she left here Friday and was to sail Tuesday for Europe . . . where she'll spend six weeks with her brother, Joe and his family in Antwerp . . . he's been there since last September as an engineer with a big N. Y. construction company which is installing a hugh oil refinery . . . everything from the tanks to railroads and docks . . . offices buildings . . . housing . . . and even the restaurant for the employees . . . while there Miss Smith plans to visit many places of interest elsewhere in Europe. .

BIRTHDAY greetings (belated ones) to Mrs. Albert Novotny Sr. who was 75 Saturday and to John O'Brien, father of Mrs. William Gibson who was 97 on July 4 . . . Did you know that Rabbi Maurice B. Pekarsky and Mrs. Pekarsky of Chicago and Boulder Park are leaving soon to spend the fall and winter in Jerusalem?

Relatives and friends of the Vincent Madisons are greatly concerned about the couple and their four children who are in Korea . . . Mr. Madison, an electrical engineer, is on loan from the Detroit Edison Co. to the U.S. government . . . he left in January for the far east to rebuild power plants and establish new ones under the Marshall plan . . his family joined him in March and have been living in a suburb of Seoul . . . the capital of southern Korea . . . Mrs. Madison is the daughter of Prof. Roy Swinton of the U. of M. . . . who with Mrs. Swinton were in the Philippines during World War II and who were interned in the Santa Tomas camp near Manila . . .

• • •

AND MANY Charlevoix parents are worried about their sons who are in Japan . . there are several in the area . . . Andy Essenberg, Dan Haggerty, Earldean Stephens, Gilson Clarke, to name a few . . . at Okinawa there's Leonard Dubey . . . and in the Seventh Fleet George Currie, husband of Marguerite Young aboard the carrier Valley Forge and Ben Gill aboard the destroyer Shelton . . . no doubt there are others and if anyone has any information on them we'd like to know about them too . . .

Did you know that our own Charlie Fairbanks was invited to Detroit over the week-end to try out with the Detroit Tigers? . . . It doesn't mean he'll sign up next week but it's nice to know they have their eyes on him . . . And if you like wild orchids (and who doesn't) you should see the ones at the home of the Plenny Gennetts . . . they're big and fat and pink and lovely . . .

• • •

PAUL ALLERS, spending some time with his father, Capt. Leroy Allers, skipper of the Chippewa between St. Ignace and Mackinac Island, had himself quite a time last Thursday . . . he heard that Gene Autry was at the island so went about finding the popular western star who was aboard a yacht . . . he got to see him, got his autograph and talked with him (if you can imagine shy Paul being talkative) . . . a hurried call to his mother shortly after the meeting brought the news to Charlevoix . . .

One nice thing about this job is that one gets to meet a lot of interested people and learn a lot of different things . . . had an opportunity to meet Ray Waite, of Cheboygan a friend of the Buck Seymours . . . he skates . . . on ice . . . and is well known throughout the north for his talents but the thing that interested us was his stories about Barbara Ann Scott, Canadian skating star and Olympic champion and Daphne Smith, English star, with whom he has skated . . . wouldn't it be fun to get around like that? . . .

• • •

AND DID YOU know that we have in our midst some very clever people . . this time it's Mrs F. J. Fessenden and her daughter, Mrs. Charles Hahn of Muskegon who with Mrs. Marvin Meengs also of Muskegon have completed a ten year contract with the Ripon Knitting Works of Wisconsin . . . for, all things, a sport sock with a double cuff . . . the idea of the thing is to have a cuff up over the bottom of your ski pants and a second one to turn down over your ski boot to keep the snow out . . . pretty clever we think . . . they've been working on the deal for nearly three years and finally put it over . . it's being featured by the company this fall so watch for it in the stores . . .

Prof. Perry G. Holden returned home recently from a meeting at East Lansing where agronimists from the corn belt gathered and later toured southern Michigan . . . among the places they visited was the Kellogg plant at Battle Creek where Mr. Holden again saw his old friend, W. K. Kellogg . . . whose name appears on cereal boxes . . . Mr. Kellogg, who is now 91, told Mr. Holden he still has an ear of corn . . . a prize winning ear . . for which Kellogg gave a prize of $1000. in gold and which Mr. Holden selected . . . and all this in 1900 . . .

Joan and Bernice McGuire have returned from Detroit where they attended the wedding of their sister, Madolyn, who became the bride of Harvey A. Anderson on June 17. Their mother, Mrs. C. J. McGuire and Mr. and Mrs. Anderson accompanied them home.

First of the Fine Cars in Value

The Car that puts your Best Foot forward

We think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does *to* you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-eight power plant—when you feel the smooth surge of its Dynaflow-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid, dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-bp Fireball valve-in-head straight-eight engine. Dynaflow Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) saves on repair costs — vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

What's Doing
At Camp Charlevoix

Camp Charlevoix began activities for the 1950 season Monday, July 3, under the direction of Mr and Mrs. Ken Smith of Grosse Pointe, Mich. Over the preceding week-end the Smiths welcomed 115 boys who came from eight states to participate in the camps, 24th season of enjoyment and instruction.

Among the highlights of this camping season will be a "Wild West Rodeo" during the last week in August and camp fires with authentic Indian dancing led by Jake Whitecrow, member of the Paw Paw tribe and a senior at Oklahoma A. & M.

"Chief Whitecrow" will be assisted by a cowboy from Arizona, John McCormick, who graduated from the University of Arizona last month. Mrs. McCormick, also from U. of A., is a member of the office staff this year.

The camp staff this year is a very cosmopolitan group with 40 members, the counsellors representing 14 colleges and universities throughout the, United States. Don Bacon, of the University of Michigan, returns for his fifth summer at camp and will serve as camp business manager.

Phil Steding takes charge of the senior boys section, after returning for his seventh year as a counsellor. Jim Land, Webb Wilson, and John Ellsworth are all beginning their fourth season as counsellors.

Steding, Land and Wilson are all University of Michigan men. and Ellsworth, a graduate of Duke, will lead the rifle team. Rifle matches for the boys are planned for throughout the summer, and those who make the team will compete with boys at other camps.

* * *

ALSO on the agenda are tennis and archery matches, as well as a number of sailing and canoe races, in addition to various swimming events, including the colorful mid-season "Mile Swim", when all eligible swimmers attempt the distance from the camp dock down to Oyster Bay and back. It is a very colorful sight, with the entire fleet of camp canoes flanking the swimmers down th bay. Last season more than 90 boys participated in the event, including many of the seven and eight year-old juniors, who became expert swimmers as the season progressed.

Pinson Neal, medical student at the University of Missouri, will head the swim program this season, and assisting him in the Junior Life Saving instruction will be Walt Greising, University of Valparaiso student, and John Jackson, scecholarship student at Princeton University.

Campers will have instruction in all phases of swimming, such as the crawl, breast stroke, backstroke and butterfly, carefully supervised by expert instructors and counsellor lifeguards, including John Ellsworth, in charge of the junior swimming program, Tom Beers, Kent University student, who will coach the tennis team, Chuck Swing, Michigan State College student, and several other staff members.

* * *

IN ADDITION to the swimming meets and Mile Swim, there will be many other special swimming events during the year, such as the annual water carnival, water polo games, and periodic swim tests. Every camper will learn to swim and will be advanced as rapidly as possible. By the seasons end even the youngest junior will be at home in the water.

The juniors have their own swimming area in Junior Bay and there they will have fun and games on the big rubber life raft provided especially for them.

Among the new features of the camp sports program this year will be calf-roping, and all advanced riders will get their chance to swing the lasso. There will be a number of overnight horseback trips to nearby camping areas, and the boys will have a chance to do some outdoor cooking, as well as learn how to take care of themselves in the woods.

There will be many other interesting overnight trips too, by sailboat, along the shore of Lake Charlevoix, by canoe through the beautiful rivers of Northern Michigan, and by truck to the good fishing areas hereabouts. The sailing program is conducted this year by Jack Harris and Chuck McKean,, who was a camper at Charlevoix many years ago and is now back for his third summer as a counsellor.

* * *

A GREAT variety of exciting activities are in store for the boys. There will be target shooting for National Rifle Association awards, archery instructions and contests, photography projects, handicraft work in carving, carpentry, leather work, and metal work, a fine fishing program demonstrating the fine points of casting, nature study, and many other acceivities, all designed for the campers' enjoyment. The athletic program, under the supervision of Russ Laughlin, from Denison University, will include football, basketball, baseball, and team contests with several nearby camps. Tom Murphy, of Miami University, and Tom Beers, will conduct the tennis instructions for all age groups, and Tom will coach the camp team. There will be regularly scheduled sailing races and canoe events, and water safety will be emphasied at all times.

* * *

Among THE MOST interesting ceremonies in the camp schedule is the first Indian Council Fire, which will be held in the Council Ring under the wings of the giant thunderbird this Saturday night, July 8. Here all new campers will be admitted to the "Tribe of Charlevoix" and Chief Whitecrow will lead the Indian war dances in the ritual fire dances.

The campers are already at play over the entire camp area, beginning to acquire that outdoor look, and accustoming themselves to the busy program of activities and the traditions and activities of the camp. They are enjoying the healthful, tasty diet provided by the capable camp cooks, Mr. and Mrs. Joe Shaw, from Miami University, and their health is carefully watched by the full time camp doctor, "Doc" Ralph Dunn, of the University of Michigan.

Assisting him is Nurse Betty Kinch, who has returned for her second season as camp nurse. Miss Kinch, a former University of Toronto student, has traveled here all the way from New Orleans, where she now lives, to be at camp again this year. Other staff members include Don Allard, of the University of Missouri, Don Dannecker, of Dennison, Tommy Tomlinson, a camper for many years and now a University of Arizona engineering student, and Bill Yost, Albion College student.

Once again, Barney Englehart, the camp's familiar and faithful caretaker, returns to keep all facilities in good condition.

The campers spent the fourth of July with a special all-camp track meet, in which everyone, from the oldest to youngest, participated in some way. Events were the broad jump, relays baseball throw, and the potato race. But the final event was the most entertaining of all — the traditional "Egg Toss," in which contestants threw eggs to one another at ever widening distances until the unhappy loser happened to fumble.

Navy Offers Good Retirement Proposal

High School Graduates and all men seventeen to thirty one years of age, who are seeking a career that offers good retirement benefits and future security, should investigate what the U. S. Navy offers in the way of a retirement plan, Chief Kaup, of the Navy Recruiting Station, Traverse City, said today.

The Navy's retirement plan is one of the best in the country, the Chief continued, and one of it's best points is the fact that the individual does not have to pay any part of his earnings into a retirement fund to become eligible to receive retirement pay upon his retirement.

Under the Navy's retirement plan, it is possible for a man who enlists at the age of seventeen to become eligible for retirement at the early age of thirty seven. After twenty years Naval service, a Navy man may retire with a guaranteed monthly income for the rest of his life.

Cancer Drive Near Quota in County

Charlevoix county is only $40 short of its 1950 goal of $1,064 for the American Cancer Society Mrs. E. B. Garrison of East Jordan, county commander announced last week.

The city of Charlevoix under the leadership of city chairman Mrs. L. P. Petersen raised $425.

In an effort to reach the goal cannisters have been placed in various business places and anyone can contribute this way or by leaving his donation at the Charlevoix County State bank.

Shanahan Favors Constructing School on Garfield Location

By E. K. Shanahan

In last week's article the proposal to build a new two storied school building on the site of the present high school building was criticized as being an expensive type of structure on an inadequate space one that would fail to meet all the needs of the schools and would allow no easy way to meet possible expanding requirements of the future.

It is easy to criticize since no plan is perfect. However constructive criticism is worthy of heed since it is by such searching for flaws and their correction that improvement is made. It is hoped that the article of last week, in conjunction with this one, will serve the worthy purpose of aiding Charlevoix to obtain the best possible school that it can afford, and that it get full value for our money.

The present 13 room grammar school is an excellent building. The high school building can serve for many purposes but should be reserved for smaller classes, particularly on the upper floor. It should never be over crowded.

If possible a grammar school should be of one story for reason of safety. Since high school students are better able to take care of themselves, the added risk of two story buildings can be accepted for the sake of the convenience that is associated with compactness.

It is therefore proposed that the following plan be considered and explored for flaws and weaknesses:

1. Build a new one story grammer school building on the 17 acre school property on the south side. ($275,000.00) (The best place for it would be aloag Garfield Ave. about where the American Legion property is located. Would it be unreasonable to suggest that the Legion may be willing to return that property to the school for a nominal amount?)

2. Convert the present grammar school into a high school. ($25,000.00)

3. Modify the present high school building so as to provide a good music room in addition to retaining various class rooms for small classes. ($7,000.00)

4. At the corner of Mason and Grant streets build an agriculture Room and shop to provide a classroom and meeting place for agricultural purposes, and manual training in woodworking, automotive meching and repair, and farm machinery maintenance. ($70,000.00)

It is estimated that this plan would cost no more than $400,000.00. For that amount we would obtain 13 additional classrooms, an agriculture room and an adequate shop. The use of the two sites for school buildings would provide for any forseeable expansion needs. In addition, the crowded school playground conditions would be corrected, and full advantage taken of the economies associated with one story construction.

In making this proposal it is again desired to state that it represents the thinking of only one person, and consequently may well be far from completely thought out. However, if it should prove to be of any merit, or if it should point the way to getting good facilities, then the effort and thought that have gone into the preparation of these articles will have been well worth while.

Frances Rollins Becomes Bride of Louis "Bud" Kohler In Detroit Church Ceremony

Mr. and Mrs. Louis B. Kohler will make their home in Detroit following a wedding trip to Chicago, Wisconsin and the upper peninsula of Michigan. The Couple was married Saturday at St. Charles church, Detroit. For traveling the new Mrs. Kohler selected a raspberry silk shantung suit and pink accessories.

The bride is the former Frances Eileen Rollins, daughter of Mr. and Mrs. Francis Joseph Rollins and the bridegroom is the son of Mr. and Carl F. Kohler of Charlevoix.

The Rev. Nicholas Ghelfi officiated at the Nuptial Mass in the presence of 250 guests. Lena Routly was organist and accompanied John Connelly who sang "Ave Maria", "Panis Angelicus" and "Mother Beloved".

Escorts Bride

The bride escorted to the altar by her father, wore a gown of candlelight satin designed with a pointe de Lyons lace panel, long sleeves and a train. A pointe de Lyons Juliet cap held the tiered veil. She carried a bouquet of white roses, carnations and ivy.

Rosemary Rollins, sister of the bride was maid of honor and Rita Rollins, cousin of the bride and Mrs. Eugene L. Schaden were bridesmaids. They wore emerald green marquisette redingotes over light green ballerina length gowns, Gainsborough hats with green streamers and green satin opera pumps. Miss Rollins, as maid of honor, carried a bouquet of white carnations and trailing ivy and the bridesmaids carried bouquets of red carnations.

Best Man

William Kohler of Lockport, N. Y., cousin of the bridegroom, was best man and Robert Liebermann of Saginaw, Brother-in-law of the bridegroom, Paul Kohler III of Toledo, cousin of the bridegroom, and Eugene L. Schaden of Detroit were ushers.

Mrs. Rollins chose a gown of pale blue silk and lace, matching accessories and an orchid corsage for her daughter's wedding. Mrs. Kohler mother of the bridegroom wore an aqua silk crepe gown, beige and white accessories and an orchid corsage.

A wedding breakfast at the Jefferson Room of the Whittier Hotel for the bridal party and fifty guests followed the wedding. A reception was held at the home of the bride's parents at 3964 Bishop Road Saturday evening.

The bride is a graduate of Marygrove College, Detroit, and teaches in the Detroit public schools. The bridegroom graduated from Alma College and Michigan State College is a member of the J. L. Hudson staff in Detroit.

On Friday evening preceeding the wedding Mr. and Mrs. Carl F. Kohler were hosts at a rehearsal dinner for twenty guests at the Stockholm Swedish Restuarant in Detroit.

Those from Charlevoix who attended the wedding were Mr. and Mrs. Kohler and Mrs. Oakley Hammond.

Health Aides Advise Watch Insect Poisons,

Many of the effective new insecticides contain parathion, a chemical which can be fatal to humans if handled improperly, the Division of Industrial Health, Michigan Department of Health warned growers and gardeners today.

"Carefully inspect the label of your insecticide. If it lists parathion, follow exactly the precautions given. If the precautions are not attached, contact your local health department or county agricultural agent before you use the insecticide at all. Scrub your hands after handling it even though it is in a bag or container. Keep it far out of the reach of children," the Department advised.

The chemical, parathion, is poisonous when breathed in, when absorbed through the skin, or when swallowed, even in small quantity. The amount which can seep through contaminated clothing is dangerous. The poison can be fatal.

The insecticide can be used safely by properly instructed individuals who understand its dangers and equip themselves for safety, the Department said.

IT HAPPENED ON .... BEAVER ISLAND

By Mrs. J. C. Hanley

Meeting the boat is an exciting daily event on Beaver Island. Now days, with summer visitors arriving and islanders returning for vacations, it's more exciting than ever.

The North Shore did a lively business last week. Several days they were booked up solid with car reservations. Thursday and Friday, the boat was loaded with lumber on the return trip to the mainland. An extra trip was made Saturday to bring across cars. "Yep, the summer tourists are a-coming", said Ole Timer, "but where in the heck is the summer weather?" Your B.I. reporter had to eat the item about the warm days were here to stay. The ink wasn't dry on last week's news before the heavy jackets were in use again.

* * *

IT'S WILD strawberry time on the island and there's a bumper crop this year. The abundance of rainfall developed the berries extra large and my! are they delicious and sweet. Throughout the week, groups of berry pickers have made a day of it in the patches and returned with their containera full to the brim. Mrs. Tom Gatliff has canned nineteen quarts of wild berries and there's a number of jars of jam on the pantry shelf, too.

Carl Keubler says he notices the black berry bushes are loaded with blossoms and the crop should be good.

Arriving on Monday's boat were Mr. and Mrs. Ernest Troth from Milwaukee to spend their honeymoon. Mrs. Troth was the former Maxine Sonderegger who spent a good many summer vacations on the island with her grandmother, Mrs. Carrie Sonderegger.

Before returning to the island, Mrs. Russell Palmer visited the Soo to meet her neice, Jill Smith, who accompanied her to the island. Jill plans to remain with her aunt and uncle until the last of August.

Mr. and Mrs. Walter Smith have returned to their home in Chicago.

Mr. and Mrs. Lawrence Feindt and little son and Frank Partridge, Charlevoix, spent several days as the guest of Mr. and Mrs. James H. Gallagher. The Feindts had a survey job with Partridge assisting.

Mrs. Dale Prokop and daughters, Sandra, Helen and Diana, St. Ignace spent a week with Mr. and Mrs. Herman Pischner, Mrs. Prokop's parents.

Patricia O'Donnell arrived Monday to spend her vacation with her parents, Mr. and Mrs. James O'Donnell. Patricia has been working in Chicago for the past year.

Mr. and Mrs. N. V. Gushing and son, Nagel, Sidney, Ohio, were guests at the King Strang Hotel.

* * *

RODNEY NACKERMAN came home to visit his parents and what he brought home would nearly knock your eyes out . . . a handsome cream colored convertible. Rodney is employed in Pontiac.

Mr. and Mrs. Paul Heflin of Chicago have arrived to spend the summer in their lovely island home, Islewood.

Patsy and Michael Belfy, Charlevoix, visited their uncle and aunt, Mr. and Mrs. Vernon LaFreniere.

It isn't very often the farmers have to put up scare crows but this spring, the crows just about took over the island. A number have been killed off since a bounty was offered for every crow head, but Frank O'Donnell isn't taking any chances. He has put up three scare crows all dolled up in black dresses and one is extra fancy with wide blue collars and cuffs . . . the very latest fashion.

Mrs. George Ricksgers recently returned from a visit with her parents in Chicago. Returning to the island with Mrs. Ricksgers were her brother, John Malooly, Mrs. John King and nephew, Billy Malooly. Billy will spend the summer on the island.

Robert Delaney and Dennis Delaney, Grand Rapids ,were the guests of Mr. and Mrs. James H. Gallagher over the week-end.

Wilfred O'Brien was in Charlevoix during the week to visit his father.

Mr. and Mrs. Henry Polderdyke and daughter, Joyce, Grand Rapids spent the week-end as the guest of Mr. and Mrs. James W. Gallagher.

Mr. and Mrs. Bill Spalding, Pontiac, arrived the first of the week to visit Bill's parents, Mr. and Mrs. Fred Spalding, and their daughter, Karen. Friday evening, the Spaldings invited their friends to a dance in the Parish Hall. Bill and Marge took charge and gave instructions in all kinds of novelty polkas, two steps and square dances. In Pontiac, they conduct similar classes and as instructors, they are tops. Music for the dance was furnished by Ethel McCann at the piano, Patrick Bonner and Fred Spalding with their fiddles.

Margaret Lynch, Pontiac, made a quick visit to the island before going to Petoskey to visit the family of her fiance. In case you haven't heard, Margaret is going out of circulation in the fall and will become the bride of Bob Gibson.

Mr. and Mrs. Lee Cuddington, Grand Rapids, arrived Saturday to visit Mr. and Mrs. Lloyd McDonough.

Mr. and Mrs. Jack Johnson and Mr. and Mrs. Larry Davison, Luddington are the guests of Mrs. Nora Gallagher.

Rose and Anthony Greene came up from Grand Rapids to spend the week-end with their parents, Mr. and Mrs. Anthony Greene. Mr. Greene has been on the sick list lately.

John Hudson and son, Lansing, were guests of Mr. and Mrs. Henry Allen and family over the week-end.

Mrs. Mark Cross and children are visiting on the island.

Mr. and Mrs. Emil Pischner and family, Charlevoix, are visiting relatives.

Three sea planes from Kalamazoo flew in Saturday afternoon and were parked on the beach in the center of the village until Monday. They brought up a party of fishermen.

Father Giles left after the last Mass Sunday to visit his parents.

Beaver Island's fields are a mass of daisies and butter cups and lovelier fields one would have to go a long way to find.

Sprays Are Fly Control Keys For Farmers

It is nothing new for farmers in Charlevoix County to be troubled with flies in dairy barns during the spring and summer, but Michigan State College entomologists say there are numerous ways to remedy the situation.

The best way yet devised to get rid of the fly is to exterminate his place of breeding, which is wherever manure of rotten plant materials are found. All manure should be scattered on the fields where it does the most good.

Draining of low wet places is important. Flies don't breed where it is dry. Screens should he used on the dairy barn to keep flies out. Screens on the milk house are a necessity.

Inside of the dairybarn 10 lbs. of 25 per cent wettable lindane powder of 40 pounds of 50 per cent wettable methoxychlor powder to 100 gallons of water should be used for spraying. However, smaller amounts of spray solution can be made by reducing both the amount of insecticide and water, for example, one pound of lindane to 10 gallons of water.

Sprays should be put uniformly on the walls and ceilings. Avoid too much run-off. As a word of warning, Ray L. Janes, MSC extension entomologist, urges farmers not to get lindane or methoxychlor into water, on drinking cups, or on the feed.

County Agent Offers Bulletin on Grasses

To back up all this on grassland farming, Michigan State College has just published a bulletin entitled, "Grasses and Legumes on Michigan Farms." A committee headed by E. B. Hill of the agricultural economics department, assisted by Carter Harrison of farm crops and Jim Hays of dairy was assigned the job of putting together all the available information on the subject. The bulletin is the result of the committe's work. Write county agent Ed Rebman if you want a copy of the bulletin.

A section has been devoted to recommended varieties and their adaption on different soil types and in different parts of the state. with proper management of grass and legume crops on the farm. There's a pasture calender to show when different types of pastures are most likely to produce and the carrying capacity of each eype.

Make certain that small grain is down to at least 14 per cent moisture for safe storage, urge the Michigan State College farm crops specialists.

Fruit Growers Meeting Planned

A meeting for all fruit growers including both tree fruit and small fruits bas been announced for Thursday evening, July 6 at 8:30 p.m. at the Community Hall at Ellsworth according to Ed Rebman, county agricultural agent. Don Hootman, extension specialist in horticulture from Michigan State College will be the principal speaker.

ORCHARD NOTES

By Claude Fairman

Right now cherry growers are keeping their foliage covered with arsenate of lead for the cherry fruit fly. Other materials will kill the fly only there may be a residue problem. By the time the cherries are ready to pick the lead washes off easily. We received a notice from our Charlevoix county agent to begin June 15 and a notice from Antrim county to have it completed by June 23.

The orchard inspector and county agent in Charlevoix County, are doing nice jobs with their cages where they watch the first fly emerge. There are two species - - one that emerges when Early Richmonds begin to show a pink cheek, and another that emerges from the ground when the Montmorencies begin to turn red. These flies spend the winter in the ground.

The fruit fly found its way over to New York from Europe, and was very bad in New York State before it came to Michigan. The regular cherry worm, or Curculio, with head and legs, when found in cherries would float to the top of the vats and could be skimmed off with nets, while the maggot cherries sank to the botom with the good cherries.

When canned, all the maggots were found at the opening end of the can. The housewive would open a can and throw it away saying she would never buy another cherry. So, when the fly was nicely settled in Michigan a law was pased that if any grower had one maggot that he had to dig a hole three feet deep, pick and bury his crop and cover it with quick lime.

However, it was later found to be easy and sure to kill the fly with proper spraying. The fly spends three or four days flying around and rubbing her back on the leaves for a drink before she begins to puncture the cherry and lay an egg. Each load of cherries coming to the factory is inspected and the orchard inspector inspects every part of every cherry orchard.

It is hard to see a Cherry Maggot in a raw cherry as the maggot is headless and legless. The Inspector uses a black pan to crush the cherries in and adds hot water. Then, after removing the cherry pulp and pits and adding cold water, the maggots which are white, are easily seen against the black pan. Customers are sure to get worm-free and maggot-free cherries today.

The back yard grower with only one tree can also have clean cherries. It does not matter how you get the spray on as long as each leaf is covered - even if only by dipping a broom into a pail of spray material and swishing or dusting on, or put on with a hand spraying.

There have been a few reports of fruit fly in the East Jordan neighborhood during the last few years, and in practically every case the fly had blown over to the orchard from surrounding wild cherries. In these cases, a certain number of rows were blocked off, the cherries picked and buried. It is very important that the pin cherries be cut down to a safe distance from the orchard.

Many Farmers Learn Value of Hay for Dairying

Michigan farmers are finding out the importance of good hay in dairy feeding during the current Grass Day demonstrations being held in Michigan. But D. L. Murray, extension dairy specialist at Michigan State College, says there are many ideas concerning what constitutes "good hay." Mr. Murray spoke here last winter to Charlevoix county farmers at the Veterans Institute Farmers Day program.

In his opinion, good hay must start with the kind of hay crop grown. Legume crops, especially alfalfa, are the basis for good hay. To be best quality, alfalfa must be cut at about one-tenth bloom to have the palatable and highly nutritional elements that make more milk.

Weather conditions and methods of storage often damage hay that is cut basically good, so Murray says farmers must watch every detail in the haymaking operation.

In other words, Murray believes "good hay" is determioed by: 1. Quality of grass and legume in the crop. 2. Maturity of the grass and legume when cut. 3. Weather conditions at the time hay is made. 4. Methods of storage of hay before it is fed.

He describes good hay as fine stemmed, green and leafy, with a great amount of legume. That kind of hay is ideal and since 75 to 80 percent of the nutrients fed to the dairy herd should come from roughage, it should put dollars in the milk pail for the farmer. That's because it would reduce the need for heavy grain and concentrate feeding.

Farm Accidents Show Alarming Increase

Farming moved up from fourth to third place in 1949 as the most dangerous way of making a living according to the latest National Safety Council statistics. The time lost as the results of accidents to farm residents in any typical year amounts to the time needed to plant, cultivate and harvest nearly one-half the annual average wheat crop in the U. S.

To help reduce the needless deaths and crippling injuries to farm residents, the President has declared the week of July 23-29 as National Farm Safety Week.

When Buying Chicks

First step for a person buying chicks is to purchase from a pullorum-free flock and then have a clean place to put the chicks when they arrive. Buy chicks from a hatchery that is carrying on a rigid testing program to eliminate the disease in breeding stock. Hatcheries which are doing this advertise the fact that their breeding stock has a low pullorum tolerance.

SHORT-CUT IN MAKING SILAGE

Here's a sturdy machine which provides a real short-cut in the making of corn or sorghum silage. In *one* power operation, the Case field forage harvester cuts the standing row crop, chops it into short, uniform lengths, and loads the chopped material into truck or wagon driven alongside or trailed behind. Also may be equipped with pick-up attachment for windrowed hay crops, green or dry. See us about it.

County Draft Leaders Await Call for Men In Korean Crisis

The Charlevoix county Selective Service Local Board opened on full-time basis this week as the nation's selective service system was thrown into high gear because of the war in Korea. The office is located in the Judge of Probate office in the court house here.

On June 30 Charlevoix county had a total of 958 living registrants, Mrs. Anna Eccleston, draft board clerk said. Of this number 236 are classified as 1-A. There are 106 under 19 years of age.

Mrs. Eccleston said Wednesday some 1-A registrants have notified her this week that there has been a change in their status because they have married thus dropping the total to less then 230 number. Mrs. Eccleston has warned that unless registrants notify her office of a change in status they will remain in the 1-A classification.

There is also a change in the ruling of registrants who had physical examinations. Those registrants may now enlist. Until this week they were not allowed to enlist.

Serving on the board will be the same group who served during the 1948 draft call. They are Gilbert Lindsay of Boyne City, chairman; J. M. Foster, secretary and George Second of East Jordan. Mrs.Eccleston, who has served as a part-time clerk will continue on a full-time basis. The local board has been in operation at all times and thus its records are up to date.

• • •

ALTHOUGH the rulings are changing almost daily there are a few rules which will apply to draftees: The first draftees will be selected from the highest age group who are classified as 1-A., with the 25 year age group. They will then come down the list calling the 19 year olds last. As in most communities, the first call is expected to include a large number in the 22-23 year group because there are few 1-A men in the older groups.

Eighteen-year-olds will not be called under the present ruling.

Anyone who served a given length of time in World War II and for nine months since then will not be called at this time.

The board will attend an area meeting in Gaylord July 20. At that time they will be presented with plans for the de-centralization of the present selective service system and the problems which have arisen in this emergency.

Every young man must register when he reaches his eighteenth birthday, Mrs. Eccleston warned. All other registrants are urged to notify the board of any change in their status.

Plans Progress For Annual Venetian Night

Plans for the annual Venetian Night parade and the second annual Charlevoix Hospital carnival which will be held the last week-end in July are progressing.

The Venetian Night parade and program produced under the sponsorship of the Charlavoix Marine Club and the Board of Commerce will be held Sunday afternoon and evening. Robert Hamilton, commander of the Marine Club, is general chairman of the parade committee.

The Hospital carnival committee is headed by Herbert Schofield assisted by Mr. Hamilton and Dean Davenport.

The carnival will open Friday afternoon with a radio broadcast from East Park where the battery of phones will be installed to receive the pledges. The program for the event has not been completed.

Refreshments, games and produce hooths as well as other entertainment booths will be opened Friday following the broadcast and all but the games booth will remain open until Sunday evening. Entertainment will also include a street dance activities for the children, boat rides, a barbecue and other events still in the planning stage.

On Saturday a children's parade will be held at 2:30 p.m. and at 9 p.m. the Queen's ball will be presented at tha Beach Hotel.

Sunday's activities are being planned by the Marine Club and S. E. Coleman of the Board of commerce and will be announced later.

Five Pay Fines for Illegal Fishing

Five persons paid fines in Charlevoix and East Jordan on fishing violations.

Appearing before Justice C. P. Murphy were Ernest Stoppel and his son, Roger, charged with fishing without licenses. They paid $12.80 fine and costs each. Mark Mercier of Omaha, Neb., also paid $12.80 for having undersized black bass.

Arnold Fuller of Detroit and Robert Bergmann paid $9.50 fines and costs, after pleading guilty before Justice H. E. Paddock for catching undersized black bass.

Family Reunion

A family reunion was held at the home of Mr. and Mrs. George Cook Sunday and was attended by Mr. and Mrs. Edward Probst of Farmington, Mrs. Harvey Cannell and two children of Petoskey, Mr. and Mrs. Harvey Cook of East Jordan, Henry Walker of Jackson, Mr. and Mrs. Orson Cook and Mr. and Mrs. John Stebe and son, Jack, of Charlevoix.

Carey Twins Keep Youngsters Busy In Youth Program

Bill and Bob Carey, Michigan State football players may look after the big boys on the football field but this summer they're caring for the little boys in Charlevoix.

To date they have 20 local youngsters in the early elementary age group for day camp. The boys are picked up via the Kiddi-Carey-all each morning Monday trough Friday, spend the day in the open. Their activities feature swimming and swimming instruction, games, a rest period each morning and afternoon during which they have nature study, stories or discussions.

Once each week the boys go on an outing with a picnic lunch at noon. Other days they return home for lunch.

The camp will be open until late August when the Carey hoys will return to Michigan State college for fall football practice. Bob, who saw plenty of action with the Spartans last year, will continue in the left end position while Bill, who saw limited play last season, is playing in the quarterback position and is expected to play a major role in the Michigan State squad.

Night Owls Face Traverse City Here on Sunday

The Charlevoix Knight Owls oppose the Traverse City Naval Air hase at 8:30 p.m. Sunday at the softball field here. The game should be a close contest.

The Knight Owls battled the strong Ionia Inn team for 11 innings Sunday before going down under a flurry of hits which netted four runs and the game, 7-4. Three times the losers came from hehind to tie it up when it appeared as though the visitors were in.

Bill Carey with a homer, triple and a single was the batting star for the locals. Bob Carey also hit a homer. Patrick and Johnson led Ionia with two hits each. The winning pitcher, Warden pitched a seven-hitter and had the losers popping up most of the time. Chick Gallagher allowed nine hits with four of them coming in the eleventh when he tired.

Beaver Island Visit Should Be Must for Every Charlevoix Guest

By Vic Spaniolo

If it's rest and relaxation and a chance to do some excellent fishing—if that is what you want—then Beaver Island should be a must for every summer visitor to Charlevoix county.

While Beaver Island has never been given the build-up by publicity agents such as was done on Mackinaw, the settlement of the famed King Strang to us is far prettier and offers more of the rustic beauty of nature.

The people who have visited Beaver Island leave the Island singing its praises and a little sad that their outing had to end. That was the way we felt last Friday when we had the pleasure of spending part of a day there.

• • •

IT WAS OUR first trip, a trip that had been long overdue. We had heard lots of stories about the beauties of the island but the sight that greeted our eyes when Joe McPhillips set his two-engine Cessna down on the Island was one of raptureous beauty from a pastoral view.

The simplicity of it was the thing that made an impression on us. No matter how busy and harried the rest of the state may be with its teeming big cities, the Island makes you banish your cares and tribulations while there.

• • •

MEETING US at the airfield was genial Archie La Freniere, the Island's prime booster and secretary of the Association of Commerce, and Bert McDonough. Lack of time prevented us from seeing many of the historic spots on the Island.

But we saw enough so that we have promised to go back next month and spend a couple of days, fishing and loafing if we can sell the boss on the idea. Most of the visits with Island residents were fleeting as Archie wanted us to see as many as we could.

We saw the memorial to Dr. Feodora Protar, Russian Emigre, who still lives in the hearts and minds of the oldtimers. To the Islanders, Dr. Protar with his kindliness and feeling for his neighbors, will always be remembered.

• • •

THE ISLAND reminds us of the French Catholic communities in Quebec, Canada. Holy Cross church provides a cool respite from the hot summer sun. Its size was surprising. The traditional Catholic altar welcomed the visitors.

Then Archie took us to his headquarters at the Shamrock before stopping at our loyal friend and supporter, Mrs. Margaret Hanley, whose writings of the Island have endeared her to the Courier readers.

One amusing thing at the Shamrock was the ancestral map of Ireland, which Archie explaied, settles ancestral arguments of the Irish. For the first time we saw wild strawberries and they tasted every hit as good as Mrs. Hanley said they did.

We also visited Lawrence Malloy and Lloyd McDonough and Vern La Freniere among others. All were gracious and insisted we stay longer for a real visit. We regretted that we could only say "hello" to Dr. and Mrs. Palmer.

Our few hours visit to the Island came to an end when Archie took S. E. Coleman, who sings the praises of the Island at every opportunity, and myself to the airport.

For those who want to reach the Island in a hurry, McPhillips air service is the way to go. For others who love a water trip, the M. S. North Shore makes daily trips and tho boat trip has proved very popular.

The fishing off Beaver Island and the nearby islands has been excellent.

You can't leave the Island without having a good time, Archie says.

Reckless Drivers Pay Heavy Fines

Two teen-agers who police said were "playing tag" with their cars paid fines, costs and made restitution for damage to a lawn on Park avenue.

Pleading guilty before Justice H. E. Paddock to reckless driving were Victor D. Pierce, 10, U. S. Coast Guard, and Herbert H. Tedder, 18, Berkley, Mich. Each paid $50 fines, $10 costs and $25 for damages to the Sucher lawn.

They were arrested by Officer Joseph Smith. Several residents had complained to police that a pick-up truck and a car were racing on local streets.

Added Taxes Voted Here for One Year At Annual Meeting

An additional seven-mill levy for a building and site fund was authorized by voters at the annual school meeting Monday night in Charlevoix. The levy is for one year.

The meeting was again marked by a small turnout with some 32 voters appearing at the meeting. The vote to levy the seven added mills was 26 to 6.

Bonnie Nickerson and Fred Willis, incumbent members of the board of education, were re-elected without opposition. Mr. Nickerson polled 57 votes and Mr. Willis 56 in the regular election.

E. D. "Pat" Hawley, board treasurer, in his annual report said that for the first time in five years no extra millage will be levied for operation. Last year two mills was added for operational costs and the year before, three extra mills were levied.

The added millage will mean the raising of $28,812 for the hullding and site fund during the next year on the basis of the district's assessed valuation of $4,116,000.

• • •

IT ALSO MEANS that school district property will be assessed a total of 22 mills for all purposes. A breakdown of the millage reveals seven mills for building and site, five mills for operation, eight for county operation and two mills for the county sinking fund for a new courthouse.

Speaking in favor of a new school building Edward K. Shanahan, chairman of the Charlevoix School committee, said that the community's children are entitled to better school facilities in today's world.

He advocated positive steps toward calling a special election when voters could vote on a bonding issue for a new school. Mr. Willis said that he was glad to see the building and site fund started. Others at the meeting voiced their confidence in the fact that steps should be taken to deter- the opinion of the taxpayers.

The motion to raise the millage was made by Mrs. Harold. Taylor. Roy G. Bennett, school superintendent, said that the school is overcrowded and pointed out that the intermingling of the seventh and eighth graders with older students is not desirable.

THE SALARY of the members of the school board was continued at $150 each.

The financial report revealed that the school district received $26,660.09 from current local taxes, $19,448 in primary money, $71,330.20 in school aid and $21,328 from the sales tax. Total receipts were $185,763.04.

Budget dishursements showed expenditures: $90,504.92 for instructional service, $12,185 for auxillary agencies, $16,758 for operation and $5,087 for maintenance. The total for disbursements equaled total receipts.

Visits Charlevoix In Campaign for Governor's Post

Cong. Albert Engel, Republican candidate for governor, was a Charlevoix visitors Saturday.

As part of his campaign of visiting every county in the state, Mr. Engel made it a point to visit with merchants, bankers and others in Charlevoix. As a militant congressman for 16 years, he decided to run for governor, feeling that the state can well use one of his experience.

Mr. Engel is well known in the state and nation for his continuous efforts to reduce governmental expenditures while assuring the government of getting full value received for what it bought.

Sharply criticizing Governor Williams for his so-called "running the governor's office while calling square dances," Engel said Michigan voters must call a halt to Democratic frivolity with governmental funds.

Engel is visiting every county by means of a car and a trailer, conducting his campaign on a grass roots level instead of trying to rally support from formal Republican organizations.

Declining to commit himself on new taxes, he said that a thorough overhauling of the tax structure is needed in the state before new taxes can be considerd. "It's quite possible we don't need them," he said.

To Speak Here

Rev. Robert Reardon, vice-president of Anderson College and Thealogical Seminary, Andersnn, Indiana, will be guest speaker Sunday, July 10, at the Church of God. He will speak in both services.

Invite Governor to Ellsworth Barbecue

Ellsworth—Gov. Williams and Rep. Charles E. Potter have been invited as speakers for the 25th annual barbecue to be held Aug. 19 and sponsored by the Jansen-Richardson post 488, American Legion.

False Fear of Sugar Scarcity Cleans Shelves

Fear of food scarcities has spread in Charlevoix and other communities in the state and nation.

In a furious wave of buying of foods, particularly sugar and vegetable oils for cooking and baking, local stores have depleted stocks. For several days in the last week, there was no sugar to be had in local stores.

Sugar lines formed at several of the stores when the news spread that sugar could be bought. Many housewives and others have loaded up on sugar. We stood in one store and watched one woman buy 250 pounds of sugar, supposedly for strawberries. She must have had a lot of strawberries to preserve.

This panic of trying to load up on sugar when sugar suppliers say that there is plenty of sugar will certainly mean that prices will advance. The consumer will be the loser because within a few days or weeks, sugar will be several cents a pound higher.

The events in the Far East in the last few days have not meant less sugar for Americans. There is plenty of sugar but a certain few people start buying heavily and then everyone has to buy to protect themselves. All of us would be better off if only enough sugar or other items are bought to fill our normal requirements.

There will be temporary shortages of certain items from time to time. But the shortages will be less severe if we buy just enough for normal use without trying to hoard. In the end we pay the bill because abnormal demand makes the prices jump.

Street Signs Needed to Assist Visitors

A summer visitor whose stop in Charlevoix was his first the other day inquired about the location of a certain street.

He said he had been looking for about 20 minutes after asking directions of another resident. But he could not find it, no matter how hard he looked.

He was absolutely right in saying that he was not able to find it. No stranger could find many of the streets in Charlevoix, unless he used certain landmarks as a guide.

The reason for this groping and wandering by any person not familiar with our community is the weather-beaten, poorly-seen street signs. It means a lot to a stranger in town to be able to find certain locations when he is guided by well-marked street signs.

The visitor with whom we were talking was a bit disgruntled about not being able to find his way around in a small community such as ours. We finally took him to the street on the northside where he had rented a home for the month of July.

While we are in wholehearted accord with efforts of the city administration to keep expenses down, it seems that street signs should mark every intersection. Charlevoix has more visitors, many of them who have not been here before or who are not familiar with our streets.

In trying to find their way about the community, they naturally expect to see street signs which are visible. It is important to us and to them that they be able to find their way easily.

A project for putting up new signs may have to be postponed this summer because city crews are busy. But it should be one of the first things the city does to aid our visitors.

Let's mark our streets with easy-to-read signs.

Ellsworth Couple Wed 40 Years

Ellsworth—Mr. and Mrs. James Heeres celebrated their 40th wedding anniversary Saturday at their home here with a chicken dinner, prepared and served by Mrs. George Klooster and Mrs. Miner Koster.

Children present were Mr. and Mrs. Henry Heeres and family, Mr. and Mrs. Gerrit George Drenth and family, Mr. and Mrs. Theodore Heeres and family, Mr. and Mrs. Harold Jansen and family and Donald Lee Heeres. Other guests were Mr. and Mrs. Herman Heeres, John Heeres, Mrs. Elizabeth DeYoung, Mr. and Mrs. George Koster, and Mr. and Mrs. Miner Koster and son.

Out-of-town guests included Rev. and Mrs. Thomas J. Hinkin of Saginaw, Mr. and Mrs. Earl Pierce, Mr. and Mrs. Donald Roberts, and Mr. and Mrs. George Visser and son, Peter, of Grand Rapids. Mr. and Mrs. Heeres received many useful gifts.

Whether contaminated irrigation water can carry disease organisms to vegetables irrigated with poluted water is the subject of much research at the Michigan Agricultural Experiment Station, East Lansing.

One can see the most amazing things on Bridge st. these days . . couldn't believe our eyes the other day when a young man crossed the street with a young racoon, a real one, around his neck . . . sure was cute and everyone was getting a bang out of seeing and a nip of the fingers if you tried to pet him . . . We also heard about the baby chipmunk the Dean Davenports have . . . seems he's bottlefed and has grduated to holding his bottle (a doll size model) when its chow-time . . . they even found the other day that he makes all kinds of funny noises . . . particularly when he isn't getting enough attention . . . Alvin Ranger had a pet crow until recently when it answered the call of the wild and returned to the swamp.

IT'S GOOD TO hear that the Vincent Madisons mentioned last week escaped safely from Korea . . . a wire to the Detroit Edison Co. brought the news that they were in Japan . . . We're wondering if the Ted Gravelins got out with them . . . Seems Ted, a former resident who had lived in California for some years, was to leave for Korea earlier this spring to work with Vincent Madison on a power project for the southern Korean government . . Mrs. Gravelin is the former Linda Meggison . . . they have one son.

WASN'T THAT a honey of a yacht, the Stella Polaris, anchored in Round Lake last week . . . Capt. Joe Howard reports that we have had plently of early visitors this season in spite of the cool weather . . . a glance at the Harbor Log will tell you that a good many of them are stopping off for the first time . . . it won't be long, however, before all the old timers will be returning and greeting friends. . .

Have you been to the band concerts in the park? . . . if not you'd better make your way to East Park next Wednesday . . . there's nothing like a music under the blue sky . . . and it's more fun . . . people you never see elcewhere you see in the park on band night . . give a try . . . we're sure you'll have a grand time . . .

HERE'S SOMETHING for the books, we think . . . in November 1943, a friend of ours, Warren Duplessis, was wounded at Tarawa and returned state-side . . . at the time he lost his seabag and all his belongings . . Came a letter recently stating the gear was at the Marine Corps Personal baggage center at San Diego . . . since a letter with our name on it was found in the bag they wrote for information on the serviceman . . . and after nearly seven years . . .

IF YOU CAN'T keep up with the draft regulations don't be surprised . . . one thing we're sure of . . the board is being reactivated . . . but rules and memos are arriving daily and things are changing rapidly . . . three calls from the draft board Monday morning alone brought three new changes . . . just be patient . . . when thew want you, you'll he getting the letter which starts: From the President of the United States, Greetings . . then you'll know what to do . . . but remember the draft board members and the clerk, Mrs. Anna Eccleston, merely put into action in our county the orders they receive from higher up . . .

And if yuo're thinking of going to the Soo to see the Locks in operation . . . change your plans they're now fenced off and under guard . . and no pleasure craft are allowed to pass through the American locks . .

Dogwood Shrubs Are Beauty to Behold

By Mrs. R. Alexander

Have you noticed the native dogwood shrubs in blossom while driving in this section of the state? Reminds one of the "Legend of the Dogwood Tree."

At the time of the Crucifixion the dogwood tree was as large, strong as the oak and was chosen as the timber to be used for the Cross. To be used for this purpose distressed the tree and Jesus, in his pity, promised, "Never again shall it grow large enough to be used for a cross."

Henceforth the dogwood has been a flowering shrub, it's blossoms in the form of a cross—two long and two short petals. At the end of each petal there are nail prints.

In the center of the flower is a crown of thorns. And this tree shall always be cherished as a reminder of the Cross.

So it has always been and the springtime flowering of the dog wood has remained a symbol of divine sacrifice and the triumph of eternal life.

Next Best Thing to a New Road!

YOU must understand, of course, that nothing in the world can take the place of a beautiful ribbon of improved highway—

—stretching so enticingly out into the open country, and all but beseeching you to come for a ride!

But under the happiest auspices, you will have to do much of your driving, for years to come, down roads and highways that leave something to be desired—

—and how lucky you'll be if you ride them out in a 1950 Cadillac!

In recent years, Cadillac has carried out a tremendous program of research and improvement to achieve a finer "rough-road" ride. The development work has covered steering, springs, shock absorbers, frame, wheels, tires, shackles—and all the engineering problems involved.

In the 1950 Cadillacs, this great program has come to full fruition—and the results are simply a revelation.

First, you get wonderful *balance*. The car "stays put"—and you have a reassuring feeling of stability, even when the going's uncommonly rough.

And your ride is amazingly *level*. You "float" over the bumps and the depressions, ever so gently. Only a road so bad that it deserves condemning can make itself obvious to either the driver or passengers.

And, of course, the remarkable *quietness*, of both body and chassis, shows up most dramatically on the roughest roads. For quality tells its finest story when the pressure is greatest.

Why not come in and get acquainted with this wonderful car? We'd be happy to see you any time.

Helen Jean Hammond Exchanges Vows With Carl Hartmann at Church Ceremony

In an afternoon ceremony solemnized at the First Congregational church Saturday, Helen Jean Hammond and Carl Thomas Hartmann spoke their wedding vows. The bride is the daughter of Mrs. Oakley James Hammond and the late Mr. Hammond and Mr. Hartmann is the son of Mr. and Mrs. Carl Hartmann of Newaygo.

The Rev. Jackson E. Turner officiated in the presence of 250 guests before an altar decorated with baskets of white foxglove, Canterbury bells and shasta daisies and lighted tapers in candleabra.

Mrs. A. J. Stelter played a program of traditional music and accompanied Frank Poole who sang "When Song is Sweet" and "The Lord's Prayer".

Escorts Bride

Escorted to the altar by her uncle, King Saunders of Lansing, the bride wore a gown of white Fisha imported organdy designed with a full skirt which had graduated tucks of organdy and taffeta. The fitted bodice had a small turned down collar, self-covered buttons to the waist and full bishop sleeves. The gown was sashed with white taffeta. Her shoulder-length veil of starched illusion fell from an organdy cap wreathed in lillies of the valley. She carried a shower bouquet of white stephanotis and pompons and ivy centered with baby gardenias.

Mrs. Clair S. Webster Jr. was matron of honor and Virginia Ranger and Barbara Van Stone of Pontiac were bridesmaids. They wore sleeveless ballerina length gowns similar to the bride's matching picture hats and pumps and carried arm bouquets of shasta daisies. Mrs. Webster's gown was of green Fisha imported taffeta, bridesmaids gowns were yellow.

Sandra Rowe of Newaygo, niece of the bridegroom, as flower girl wore a floor-length gown of orchid organdy, a shasta daisy headdress and carried a basket of the same flowers.

Donald North of Grand Rapids assisted the bridegroom as best man and Larry Lancaster and Elwyne Sherwood of Newaygo and John Neff of Grand Rapids completed the wedding party as ushers.

Mrs. Hammond selected an afternoon gown of aqua crepe and white accessories for her daughter's wedding. Mrs. Hartmann wore a navy sheer ensemble with matching accessories. Both had corsages of yellow roses.

Reception Held

Immediately after the ceremony a reception for 150 guests was held at the Shady Corner.

Following a brief wedding trip the couple has returned to Charlevoix and will reside at 405 Bridge st. For traveling the bride wore a turquoise silk shantung suit, white accessories and a corsage of baby gardenias.

The bride is a graduate of Michigan State College where she was a member of Kappa Kappa Gamma sorority. The bridegroom graduated from Grand Rapids Junior College in June and will continue his studies in pre-law school at Aquinas College, Grand Rapids, this fall.

Among those from away who attended the wedding were Mr. and Mrs. William Ripley of Cheboygan; Thomas Nicholson of Detroit; Mrs. N. A. Burney of Grosse Pointe; Deeda Supernaw of Madison, Wisc.; Mr. and Mrs. E. N. Joslyn of Sturgis; Mrs. Thomas Sinclair of South Bend, Ind.; Mr. and Mrs. Richard Paddock of Midland; Mr. and Mrs. Homer Huysman of Kalamazoo; Mr. and Mrs. King Saunders of Lansing;

Also Mr. and Mrs. Howard North of Grand Rapids; Mr. and Mrs. D. Cornell of Muskegoo; Mr. and Mrs. Henry Krupinski Mr. and Mrs. R. J. Katuba, Mr. and Mrs. R. Randolfsen, Mr. and Mrs. Fred Fischrup, Henry Johnson, George Johnson, Eleanore Bjirke and Ruth Pederson of Chicago; Mr. and Mrs. Carl Hartmann Sr., Mr. and Mrs. Earl Cornell, Mr. and Mrs. Clair Rowe and daughter, Sandra, Mr. and Mrs. Henry Rowe, and Eleanor North of Newaygo.

What's Doing
At Camp Charlevoix

"Once Again We Come Together" was the song that started off the 1950 season at Camp Charlevoix last week when 115 boys from eight states gathered for a summer of fun. The week was spent in choosing Green and Grey sides, activities, electing cabin representatives, and getting boys orientated to camp.

The captains of the Greens and Greys were elected. They are: Junior Grrens, Clem Gill of Ann Arhor; Junior Greys, Johnny Northway of Huntington Woods. The Intermediate Greens, Jerry Martin of Grosse Pointe, the Intermediate Greys, Johnny Logic of Grand Rapids. The Senior Greens, Jack McQuiggan of Xenia, Ohio, and the Senior Greys Bob Timmons, of Coshocton, Ohio, and Co-Capt. Alan Mendelssohn of Detroit.

* * *

REGULAR activities got underway on July 4 when the day was topped off at the waterfront with equipment contributed by Sterling and John Ragsdale, Bob Brown, Dick Smith, and several others.

Wednesday night the Annual Pillow fights were held. Boys were most anxious for this event as they prove a lot of fun. The two champions crowned that night were little Johnny Beeman of Grand Rapids and Lev Flournoy of Toledo.

Each year there is a cabin representative elected. This council helps set camp policy, under direction of Don Dannecker, head of the junior section, and the following boys have been elected to this important group: Johnny Osbhrn, Clem Gill, Johnny Beeman, Johnnie Mueller, Mike Grossman, Austin Pendleton, Chip Weil, Danny Robinson, Steve Smith, Tim Mast, Tom Watkins, Andre Loebel, Jeff Jennings, Bill Ruggles, Larry Reisinger, Jim Stockwell and Ned Lambrecht.

* * *

SATURDAY NIGHT, the Green and Grey competition started off with ball games in each section. The Greys won two of the games so started the season off with a two point lead. The big event was the opening council fire with the entire camp being initiated into the tribe.

Jake Whitecrow, Assistant cowboy here at camp this year, put on several Indian dances. The men assisting "Chief" Whitecrow were Chuck Swing, John Jackson, Don Allard, Tom Murphy, Joe Daniels, Bill Yost, and Walt Greising. Johnny Ellsworth, head of the pioneer section, was in charge. Ken Smith gave the challenge to the campers that they might strive to build up certain ideals. The spirits of 1949 were unburied, and several of the notes written by boys last year were read.

Sunday morning the camp chapel service was held in the outdoor chapel. The talk was given by "Ken" who spoke on "Building a Reputation". He stressed the importance of starting now to build a fine reputation.

* * *

A GREEN AND GREY Waterfront Day was held. Johnny Logie of Grand Rapids led his Greys to victory, assisted by Steve Smith of Grand Rapids, a leader in several events. Lucien Layne of Cincinnati also starred for this team. Dick Degener, Bill Hardie Bob Inch and Larry Reisinger were the "big wheels" of the senior section. Jack McQuiggan led his team in the water melon scramble.

Sunday night the Juniors had their vesper service.

Trips are starting this week, with cabin 17 taking the lead. This section is taking a three-day canoe trip with John Ellsworth leading the way through Crooked Lake, Crooked River, Burt Lake, Indian River, and into Mullett Lake.

Several parents have written asking about the closing events so that they can know to which affairs they are invited. These important events are scheduled this way: August 25th, Friday, The final Banquet at 6:30 p.m. No parents or guests are invited to this as we do not have the room. Parents and guests may come in at 7:30 for the program part of the banquet. August 26th. Saturday, the RODEO at 3. Parents and guests are invited to and Indian Ceremony to which this.

IT HAPPENED ON . . . .
BEAVER ISLAND

By Mrs. J. C. Hanley

Beaver Island is in its "hay day" with the farmers either haying or making preparations to do so. There will be ample hay in the barns this year. Island crops, although retarded by the cool weather, look good.

Francis Ricksgers returned to the island for the haying season Francis left for sailing in the spring and is on leave from his boat. Mrs. Ricksgers went to the mainland to meet her husband and together they picked out a nice looking car to bring home.

To celebrate the Fourth of July, the Altar Society sponsored a party in the evening. Games were played, a lunch served and dancing enjoyed. Mrs. James W. Gallagher, Mrs. Frank Nackerman, Mrs. Margaret Hanley, Mrs. Lloyd McDonough, officers of the Altar Society, were in charge.

Kay McDonough has resumed the job as organist at Holy Cross Church. Kay completed her freshman year at Notre Dame school in Chicago and as soon as school was out, came to the island to spend the summer with her grandparents, Mr. and Mrs. Willie John Gallagher.

Norman Gallagher and little daughter, Colleen, visited his parents this past week.

Mary Malloy, who has completed her first year in nursing at the Mercy School of Nursing, Grand Rapids, is spending her vacation with her parents, Mr. and Mrs. Lawrence Malloy.

Lillian Boessell and party from Chicago are vacationing in Miss Boessell's cabin at the south end of the island.

Judge and Mrs. E. R. Boyles Lansing, have arrived on the island and will spend the summer in their log cabin overlooking Sand Bay.

Mr. and Mrs. Lloyd McDonough swapped their car for a good looking 1950 blue model.

Mrs. Edyth Kleinheinz, mother of Chuck Kleinheinz, has come to the island to make it her home. She has rented the red cottage by the Shilleleigh Restaurant owned by Eddie Gallagher. Mrs. Kleinheinz will operate a beauty shop in her home and is now open for business.

Mr. and Mrs. Glenn Forbs, Detroit, were visitors to the island during the past week.

Mr. and Mrs. Charles Teeter, River Forest, Ill. accompanied Mrs. Teeter's mother, Mrs. Mary McDonough, to the island. Mrs. McDonough spent several weeks visiting her daughter. Mr. Teeter returned after a few days spent on the island but Mrs. Teeter will remain with her mother for a nice vacation.

Mr. and Mrs. Roger Carlisle can't stay away from the island very long at a time. They are back again, and during the past week, had as their guest son-in-law, Jerry Lockwood.

Mr. and Mrs. Boh Bridge, Mr. and Mrs. Pat Hawley, Mrs. G. B. Saltonstall, Charlevoix, sailed to the island on the "Rogue" Monday for an over night's stay.

Mr. and Mrs. Ira Haight, Holland, occupied Kempter's cottage during the past week.

The wild horses on High Island received a bit of publicity lately and the write-up attracted Mr. and Mrs. Leo Willbank of Benton Harbor. They arrived on Beaver Island a week ago enroute to High Island to investigate those horses. They were taken to the island via Rolland McCann's fish tug with equipment for sleeping out under the stars and cooking on the beach. They returned to Beaver Friday and their experience with wild horses was interesting to say the least. While away from their camp sight, the horses paid Willbanks a visit. They helped themselves to a rain coat and evidently it was very delectable for they practically ate it up. For desert, the horses topped off with a box of brillo pads. In one of the shacks, they put their supply of eggs and other things. These were dumped over and all eggs broken. Exploring around the Willbanks discovered the missing horse, there were four living alone and liking it for thirteen years until this winter when only three were sighted. The horse had fallen in a cellar opening and it is believed the animal starved to death. Finding the horse confirmed the belief that some misfortune had happened to one of the foursome.

Mr. and Mrs. Willbank enjoyed their camp life on a lonely island with only wild horses for company. They will surely have something to talk about for years to come.

Chuck Kleinheinz and Carl Keubler brought back from a marshy spot at the south end of the island a bouquet of the most beautiful Ladies Slippers this reporter has ever seen. They are so large and delicately tinted that they are known as "Michigan Orchids."

During the first week in July, thirty-five Chirstian brothers arrived on the island for a 50 days retreat at the Brother Domnan Lodge. The Brothers came from all parts of the United States, Canada and Mexico to attend the retreat. Sunday was a free day for the Brothers. Mike Cull'a LaFond was engaged to take them to High Island for a picnic and the day was perfect for the trip. Hardly a ripple on the water.

Mr. and Mrs. Harry Bush and two children, Chicago, returned to their home Saturday after a vacation on the island. They occupied the Johnny Andy Gallagher's home.

Henry Allen left Thursday to attend a meeting of the state Board of Public Instruction in Marquette.

Leo McGinnes is quite an entertainer with his Irish songs and jokes. He made Daniel Meehan's trip to the island so enjoyable that Meehan vows and declares he is returning to the island soon. Meehan, from Grand Rapids, spent the week-end as a guest of the King Strang Hotel.

Father Bernard Schied is quite an aviator. He piloted a plane up from Chicago to stay on the island in the absence of Father Giles.

Mrs. Rose Benjamine and Lillian Greene received word of the death of their brother, Anthony Greene, Saturday morning and quickly made arrangements to come to the island via air. They left Chicago at 4:30 in the afternoon and were on the island soon after 8 p.m.

Daniel, Burnell, Rose, Lillian and Anthony Greene, children of Anthony Greene, returned to the island for their father's funeral.

Don Campbell paid a "pop call" to the island Sunday afternoon enroute from Garden Island where he went for a fishing trip.

John McDonough, yachtsman from Chicago, paid a visit to the island this week to throw his hat in the ring for the contested title of "Mayor of Beaver Island." His worthy opponent is Chicago yachtsman, Bill Whalen—sailor, actor, master of ceremonies and good will ambassador of the island. They both will meet on the island in a few weeks and there will be a hot time in the old town when those two tie up at the dock.

The American Way

BEER AMERICA'S BEVERAGE OF MODERATION

In Michigan, farming is a Number 1 activity especially during this time of the year. And to ease that tired feeling after a hard day in the fields "The American Way" is to enjoy a glass of cold, refreshing, Michigan brewed beer.

For beer is the kind of beverage Americans like. It belongs . . . to pleasant living, ta good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. Beer Belongs . . . Enjoy It

GI Farmers Improve Their Herds By Testing Milk Samples Monthly

By Ellsworth Besemer

Veterans in the Charlevoix Veterans Institute On Farm Training Program are improving their dairy herds through methods learned in classes.

Using the owner - sampler method of collecting milk samples the veteran's dairy herd is tested once each month for butterfat. The veteran takes a representative sample of milk from each cow at the evening milking and again from the morning roilking and puts it in a 2 oz. milk sample bottle.

HE WEIGHS THE total milk given for each of the two milkings for each cow and records the weights. Some of the veterans weigh the milk daily from each cow and records the weights oo a daily milk sheet. The milk samples are brought to class on a pre-arranged date and eight students are selected to help each month to test the milk.

THE MILK is tested at the Charlevoix high school. The Babcock test is used.

THE MILK samples are warmed aad shaken so the fat will be uniformly mixed. Then 17.5c.c. is drawn into a pippette and placed in a milk test bottle. Next, 17.5 c.c. of sulfuric acid is put into the milk test bottle and the milk and acid carefully mixed until all the non-fat solids are dissolved. The bottles (12) are put into the centrifuge and whirled for 5 minutes, 2 minutes, and 1 minute.

MEASURED quantities of hot water are added after each stop. The test bottles are then removed from the centrifuge and put into a hot water bath to allow the butterfat column to concentrate in the neck of the test bottle.

The students enter the test aad milk weight for each cow in the dairy herd-book furnished by the Veteran's Institute.

They study the cows record for several months and decide from them whether she is produciog enough to pay for her keep. Since this testing program was initiated a year ago, Some 270 dairy animals amountiog to over $40,000 have been brought into these herds as a result of testing. There are 45 herds being tested in the Charlevoix Veterans Institute.

There are seven additional veterans who are members of the county Dairy Herd Improvement Association.

AN EXAMPLE illustrates the unmediate good experienced by a change in herd management. Steve Faculak's last cream check before selling his culled cows was about $20. After getting his replacement cows his cream check was better than $60, an increase of three times his old dairy income.

IN ANOTHER CASE - Jason Van Zant bought a Jersey cow from a member of the 400 Club at Corunna Michigan. In the 400 Club all the dairy herds have to average 400 lbs or over of butterfat for the year. Jason's Jersey has maintained a high record and gives promise of producing over 600 lbs. butterfat for the year.

Herd managemeat in the proper use of pastures is paying off for the veterans. Herd testing and pasture improvement have changed the veteran's dairy enterprise into a more profitable one for him .

Art Nicloy's Holstein Tops June Producers

A Holstein cow named Gertrude owned by Art Nicloy and sons of East Jordan was tops in the Charlevoix- Antrim Dairy Herd Improvement Association by producing 86.6 pounds of butterfat during the month of June according to the report of Don Graham, tester, which was turned over to Ed Rebman, county Agricultural agent. The second highest cow in the association was a milking short horn owned by Jim Rubingh and this cow produced 77.3 pounds of butterfat for the month.

Frank Cellner of Charlevoix owned the Guernsey herd that was highest for the association by averaging 50.2 pounds of butterfat. This average is the highest ever reported in the Charlevoix-Antrim assaciation since it was organized about three years ago.

A holstein herd owned by Marion Best and sons of Ellsworth was second highest by averaging 45.6 pounds of butterfat per cow.

A total of 36 herds was tested by Don Graham which included a total of 415 cows. The average milk production was 88[illegible] pounds of milk per cow and 33.2 pounds of butterfat per cow.

ORCHARD NOTES

By Claude Fairman

Regular Cherry picking will begin about July 20. Early varieties of Sweets will begin July 10 and on into August. The Porter Orchards alone will hire 600 pickers, and many other orchards, large or small, will use a lot of pickers. We use a lot of pickers from around here, including the City of Charlevoix. We have some times in the past used Mexicans and Jamaicans, however our home people do a better job and are more dependable.

Today there are grading laws for everything, even cherries! We can well remember the old farmer pumping water in the milk can, picking up a few sacks of apples, throwing them in his lumber wagon and trotting his horses to town. When we are handed a copy of the grading laws, it is a mile long and sounds complicated. However, all the pickers have to think about is Cherries free of stems, leaves, limbs, off color, under size, crushed cherries etc. A Cherry with a stem on is picked off the belt at the factory and thrown away and the grower is docked one per cent for one cherry. If the grower gets a test of 05 he has no dockage. Most growers always get 95, that is, if there is no wind whip, hail specks, etc.

Birds and crows are a problem where one has a large number of varieties of Sweet Cherries. We evercome this here at home by beginning at 5 a.m. and putting a man on the gun at 7 a.m., then patroling the orchard all day.

Everything does not happen at once, but here are a few of the things we look out for in season. Frost, Freeze, Wind, Hail, Rabbits, Mice, Rodents, Birds, Deer, Fungas Diseases, Virous and Insects. Nothing to worry about. Just take them in season and one at a time.

Beware Ivy

Learn to recognize the three-leafed poison ivy and stay away from it, the Michigan Department of Health warned Michigan people today. No one is immune to ivy poisoning. Exposure to poison ivy may result in serious month-long illness which may require hospitalization.

Fruit Growers to Set Up Group For Two Counties

A group of fruit growers largely from Charlevoix county with some from Antrim met last week at Ellsworth to hear Don Hootman, extension specialist in horticulture of Michigan State College discuss the advantages of a county horticultural organization. The fruit growers present were all in an agreement that such an association would be beneficial to them.

Five growers were elected to work with Walter Kirkpatrick, Antrim county agent and Ed Rebman, Charlevoix county agricultural agent to draw up tentative by-laws and articles of incorporation. These five growers are Melvin Sommerville of Boyne City, Fred Sherman of East Jordan, A. L. Darbee of East Jordan, Claude Fairman of Charlevoix and Doo McLaughlin of Kewadin. This group will meet sometime after harvesting to draw up tentative plans.

Another meeting for cherry growers will be planned for next week just before harvesting. All cherry growers will be invited to this meeting by a letter from the county agents office. If you do not get an invitation from him it is because your name is not on his list. Please contact him so that you will receive these notices of meetings.

Need Liability Guards on Farms

Today everything may be running smoothly on your farm - - tomorrow you could have a serious accident lawsuit on your hands. Warren Vincent, farm management specialist at Michigan State College, says this may not happen on any farm in a lifetime, but it is possible. Farming is a very hazardous occupation.

Farmers, like other employers, can be held liable for accidental injury or death to employees, or injury to the public or public property, whenever negligence can be proved. Examples: a hired man injured while using faulty equipment, or an accident caused by straying stock on the highway.

Here are two good means of protection suggested by Vincent. First he urges farmers to write the best insurance policy themselves - that of taking every safety precaution to avoid accidents on their farms. The next is to buy reliable farm liability insurance.

This type of insurance is not flatly recommended for all farms, he advises, but in many cases the farmer's risk is too great without protection.

HARVEST ALL COMBINEABLE CROPS

SPEEDILY— EFFICIENTLY— ECONOMICALLY—

SAVE TIME & MONEY

Choose a JOHN DEERE No. 12-A Combine!

Get clean, undamaged grain and seed that grades higher—use a dependable John Deere No. 12-A *Straight-Through Combine.* It's a six-foot, full-width combine that successfully harvests all combineable crops in a wide variety of crop conditions.

Here's why! The No. 12-A is a big-capacity machine capable of harvesting the heaviest crops quickly and efficiently . . . without overloading any important combine units. All crops are handled in a straight line from the cutter bar on through the machine. There are no turns . . . no corners to cause piling or clogging. Its easily-adjusted threshing unit threshes cleanly . . . without cracking. Full-width separating units do a thorough job of separating the seed from the straw.

Add to this the light weight for low power requirements . . . the lasting strength for field dependability and low operating costs. You'll understand why owners say—*"With a John Deere, it's one-man harvesting at its best."* See us for further details.

SUCCESSFUL MICHIGAN DAIRYMEN know Farm Bureau Milkmaker means moneymaker. They know that this open formula dairy concentrate produces more milk and fat and permits 'more cow left' than any other concentrate. 'More cow left' means a feed that adequately supplies the various amino acids needed for milk production, as well as the proper minerals and vitamins necessary to maintain health and vigor.

OPEN FORMULA MILKMAKER enables you to know exactly what you are buying. The formula isn't changed every time an ingredient price shifts. You can depend on its quality, stability and results month after month.

MILKMAKER HAS TO BE GOOD. It is made for farmers in their own feed plant whose only purpose is to supply open formula, top quality, result-getting feeds. They are producing for themselves a complete line of dairy, hog and poultry feeds.

If you are not one of the countless users of milkmaker, it will pay you to do so at once. You too will become one of the boosters. It's Really tops.

The stay of the U. S. Coast Guard cutter 83428 in the local harbor was short-lived as the ship was re-assigned to the Soo area Saturday by the Coast Guard Cleveland office. The 83 ft. cutter arrived here in mid-May from the Soo and was to be assigned permanently to this area. It is believed the ship was returned to the Soo for security reasons. Chief L. M. Bergstrom was in charge of the boat which carried a complement of eight men. A sister ship of the boat stationed here, the Cutter 83342 which tied up here two weeks enroute to its new base at Muskegon after being reassigned from Detroit, stopped here briefly last Saturday. It was being returned to the Detroit area. A. O. St. Savior was in command.

Pair Plead Guilty To Entering Garage

Two local youths pleaded guilty to charges of breaking and entering in the night-time and their cases referred to the probation department in circuit court Monday by Judge Charles L. Brown.

They were Jerome Hamilton, 19, and Jack Schantz, 19, who entered the Krahnke Auto Electric June 8.

Both have been held in the Charlevoix county jail. They will be sentenced at a later date.

Three divorces were also granted by Judge Brown while a fourth was taken under advisement and testimony taken on a fifth. One civil case was also heard.

From where I sit ... *by* Joe Marsh

There it Was—
Right in The Middle!

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting *his* grass.

The Roberts' property and the Peterson's border each other — with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why.

"That's *your* land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!"

Well, they both grin and take turns finishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are—at which point the whole thing doesn't seem as important anyway.

Vacation Guide for Charlevoix Guests

Dine - Dance - Recreation - Entertainment

Here you can||choose the type of vacation activity that fits your particular fancy

Charlevoix, the city on three lakes, is a busy haven during the summer months, being the recreation center of the area.

From the center of the city, the visitor is only a few blocks from Lake Michigan's sandy beach. Many swim at the dock near the depot or at Ferry park. All three are rated tops for swimming and beach activities.

For a short trip by car from Charlevoix, one can drive along Lake Michigan on a quiet road for seven miles or so south of the city through Boulder park and then into a rustic, wooded area. Wildlife is quite common.

Let us help you have a good time.

Missing Boat Turns Up Safe After Storm

The Charlevoix Coast Guard had two boats participating in the search for a 28-ft boat with Mr. and Mrs. Douglas Allen of Harbor Springs and Cincinnati aboard, which was missing in Lake Michigan Monday night and Tuesday morning.

The craft returned to Harbor Springs at 10:30 a.m. Tuesday after spending the night near Grey's Reef riding out the storm.

The Charlevoix Life Boat station received a report at 11:30 p.m. Monday that the boat was missing on a trip to Beaver Island. It had left Harbor Springs at 11:45 a.m. Monday for the trip to St. James.

Charlevoix and Beaver Island Coast Guard picket boats were sent to search for the boat at midnight and a third boat from the local station joined the search Tuesday a.m. along with a search plane from the Traverse City Air Station. The plane sighted the boat in Little Traverse Bay headed toward its home port at 9:15 a.m.

The Allens told Chief J. W. Johns at the Life boat station here after they docked at Harbor Springs that they ran into bad weather about 20 miles out of Harbor Monday morning and were blown off their course. The craft, which did not have an auxiliary motor, drifted in near Grey's Reef northeast of Beaver Island where they dropped the boat's sea anchor late Monday evening and rode out the squalls and winds which rose to 25 miles an hour at times. They raised their sails and started home as the weather cleared early Tuesday morning.

12 County Men Face Physicals Before Aug. 15

The Charlevoix County selective service board has been notified that Charlevoix county will be expected to send 12 1-A registrants for pre-induction physical examinations between July 24 and Aug. 15.

The exact date and the center to which the men will be sent for examination has not been decided at this time.

The names of the 12 registrants will not be known until after a meeting of the selective service board early next week.

Because of the volume of work in the probate office, Mrs. Anno Eccleston, who has been with the selective service board since 1942, has announced her decision to resign as clerk of the board.

Her resignation will become effective Sept. 30. Her successor will be appointed by Col. Holmes head of the state selective service, following a visit here next month. Until the recent re-opening of the selective service board on a full-time basis last week, the office had been open only one day per week.

Pair Escapes Injury When Plane Crashes

Vernon Mathews, Charlevoix's Flying Farmer, and his son, Dale, escaped serious injury Saturday morning when their plane, crashed during a take-off. The accident occurred at the southwest corner of the airfield when the motor stopped shortly after the plane left the ground.

The landing gear and left wing were smashed as the plane went through a fence when Mathews swerved it to miss wires at the end of the field.

The pair received only minor injuries.

Community Mourns Death Of Milt Block

Charlevoix was shocked this week by the unexpected death of Milton Block, 64, at his home late Monday evening. He had retired in April as owner and operator of the Quality Food Store.

Funeral services for Mr. Block will be held at See Funeral Home at 2 p.m. Thursday with Rev. W. D. Wood and Rev. G. D. Howell officiating. Burial will be in Brookside cemetery.

Stores will close here for the funeral service.

Born at Armour, S. D. June 13, 1886, he came to northern Michigan with his parents, Peter and Hannah Block, as a small child. He was reared in Marion township and went into business here in 1916. He had operated the Quality Food Store at the same location on Bridge st. since 1930 and in April sold the business and retired.

On Nov. 2, 1911, he was married to Pauline McFarland.

He was a member of the Masonic lodge, the Eastern Star and the Knights of Pythias.

Besides his wife he is survived by two daughters, Mrs. Elwood Zavitz of Huntington Woods and Mrs. Harold DeJongh of Holland; two grandchildren; a sister, Mrs. Harold Jacobs of Flint and two brothers, George and Henry of Charlevoix.

Edward Shanahan Announces Purchase of Birchwood Ranch

The Birchwood Ranch, northeast of Charlevoix in Charlevoix and Hayes townships on Lake Michigan, has been sold to Cmdr. and Mrs. Edward K. Shanahan. The 2,000 acre farm and buildings were purchased from the estate of the late Robert W. Allen who had owned it since 1942.

The property runs from Durance corners to the southwest to the mouth of Susan Creek on the northeast with a township road and the C & O railroad forming the southern and southeastern borders. Approximately three and a half miles of Lake Michigan shoreline forms the northern boundary. The US 31 highway is located along the southeastern section of the property. The tract of land is said to be the largest in the lower peninsula that is not crossed by a main trunkline. The property has more then five miles of private roads.

LOCATED in the central section of the property are five houses, one of which the Shanahans will occupy and a second where Mr. and Mrs. Harry Elzinga, the caretakers, will continue to live. The others will be rented.

There is also a large barn approximately 180 feet long, a smaller barn, a chicken house, a milk house, tool shed, cow and pig house, a sugar house and other small buildings.

Approximately 800 acres of the land has been cleared and 450 acres are under cultivation. Four hundred acres of hay are being harvested this week.

* * *

THE REMAINDER of the land is wooded and includes a stand of pine trees which were grown from 40,000 pine seedlings planted over a period of years from 1915 through the early 1920's. The seedlings were the first private planting in the state of Michigan and were made by Edward C. Waller, Chicago financier who first owned the property.

The late Mr. Waller, who came to Charlevoix as one of the first residents of the Chicago Club, started acquiring the property which was to be known as the Orchard Bay farm in 1907. He completed his purchases in 1910. For many years the farm was operated as a large dairy farm. The Waller family maintained a summer home on Lake Michigan near the western boundary of the farm.

Children's Parade Is New Feature Of Carnival Here

A children's parade for youngsters up to 12 years of age will be an added feature of the annual Charlevoix Hospital carnival this year. Mrs. James W. Johns, West Garfield ave., who suggested the event after seeing it in St. Petersburg, Fla., will serve as chairman of the event.

Children may enter any one of five classes: bicycles, tricycles, doll buggies, wagons, costumes or miscellanous which include youngsters with ponies or other pets and everything not listed under other divisions.

The event will be held at 2:30 Saturday afternoon with the children gathering at the school grounds to form the parade. Judges will be stationed along the line of march and will select winners in each division. Prizes will be given.

As ideas for floats on play wagons Mrs. Johns has suggested that youngsters remember their nursery rhymes and select as a theme one of the characters in Mother Goose. For instance, a little boy dressed in blue, carring a horn and pulling a haycock on his wagon. There are many such ideas which can be worked out and it will give the children an opportunity to participate in Charlevoix's gala week-end festivities.

Youngsters who plan to enter the parade may register with Fran Martin, North side, Mrs. Tip Riley, Valley, Mrs. Joe Williams and Mrs. J. Johns, South side.

Summer visitors and 'gangs' are also invited to participate in the parade. Further information will be published next week.

Former Gov. Kelly Will be Guest Here Friday

Former Gov. Harry Kelly, candidate for governor, will be in Charlevoix this Friday.

He will arrive here about 5 p.m. from Cheboygan. He will be honored guest at a dinner at the Nautical at 6 p. m. Members of the local committe are George Haggard, Dr. Gerald Gibbons, John Grupa and Henry C. Heckler.

Kelly is making a determined bid for the Republican candidacy and is visiting most of the counties in the state explaining his platform and meeting members of the Republican party.

Kelly is no stranger to Charlevoix county having visited here several times in the past. While governor he was credited with providing the leadership for the one of the best veterans programs in the United States.

Persons interested in attending the dinner are asked to make reservations before 5 p.m. Friday by calling 446. There will be no prepared speeches.

Petoskey Ave. Paving Job Is Planned for '51

There is no possibility of a paving project on Petoskey avenue this year, the Michigan State Highway department notified the city council.

In a letter to the mayor, Highway Commissioner Charles Ziegler said plans will be made to include this in paving projects for next summer. State funds have been exhausted for similar projects this year, he stated.

City Comptroller Don Swinton was authorized to determine an equitable basis for the price of water and sewage charge to Maxbauer's, Dairy following a report that the dairy pays more in water and sewage bills than three area dairies together.

SWINTON WILL REPORT to the council at the next meeting. It was pointed out that the bulk of the water used at the dairy is not contaminated in any way. A reduction in the charge is likely, two councilmen said.

Because there were no bids for furnishing the city with a police car, the council will in the near future decide from whom to buy the new car.

Alderman Carl Kohler reported to the council that he learned from conversation with Ed Rathbun, who was a visitor here, and several engineers, that the engine at the light plant is not in any danger of being damaged by its continueduse. Kohler and another representative of the city will confer this week with Professor Hansen at Ann Arbor regarding the diesel engine at the light plant.

* * *

HAL HILL was authorized to buy a carload of light poles on the basis of low quotations.

The council approved the request of the hospital carnival committee headed by Herb Schofield, for the blocking of certain portions of Bridge and Clinton streets.

No action was taken on the request of DeWitt Peters to have the hospital thermometer in East park moved to another part of the park.

Navy Ship Visits Here July 29 for Venetian Night

The U.S. Naval Patrol Craft Escort 894 will dock in Charlevoix Saturday, July 29, and remain in port during the Venetian Night parade and program, S. E. Coleman, secretary of the Board of Commerce has announced.

The naval training ship with a complement of 60 reserved officers and men will be on a two weeks training cruise out of Chicago. The 135 foot craft will leave here July 31 for a three day stay at Boyne City before continuing on its cruise.

The ship will be tied at the Municipal dock and will be open for top-side inspection while in port.

The ship was brought here through the efforts of Chief Don Koup of the U.S. Naval Recruiting office, Traverse City and through the cooperation of the Commandant, Ninth Naval District, Chicago, Ill.

Audrey Byers has arrived from Lansing for a two weeks visit with her parents, Mr. and Mrs. Harold Byers.

Week-end of Activities Expected to Attract Many Thousands Here

Meetings will be held during the coming week to complete plans for the 17th annual Venetian Night Parade on July 30 and the second annual Charlevoix Hospital Carnival on July 28-29-30.

The Charlevoix Marine club, sponsors of the Venetian Night parade and program in cooperation with the Charlevoix Board of Commerce, are meeting tonight (Thursday) to compile a list of boats to participate in the parade and to care for other last minute plans.

Full Program for Venetian Night

A sailboat race on Round Lake with 18 ft. rocket sailboats from the Belvedere Club participating will be a feature of the Sunday events being planned by the Marine Club preceding the evening program and Venetian Night parade.

The program in East Park immediately before the parade will open at 7 p.m. and will feature sea chanties by the Camp Charlevoix Boys Chorus; selections by the Charlevoix city band under the direction of C. A. Odmark; Horalio Jackson and his negro chorus; Zach Whyte and his piano and other specialty numbers.

The decorated boats entered in the parade will rendezvous in Lake Charlevoix and will start the parade through the channel into Round Lake at 0 p.m. A display of fireworks during the parade will climax the evening's entertainment which annually brings thousands of visitors to Charlevoix for the last week-end in July.

Robert Hamilton is commodore of the Charlevoix Marine Club which annually sponsors the Venetian Night Parade.

Daniel Bacot, 77 Taken by Death; Rites Wednesday

Funeral services for Daniel C. Bacot, 77, retired General Motors employee, were held at St. Mary's church Wednesday morning with the Rev. Leo Malinowski officiating. Burial was in St. Mary's cemetery. He died Monday at his home here following a long illness.

Born in Sheboygan, Wis., March 28, 1873, Mr. Bacot came to Charlevoix county with his parents as a small child. On Jan. 8, 1907, he was married to Inez Seymour and they resided here until 1924 when they moved to Flint. He was employed at the Buick division of General Motors there until he retired in 1945 and returned here to live.

He was a member of St. Mary's church and the Holy Name Society and had been a member of the Knights of Columbus.

Besides his wife he is survived by a son, William of Flint; a daughter, Mrs. Hilda McGuire of Detroit; seven grandchildren; one great-grandchild; two sisters, Mrs. Anna Hummel of Detroit and Mrs. E. M. Geer of Charlevoix; two brothers, John of Grand Rapids and Thomas of this city.

Pat Hawley Is Ill

E. D. "Pat" Hawley who was taken ill Tuesday spent a comfortable night at Charlevoix hospital, his family reported. He is undergoing observation.

Street Dance Set for Friday

The Charlevoix Hospital Carnival committee will meet in the games tent in East Park at 8 p. m., Friday for a last meeting before the carnival. All organizations which are sponsoring booths or entertainment for the carnival are urged to send representatives to the meeting.

* * *

The hospital carnival will open with a broadcast over Station WMBN from East Park Friday afternoon. The broadcast will also mark the opening of the midway on Bridge st. where booths of all kinds will be set up for three days.

A street dance will also be a feature of Friday evening entertainment.

Groups which will have booths during the carnival will include: Veterans of Foreign Wars and Auxiliary, barbecue; W.S.C.S. Methodist church, baked goods Friday and Saturday; Rebekah, Gibson refrigerator; Lutheran Guild, fish pond; St.Mary's Altar Society, gold bricks; Farm Bureau, produce booth; Farm Union, bicycles; Eastern Star, refreshment booth; Shakespeare club, Mary Burns circle, balloon booths; Congregators, hot dogs; Garden club, boutonnieres.

* * *

The Marine Club will have boat rides on Round Lake; the Girl Scouts will have shuffleboards for the three-day period.

The K.P. and the American Legion will combine forces to operate the games booth in East Park Friday and Saturday while other organizations will sponsor other games. They will include Club 31, a group of young people from Bay Shore; the SPEBSQSA; the Rod and Gun club; and other local groups.

Tickets on a new Dodge four-door will also be available in a special booth.

A children's parade at 2:30 Saturday will be held for the first time. All children are being urged to enter. Prizes will be awarded.

THE QUEEN'S ball will be held at the Beach Hotel Saturday evening with the identity of the new Venetian Night Queen being announced at that time. The new queen will also receive her crown at the ball. Harmon Heater's seven piece orchestra from Traverse City has been engaged to play at the ball. Specialty numbers will be presented by the Arthur Murray dancers.

Herbert Schofield, assisted by Dean Davenport and Robert Hamilton are serving as co-chairmen of the Hospital Carnival.

Miss Annette Nordrum returned to Detroit Saturday following a week's visit with her sister, Mrs. Frank Rassat.

Hoarding Can Backfire

There's a lot of good sense in this comment by Editor Jack Sinclair, which appeared in last week's issue of his Hartford Day Spring:

"So fresh is the memory of life at home during World War II that the current war scare in Korea had an immediate effect on civilian pocketbooks. Mindful of the war time scarcities of such gems as automobile tires and refrigerators, Americans produced a sharp spurt in sales of those and other once-rare items.

"Some buyers frankly admitted that they had no immediate need for their purchases, but were just being prepared in event rationing returned. Sales of sugar shot up within a week after the Korean crisis began, and there was a rumor that tire stocks in one city dwindled to almost none in a few days.

"Of course, there is no rationing, and little prospect of it, so the result of this sudden scare buying could be an artificial scarcity and further inflation of prices. On one hand, the sudden buying spree maybe a shot in the arm for business, if it doesn't go too far, but it could be carried to an extreme that would make everyone unhappy.

"The sensible thing to do is to buy what is needed. If the tires on the old bus are wearing out, it's good business to get new ones, but acquiring a new set just to have 'em would appear at the present moment to be a matter of crying 'wolf.' Increased buying is a good thing for the economy if it is done carefully, but reckless buying can be harmful in the long run.

'Speeders'---A Dangerous Menace to the Innocent

"Speed can change a minor mishap into a major tragedy." Remember that when you are driving.

The arrest of two willful speeders last week should prove a lesson to others who think Charlevoix streets are places to "play tag" with their cars and dash madly around corners.

A danger to their own lives as well as others who are usually innocent children, their driving should be slow enough to avoid accidents. It is to be hoped that every resident and summer resorter will do their utmost to avoid careless driving.

The community is expected to have many more summer visitors than it has had in the last few weeks, meaning that there will be more children wandering into the streets. The drivers must look out for the children.

The long holiday weekend brought grim news from the nation's heavily travelled highways. Some 485 persons were killed in traffic accidents in a four-day period. Add to it that 16,000 were injured in traffic mishaps and you have what would appear to be casualties in World War II.

It's true that Charlevoix county reported no personal injury accidents over the holiday weekend. Its residents are to be commended because it takes the cooperation of everyone to prevent needless slaughter of lives.

The question arises - - what can be done to lessen this slaughter? Some of the causes are inexcusable and obvious - - - subject matter for increasing police vigilance. The drinking or drunken driver is always a menace.

The inept and inexperienced - - "sunshine drivers" the bus men call them present a harder problem. So do the showoffs and the daredevils.

When one stops to consider that a driver has a lethal weapon which can cause human destruction as quickly as a loaded gun in the hands of a blind man, he should slow down his speed. As old-Barney Oldfield, veteran racer said, "fast driving belongs on our race tracks - - not on streets or highways."

Another factor in the cause of accidents is the continual breakdown of the roads. With road commissions throughout the state faced with less money, less work is being done to keep the roads in good conditions. Costs have soared while income has remained fairly static.

Traffic safety can be summed up in this way: Drive your car so you can stop your car in a short space, particular in the city where a child may be wandering close to the street.

Control your driving so as not to endanger other cars or pedestrians.

Voice of Our Readers . . .

To the Editor—

We, a group of citizens and taxpayers would like to have the boosters of a new school house explain where the cost of this expects to be paid. Our taxes have now been raised. Many people of Charlevoix work from day to day, and can't stand much increase in taxes. Many are idle all winter and with no sure work at any time. How can they meet it?

We are all in favor of better education for our children and more of it. But from what we understand of plans the so called new school is more of a play school instead of real learning.

It is all very well for some to boost and ask for high taxes when they are sure of getting their living from taxes the rest of us pay.

Now if they can tell us ways and means for us to pay this tax we are for it. But we can't see it.

A reader and taxpayer

Charlevoix has many summer visitors who register at the Board of Commerce office but last week brought one from the longest distance . . . he was G. V. Faastra of Berkel in the Netherlands who was touring the state with relatives from Grand Rapids . . . He was an elderly gentleman who had come to this country only recently and was having a grand time seeing the sights with a party of relatives and friends.

We are indebted to Lerena Beene of Ironton for this fine story . . . she tells of seeing a blind couple, led by a third person with sight, enjoying a fishing trip at Ironton. The blind couple were taken to a tug tied up near the ferry and given worms with which to bait their hooks and tossing their lines over the side just as anyone would .... she didn't wait to see if they got a bite but she was sure they must have . . . one can have nothing but admiration for people like that.

• • •

ALSO AT IRONTON was a luncheon last week served by a man of 82 years who had as his guests his sister who is 85 years and his daughter . . . he served among other things fresh peas and strawberries from his own garden . . . The man, Grant Hamond, his sister, Mrs. Nettie Huggard and his daughter, Mrs. James Driggett . . .

Plans for the Hospital Carnival and the Venetian Night weekend are being formed so fast these days it makes one's head whirl . . . sail boat races on Round Lake . . . a visit of a Navy vessel . . . Harmon Heater's orchestra of Traverse City for the ball plus a show by the Arthur Murray dancers . . . the arrival of the fireworks . . . the Japanese lanterns . . . . more things . . with the Marine Club, the Board of Commerce and the hospital committee working like mad . . . everyone is asked to cross his fingers for perfect weather . . .

THE WALTER HENLEYS had quite a surprise recently when Mrs. Henley's brother, Raymond Edwards, whom she hadn't seen for 16 years dropped in for a visit. Her brother who is now a lieutenant commander in the Navy was accompanied by his wife and son. They came from San Diego and after a trip through the east will go to the Mare Island Naval Base, Calif. Lt. Cmdr. Edwards enlisted in the Navy as a young lad has worked his way up through the ranks to his present rating . . .

Other visitors in town recently include the Milford (Jerry) Saunders and their son who were here from Lebanon, Pa. . . . Mrs. Saunders is the former Rowena Wilson who taught in the elementary school here. . . . Jerry is Pittsburgh zone manager for a motor car company and is doing all right by himself . . .

And were you in high school here when Mrs. Catherine Rose taught history . . . she was the best history teacher we ever had and the grandest person ever . . . she's was in town early this week visiting her parents-in-law, Mr. and Mrs. S. M. Rose . . . Accompanied by her son and daughter-in-law, Mr. and Mrs. Jack Rose and family, she arrived Sunday from Los Angeles, Calif. After a brief visit they left Wednesday on the return trip . . . .

Navy Calls for Reserve Volunteers

The Navy Department announced that it desires applications by male Naval Reserve officers and enlisted men on a voluntary basis for active duty. Those ordered to active duty will receive general assignments, primarily afloat and overseas, for an obligated period of not less than six months and they will be guaranteed 12 months of active service, if desired by the individual.

Officers in the grades of lieutenant commander and below are desired in the unrestricted line, both aviation and non-aviation, supply corps, dental corps, and civil engineer corps. Officers in the grades of commander and below are desired in the medical corps, and a limited number, in general line specialities of electronics, intelligence, and communications.

Applications for active duty by officers should be submitted directly to the Bureau of Naval Personnel, Washington, D. C., it was stated.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A son, George Michael, born to Mr. and Mrs. Mercer Carey of East Jordan, July 11.

A daughter, Peggy Lee, born to Mr. and Mrs. Robert Mousseau July 13.

Twin daughters, Denis Erin and Hazel Hollis, born to Mr. and Mrs. Joseph M. Arvilla, July 13.

Mr. and Mrs. Mark Fiedler of Kankakee, Ill., are the parents of a son born July 17.

Lt. and Mrs. J. F. Webb of Beloxi, Miss., announce the birth of a son, Thomas Jones, born July 16. Mrs. Webb is the former Marie Novak, daughter of Mrs. Charles Novak of this city.

Coach Biggie Munn and Mrs. Munn were in town last week following a trip to Hawaii . . . they visited briefly with Duffy Dougherty on Lake Charlevoix before going to Lansing . . . also called on two of his boys . . . Bill and Bob Carey . . . The Lewis Reimanns, former owners of Camp Charlevoix, visited here last week too . . . Mr. Reimann who was reared in the upper peninsula is gathering material for a book on the early lumbering days in Michigan.

Ranger-Finney Nuptials Read in Impressive Afternoon Church Ceremony

Virginia Ranger, daughter of Mr. and Mrs. Arthur R. Ranger, became the bride of Jared Warner Finney, son of Mrs. Seymour Finney of Detroit, at an impressive ceremony solemnized at the First Congregational church Saturday afternoon.

The Rev. G. R. Parker of Northport officiated at the double ring service in the presence of 250 guests. White gladioli and lighted tapers decorated the altar.

Mrs. A. J. Stelter, at the organ, played a program of traditional music and the wedding march and accompanied the soloist, Wilmer Moyer of Petoskey.

Escorted to the altar by her father the bride wore a gown of white marquisette. The fitted bodice had pleating around the shoulder line and long sleeves. The full skirt which had a short train featured organdy butterflies in pastel shades from the waist to the hemline. The fingertip veil fell from a matching marquisette bonnet headdress, she carried a bouquet of white roses centered with a white orchid.

Mrs. Donald Ballard of Petoskey, aunt of the bride, was matron of honor and Joan Lancaster of Imlay City, Mrs. Carl Hartmann of Charlevoix, Mrs. George Fetters and Mrs. Richard Harroun of Detroit, sisters of the bridegroom, were bridesmaids. They wore ballerina length gowns of white dotted swiss over pastel taffeta which matched the butterflies of the bride's gown.

Matching straw bonnets trimmed with dotted swiss, white gauntlets and pastel opera pumps completed their costumes. Mrs. Ballard who was gowned in yellow, carried a bouquet of shasta daisies. The bridesmaids bouquets were garden flowers in shades of yellow, blue, green, lavender and pink to match gowns.

William Bagnell of Detroit was best man and Alvin Ranger brother of the bride, Dr. Thomas Barber of Chicago, Bert Parsons and Alex Kemp of Detroit were ushers.

Mrs. Ranger chose a floor length gown of grey lace and green accessories for her daughter's wedding. Mrs. Finney mother of the bridegroom, wore an aqua crepe floor length gown and pink accessories. Each had an orchid corsage.

A reception at the home of Mr. and Mrs. Alvin D. Goldman, 425 Michigan ave. followed the ceremony. A tiered wedding cake graced the refreshment table.

Following a wedding trip to Deer Trail Lodge in Wisconsin the couple will be at home at 1588 Stanley Blvd., Birmingham, after August 1. For traveling the bride wore a rose gaberdine suit, matching silk flowered hat and white accessories.

Both Mr. and Mrs. Finney graduated from Michigan State College. The bridegroom is a member of Kappa Sigma fraternity, and is now employed by the Scripps Howard Newspaper in Detroit. The bride teaches at Adams Elementary school in Birmingham.

Among those from away who atended the wedding were Miss Mary Alice Finney and Harold Finney of Port Huron, Dr. and Mrs. Thomas Barber of Chicago; Mr. and Mrs. Marvin Wilson of Jackson; Mrs. Grace Richards, Miss Ila Gilliland, Mr. and Mrs. Stewart Goodspeed, Mr. and Mrs. George Fetters, Mr. and Mrs. Richard Harroun, of Detroit.

Carnival, Venetian Night Program Means Big Weekend

There'll be a variety of things to do in Charlevoix the week-end of July 28-29 and 30 when the second annual Charlevoix Hospital carnival and the 17th annual Venetian Night parade will be held.

The carnival will bring a bit of everything connected with such a celebration. It will open with a broadcast over Station WMBN Friday afternoon and will be followed by opening of all the booths on the midway on Bridge st. Street dancing will also be held Friday evening.

Saturday will see a Children's parade at 2:30 p.m. the arrival of the PCE 890 at 4:30 p.m., the Venetian Queen's ball at the Beach Hotel at 9 p.m. and the midway with all sorts of entertainment all day.

On Sunday the Marine Club and the Board of Commerce will take over with sail boat races on Round Lake with members of the Belvedere Club participating. Other water front activities are also being planned. The evening program in East Park will open at 7 p.m. with music by the Charlevoix City band and other specialties. The Venetian Boat Parade on Round Lake with a grand array of fireworks overhead will climax the festive week-end.

Linda Lou Bowman Exchanges Vows At Albion Rites

In a candlelight ceremony solemnized in the chapel of the First Methodist church, Albion, on July 6, Linda Lou Bowman and Jack Russell Zimmerman exchanged their wedding vows.

The bride is the daughter of Mr. and Mrs. E. B. Bowman of this city and Mr. and Mrs. Russell Zimmerman of Albion are the parents of the bridegroom.

Dr. John W. Tennant read the service in the presence of their immediate families. Lighted tapers and bouquets of garden flowers decorated the chapel.

The bride, who was given in marriage by her father, selected a ballerina length gown of white embroidered organdy styled with a high neckline and Peter Pan collar. Her headdress of white flowers matched her bouquet of white carnations and stephanotis centered with gardenias.

Joan Zimmerman of Albion, sister of the bridegroom, was her only attendant. She wore a ballerina length gown of blue and white organdy and carried a bouquet of stephanotis and gardenias.

Calvin Gates, also of Albion, was best man.

After a brief wedding trip the couple are residing at 106 North Erie St., Bay City., where Mr. Zimmerman is employed by the Kresge Company.

The bride is a graduate of the Charlevoix high school and Albion College. She taught in the Mt. Clemens high school last year. Mr. Zimmerman graduated from Washington Gardner high school and from Albion College.

Bride Honored at Several Showers

Virginia Ranger, whose marriage to Jerry Finney was an event of Saturday, was feted at pre-nuptial showers Wednesday afternoon and Thursday evening at the Glenn See cabin at Oyster Bay.

On Wednesday afternoon Mrs. Myron Culver and Mrs. See were co-hostesses at a miscellanous shower. Eighteen guests enjoyed an afternoon of canasta followed by refreshments.

On Thursday evening Mrs. See entertained the younger married crowd and several out of town guests at a kitchen shower. Games and refreshments were enjoyed by the eighteen guests. Out of town guests were Mrs. Don Ballard, and Mrs. Earl Troutman of Petoskey and Mrs. Florence Finney of Detroit.

The bride-elect was presented with many lovely gifts. Bouquets of white flowers decorated the tables and rooms at both parties.

Stork Shower Fete For Mrs. E. Novotny

Mrs. Edward Novotny was honored guest at a stork shower given Wednesday evening by Mrs. Jeff Novotny, Mrs. Charles Novotny and Mrs. A. F. Novotny at the latter's home. A clever nursery theme centerpiece decorated the refreshment table and gifts were presented to the honoree in a bassinette, also one of the gifts.

Games, a social hour and refreshments were enjoyed by the eighteen guests present.

Detroit Mayor to Visit Family Here

Mayor Albert E. Cobo, of the City of Detroit and his wife, Ethel, will be the guests of Mr. and Mrs. Harry H. Weinbaum at their summer cottage at 303 Mercer Blvd.

The mayor and Mrs. Cobo will arrive Thursday and are expected to stay in Charlevoix until Monday.

Shanahans Purchase Birchwood Ranch

(Continued from Page 1

farm was given to the Charlevoix Rod and Gun Club by the late Mr. Allen.

Some of the finest stone in the north is on the farm and at one time 14 carloads were shipped to St. Louis, Mo., to stone-veneer the boyhood home of Ullyses S. Grant which is owned by the Annhueser-Busch company.

THE ROBERT W. Allens purchased the property from the Waller estate in 1942 and for a time maintained a herd of White-faced Herefords. They re-named the farm the Birchwood ranch.

The Shanahans have announced no immediate plans for the property. They do plan, however, to continue to keep it as a wild game refuge. They will also continue to call it the Birchwood Ranch.

The transaction was handled by Earl A. Young, realtor, of Charlevoix.

Refrigerator, Three Bicycles To Be Awarded

A seven-foot refrigerator and three bicycles will be among the articles given away during the hospital carnival next week-end.

Members of the Rebekahs are handling the tickets on the refrigerator as part of their activity to help the new hospital fund The Farmers Union members have the tickets on the bicycles.

Proceeds from both projects will be turned over to the hospital committee. Tickets may be purchased from Rebekahs and Farmer Union members.

Local Students at Interlochen Camp

Dwight Smith and Doris Neilson, musicians with the Charlevoix high school band who were awarded scholarships to the National Music Camp at Interlochen, left Monday for the camp. They will be there for two weeks and while there will play with the Michigan state high school band.

Dwight plays the clarinet and won a first division rating during the school year in state competition. Doris plays the cornet. Both were members of the Charlevoix band which won a Class C first division rating in the state.

The scholarships were awarded on recommendations by their director, C. A. Odmark, by a scholarship committee composed of many local organizations. They are the first music scholarships to be awarded.

Sundew in Harbor On Mid-Summer Trip

The U. S. Coast Guard lighthouse tenders, the White Lupine in command of Chief Thomas J. Wilson and the Sundew in command of Lt. Cmdr. J. T. Hagglove have been in Charlevoix harbor while working in northern Lake Michigan.

The White Lupine which came here from Green Bay, Wis., area, will repair the telephone cable between Beaver Island and Lansing Shoals lighthouse before returning to its home port, Detroit.

The Sundew which docked here Thursday night is here on its mid-summer refueling and repair trip. Fuel and supplies will be taken to the lighthouses and bouys in the area.

Lt. Russell Bergh who served as commanding officer of the Sundew for several years has been transferred to the Coast Guard base at Buffalo, N. Y.

THE FAMOUS

Gaylord PCA Pays Off Gov't Investment

The board of directors of the Gaylord Production Credit association, composed of Arnold W. Ostrander, Afton; Ed Hartung, Levering; Albert A. Kassuba, Gaylord; Joseph Martinchek, Charlevoix, and Sheridon Rhoads, Comins, voted June 22 to retire the remaining $5,000 of government investment in the association on June 30th. thereby making the association fully farmer owned.

In accordancce with the Farm Credit Act, in the fall of 1933 a small group of farmers met and organized the Gaylord P.C.A. to service the northern Michigan counties of Alpena, Antrim, Charlevoix, Cheboygan, Crawford, Emmet, Montmorency, Oscoda, Otsego and Presque Isle counties and electing a Board of directors of 5 men from this area. A. J. Townsend was elected Secretary-Treasurer and is still serving in this capacity.

The Gaylord PCA was chartered on December 30, 1933 with a government investment of $78,000. When these PCA's were organized it was with the understanding that the government investment would be returned as they progressed until, in time, they would become entirely farmer owned. "As a result of the continued support of its members in the use of the association and their investment in odditional stock", said Mr. Ostrander, president, "the Gaylord PCA has been able to accomplish this goal. We will celebrate this achievement of complete farmer ownership at our next Annual Stockholders meeting this fall."

IT HAPPENED ON .... *BEAVER ISLAND*

By Mrs. J. C. Hanley

Beaver Island is hoppin' with rabbits. Motorists driving around the island sight more rabbits than they can count. The deer herd looks good too, from what observers say. Beaver should be a "happy hunting ground" come fall when the season opens.

Members of the Beaver Island school board met Tuesday to discuss plans for continuing the building of the new school. A building committee was selected to supervise the work. They are Mike Cull, Lawrence McDonough and Ed. Burke. Work on the school was resumed last week.

The new catapillar Deisel engine for the REA plant expansion program was brought across Tuesday by the North Shore. The engine "only" weighed 15,000 pounds, which was quite a haul for the North Shore and for those who worked to haul it to the light plant. Installation of the engine is underway and by the time you read this news item the installation will be completed.

POWER LINES to "Donegal Bay" on the west side are up and ready for use. Henry Allen has given this well known Irish name to his west side development since Donegal Bay on the map of Ireland is in the same position that the bay on which he is building is located on Beaver Ireland.

Gracie Palmer is back home after a trip to the hospital for an emergency appendectomy via Joe McPhillips plane. Her aunt, Mrs. Evelyn Vaden, accompanied Gracie across.

Mr. and Mrs. "Clink" Gallagher and family are on the island for the summer and are occupying the William Schied cottage.

Mrs. Ellie Bonner, her daughter and son-in-law, Dr. and Mrs. Richard Gorman, Detroit, arrived Monday to spend the remainder of the summer in their island home. Friday morning, Mrs. Bonner had the misfortune of falling down several steps in her home, but luckily no broken bones. Of course a fall would "do a person up", so Mrs. Bonner is being kept quiet and from reports, she is coming along nicely.

• • •

MRS. JAMES H. GALLAGHER was in Charlevoix for a few days. Grand-daughter, Kathy McCann, returned with her to spend a while at the Gallagher's home.

Mr. and Mrs. Charles McDonald, Charlevoix, are visiting Mrs. McDonald's mother, Mrs. Elizabeth Gallagher.

Mr. and Mrs. Frank Near and daughter's Marguerite and Rita, Detroit, have returned to their home after visiting relatives on the island. They were the guests of Mr. and Mrs. Frank O'Donnell.

Mrs. Johnny Andy Gallagher says there are still worlds of wild strawberries down at the south end of the island. Mrs. Gallagher and the children are making head-quarters at the Head Light House during the summer months. Johnny says that Lil's strawberry short cake made with wild berries is about the best eatin' there is.

• • •

BILL Barkley's puddle jumper has had a thorough diagnosis and a few major operations since landing on the island. The latest bit of surgery was performed by Glenn McDonough, master mechanic and co-pilot. The oil tank had a habit of dropping and dragging at the most unexpected times, so Glenn conceived the idea of putting it in the trunk compartment. Hooked up, the idea works perfect in case anyone would like to know.

Tuesday evening, members of the Third Order of St. Francis met at the home of Mrs. Burt McDonough.

Mr. and Mrs. Tim Lenard added all the extra leaves to their dining room table when they entertained with a dinner party Wednesday evening Mr. and Mrs. Henry Allen and their nine children and your B. I. reporter and four children. Mrs. Lenard served a delicious roast beef and ham dinner with all the trimmings. After the dinner, the Allen and Hanley children entertained their hosts with a number of Irish songs.

Mr. and Mrs. Bernard McCafferty and little daughter, Donna, are here from Chicago to visit the home folks. Grand-parents, Mr. and Mrs. Burt McDonough and Mr. and Mrs. Francis Mooney, are enjoying to the fullest the company of their pretty-as-a-picture grand-daughter.

• • •

MR. AND MRS. Joe Wyman and two sons, Farmington, arrived this past week to vacation on the island. They are occupying the Jerry Palmer home, Mrs. Wyman's former home.

Doctor and Mrs. Eugene Bales and family and Mr. and Mrs. William Myers, Frankfort, Ind., have arrived to vacation at "Isleview" the cottage built by Dick LaFreniere and bought by Doctor Bales last summer.

Mrs. Lester Connaghan and sons, Robert and Daniel, arrived Saturday to visit relatives.

Morris Boyle, son of Mr. and Mrs. Jack Boyle of Chicago, is visiting his grandparents, Mr. and Mrs. "Turner" Boyle and Mr. and Mrs. James O'Donnell.

Nelson Pike, whose mother was the former Helen LaFreniere, came up from his home in Montague to visit his aunts and uncles and dozens of little cousins.

Mr. and Mrs. Henry Allen and family, expect son, returned to their home in Ann Arbor Friday.

It isn't very often two big Coast Guard boats tie up at the dock, but rough weather sent the White Lupine into the harbor Saturday. The crew on the White Lupine are working on the cable between Lansing Shoals and Beaver Island. A few hours later, the Sundew arrived to service the Head Light House and Coast Guard Station with oil. they remained at the dock overnight.

Watch Complaints on Reckless Boating

Capt. James A. Hirshfield, commander of the Ninth Coast Guard district announced that within the last few weeks numerous complaints have been registered with the Coast Guard against reckless and negligent motorboat operators, and advises that the Coast Guard will rigidly enforce all pilot rules and motor boat regulations.

Owners of pleasure craft are creating an increasingly dangerous situation, not only to themselves but to others by the careless and negligent manner in which they operate and allow their boats to become unseaworthy.

The following are a few specific violations that have been found:

1. Traveling at excessive rates of speed in a congested area.
2. Failure to keep to the right hand side of the channel.
3. Failure to observe obvious restricted areas.
4. Unnecessarily holding the right-of-way in a narrow channel, when safe navigation for small vessels exists outside the dredged channel, thereby creating a dangerous or difficult situation for large, unmaneuverable, seagoing vessels.
5. Operating a pleasure craft while under the influence of liquor.

What's Doing At Camp Charlevoix

The second week of camp started with the boys in the Pioneer section under the leadership of John Ellsworth taking them on a canoe trip Monday through Crooked Lake, Crooked River, Burt Lake, Indian River and into Mullet Lake. The boys were Ewing Goff, Bob Inch, Ned Lambrecht, Jack McQuiggan, Carl Newman, and Bob Timmons.

The weather being so unsettled last week, all other trips were cancelled.

The cabin representatives decided that the chapel collection money should go to support the two war orphans that the camp supported last year. This is done through the Foster Parents' Plan and last years collections were enough to support two boys' for an entire year, clothing, food, and school. It is interesting to know that there are only four camps in the entire country that use this plan:.

Wednesday night there was a game program in the club house with Chuck Swing and Johnny Ellsworth in charge. Some of the boys who won their events were Hugh Campbell, Johnny Beeman, Jack McQuiggan, Bob Timmons, with the feature of the evening being a pillow fight between the two largest counsellors on the staff.

Thursday night Chuck Swing entertained the camp with some magic tricks and the boys were eager to see how the tricks were done.

Saturday night three cabin groups gave skits that they had either written or rehearsed Some of the cleverest skits seen at camp in the last several years were presented. Walt Greising's group put on a "Modern Version of the Three Bears". Parts were taken by Joel Black, Dick Degener, Bill Fors, Jim Logie, Dick Morgan, Sterling Ragsdale and Bill Ruggles. Don Allard's boys put on a skit called "Bill Tell" The boys in this skit were David Black, Malcolm Campbell, Allan Fork, Johnny Logie, Jerry Maish, Dick Smith and Tom Watkins. The prize skit went to the Cabin of Juniors. The boys who took the parts of the staff were Clem Gill, Steve Clink, John Dudley, John Jacobs, Jay McGiveran and David Moyer. It was most enlighting to see what the campers think goes on at a staff meeting.

At the church service, John Ellsworth gave an inspiring talk on "Getting the Most out of Camp". The chapel choir sang "Follow the Gleam".

Sunday afternoon was given over to a counsellor-campers ball game. After the game became serious, the staff managed to eke out a 11-9 victory.

For the last ten days we have been going on time that was one hour slower than town time. However, now that the days are getting shorter and darkness is coming earlier in the evening, the camp is back on regular time.

Two calves have been obtained and are in the coral for boys to practice roping and soon we hope to find a steer we can add to the rodeo equipment. Boys are busy practicing for the Traverse City Horse Show. It is hoped to enter eight or nine horses and ten to twelve boys. Camp Charlevoix picked up 12 ribbons last year.

This past week-end saw several parents in camp and we wish to welcome any who are thinking of coming up to visit their sons. We only ask that the boys' rest hour is not disturbed, and that period is usually from 1:30-2:30 on week days, but from 2-3 on Sundays. It will be good to see you and we hope that you are keeping the August 26-27th. dates free to be at camp.

Rural Tele-news

WORKING DOLLARS: Americans in all walks of life, who invest their savings in telephone securities, make it possible for us to give you more and better telephone service. Their money is used to expand the telephone system . . . increasing the value of *your* telephone by providing more telephones that you can call.

VOICES WITH A SMILE—Many Michigan Bell operators have attended meetings recently to hear themselves talk—in wire-recorded conversations with other girls who took the part of customers. They've learned that the tone of their voices often can make a big difference in the quality of telephone service. Perhaps you've already noticed an improvement in your service as a result of these meetings.

MORE JOBS—Twelve years ago, only one-tenth of the telephones on Michigan Bell's rural lines were dial. Today, more than two-thirds of the rural-line telephones are dial. And yet Michigan Bell now employs more than twice as many operators as twelve years ago.

Blake-Riedel Speak Nuptial Vows At Traverse City Church Wedding

Miss Davida Natalie Blake of Chicago, the daughter of Mr. and Mrs. David E. Blake of Elk Rapids, and Paul Herbert Riedel of Chicago spoke their nuptial vows Saturday at Trinity Lutheran Church, Traverse City.

The bride, given in marriage by her father, was gowned in sheer white marquisette over taffeta. Alencon lace in wide rows formed caps over the shoulders and the cathedral length train cascaded from a peplum of Alencon lace. Her finger-tip veil of French silk illusion was secured by a headdress of tiny white blossoms of feverfew. She wore a silver and crystal cross, a gift of the bridegroom, and carried a shower bouquet of white roses and feverfew.

The father of the groom, the Rev. M. W. Riedel of Milwaukee, performed the marriage ceremony. Vows were spoken before the altar adorned with lighted candelabra and bouquets of mock orange.

Before the ceremony Marcus E. J. Riedel, bother of the groom, sang Bach's "O Saviour Sweet" accompanied by Mrs. Belle Payne organist at Trinity church. Preceding the benediction Mr. Reidel sang the chorale "On Those Who Now Before Thee Kneel".

Bridesmaids were picturesque in ballerina length gowns of pink tissue gingham fashioned with oval necklines, cap sleeves and tiny buttons from the neckline to the waist and imported white lace mitts. They carried shower bouquets of white daisies and wore garlands of them as headpieces. Bridesmaids were: Mrs. Rollin G. Lemm of Ann Arbor, Mrs. Earl Henshaw of Anderson, Indiana; Joan E. Nelson of Charlevoix; Miss Mary Ellin Stewart and Mrs. Cernyw K. Kline of St. Joseph. Mrs. Stanley J. Kogut of Park Ridge, Ill., served as matron of honor. Her gown was also of pink tissue gingham fashioned like those worn by the bridesmaids. She carried a shower bouquet of pink carnations and wore a garland of them as a headpiece.

Immediately preceding the bride in the procession was three year old Jo Bess Hineline, daughter of Mr. and Mrs. Merritt Hineline of Lansing.

The Rev. Robert M. J. Riedel of Brooklyn, N. Y. was his brother's best man. Ushers included two other brothers of the groom: Marcus E. J. Riedel and Hubert W. D. Riedel of Milwaukee.

Following the ceremony the guests motored to the home of the bride's parents, The Seeley Cottage, in Elk Rapids for the reception. A three tier pale pink wedding cake was served by Vivian Orth of Chicago and Rosemarie Keller of Milwaukee. Assisting at the punch bowl were: Suzanne Curtis of Spring Lake, Suzanne Miles and Donna Lee Everts of Charlevoix; and Mrs. Evart Crouch of Traverse City. Patricia Davis of Charlevoix presided over the guest book.

Mrs. Blake chose dusty rose lace gown styled with a marquisette bodice and beige accessories. Her corsage was of white fleur-de-lis. Mrs. Riedel chose a dusty rose crepe gown with cap sleeves and white accessories. White gardenia were her corsage.

Guests from Charlevoix included: Mr. and Mrs. Leslie Everts, Mrs. Rosa Evert, Mr. and Mr. R. T. Davis, Ritchie Davis, Mrs. Walker Miles, Sylvia Lee Miles, Mr. and Mrs. George Meggison, Mrs. R. B. White; Mrs. Sander Halverson, Parris Halverson, Mrs. Jeff Novotny, David Novotny, Mrs. Trina Nelson, Mrs. Mina Dawson, Mrs. Ethel Hamlin, Herbert Hamlin, Mrs. Mabelle Graves and William Graves.

Charlevoix County Farm News

Farmers' Market Opens at Traverse

Opening of the new farmers market for retail and wholesale farmers selling of produce at Traverse City is scheduled for Friday July 21.

The market is designed to serve the farmers of a six county area. It will provide an outlet for fresh fruits and vegtables, poultry meats, butter, etc. Opening of market climaxes planning which has been underway several months.

On July 7 a group of farmers who have desired a produce market adopted articles of incorporation and set of by-laws creating a non profit co-operative whereby a retail and wholesale market can be set up.

The organization is to be known as the Grand Traverso Farmers Co-Operative Market Inc. Membership consists of producers of agricultural and hurticultural products in the surrounding counties of Antrim, Grand Traverse, Benzie, Leelanau, Kalkaska, Wexford and Charlevoix.

Producers in the above counties become members of the organization when they pay the annual stall rental fee. This year that fee has been established at $15.00 Stalls will be available on a basis of 75c.

Veterans Institute Field Day For Farmers Set for July 27

Veterans Institute of Charlevoix has set Thursday, July 27, 1950 as field day. Demonstration crop variety, rate of planting, fertilizer rates, and weed control demonstration plots will be observed by the veterans of the Charlevoix Institution.

Pasture mixtures and fertilization will be observed on the Harold Thomas farm at 9 a.m. and the Peter Winnick farm at 2:30 p.m. Mr. Winnick and Mr. Thomas are cooperating with Ellsworth Besemer, Veteran Instructor, in this project.

Oat, Barley, and Corn variety demonstrations can be seen at Harrison Warners farm at 10:45 a.m. The Eaton, Kent, Bonham, Clinton and Bonda Oats are planted here as well as plots of Wisconsin No. 38, Bay and the new Moore Barley. Also seven early maturing Hybrid Corns are planted on this farm. On the Huward Crouterfield farm the above five varieties of oats are planted on lighter soil. The touring farmers will stop there at 1:15 p.m.

Rates of planting and chemical weed control can also be observed on the Crouterfield and Warner farms. Mr. Warner and Mr. Crouterfield are cooperating with Stanley Anderson, Veteran Instructor, in this project.

Anyone in the area wishing to see these demonstrations plots is welcome to come at the above prescribed time schedule. The trip will be held regardless of weather.

ORCHARD NOTES

By Claude Fairman

Last week we mentioned deer and rabbits, and before I talk about the selection of varieties and strains of varieties, I will tell you how we handle deer and rabbits.

Wire screens are placed around the trunks of the young trees to keep rabbits away. This also protects the trees from mice. During the winter we lay out fresh trimmings for the rabbits to eat. Our wild apple trees, or seedlings, on rougher land adjacent to the orchard also furnish food for the rabbits.

Incidently, this also furnishes food for deer. However, the seedling trees have to be fertilized for the deer, as they prefer fertilized trees to feed on. Shooting at crows and other means of fright keeps the deer away.

• • •

IT IS NOW THE TIME of the year to begin to think about cutting scion wood to mail to your favorite nursery for any desired variety or strain. This cutting is done in August.

There are eighteen known strains of the Montmorency Cherry, some of which are to be prefered to others. The root stocks are usually grown in France and shipped to the nurseries in America. The Mahalib and the Mazzard are to preferred to other root stocks for Cherries. Nearly all trees are budded at the present time.

Buds are taken from scion wood and inserted in the growth from root stocks. Peaches are different in that the peach pits are planted and the new growth budded to the desired variety. Farther South they bud in the Spring and what they call "June Buds" can be dug the following fall and planted the next spring.

• • •

HERE AT HOME we have developed a late ripening Lambert sweet cherry and also late ripening Montmorency. These were patented and sold to the Stark Bros. Nurseries at Louisiana, Missouri.

Maybe you would like to plant some favorite old variety of apple not listed in nursery catalogues any more. If you can find an old tree somewhere, make arrangements with your nursery ahead of time. Cut off this years growth only and clip the leaves off, leaving ¼ inch of stem.

Wrap with one layer of waxed paper, then one layer of wet burlap - another layer of waxed paper and wet burlap - another layer of waxed paper and dry burlap, then tie and mail. We are always ready to furnish assistance in these cases, or we can refer you to some expert in Charlevoix.

Start Work in Small Fruit Culture

JOHN P. TOMKINS

Special work in small fruit culture in Michigan began July 1 with the appoinment of Dr. John P. Tomkins to the department of horticulture at Michigan State College. Originally from Pennsylvania, Dr. Tomkins has been employed at the New York State Experiment Station where he was working on grapes, strawberries, and raspberries. He has had experience in research in the field of small fruits and will work on these problems in Michigan. He was awarded the Ph.D. degree from Cornell University.

Potato Group Plans Meeting On Spud Problems

Two important matters will face Michigan potato growers and packers when they meet on the Michigan State College campus on Monday, July 24 at 1 p.m. They will hear a discusion of the potato marketing agreement and price support programs and decide whether or not they should form a state association.

The meeting is a result of a recent session called by Dean E. L. Anthony of the school of agriculture at Michigan State College. Potato raising is the only major Michigan agricultural industry for which there is no organization that is representative of the growers and processors.

At the request of a group of growers, Dean Anthony named a committee of seven men who met at Cadillac to discuss the possibilities of such a statewide meeting. This group with Veril Baldwin, Jackson, as chairman, agreed on the meeting for July 24 at East Lansing.

Serving with Baldwin on the committee were: Clarence Perkins, McBride; Theron Munro, Essexville; Floyd Jenkins, Kalkaska; D. J. Wood, Newberry; Fred Dunn, Detroit and Fred P. Hibst, Cadillac.

Summer Seeding Gaining Favor

Gaining in favor is the summer seeding of legumes and grasses as a means of assuring that the ground will be covered and forage crops kept at a high level.

The advantage of summer seeding, according to D. L. Clanahan. Michigan State College farm crops specialist, is that the problem of properly preparing a seed bed to cut down on weed competition is solved easier. Many farmers throughout the state report having more success from this method than by seeding with a companion or nurse crop earlier in the season.

Michigan State College farm researchers have found that all types of grasses, clovers, alfalfas, and mixtures respond to this type of seeding with equal success. Weed competition is eliminated during the hot summer months when the soil is comparatively dry. The weed seed requires more moisture for germination than does the grass and legume seed.

Clanahan says the time to get grass and legume seed in the ground is between Aug. 10 and 25.

Crash Near Ironton Fatal to Mother, Son

A 34-year-old Chicago mother and her four-year-old son were instantly killed, and four others were seriously injured in an auto accident Wednesday morning one mile west of Ironton.

Mrs. Joseph C. McCaughey and her son, David, are dead. The injured who were taken to Charlevoix hospital were another McCaughey son, Billy, 5, Irma Jane Thomson, 15, daughter of Mr. and Mrs. Noel Thomson of Ironton and Pete Sutton of Charlevoix RFD, and his son, Oren, 3.

The condition of the injured was termed "very serious" by hospital attendants but the exact extent of the injuries was not immediately determined.

The McCaughey family and Miss Thomson in the car driven by Mrs. McCaughey was traveling north to Sequanota and Sutton and his youngster were going west from Ironton enroute to the Sutton home when the accident occurred at the Bird's corner intersection. The road is the old route for M-66.

Sheriff's officer's in reconstructing the accident said that Sutton's car skidded end roller over, stopping bottom side up, about 150 feet from the intersection.

The impact of the collision sent the McCaughey car against a utility pole, moving it about a foot from its base. Mrs. McCaughey and David were thrown out of the right door and struck the pole. Death in both instances resulted from internal injuries and fractured skulls.

An inquest is likely to be held, sheriff officer's said.

Draft Board Calls Up 12 For Examination

Two Charlevoix county men will be called for induction into the service in September from a list of twelve who have been ordered for pre-induction physical examinations Aug. 7, the Charlevoix county draft board has announced.

The twelve registrants who have been ordered to report for physical examinations will report at the draft board office in the court house here at 8 a.m. Monday, Aug. 7, for transportation to Detroit.

Those reporting at that time are: Walloon Lake: Mark L. Ecker; Boyne Falls: Walter D. Kipisz, Gordon D. Smith, Kenneth E. Howard, Frank W. Kominski;

East Jordan: Ellwood W. Lewis, Albert L. Slate, Donald E. Bergmann; St. James: Lawrence J. Cull.

Boyne City: Walter L. Charon; Charlevoix: David A. Hamilton, Solden A. Svensson.

The registrants will return home and await induction notices if they pass. They will report for induction 21 days after they have been notified by the draft board that they have been accepted.

Knight Owls Meeting Class B Champs

Softball fans will have an opportunity to see the Merrill Drillers of Mt. Pleasant, the State Class B champs in action when they meet the Knight Owls Saturday night at Kipke field.

Proceeds from the game will be contributed to the Charlevoix Hospital building fund.

The Owls in the throes of a hitting slump dropped their fourth straight game to the East Jordan All Stars 12-7. Gee got a double and home run in 3 times at bat to lead East Jordan. Don Carey got a single and double to lead Charlevoix, while Bill Barber made the best fielding play of the game in snagging a low liner that was ticketed for extra bases.

Death Claims Albert Cook, 52, Rites Monday

For the second time in a week Charlevoix was shocked by the unexpected death of one of its business men. On Friday, Albert E. Cook, 52, co-owner of the Charlevoix Oil Co. with Angus L. Fochtman, died at his home. He had been in ill health for some time but his death was unexpected.

Funeral services were held at the Sce Funeral Home Monday with the Rev. W. D. Wood, officiating. Burial was in the Brookside cemetery.

Mr. Cook was born near East Jordan in Charlevoix county on Sept. 26, 1897, He had been in business here for more then 25 years, first with the Standard Oil Co. and later in the Charlevoix Oil Co. which was organized in 1931. He was married to Helen Newman Oct. 24, 1928.

He was a member of the R. & A. M. No. 228 and had also served on the Charlevoix Hospital Board of Directors.

Besides his wife he is survived by one son, Cpl. Glenn D., with the Army Air Force on Guam and his father, James A. Cook.

Hurt in Accident

Mrs. Fred Tyler is confined to her home while recuperating from injuries suffered in an accident on Bridge st. Sunday. Mrs. Tyler suffered a sprained knee, abrasions and bruises when she fell to the pavement from a bicycle after hitting the rear right fender of a car driven by Edward Gallagher. He was turning into the street to the Municipal dock.

Ex-Gov. Kelly Meets With Area Republicans Here

Thirty-eight prominent Charlevoix county Republicans gathered at the Nautical Friday evening at a dinner honoring former governor Harry Kelly, candidate for the office in the September primary election

Mr. Kelly spoke briefly at the meeting stating his platform if he is nominated as the Republican candidate for governor in the November election.

Henry Heckier, chairman of the dinner, was named chairman of the Kelly-for-governor club organized at the meeting. Harry Jennings of Boyne City was named vice-chairman. A secretary-teasurer will be named at a later meeting.

Mr. Kelly visited business men in Charlevoix while here. He was also presented with a gift of Lake Michigan fish from the group.

Beaver Island to Crown Irish Bill Whalen 'King' in Ceremony

By Margaret Hanley
Beaver Island Correspondent

Beaver Island—The Island will crown a king Thursday (tonight) but this time he'll be Irish.

The new king will be "Bill" Whalen, Chicago yachtsman.

The coronation will be in observance of the Island's famed crowning of King Strang, a Mormon leader, who made history by becoming the only king to be crowned in the United States. Beaver Island is observing the centennial of King Strang's crowning.

It was in August, 1850—100 years ago—that Jesse James Strang had himself crowned King of the Beavers. As monarch of his Mormons, "King" Strang ruled with an iron hand. His word was the law.

• • •

In 1856, Strang's reign came to an abrupt end. He was mortally wounded by one of his own flock and no wonder! He commanded the women to wear black bloomers instead of skirts and what girl wants to go around in black bloomers day in and day out. Then, the "King" began making a collection of wives. At the time of his death he had collected seven.

Polygamy became a convenient doctrine when the "King" began making side glances at the pretty girls among his flock. Strang set the pace with multiple marriages. Seven wives is quite a record and it was never matched by a "saint" on the Island.

Beaver Islanders will welcome the aspirant to the throne—Bill who will land at the Island's dock with the rest of his fellow yachtsmen after the race to Mackinac.

Since 1934, Bill Whalen and his sailors have stopped over at Beaver Island to relax after the struggle with the wind and sails in the race from Chicago to Mackinac. Whalen, an Irishman with a song in his heart and wit on the tip of his tongue, steers more and more yachtsmen to the Island.

The crowd grows larger and the occasion more festive. It has developed into a yachtsman's jamboree and the coming of the yachtsmen each year has become one of the main attractions on the Island.

As is the custom, the yachtsmen gather in the evening in the Island's Shamrock tavern as do most Islanders. With Whalen acting as master-of-ceremonies, the Yachtsmen's Follies is presented. A born showman, he has his audience in stitches from begining to end.

• • •

EACH YEAR Whalen declares himself "Mayor" of Beaver Island the minute he sets foot on the Island. But this year, he's to have a surprise. He's going to be crowned "King". Royal robes and crown await the coronation. Judge E. R. Boyles, supreme court justice of Michigan will do the crowning. The newly crowned "King" will ascend an improvised throne and will rule, not with an iron hand, but with a hooked one.

Veteran of two wars, Whalen volunteered his services during World War II, was commissioned captain in the transport command and lost one arm in the European theater of war.

The Irish on Beaver Island all agree that it's going to be great having Bill "Whalen as "King".

Auto Mishap Is Fatal to Joseph Genia

Harry Boake, 31, driver of the car in which Joseph Genie was a passenger when fatally injured Saturday night, was charged with reckless driving and appeared in justice court here Monday. He was sentenced to 20 days in jail and ordered to pay $50 fine and $20 court costs. He will be held an additional 20 days in jail if he is unable to pay the $70.

Joseph Genia, 35, mechanic at the Northern Auto garage, died at Charlevoix Hospital Sunday morning from injuries suffered in an auto accident at midnight Saturday. Funeral services were held at St. Mary's church Wednesday. Burial was in St. Mary's cemetery.

Genie suffered a skull fracture and internal injuries when the car in which he was a passenger left US 31 near Bay Shore and traveled 180 feet before rolling over five times. Rechel Genia, 30, wife of the victim, riding in the back seat with her husband, suffered lacerations and bruises. She was released from the hospital Sunday noon.

Harry Boake, 31, driver of the car was uninjured. He told Sheriff Floyd Ikens his car was crowded off the highway by another car as he and the Genias were driving toward Petoskey. The car went off the left side of the highway. He is being held at the Charlevoix county jail pending an investigation of the accident.

• • •

MR. GENIA was born at Bay Shore July 18, 1915, came to Charlevoix as a child and attended the Charlevoix schools. In 1938 he was married to Rachel Norton. He was an auto mechanic by trade and had been employed at the Northern Auto since 1941.

Besides his widow he leaves four children, Melvin, 11, James, 10, Josephine, 8, and Marilyn, 4; three brothers, Floyd of Charlevoix, Howard of Sisseton, S.D. and Leroy of New Ulm, Minn.

Radio Broadcast Will Open Fun-Packed Three-Day Program

A battery of telephones have been set up at the games booth in East Park to accept pledges during the radio broadcast over station WMBN, Petoskey, Friday. The program from 3 to 4 p.m. will open the second annual Charlevoix Hospital carnival held to raise funds for the proposed new hospital.

Max Ansbaugh, genial announcer of Petoskey, will serve as master of ceremonies on the hour long program which will feature talks by Dr. Louis L. Mann, Rabbi of the new Sinai Temple in Chicago and prominent summer visitor here; Mayor Knight; Mrs. W. B. Stewart of the Belvedere club; selection by the Four Horsemen quartet and music by Herman Drake's orchestra of the Beach Hotel.

DURING THE broadcast the names of contributors will be announced over the radio. Pledges of any amount may be called in. Phone 1045 and make your pledge. Mertin Carter and Bill Pletzer of the WMBN staff will assist Ansbaugh. The broadcast will officially open the carnival with booths along the west and north sides of East Park opening with entertainments for everyone.

Another feature of the event will be the continuous showing of a movie at the Hospital booth showing a major operation being performed.

ON SATURDAY afternoon a Children's parade will be featured with youngsters up to 12 years of age participating in the parade which will start at the school grounds. Prizes will be awarded. All youngsters are urged to register by Friday evening.

Friday evening will find Bridge st. converted into a midway with games, food booths and other entertainment going full tilt.

A street dance on Clinton st. off Bridge st. will feature modern and old time dancing with music by the Three Slips and a Miss.

While some are enjoying the midway and the softball game Saturday evening others will attend the Venetian Queen's ball at the Beach Hotel. At that time the name of the 1950 Queen will be announced and the young lady crowned as Venetian Queen. Music will be by Harmon Heater's orchestra of Traverse City with the Arthur Murray dancers presenting a floor show.

Organizations which will sponsor booths and entertainment during the carnival will be as follows

Two County Boys Attend 4-H Camp

Only two Charlevoix county 4-H members are attending the annual Northern Michigan 4-H camp at Gaylord this week. They are Walter Murphy of East Jordan, who has a dairy project and Donald Festerling of Bay township, whose project was handicraft and grooming.

Betty Warner of Charlevoix, whose project was clothing and styling, will attend camp on Thursday and model the gown which won her a first place in the county.

Karl Festerling, Charlevoix county 4-H leader, is attending the camp this week. Classes in crafts and judging as well as an extension recreational program are enjoyed by the 500 youngsters and leaders present.

Charlevoix county had planned to send a larger number of boys and girls but the fact that cherry picking is just starting is given as the reason more youngsters do not attend.

New Jersey Pastor Speaks Here Sunday

Services next Sunday at Christ Episcopal Church will be conducted by the Rev. B. DeFrees Brien, rector of St. Martin's church, Maywood, N. J., Rev. Brien is vacationing near Cheboygan.

During August, the Rev. F. Pfeiffer will have charge of the Episcopal services, which will continue to be Holy Communion at 8:00 a.m., Morning Prayer and Sermon at 11:00 a.m., with an additional Communion service at 11:00 a.m. on the first Sunday in August. Rev. Pfeiffer is Rector of St. Paul's Church, Richmond, Indiana, and will be spending the month of August in Charlevoix with his wife and two children.

Navy Officer To Crown Venetian Queen

Charlevoix's 1950 Venetian Queen, whose identity will be revealed at the Queen's Ball at the Beach Hotel at 9:30 Saturday evening, will receive her crown from Lt. Cmdr. Stephen Luzaich, commanding officer of the USS PCE which will be docked here over the week-end.

Nancy Kipke, 1949 queen, will come from Lansing to attend the ball and relinquish her crown to the 1950 winner.

The queen's contest will continue until 4 p.m. Saturday. Until then votes may be cast for everyone's favorite candidates by making a small contribution to the hospital fund. Candidates are: Theresa Zeitler, Patsy Rose, Colleen Reed, B. J. Cunningham, Janet King, Delores Winnick, Mary Lou Gibelyou, Ann Gill and Marion Seymour.

Lt. Cmdr. Luzaich will officiate at the crowning of the 1950 queen at 10.30 p.m. At that time all candidates will be present and the name of the winner announced. In a coronation ceremony Lt. Cmdr. Luzaich will received the royal insignia from Miss Kipke and crown the 1950 Venetian Queen.

Music for dancing will be by Harmon Heater's band of Traverse City and the Arthur Murray dancers, currently appearing at the Beach Hotel, will present a floor show.

The Beta Sigma Phi sorority has sponsored the queen's contest and the presentation and coronation of the new royalty. Proceeds from the ball will go to hospital building fund.

Record Crowd Expected for Carnival Week-end

Charlevoix should enjoy one of its largest crowds of the summer this weekend when the hospital carnival and Venetian Night program are scheduled.

Few people, except those who have had a hand in working on these projects, realize the immense amount of time and effort are expended in making these events a high point of the summer.

Plans have been underway for months by the hospital committee, headed by Herb Schofield, and every effort has been made to make the carnival the best ever. He has to have help if the project is going to be called a success.

Many have given freely of their time. There have been a host of things to look after, numerous details to be smoothed out. Likewise with the Marine club and the Board of Commerce which sponsor Venetian Night.

One evening last winter, S. E. Coleman started actively planning the Venetian Night program with the Marine club members, headed by Bob Hamilton. These groups have done a great deal to provide a weekend of entertainment for the visitors as well as the year-around residents.

Charlevoix has a long record of accomplishments in producing good hospital carnivals and Venetian Night programs. The people who have worked so hard to help these programs are to be congratulated for their civic interest and hard work.

Let's stop the committee members and others who have worked on these programs and express our appreciation to them for their work.

Maybe We Are Seeking Too Much Security

A family we know has a three-year old son who lives in a perfect planned economy.

He is provided with complete security, subject, of course, to paternalistic authority. He is comfortably attired although his preferences as to selection of his clothes are subject to his mother's own ideas. When he is in need of medical attention, he has no choice in the selection of the doctor. That is decided for him. At meal times he eats what is put before him . . . or he doesn't eat. If he wants to go out and play, he must seek parental permission. If any request is refused, he has no recourse. If he complains too loudly he is subject to adequate disciplinary measures (the advice of child psychologists notwithstanding).

From the time he crawls out of his bed in the morning until he returns protestingly at night, his own desire and inclinations are guided by parental prerogatives. After all, he is only three and therefore cannot be expected to be a "producer." He is told what to do, when to do it and how to do it. He is learning that the best way to get along is to do as he is told and stay out of trouble.

The "do-gooders" and opportunistic political planners in Washington have set themselves up as the paternalistic authority for all of us. All of us except the Government officials, that is. They would like to relegate us to the same status as our three-year old in telling us what to do.

Once relegated, we would then receive food, shelter, clothing, medical care and all the other things that go to make up our economic security. All of this would come to pass, regardless of how much we, as individuals, would have contributed to the total production. Even our three-year-old, when he is old enough, would become a "producer" for the State and so subject to the planners' dictates as to kind of job, location and pay - - if any.

All of us want security for ourselves and our families, but the complete domination of our lives as outlined above must by its very nature bring us into complete subjugation to these same planners who, whether they admit it or not, will become our masters.

It's a beautiful picture the campaigning politician draws for us when he promises us more welfare. It's so, so difficult for him to add that the only way that "more" can be obtained is to produce more. Consequently, in our desire for security we too often are content to settle for his glowing promises. All of us like to get a bargain. The idea of "Something for Nothing" excites the imagination to the point that we want to ignore the cold, hard facts of the truth of the situation.

The voters of America are faced with a choice of individual opportunity or "Welfare" security. Given the whole truth, there is no doubt that their choice will be the right one.

Voice of Our Readers . . .

Dear Editor:

I was very pleased to see by your July 20 publication that some one individual, besides myself, is opposed to the idea of higher taxes, for the construction of UNNECESSARY School buildings.

The newspaper campaign put on by the pressure group, for the new buildings, was well organized, so that it ran up to the very last minute, before the Annual School Meeting, so that little or no word could be given out to refute what they might say.

In the last paper before the annual meeting, this group had to admit, that there was only an increase of ONE PUPIL this last year and that the decline in the COUNTY was 190 less than the year before. Would any thinking person feel that $400,000.00 should be spent under such conditions? And remember this, that for the next five or more years there is bound to be a decline. People who came here expecting to find work enough to keep them from the cities, have discovered that there is nothing here. Their surplus is gone and they have to return to the cities to live.

THERE ARE many people in this town who would like to give their children a GOOD education. I am one of them. We are supposed to have nine months of school for our children. We understand they are to be taught, READING, WRITING, and ARITHMETIC, plus spelling, and essential items to prepare them for higher education, or their life after High School. This last year the whole term could have been put into about 90 days of actual study and the rest of the time in attending shows, pep meetings, etc.

The person writing in last weeks paper, stated that "It is more of a PLAY school instead of real LEARNING." I agree, and make this further statement. The Public School is supposed to be run on a very DEMOCRATIC basis, or equality for all pupils. Some of these shows that are given are being charged for. Those pupils who do not have the money MUST REMAIN IN STUDY ROOMS while the others are HAVING A GOOD TIME because THEY HAVE THE CASH. These shows are given during SCHOOL HOURS, and if they are necessary to the education of the pupil, they should be shown FREE OF CHARGE and all should enjoy them.

• • •

THERE ARE many other items which seem to me to be out of gear, in this school set-up, and if the people want more information along this line, I will be glad to give my ideas to them, however, the PEOPLE should write you asking for it.

Well, Vic, you may think I am crazy, and a lot of others may think so too, but, to DESTROY what we now have, just to build EMPTY MONUMENTS and squander our goods, to please the eyes. LOOKS LIKE A LOT OF FOOLISHNESS to me.

I wish to thank you for finally publishing the great increase in the school census, of 1. I knew it three weeks before it was published. Since the census was taken, there have been families moving out, and their children go with them. It looks as though the initial roll call MIGHT be under last years.

Your in all Sincerity
Walker A. Miles.

A note on Nelle Smith who is spending the summer in Antwerp, Belguim, with her brother, Joe and his family . . . she attended the recent dedication of a memorial at Bastogne in honor of the men who lost their lives in the Battle of the Bulge . . . and intends to see Paris before the trip home next month.

We think the orchids of the week should go to a certain little gal from Ellsworth, namely, Dorothy Oosterbaan . . . who found an envelope containing a sum of money near the Blua Post Inn Friday . . . she immediately turned it over to the police who in a short time had a call from the woman who had lost it . . . the money was returned to its rightful owner who had dropped it after cashing a check at a nearby store.

WE'RE GLAD to hear that Ken Forbes who is recuperating from a recent illness is raising chickens these days . . . he had 25 cornish Red Hampshires given to him by his old boss in Lansing and is really enjoying watching them grow . . . And if you have any little jobs that are presenting a problem to you just call on Fire chief Charlie Marshall . . he knows how to handle more then fires . . . recently when a lady dropped a set of keys down a drain at the corner of Bridge and Antrim many suggestions were offered on how to recover them but it was Charlie who came to the rescue and after a short while had retrived the lost article . . .

The Lighthouse tender, Sundew, in recently with a new skipper aboard, Lt. Cmdr. G. T. Hagglove . . . who is a wonderful Swede . . . he was transferred to the Great Lakes area recently from Norfolk and has had 27 years in the Coast Guard . . we asked if this was his first duty on the Lakes and he told us that during the days of rum-runners (can you remember that.) he was stationed along Lakes Huron and Erie . . .

DON'T FORGET the Hospital Carnival and Venetian Parade this week-end . . . there's a lot of work gone into both events so be sure and turn out in force to patronize the carnival . . . it's the nicest way we can think of to help a grand cause . . . and the Venetian Parade is just about the grandest spectacle we know about . . . One forgets from year to year how thrilling it is to watch . . . Take a look and listen to the program and parade . . . think how many hours of work has gone into the event and then say Thank you to everyone who had anything to do with it . . . the only guys we envy are those who get to shoot off the fireworks wouldn't that be fun? . . .

And speaking of fireworks always reminds us of the Fourth of July celebration on Beaver Island a few years ago when someone dropped a match or a cigarette into the carton of fireworks just as the display was to start . . Roman candles, sky rockets, firecrackers and what have you were going in every direction and the celebration was over before most of the spectators had found cover from the explosion . . don't ever say the Islanders don't do things different from everyone else . . .

Festive Week-end Promises Enjoyment for Visitors

Charlevoix's traditional Venetian Night and Hospital Carnival will mean a busy week-end for area visitors this week-end, July 28-29-30.

The annual carnival, sponsored for the benefit of the new hospital here, will open with a broadcast over WMBN Friday afternoon and will be followed by the opening of the booths on the midway of Bridge st. Street dancing will be held Friday evening on Clinton st.

A huge children's parade at 2:30 p.m. will highlight Saturday afternoon's program. The queen of Venetian Night will be crowned at the Beach hotel at a Coronation ball Saturday at 9 p.m.

The Marine club and the Board of Commerce will stage sailboat races on Round lake with members of the Belvedere club taking part. Other waterfront activities will be held.

A band concert will open Sunday evening's program at 7 p.m. The climax of the evening will be the Venetian boat parade on Round lake with a gigantic display of fireworks overhead.

CHARLEVIOX is preparing for the influx of week-end visitors to witness the 17th annual Venetian Night boat parade and program which is being combined this year with the second annual Charlevoix Hospital Carnival.

Featured on the musical program at 7 p.m. will be selections by the Charlevoix Marine band directed by C. A. Odmark; sea chanties by Camp Charlevoix's popular boy's chorus; spirituals by Horatio Jackson's negro choir and music by Zach Whyte and his piano.

The Venetian Queen and her court will be introduced during the program and will later go to a vantage point along Round Lake to witness the Venetian Parade which will follow the program.

Alvin D. Goldman's cruiser, the Boss and Jack Goldman's Ranger, will tow the decorated boats in the parade. A colorful display of fireworks during the parade will complete the picture.

Clark Community

Mrs. William Parsons

Has anyone a new and better name for Clarke Community? New comers are puzzled as to why the name "Clark" and as several families on the north get themselves in Barnard news, it would seem appropiate to find another name for us "Southerners". Originaly when Clark school was operating, family gatherings there made it an undivided community, but those days are gone. So any suggestions are in order. Mrs. Jolliffe suggested, "County Line News", not bad.

Dick Jolliffe of Grand Rapids visited at the home of his parents Mr. and Mrs. Wm. Jolliffe from Wednesday until Saturday.

Jim Joliffe accompanied Dawson Way, Jim Fiedler and Bob Clarke, on a sight seeing trip through the upper peninsula and Wisconsin last week.

• • • • • •

What's Doing
At Camp Charlevoix

Tuesday afternoon the annual Green and Grey track meet was held amid much cheering. In the senior section, heavy scorers were Jeff Jennings, Bill Ferguson, Tony Love, Rusty Lindert, Bob Brown, and Larry Reisinger. In the intermediate sectian the following boys scored paints, Chip Well, Jerry Eberts, Austin Pendleton, Tom Gravengood, Steve Smith, John Ragsdale, Tim Mast, Tom Watkins, Terry Black and Lucien Layne.

In the Junior sectian the events there was much keen competition. High point scorers here were Bob Andrews, David Mayer, John Henry Dudley, John Mueller, Robbie Swigert, Steven Clink, Bob Crew, John Narthway, Arthur Blaul, Johnny Osborn, Tim Crowe, Tony Badalament, Bob Perry and John Bell.

Tuesday also saw the two top cabins in camp Johnny Ellsworth's boys and Jim Lands boys leave for a four-day trip on Beaver Island. The boys enjoying this trip to that famous Island were Barry Haas, Bill Hardie, Marc McCallister, Alan Mendelssohn, Jimmy Rockwell, Jimmy Stockwell, Ewing Goff, Bob Inch, Jack McQuiggan, Carl Newman, Ned Lambrecht, and Bob Timmons. Another trip left camp on Tuesday on a canoe trip down the lake to Young's State Park.

THESE BOYS were headed up by Walt Greising, the counsellor and included Joel Black, Dick Degener, Bill Fors, Jim Logie, Dick Morgan, Sterling Ragsdale, and Bill Ruggles..

Wednesday night, "Chief" Whitecrow and Chuck Swing put on o series of games in the clubhouse.

In the "Duck for the Orange" game Timmy Crowe was the junior champion, Chip Weil and Alan Fork the intermediate champ, and Larry Reisinger the senior champ. In a playoff for the camp championship, Larry Reisinger won.

In a talking contest, John Beeman represented the juniors, Don Robinson the intermediates, and Eddie Vardon the seniors. After much jabber, the camp championship went to little Johnny Beeman.

Thursday saw the camp practically vacant because of so many trips out of camp. Tommy Tomlinson and Russ Laughlin took boys on an overnight to Eastport on Lake Michigan. These boys were: Allen Adams, John Jensen, David Keller, Ronald Mabee, Austin Pendleton, Danny Ross, Scott Cappel, Kaky Cummins, John Fink, Arthur Sullivan, Tommy Tinsley and Chip Well. The first horse trip of the year was taken by Webb Wilson's group. These boys were Bob Brown, Alex Cross, Jeff Jennings, Roger Keeney, Rusty Lindert, and Bill Sites. The first sailing trip of the year went out,too. Jack Harris, the sailing instructor, took his cabin on an overnight sail the length of Lake Charlevoix. On this trip were Bill Ferguson, Tony Love, Bill Putt, Larry Reisinger and Walt Simmons. Phil Steding took Walt Greising's cabin group, and Don Lewellen took his own group over to Lake Michigan for supper.

On Friday the horse trip, the Beaver Island trip and the trip to Eastport returned and Allard took his hoys on an all day canoeing trip. They paddled down the lake for dinner and supper returned in the moonlight in time for taps.

On Saturday there were several families visiting their sons, and in the evening there was an Indian ceremonial dance at which Chief Whitecrow danced with several of the campers. They were Johnny Beeman, Jerry Maish, Eddie Vardon, Lucian Layne, Billy Putt, Tommy Gravengood, Billy Ferguson and John Ellsworth, Head of the Pioneer section.

Sunday morning the chapel service was held with Chuck McKean as speaker. In the afternon, the Camp Counsellors played a softball game against the Olds team from Charlevoix and through fine pitching by Joe Mcleod and good hitting by Don Bacon, Don Dannecker, Jack Landes, Webb Wilson, Phil Steding and Don Allard the camp team won 10-9.

Sunday evening the vesper services were held in all sections.

The camp pictures are being taken this week hy Paul Gach of Grosse Pointe.

From where I sit ... *by* Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What *kind* of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me. I'm all for having a glass of beer or ale on occasion. *Your* "sociable beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a *right* in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

Cadillac-Olds	7	7	500
Parsels	6	7	461
Freedmans	3	8	273
Russells	0	12	000

Cadillac-Olds played Mailhots to a 9-9 tie after nine innings. The game was continued on Friday nite with Mailhots winning in the 11th inning 11-9. H. Supernaw hit a home run after W. Carey had tripled to open the eleventh. Supey then held the Olds team from scoring in the last half of the 11th.

Parsels extended their winning streak to four straight when they nosed out Sees 7 to 6. Bob Miller hit a home run for Parsels in the first inning to drive in 3 runs. However, they ran into a free swinging Freedmans team on Wednesday night and dropped a 10-9 decision. Bill Lusk hit a home run for the winners.

Sees are finding it tough to stay on the winning side of the ledger. They dropped three straight during the week. Cadillac-Olds team nosed them out on Thursday night 6-5. C. Krahnke hit a home run in the bottom half of the seventh to clinch the victory. J. Seeley homered for the losers, driving in 3 runs in the 3rd. Parsels beat them on Tuesday and Mailhots completed the job on Friday night. The later was a make-up game rained out on June 2. Bill Wallace led off with a home run and the Mailhot team were never behind. Final score was 13-5.

Silver Birch Court continued their winning way by swamping an outmanned Russells team 22-2. Home runs by H. Potter and F. Boss climaxed some heavy hitting for the Birch Court team.

Mailhots snapped back with 3 wins during the week to take over second place. Their victims were Cadillac-Olds 11-9, Atwood 12-6, Sees 13-5.

On Friday night Cadillac-Olds outslugged Freedmans to win 19-12. There were 14 extra base hits in this game. Home runs by Bud Barber for the C & O team and J. Swanson, Bill Lusk for Freedmans. Bill Barber hit 3 straight doubles.

All rained out games will be made up as of tonight when Freedmans vs. Silver Birches at 7 o'clock and Russells Grocery vs. Atwood at 8:30. The second round of play will open Friday night (July 28), provided rain does not force any more postponements during this week. Schedules being worked out and will be available next week. Final percentages for leading hitters in the first round will be released next week.

Play for the second round will start as soon as all rained out games have been played. Teams will be notified as to time and dates. The Belvedere plans to enter a team for the second round. Charlevoix Oil Co. team climbed into third place during the week as they beat Edwards Food Mart 10 to 4. Miller Boats also entered the win column by defeating Supernaw - Campbell 15 to 1. Ellsworth kept their winning streak intact by downing the Legion team 6 to 6.

Island Man Enjoys Refrigeration Job

Quite a list of young men who have finished their courses in the refrigeration division of the Ferris Institute Trades and Industry school during the last few weeks have written back to Michael McCue, head of the refrigeration school, that they have good positions and are getting along nicely.

Rogers Rickgers of Beaver Island writes that he is located with the Airtemp Control company of Grand Rapids and William Schmalzer of Muskegon is with the same company.

Crowds Drop Off at Parks In Michigan

LANSING, July - A general drop from the 1949 record breaking attendance at state parks and recreation areas so far this season is reflected in conservation department reports of seven parks among those ordinarily drawing the highest number of visitors.

Cold weather apparently has discouraged regular users and campers both, park division officials say. Records available for the season so far show a tally of 661,375 visitors at Grand Haven as compared with 600,350 for the comparative 1929 period; 473,169 at Holland, 799,056 in 1949; 363,780 at Sterling, 424,410 in 1949 352,042 at Dodge No. 4 at Cass Lake, 628,503 in 1949; 110,101 at Ludington, 120,362 in 1949; 63,265 at Lakeport near Port Huron, 169,605 in 1949; 60,764 at Pontiac Lake, 96,292 in 1949.

Reports indicate picnickers and daily users are "discovering" previouly little-patronized or smaller parks. Attendance at Muskegon State Park has jumped to 408,775 from 266,600 at this time last year. Warren Dunes has already counted 145,270 visitors with 102,640 on record for the comparative period in 1949.

Even with the four-day Memorial Day and July Fourth holiday weekends on the books to boost the figures, fewer campers have registered in the parks.

Attendance at upper peninsula parks has also fallen off this year, parks officials report.

State Church of God Leaders Meet Here

State leaders of the Church of God concluded a five-day leaders' conference at the Church of God camp grounds here Friday. Sixty lay leaders and pastors of the state Board of Christian Education attended.

Maurice Berquist, who recently visited all Church of God mission station throughout the world, and Dr. Harold Phillips, assistant editor of the Gospel Trumpet Co. of Anderson, Ind., were the principal speakers at the conference.

Give Your Corn 'Second Helping'

Give your corn a "second helping" of nitrogen if you want good yields, says James Porter, soils specialist at Michigan State College.

For a 60 bushel per acre yield, corn needs 95 pounds of nitrogen per acre, he states. Most of this is needed after July 15.

Good insurance that there will be enough nitrogen for this large requirement is plowing under of manure or a green manure crop. Ten tons of manure contains about 100 pounds of nitrogen. Sweet clover plowed under in May will provide about 90 pounds of nitrogen per acre. Good alfalfa or clover plowed under supplies large amounts of nitrogen.

Where neither manure or legume green manure have been plowed under, corn will usually show a lack of nitrogen by the last cultivation. First symptoms appear on the leaves at the base of the corn stalks - - - sometimes called "firing." The leaves turn yellow, first at the tips, and the yellowing proceeds toward the stalk. The middle vein of the leaf turns yellow most rapidly.

Treatment to make up this shortage is a sidedressing along the row with 200 pounds of sulphate of amnonia or 125 pounds of amnonia nitrate per acre. This will supply about 40 pounds of the element nitrogen. Porter believes this should increase the corn yield from 10 to 25 bushels an acre. These fertilizers can be applied with fertilizer sidedressing equipment.

A sample test to determine nitrogen needs can be obtained thru the offices of county agricultural agents or the MSC Soils Science department at East Lansing. The same nitrate test powder is of value to growers of many truck crops.

Complete Milking Ups Dairy Income

That expression of "good to the last drop" is an understatement insofar as a cow's milk is concerned. It's actually "better to the last drop" according to W. W. Snyder, Michigan State College dairy authority.

The first milk drawn from the udder of the average cow is usually greatly lower in butterfat content than the last obtained in a milking. For instance, in a Wisconsin experiment the first quart tested only 1.4 percent fat, the fourth quart 4 percent fat and the strippings 7.6 percent butterfat. The average of the complete output for one milking of this animal was 3.3 percent.

Improve Conditions

The proposed Federal Milk Marketing Order now being considered for the Detroit metropolitan district should improve conditions materially for the producers according to G. G. Quackenbusn, Michigan State College agricultural economist.

Fair Premium Books Are Ready

The 1950 fair premium books have just been received from their printer and are now available to anyone who wishes a copy according to Ed Rebman, county agricultural agent. People may obtain a fair book by writing to the county agent or calling at one of the farm coops.

The dates for the 1950 fair are September 12 through 16. Program, in addition to carnivals and exhibits include Joie Chitwood's world champion auto daredevils, WLS National Barn Dance, Earl Peterson and his musical show, calf scramble, horse pulling and horse races. All local people are urged by the board of directors to attend this fair and help make it successful.

Barnard Farm Bureau Urges Larger Vote

By Mrs. Arthur Stoal

Barnard Farm Bureau met at the Frank Matchett home, July 20. Ten members and one visitor were present. How to stem the tide of public opinion against the farmer was discussed. Since many people have the false impression that farmers are all getting rich, ways were discussed as to how the true facts may be presented.

U. S. Dept. of Agriculture records cite that 1949 the per capita farm income was $763 while the non-farm population was $1555. The farmers share of the food dollar has been a scant 47c on the average and the balance of food costs come from processing, handling, transporting and sales commissions.

Our group has decided to vote "no" on the referendum proposal to sell yellow oleo in Michigan. This proposal will be voted on at the November election. All citizens are urged to vote. "Your vote is your voice." "Let it be heard" is the American Farm Bureau's slogan for geting out the vote this fall.

It is a shocking thing to think that our great country founded on christian democratic principals is actually run by a minority of people.

This is shown by the fact that only 47% of the eligible voters voted in the last election. A proud community we could be if after the November elections we could say, "Every one in our community voted on election day."

ORCHARD NOTES

By Claude Fairman

At the meeting in Ellsworth, Don Hootman outlined how some counties have joined together and have formed their own Horticulture society. These are more or less affiliated with the state society. The stage is all set for Charlevoix and Antrim Counties to have their own society. After our cherry rush is over we will have election of officers and also outline our tours and program.

As a body we can speak better on legislation and receive aid from a variety of fruit specialists and exchange on our own ideas and experiments. This will also encourage among the people a greater love for choice fruit products and help to awaken a larger interest in our counties possibilities. Any grower or anyone interested may join.

All decidious fruits will grow here as well as berries. The peach and pear grow almost natural with little or no spraying. As I have had considerable inquiry regarding the peach, I have talked to Stanley Johnson regarding varieties, have also talked to some other persons and can tell a little from our own experience.

• • •

THE FIRST peach to ripen is the "Red Haven", which is followed hy "Fair Haven" and then the "Hale Haven". If you desire a later peach try "Hale Haven" or "Early Elberta". The before mentioned are the best peach varieties to plant in this part of the country.

Now let's talk a little about spraying peaches in Charlevoix county. The dormant spray for leaf curl is a must. Many materials may be used. We now use a D. N. Compound "Krenite". Another trade name by a different company is "Elgentol". Follow the manufacturers directions carefully. Apply early in the spring before the buds begin to swell . . there may even be a few snowbanks left on the slopes.

Cover the buds thoroughly the first days the temperature is above 45 degrees and the spray should dry before nightfall. That is all the sprayin we do for peaches, that is if you do not find any worms or other disease there is nothing more to spray for. Your next job besides cultivating and trimming is thinning. This also is a must.

• • •

PEACHES SHOULD be thinned about July 1 and spaced 6 or 8 inches apart. Large growers use a bamboo pole 4 to 6 feet long with a piece of rubber hose on it and tap the limbs about 2 feet from the ends. A blossom thinning spray is recommended for the "Red Haven". This early peach needs early thinning to obtain size and flavor.

The trimming of the peach and of other fruits will be taken up later. You may obtain the names of different blossom thinning sprays and many other interesting items along fruit growing lines from the "American Fruit Growers", a monthly magazine published at Cleveland, Ohio.

I always tell people to read all the fruit articles in the "Michigan Farmer", "Country Gentlemen", and any others they can find to read. Also to attend all fruit growers meetings, listen to what every fruit grower has to say and then apply what seems the best for themselves on their own type of soil, and their own particular climate and conditions. We can only believe what we actually see by tests and trials. Many ways can be tried on a small scale at first.

Fertilizing Wild Pasture Helps Lower Feed Costs

By Vic Spaniolo

Fertilizer placed on wild pasture in the last two years is beginning to pay dividends for Lester Umlor, 32 - year - old Hayes township farmer.

Umlor, a student on the agricultural program of the Veterans Institute, reports that his cattle are unable to keep the pasture eaten down, because of the fast growth this sumer.

In the spring of 1948, Umlor put 200 pounds to the acre of 0-20-0 fertilizer on the 13-acre field. Last year he increased it to 400 pounds. The first application of 200 pounds failed to show much effect.

But the tonic of the 400 pounds of fertilizer is paying dividends this year as he has more pasture than he had before. The land is low, wet pasture but was not thought suitable for reed canary grass seeding which is used by many farmers on their wet, mucky soils.

PREVIOUS TO applying fertilizer, Umlor found that his pasture was good in the spring but died off in the hot summer when he needed it most. Now he does not need nearly as much grain for his livestock.

By cutting down on his grain purchases, he is showing a better profit. Another part of his pasture program is the seeding of rye in fall for late fall and early spring pasture. Again he saved money on his grain purchases.

Umlor, following accepted practices of Michigan State college and the veterans Institute and the county agent, is shifting to grassland farming hay, grain, oats and barley. His land is quite rolling and unsuitable for other row crops. He is aiming to increase his pasture so that in coming years, he can accommodate 16 to 20 dairy cattle and 10 to 16 hereford steers for fattening.

His cash income comes from feeding steers on grass, his dairy cattle and 20 OIC hogs. As part of his improvement program for his livestock herd, he bought two heifers and a cow in southern Michigan.

Lester Umlor pulls up some wild grass to show his instructor, Ellsworth Besmer, the extent of the growth.

His heifers are out of prize livestock from the Michigan State Reformatory herd which annually ranks among the best in the middle west for milk production and butterfat.

A native of Charlevoix county, Lester has spent many years on the farm after taking a variety of jobs in the city. His father, Peter Umlor, has a fruit farm near East Jordan. His two brothers, Eugene and Carl, both of whom are in the Veterans Institute, have farms in the county.

IN THE THREE years in Hayes township, Lester has put in a water system and wired the farm for electricity. He has a poured cement silo which he constructed at a fraction of the cost of other types of silos.

Among the things he wants to do is to change his barn over to a pen type. He hopes to be taking full advantage of his summer pasture improvement next summer when he expects to have more livestock.

McGeagh F. B. Has Timely Discussion

The McGeagh Creek Farm Bureau Group met at the home of Mr. and Mrs. Henry Stephaa, Monday, July 17.

The month's discussion topic was talked about and this decision reached; Discussion: Consumers' Ideas about Producers.

In small town areas the situation isn't quite so bad because there seems to be more friendship and understanding between the town and rural people. But in the large urban areas the only way to put the producers problems before the city people is through the newspapers. The city editors are going to have to be asked to present the true facts and costs of growing and producing before the public.

A lunch was then served by the hostess.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

This week, Beaver Islanders will welcome the yachtsmen from the Chicago Yacht club as they tie up at the docks Thursday afternoon. The Yachtsmen's Jamboree on Beaver Island is one of the high lights of the year for the Yacht club members who participate in the Chicago, Mackinac races. It has become an important date on the island and the turn out in the Shamrock Tavern, where Bill Whalen acts as master of ceromonies for the Yachtsmen's Follies, will verify the growing popularity of this occasion. A telegram from Whalen this past week states the Follies of 1950 will be bigger and better than ever.

Sylvester Howard and son, Frank, of Jackson, have arrived to start a building program on lots adjoining the airport. Howard and his son, who are interested in air service and accomodations for airmen near the airport, have plans for constructing a group of cabins. The Howards are planning to remain on the island until after deer season. In that time, they expect to have their own cabin built and possibly one or two others.

• • •

MR. AND MRS. JACK Maloney and family, Chicago, are occupying the Johnny Andy Galagher home for a couple of weeks. Mrs. Maloney is a real Irish colleen. Jack met and married her while stationed in Ireland during world War II. "Beaver Island reminds me very much of Ireland", said Mrs. Maloney, "and I can see why it has been rightfully named The Emerald Isle of America".

Mrs. Betty Mooney and daughter, Beverly, have arrived to spend the summer with Mrs. Mooney's mother, Mrs Edythe Kleinhenz.

Mrs. E. M. Best of Miami has arrived to spend the remainder of the summer with her sister and brother-in-law, Mr. and Mrs. O. C. Wright.

Mr. and Mrs. Frank Hall, Dearborn, have returned to their home after an extended vacation in northern Michigan and visiting at the home of Mr. and Mrs. Frank O'Donnell. Mr Hall saya he has established a record that beats Hugh Ray's. He has visited Beaver Island every year for 30 straight years. Hugh Ray has missed one year out of 30, which is quite a record, also.

Some interesting pictures of Beaver Island were sent to Grafton Publications, Dublin, Ireland, this past week to illustrate an article about Beaver Island which will blossom out in print soon.

MAX SONDEREGGER says his nickname is "King Perch" One thing is sure, "King Perch" knows where to perch himself to catch more perch than anyone else.

Carolyn Miller has as her guest, Elain Berjeski, of Detroit. Mrs. Bertha Hnatik, Mrs. George Miller's mother, returned to Detroit after visiting her daughter.

Mrs. Lawrence Malloy, Jr., arrived Wednesday to visit her parents, Mr. and Mrs. Fred Spalding. She will remain on the island until the last of August.

Mrs. Lawrence McDonough was honoree at a pink and blue shower Friday evening at the home of Mr. and Mrs. Fred Spalding. Mrs. Lloyd McDonough and Mrs. Bert McDonough were co-hostesses with Mrs. Spalding.

• • •

NOVELTY games entertained the guests after which a basinette was presented Mrs. McDonough loaded with gifts. A delicious luncheon was served from a table centered with a miniature pink basinette on a large mirror and circled with pink rosebuds. Over the table hung a pink crepe paper parasol with streamers of pink and white giving a shower effect. Favors were tiny pink basinettes filled with mints. Thirty guests were invited.

Mrs. William Belfy returned Saturday after being in Detroit for sometime due to the illness of her husband. Mr. Belfy underwent a serious operation at the Marine Hospital, and although he is improving, the doctors say he must remain in the hospital. I'm sure Bill would appreciate hearing from his friends while recuperating.

Delbert and Merrill Belfy, sons of Mr. and Mrs. William Belfy spent the week-end on the island. Verle McCann returned with his grandmother and uncles after a visit with his mother, Mrs. Edna Mae McCann.

Mrs. Carl Left and family returned to their island home this past week after visiting in Charlevoix.

Doctor and Mrs. Charles McCann, Bay City, are on the island for their annual vacation.

Morris Rumberg, Bay City, is visiting on the island.

Mrs. Agnes O'Donnell and daughter, Marcella Bestman, have arrived from Detroit. Mrs. O'Donnell went to Detroit last January to be with her daughter. Marcella will visit her mother in their island home until the last of July before returning to Detroit.

Mr. and Mrs. Ed Joseph and family spent the week-end in their island home. Mary LaFreniere returned to Chicago with the Josephs to start making her way in the big out side world. Mary recently graduated from St. James High.

Congratulations were in order Saturday for Mr. and Mrs. Burt McDonough. They celebrated their twenty-fifth wedding anniversary.

Doris Orchard and Jackie Bohan, Detroit, arrived Saturday to visit Gretchen Barkley. They drove up with Dick Barkley, Carolyn Friese and Jim Insell who came up for the week-end to visit Mrs. Louise Barkley. Betty Ann Cox, who has been a visitor at the Barkley's home for the past month and Mrs. Jim Insell, who has been with her mother for ten days, returned with the week-end guests. Bans of Marriage were called for the second time Sunday between Robert Ricksgers, Beaver Island and Janice Carpenter of Lapeer.

Beaver Island is holding it's own as far as the resort business is concerned. Lloyd McDonough's cabins are all filled, Allen's cabins are filled up as they are being completed and the register at the hotel looks healthy. The cabins around Lake Genesereth are well patronized.

Correction: Last week, an item in this column read "Mr. and Mrs. Henry Allen and family, expect son, returned to their home in Ann Arbor". It should have read, except son Tom, returned, etc." The mistake is rather coincidental The big bird with the long legs is expected to visit the Allen's home very soon.

"Pat" Whitley, Local Painter Dies in Hospital

Funeral services for Stanley J. "Pat" Whitley, 46, local painter and father of six children, were held at the See Funeral Home Tuesday. The Rev. W. D. Wood officiated and burial was in the Brookside cemetery. He died Saturday evening at the Charlevoix Hospital where be had been a patient for several days following a heart attack Monday.

Born in Charlevoix, July 3, 1904, he had spent his entire life in this community. In 1933 he was married to Irene Hull. He was a painter by trade.

Besides his wife he is survived by five sons, Stanley, Ivan, David, Kenneth and Donald; a daughter, Patsy, all at home and one brother, Tim, of Detroit.

Log Birlers To Appear Here On August 13

The world famous log birlers, Billy Girard and son, will give a demonstration at the fourth annual sportsmen's carnival of the Charlevoix Rod and Gun club Aug. 12-13.

The birlers who made a big hit when they appeared here two years ago will dance on a rolling log Sunday, Aug. 13 in Round lake. This will be their only appearance at the carnival.

A varied program of events has been scheduled for the two day affair, E. B. "Bo" Bowman, club president, announced. He said that every effort is being made to give northern Michigan visitors the best sports carnival ever held here.

• • •

SKEET SHOOTING, pistol shooting contests, a demonstration in shooting by Cpl. Lester Coykendall of the Michigan State police are planned.

Also scheduled are bait and fly casting contests, a band concert, street dance, outboard motor boat races, games and concessions. A boat and motor will be given away.

Sportsmen from many Michigan United Conservation clubs are expected to attend. Several of the best shooters in Michigan have been invited to compete in the skeet and pistol shoots.

Yachtsmen Raid Beaver Island

Beaver Island—A record breaking crowd attended the Yachtsmen's Jamboree and crowning of Irish "King" Whalen, Thursday evening in the Shamrock Tavern. It was a crowd fit for a king.

Preceding the crowning of the "King" by Hon. E. R. Boyles surpreme court justice of Michigan, Whalen was given the proper fanfare by his fellow yachtsmen who formed a parade outside the tavern. The parade was led by "Uncle Yulius" of Macnamara's Band.

After the fanfare and crowning ceremonies, Archie LaFreniere, host to the yachtsmen, introduced the out standing guests present: Assistant Attorney General of the State of Illinois, John P. Snigg; Chief Justice E. R. Boyles; Nick Geib owner of the yawl Fleetwood and winner of the class "D" cruising division and recipient of the Mackinac cup.

Also Harry Nye owner and skipper of the Gale and winner of the Universal Division Trophy Chicago to Mackinac cup; Bill Ahern co-owner of the Audax with "His Highness " Bill Whalen; Hugh L. Ray, technical advisor for national football; J. O. Bates, vice-president of the Pace Manufacturing Co., Chicago and new cabin owner on the island; Doctor Russell Palmer, island's physician; Mrs. Nancy Maloney, an Irish colleen from the auld sod.

After introductions, Whalen stepped out of his role as "king" into the role of master of ceremonies and actor. Together with Dick Prendergast and Bill Dudman, both members of the Audax crew, the Follies of 1950 were presented.

Pretty Ann Gill Crowned Venetian Queen

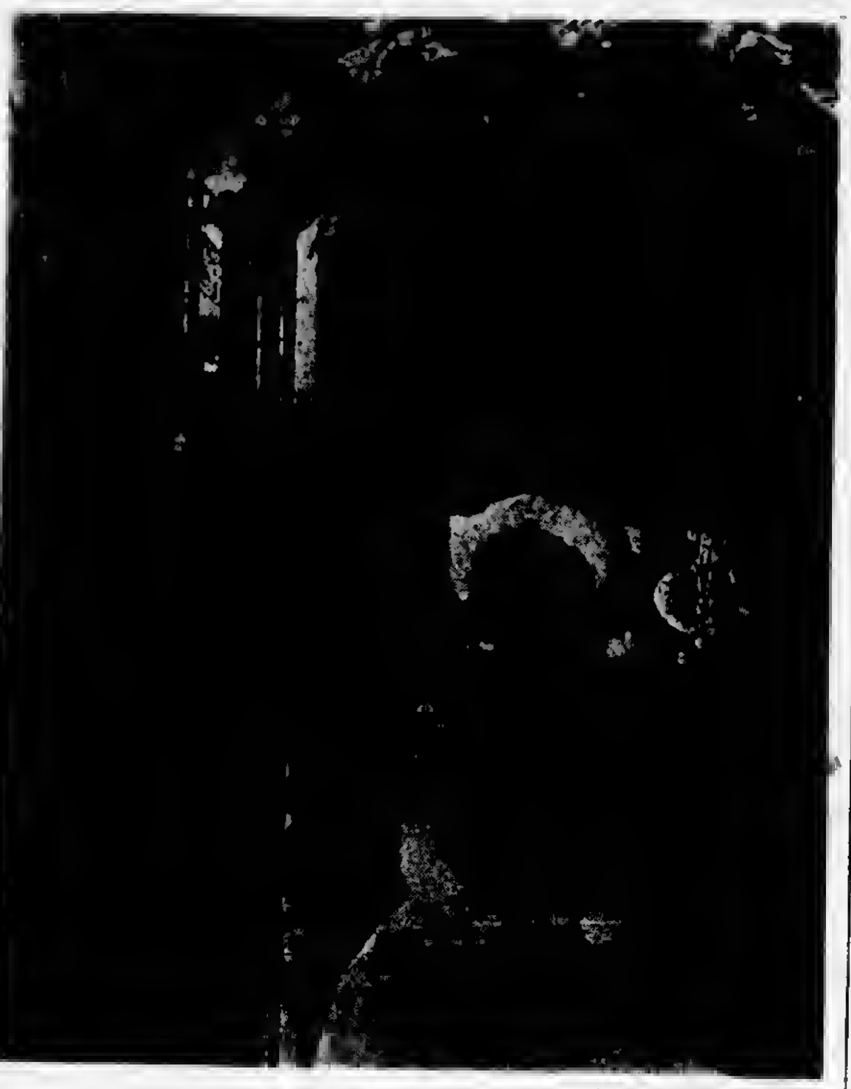

Photo by [illegible]

Lt. Cmdr. Stephen Luzaich, U.S.N., commanding officer of the USS PE 894 of Chicago, crowned brown-eyed Ann Gill 1950 Venetian Queen at the annual Queen's ball at the Beach Hotel Saturday evening.

Queen Ann won the honor over eight other candidates. They were Colleen Reed, Theresa Zeitler, Janet King, Delores Winnick, Marylou Gibelyou, Marion Seymour, Patsy Rose and B. J. Cunningham.

Nancy Kipke, 1949 Venetian queen was present and relinquished the crown of white blossoms to her successor.

Among the guests at the ball were Mrs. Luzaich who came from Milwaukee, Wis., for the occasion; Lt. Cmdr. William E. Thornton U.S.N.R. of Chicago; Norman Bassett, A.M. 1/c, U.S. Naval Recruiting office, Traverse City and Mrs. Bassett.

The Queen's contest was sponsored by the Beta Sigma Phi sorority and the ball by the Charlevoix Hospital building fund committee.

County Called to Send 48 Men for Physical Exams

Charlevoix county will be expected to send 46 men for pre-induction physical examinations in Detroit Aug. 29, the Charlevoix county draft board was notified Friday by the state selective Service Board.

This number will include the 12 men who were ordered to report for examinations on Aug. 7. These men will now wait and go to Detroit with the additional 36 men on Aug. 29.

The names of the additional men will not be released until after a draft board meeting later in the week.

All men who have married since registering are requested to contact the draft board.

Gus Jerichow, Retired Farmer Taken by Death

Gustav A. Jerichow, 82, retired Hayes township farmer, died late Monday at his home at 111 East Upright ave. He had been in failing health for some time.

Funeral services will be held at the See Funeral Home at 2 p.m. Thursday with the Rev. W. D. Wood officiating. Burial will be in Brookside cemetery.

Born in Germany Aug. 12, 1867, he came to this country with his parents, Gustave and Mathilde Jerichow as a small child. The family settled at New Holstein, Wis., where they continued to live until April, 1693, when they moved to Hayes township north of Charlevoix. On June 15, 1912, he was married to Marie H. Goll of St. Louis, Mo. They continued to live on the family farm until he retired from farming in 1945 when they moved into Charlevoix.

Besides his wife he is survived by two foster children, Glenn Hilger of Ann Arbor and Gustave Hautile of Wakefield; two brothers, Herman and Charles of Charlevoix; two sisters, Mrs. Emma Petoskey of Zion, Ill., and Mrs. Alma Mock of this city.

Pre-School Clinic, Planned for Aug. 7

A pre-school clinic for children who will start to school in September will be held at the kindergarten room in the elementary building from 9 a.m. to 12 noon, Monday, Aug. 7. At that time Dr. A. F. Litzenberger will examine the children then give them immunizations.

Parents are urged to take their children to their own physicians or to the clinic before school starts this fall.

City Acts to Collect Old Light Accounts

Electricity customers of the city whose bills are more than 60 days old may expect their current to be discontinued, it was reported at the city council meeting Monday night.

Reporting to the council, City Comptroller Don Swinton said nine customers whose accounts were in arrears had their current cut in the last two weeks He said that Hal Hill is currently calling on delinquent accounts in an effort to collect some $4.000 in old accounts.

The accounts have been accumulating in the last several years. Mayor John Knight said the council agreed that the city should do its utmost to collect old accounts so that the city can meet its obligations.

City Attorney Norman Ance reported on a trip to Ann Arbor where he and the council committee talked with Professor Hanson about the need for counter balances for the Diesel engine at the light plant. Professor Hanson favors the installation of counter balances to offset the excessive vibration.

• • •

IT WAS POINTED out that the settling at the plant is much slower than was evident a few months ago. Councilmen view the Diesel engine situation with much more optimism than was evident earlier this year.

Mrs. Mary Feindt, city aufveyor, reported to the council on surveys made on the Petoskey avenue sewer project and asked for additional instructions. No decision was reached on the lighting of Mercer boulevard but the prospective residents on the street were asked to appear at the next meeting of the council.

The police and street departments came in for praise for their work over the busy week-end. S. E. Coleman reported on the Venetian night program.

The council also decided that henceforth the individual bills and departmental salaries will be published in the Charlevoix Courier in a detailed report on city expenses.

Big Rapids Team Plays Here Sunday

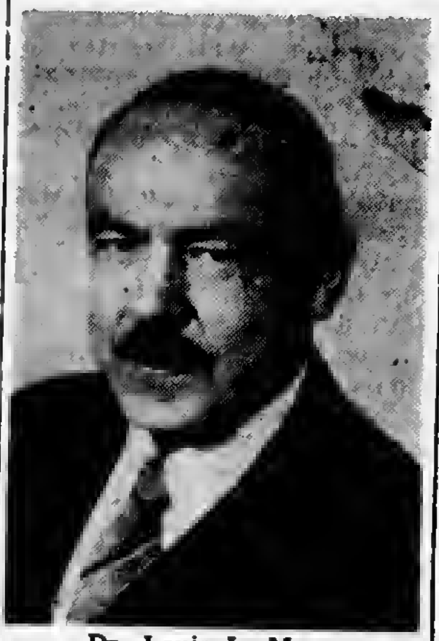
The Charlevoix Knight Owls face the strong Emmons Dairy team of Big Rapids Sunday, Aug. 6 at the South Side field at 6:30 p.m. This team is tri-county champions with a current record of 17 wins against one loss.

The game with Mt. Pleasant was rained out and an attempt will be made to play it later if the state tournament doesn't interfere. This was a costly wash out and it is hoped a good crowd will turn out for the Big Rapids game.

C. H. Hampton Joins Hamlin Insurance

The announcement that Charles H. Hampton will be associated with Charles A. Hamlin in the insurance and Investment business was made Wednesday by Mr. Hamlin.

Mr. Hampton who has spent many years off and on in Charlevoix is well-known to residents here. His father, Will H. Hampton of Ann Arbor at one time owned the Charlevoix newspaper.



Dr. Louis L. Mann

Dr. Mann to Give Annual Sermon Here on Aug. 6

"When Do We Grow Up or a Psychological Study of Maturity" will be the topic of the sermon of Dr. Louis L. Mann, outstanding speaker and a summer visitor here for many years, Aug. 6 at the Congregational church.

In keeping with his custom, Dr. Mann will speak at the Congregational church. An over-capacity crowd is expected. Noted in many fields, the speaker is rabbi at Sinai Temple in Chicago, oriental language professor at the University of Chicago and a collaborator of the new Thorndike dictionary.

Dr. Mann is also an arbitrator of the U.S. Labor board, chairman of the marriage clinic in Chicago, a member of the National Board of Television Overseers, a conferee on World Government and the Atom bomb.

He has gained national recognition for his success in preventing broken marriages. Persons wishing to attend this sermon are asked to come early.

Rites for Crash Victims Held Here Friday

Funeral services for Mrs. Joseph C. McCaughey, 34, the former Rebecca Hayward, and her son, David, 2½, who were fatally injured in an accident near Ironton last Wednesday, were held at the First Congregational church here Friday. Dr. George Buttrick of New York and Sequonota, officiated. Burial was in the Brookside cemetery.

Mrs. McCaughey and her son of Chicago were vacationing at Sequonota at the time of the accident.

Besides their husband and father, they are survived by a son and brother, Billy; and by Mrs. McCaughey's mother, Mrs. Evelyn T. Hayward of Sequonota and her sisters, Mrs. Anna Rockwell of San Francisco, Calif., and Mrs. Elizabeth H. Allen of Cleveland.

The condition of Erma J. Thompson was said to be slightly improving, hospital attendants said. Billy McCaughey, also injured in the accident, was due to leave the hospital late Wednesday or Thursday.

Suffers Bad Cut

William Graves, 22, suffered a severe slashing to his left arm when he fell on a sickle he was carrying. He is in good condition, Charlevoix hospital attendants reported.

Auto Tragedy Takes Two Lives

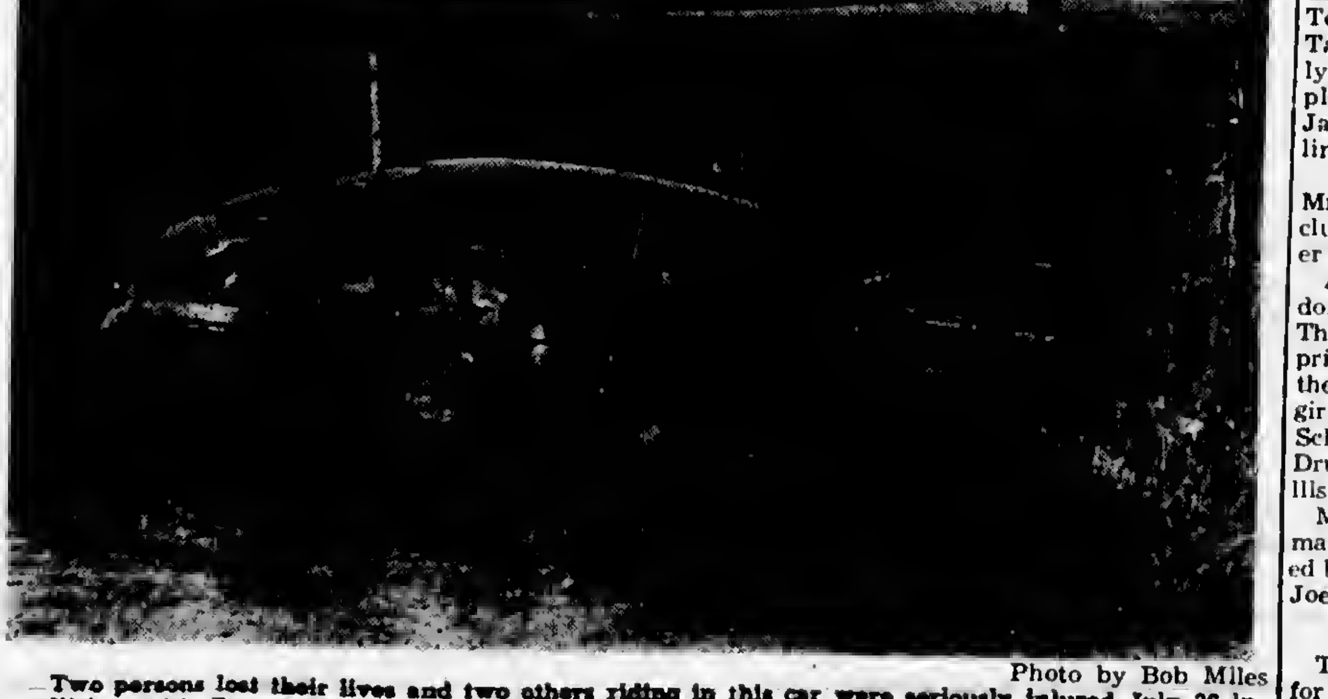


Photo by Bob Miles

Two persons lost their lives and two others riding in this car were seriously injured July 26 in a collision with Pete Sutton's car at Bird's corner, near Ironton. Mrs. Joseph C. McCaughey, 34, of Chicago and her son, David, 2½, were killed and another son, Billy, and Erma Jane Thompson were injured. This picture was taken a few minutes after officers arrived.

Venetian Night Termed Best Program in Years

10,000 View Boat Spectacle

An estimated crowd of more then 10,000 visitors lined the shores of Round Lake Sunday evening for the 16th annual Venetian Boat Parade on Lake Charlevoix. Twenty-three cleverly decorated crafts towed by the Ranger and the Boss and piloted by Jack Goldman and Art Ranger circled Round lake under the colorful display of fireworks in one of the finest paradea in recent years.

Judges aboard a boat on Round Lake selected the following as winners: first place, Bernie Ward's May-Jo with the hula dancers and South Sea setting; second, the Rogue with its blazing torches entered by Dr. G. B. Saltonstall, Bob Bridge and Pat Hawley; Don Campbell's Beaver using the "Swing for Charlevoix" theme placed third; fourth place, Clarence Wood's Barj with the pinwheel and fifth, the water tower oboard Samuel Freedman's Mary F. III.

The Dixlaland band and tha Rebels were given honorabla mention.

Judges were Dr. A. C. Christensen of the Cris-El, E. B. Lumbard and J. D. Kinsey of the Bangalora Too, H. W. Angsten of the Glorene all out of Chicago and L. C. Boylan of the Molly Jone of Lansing.

Preceding the parade a record crowd gathered in East Park for a variety concert which included the introduction of Ann Gill, Venetian queen and her court; music by the Charlevoix Marine band; Sea chanties by the Camp Charlevoix boys chorus; selections by Horatio Jackson Negro choir; songs by Ethel Staple, Alvord Butler and Gene Fyfe and piano selections by Zach Whyte. Charles Hampton was master of ceremonies.

• • •

DURING THE afternoon and early evening hundreds of visitors boarded the USS PCE 694 for top-side inspection tours. The ship entered port at 1:30 Saturday and left at 1 p.m. Monday for a three-day visit to Boyne City.

Members of the Charlevoix Marine club planned and executed the parade and S. E. Coleman planned the musical program preceding the parade.

Nickerson to Head School Board Again

Bonie Nickerson was re-named president of the Charlevoix Board of Education at a re-organization meeting. Fred Willis was named vice president; Harold Withers, secretary and E. D. Hawley, treasurer. Mrs. Catherina C. Bergeon is the fifth member of the board.

Mr. Willis and Mr. Withers were re-elected to the board in a recent election.

Hurt in Fall

Gerald Goss, 26, of Charlevoix is in Alpena hospital with facial cuts and possible chest injury suffered Monday when he fell with a 40-foot utility pole on which he was working at the Oscoda Air base. His condition was termed satisfactory Wednesday.

Weather Hurts Hospital Show

Financial reports on the second annual Charlevoix Hospital carnival will not be available until next week Herbert Schofield, committee chairman, said Wednesday. He would make no estimate of amount raised over the three-day period although it is not expected to be as large as 1949 because of the inclement weather.

The carnival got off to a fine start with the broadcast from East Park over station WMBN from 3 to 4 p.m. Friday. Appearing on the broadcast were Dr. Louis L. Mann of Chicago, Mrs. W. B. Stewart of Toledo and the Belvedere club, Mayor John Knight, Mr. Schofield and the Herman Drake orchestra of the Beach Hotel. Max Ansbaugh of WMBN was the announcer.

A good crowd visited the 16 booths set up in East Park and the street dance Friday evening and the children's parade early Saturday afternoon. A thunder squall late Saturday, however, changed the tempo of the event and continued showers throughout the evening and Sunday brought the fun to a halt at various times Few booths were open Sunday and all games booths were closed for the day.

Prizes offered during the carnival were awarded Sunday evening to the following; Gibson refrigerator given by the IOOF and the Rebekah lodges to Elwood Zavitz of Huntington Woods; the bicycles given by the Farm Union to Henry Dougherty, RR 3, East Jordan, Mrs. John Fegley of Boyne City and R. W. Sutton W. Garfield ave., Charlevoix.

Mr. Schofield thanked all organization and others for their cooperation.

Children's Parade Wins Approval

Children . . . little ones, big ones and middle-sized ones turned out Saturday to make the first annual children's parade a success. More then one hundred boys and girls competed for prizes in five classes in a parade which took them from the school grounds through the business district.

Headed by thirty members of the Charlevoix high school band the children passed the judges stand at which Mrs. Ralph McRea, Mrs. Catherina Bergeon and Mrs. Ralph Hamilton had the difficult task of selecting the winners.

The first three place winners in the boys and girls section in every class are: bicycles, 1st, John Norton and Anne Ratigan; 2nd, Bobby Johns and the Novak sisters, Marilyn and Jeanette; 3rd, Stanley and John Martin and Anne Hawley.

Tricycles, 1st, David Novotny and Judy Ikens; 2nd, Tom Hawley and Jean Hartzell; **3rd,** Allen Johns. Doll buggies, **1st,** Alva Lee Trimble; 2nd, **Connie Saltonstall;** 3rd, Carol Belfy; **Floats, 1st, Little Miss Muffett, Mary Christine** Gallagher; 2nd, Old Woman In the shoe, Bobby and Paula Barnett and several other children; 3rd, Red Cross Float, Norene and Buddy Cross.

Levi and Yvonne Walker as an Indian brave and his princess were outstanding in the costume division; second place went to Terry Cox and Georgie Smith as Tarzan and his mate and to Garlyn Bice as a Dutch girl; third place, Everett Hagar as Little Jack Horner and Virginia Hamlin as Little Bopeep.

Honorable mention was given Mrs. Carl Hartmann's Belvedere club gang who portrayed "Cheaper by The Dozen".

All prizes for the parade were donated by local business places. They were: Brown Motors, boys prizes; New Palace theatre, theatre tickets for third prizes; girls prizes, Fales Dept. store, Schroeder and Hovey, Central Drug, Dalquist's, Polly Kay, Phyllis Gift shop, Geik's, Charlecoate.

Mrs. James W. Johns was chairman of the event and was assisted by Mrs. Clifford Riley and Mrs. Joe Williams.

Hospital Meeting

The annual Hospital meeting for election of officers will be held Wednesday, Aug. 9, at 8 p.m. in the council room of the city hall.

Thank God for the Churches

A friend sends us this worth while editorial comment from a recent issue of the Alhambra (California) Post-Advocate:

"Thank God for the churches. They are far from perfect but they are the nation's first line of defense. They maintain a standard of honesty and decency without which the nation would not be worth saving, nor would its citizenry care for any interest beyond their own selfish personal gratifications.

"A nation with strong moral convictions and a deep reverence for God is able to defend itself against all enemies within and without.

"But this is not time for complacency regarding the religious life of the nation. The forthcoming census (figures) will reveal some startling facts regarding the millions of children who are receiving no religious instruction of any kind, while other millions receive only fragmentary portions of such instruction.

"America would become overwhelmingly pagan in a few years should the churches fall into decay and ruin. Every communicant, yes, every well wisher of the churches, should be actively supporting the churches and all that they are defending in the fields of moral and spiritual development.

"A good-natured tolerance is not enough. Active participation should be the resolve of every citizen.

"Throughout the world the forces of enlightened religious groups provide an atmosphere of good will and confidence that is worth more than armaments and international treaties. Remove from the minds and the hearts of men and women everywhere the religious convictions and practices of Jews, Catholics and Protestants, and civilzation would crumble like a house of cards built upon the shifting sands of treachery and greed.

"Thank God for the churches, but do more than that. So live that the churches will thank God for you and your cooperation in the task of establishing peace and justice among men."

ODDS 'N ENDS

By Fran Martin

You can uncross your fingers and take a deep breath now . . . the hospital carnival and the Venetian Night Parade are over . . . We don't know the financial results of the carnival but it was sure fun and seads of people worked mighty hard on it . . and the Venetian parade was super . . . the best in ages we think . . and didn't you love the fireworks . . . Plaudits galore to all the people who worked so hard and long . . .

• • •

AN ORCHID too to Mrs. Jim Johns who was chairman of the children's parade . . . we've heard many wonderful comments and we're sure it's going to become an annual affair . . . all the youngsters were so cute and had really put a lot of thought into their costumes or whatever . . . And the kids themselves loved marching behind the band and the police car . . . to be a kid again would be wonderful . . .

We hope the Navy had a good time while in port . . . Lt. Cmdr. Stephen Luziach, his charming wife who came from Milwaukee to join him and who was seeing northern Michigan for the first time . . . Lt. Cmdr. William Thornton . . . and all the other navy personnel from the ship as well as Norman Bassett A. M. 1/c of the U.S. Naval Recruiting office, Traverse City and his lovely bride . . . many thanks for coming and we hope you'll return some time soon . . . It was a pleasure to have you here as our guests . . .

And the ship itself . . . did you ever see so many kids climbing so many ladders and giving many parents a few bad moments . . . And who says the kids don't know there's a war on . . . One little girl refused to go on board and after the rest of the family had come ashore following an inspection tour they tried to convince her she should go . . . No, she said but firm-like, you needn't think I'm going to get on there and then have them go off to war . . .

Things that brought a chuckle . . . sailors from the PCE going for a boat-ride with Jack and Caroline Goldman . . . talk about a busman's holiday . . . And the look on the kids faces when their balloons suddenly took off for the wild blue yonder . . .

And if you wonder where the power for the "Swing for Charlevoix" float in the Venetian parade came from . . . it was Pete Carey on his grandfather's boat, the Beaver . . . And was he tired when it was all over . . . and those hula girls . . .

• • •

WHEN YOU'RE out driving and want to see something lovely stop by and see the delphiniums in the Bill Kerns flower garden . . . it's like a piece of beautiful blue sky come to earth . . . And in the Marsh Meeks rose garden are the most beautiful blooms we've ever seen or hope to see . . And rambler roses like a flaming torch . . . they're lovely . . . all of them.

Charlevoix has a personal interest in the war in Korea these days . . . with three of our boys over there . . . Gerry Russell who is with the First Cavalry division, Leonard Dubey who left Okinawa July 24 for the front and Andy Essenberg, who'll no doubt talk the North Koreans out of the war if given an opportunity, who went from Japan July 12 . . . Lots of luck and our prayers . . .

And please, if you know anyone who knows anyone who can do something about this weather . . . speak to 'em, will you? Surely we've had enough rain for a while . . . and too little sunshine . . .

CONGRATULATIONS to our lovely Venetian queen, Ann Gill and to the equally lovely members of her court . . . we hope your reign will be a happy one . .

Among the other guests for the week-end were Aurey Strohpaul and Hal Elliott of the West Michigan Resort and Tourist Assn. and Bill Brown of the GR Press who with Mrs. Strohpaul and Mrs. Brown and son Bob attended the Queen's ball and Venetian Night parade enroute to Beaver Island for a week's visit

Gala Program Set for Annual Sports Carnival, Aug. 12 - 13

One of the highlights of the summer season will be the fourth annual Sportsmen's Carnival of the Charlevoix Rod and Gun club Saturday and Sunday, Aug. 12-13.

Feature event of the two day carnival will be the demonstration of Billy Girard and his son, two of the foremost log birlers in the world. They will dance on a rolling log in Round lake.

This sports carnival usually draws one of the largest crowds of the year here. Sportsmen from many parts of Michigan will come here for the skeet shooting and pistol shooting contests. Corp. Lester M. Coykendall of the Michigan State police will give a pistol demonstration.

There will be a street dance, concessions and games in a fun-packed two days. Bait and fly casting contests for prizes are also scheduled. A band concert and motorboat races are planned.

Be sure to attend the two-day sports carnival Aug. 12-13 in Charlevoix. Most of the north's visitors will be here.

Soft Ball Results

MAJOR LEAGUE

Results of games played last week;

Atwood finished the first round with two victories beating Parsels 12-9 and scoring at will against Russells to swamp them 23-7. These two wins enabled the Atwood boys to tie Mailhots for second place with 10 wins and 4 defeats. Tom Wieland and C. Klooster homered for the winners.

Freedmans continued their heavy hitting taking Sees into camp 10-7, then scored an easy 16-2 win over Russells. J. Swanson hit for the circuit against Russells. On Thurs. Night Freedmans threw a scare into Silver Birch Court but lost out in the final inning when the Birch Court team tallied 7 time to win 13-7. I. Manville pitched a good game against the league leaders but could not pitch over several costly errors.

Sees finally came into their own when they took the Silver Birch team in stride by a score of 10-2. Chick Gallagher held the first round champs to 6 hits as he pitched his team into a tie with Cadillac - Olds for fourth place. R. Hess homered for the winners.

MINOR LEAGUE

Supernaw - Campbell finally broke into the win column by edging the unbeaten league leaders Ellsworth boys 4 to 1. H. Pearl singled in the 3rd with the bases loaded scoring 3 big runs.

Miller Boats son their second straight by beating the American Legion 5-8. P. Johnson hit a home run for the losers.

Atwood boys maintained their lead by trouncing Edwards Mart 13-5. H. Klooster tripled with the bases loaded to drive in 3 runs.

Provided all rained out games have been made up this week the second round of play will start Friday night with Ellsworth meeting the new entry from Belvedere. Complete schedules will be posted next week.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Gliding into St. James harbor after the Chicago — Mackinac races, 16 or more sailing vessels tied up at the docks for the annual stay on Beaver Island.

Besides the evenings packed with entertainment, the visitors were taken on sight seeing trips around the island and the Island's hospitality was in full swing during their visit. The island is a spot close to the yachtsmen's heart and according to Mrs. Bill Whalen, who always comes to the island with her husband, "One of the main topics of conversation during the winter months is Beaver Island."

J. O. Bates of the Chicago Yacht Club and a resident of Evanston, bought the Reddings cottage while on the island.

Seeing a horse and wagon tied up in the village gave Dick Prendergast and his buddies an urge to take a ride. A deal was made with the owner of the one horse contraption—a bottle of beverage for a ride so John Ricksgers said, "Hop In". The boys didn't know what they were asking for.

• • •

NO SOONER had they taken reins in hand and persuaded Old Dobbin to get going than one of the rear wheels broke off and down went the joy riders in a heap. Well, they had a heap of fun and John said he didn't mind, he got his treat and he was satisfied.

Doctor and Mrs. Russell Palmer entertained their niece, Jill Smith, with a dance Monday evening. During the evening, refreshments were served to the guests who were Kay Wilmot, Charles McDonald, Carol and Charles Bennett, Mary Bonner, A. J. Gallagher, and Margie Martin and Mary Catherine Hanley. Mrs. Richard Gorman assisted Mrs. Palmer.

Mrs. Bridget Boyles, Chicago, is visiting relatives on the island.

Mr. and Mrs. David Pike and family, Montague, spent the past week visiting relatives and friends.

Mrs. Agnes Smith (Agnes Maloney) Lambard, Ill., came up to join her brother and family, the Jack Maloneys, for her annual visit to the island. Mr. and Mrs. Maloney and their two daughters left Friday for their home in Chicago. Agnes remained to spend the remainder of her vacation at the King Strang Hotel.

• • •

MR. AND MRS. Richard DeBold, Springfield, Ohio were guests during the week of the Hanley family.

Mr. and Mrs. Ward Bennett and grandchildren, Carol and Charles Bennett, are vacationing in the Bennett's island home.

Chief Clarence Sikorski had as his guests during the week, his wife and three children.

During the presentation of the Yachtsmen's Follies Thursday evening, John McDonough, a member of the Chicago Yacht Club and contender of the throne, wired his regrets for not being able to attend the big doings and ordered Archie to treat the house with his compliments. That was a big order with the Shamrock packed to the limit.

Mr. and Mrs. George Sutherland, Ann Arbor, are vacationing on the island and riding around in their unique Ford Coupe. Marguerite and George (Marguerite is the daughter of Dr. and Mrs. Charles McCann) painted a bright red and blue plaid design all over the car and the design is perfect. Those two are real precision artists.

• • •

MR. AND MRS. Henry Watchpocket, Traverse City, Mrs. Frank Power and family, Traverse City and Mr. and Mrs. Reginal F. Charles, Huntington Woods, Mich. arrived Saturday for a vacation in the Watchpocket's cabins on Sand Bay.

Mr. and Mrs. Wallace Sleder and Mr. and Mrs. A. Wells, Detroit, occupied the Watchpocket's cabins last week.

Twelve blow outs in one week—that's the record Bill Barkley's puddle jumper holds for last week .Who in Charlevoix county can top that record?

Mr. and Mrs. F. Carey and children were week-end guests at the Wilfred O'Brien's home.

Mr. and Mrs. Clarence Briarton and Mr. and Mrs. Patrick Foy and son, Pat and Bill are the guests of Mr. and Mrs. George Ricksgers. Mrs. Ricksgers says they are all aunts, uncles and cousins from Chicago.

Mr. and Mrs. James H. Gallagher have received word that they are grand-parents for the twenty-fourth time. This time it's a daughter for Mr. and Mrs. Earl Gallagher and the young lady's name is Elizabeth Ann.

And it's another girl for Mr. and Mrs. Henry Allen. She has been named Angela. Angela is the seventh daughter and tenth child and they all agree the latest addition to the family is really a little angel.

Personal Mention

- Mr. and Mrs. John Fratrick had as their guests recently the former's brother-in-law and sister, Mr. and Mrs. John Sladek and family of Chicago and his brother, Cpl. George Fratrick of Fort Benning, Ga. While here they made a trip to the Soo.
- Mrs. Rex Gorsline and children Michael and Ann, came Saturday from Lansing for a three weeks visit with her mother, Mrs. Anna Eccleston. Mr. Gorsline brought them and returned home Sunday. He will join them later for a week.

Fred Larsen of Grant and his sister, Florence Larsen of Chicago spent the week-end lith their uncle and aunt, Mr. and Mrs. S. O. Sorenson.

- Mr. and Mrs. Willis Cross have as their guests their daughter Mrs. Kirwan Mulligan and son, Michael of Pontiac who will be here for three weeks and their niece, Joan Digman of Alpena. Mr. Mulligan and Mr. and Mrs. Vern Mathews who came Saturday have returned to Pontiac.
- Mr. and Mrs. Norman Shanahan and two children have returned to Edwardsburg after spending the week-end with his brother and sister-in-law, Cmdr. and Mrs. Edward K. Shanahan.
- Mr. and Mrs. Ward Gennett of Flint are visiting his parents, Mr. and Mrs. Plenny Gennett.
- Mr. and Mrs. Bruce William Elliott of Western Springs, Ill., visited four days last week with the latter's uncle and aunt, Cmdr. and Mrs. Edward K. Shanahan. Mrs. Slliott is the former Dorothy Wantz.
- Mr. and Mrs. Logan Roszell of Cambridge City, Ind., and Mr. and Mrs. William Hill of Hamilton, Ohio, returned to their respective homes Monday after spending the week-end with Mr. and Mrs. Ralph Hamilton.
- Delores Winnick has as her guest, Shirley Sinclair of Midland who came last week for a visit. She will return home Thursday accompanied by Miss Winnick who will be her guest until Sunday.
- Mrs. Nellie McCafferty had as her week-end guests her sons-in-law and daughters, Mr. and Mrs. Eugene McCauley and family of Frankfort and Mr. and Mrs. Lester Cook and daughter, Patsy of Boyne City. Dan P. Boyle of St. James was also at the McCafferty home last week.
- Mr. and Mrs. Dick Marshall and daughter, Susan of Grandville spent the week-end with his brother and sister-in-law, Mr. and Mrs. C. Y. Marshall and other relatives.
- Dr. and Mrs. C. V. Stephany returned to Erie, Pa., Monday after two weeks with the latter's brother-in-law and sister, Mr. and Mrs. John Grupa. The two couples spent one week-end at Les Chenaus.
- Joan Montgomery was guest of Lt. Cmdr. and Mrs. Stephen Luziach aboard the USS PCE 894 while the ship was in the harbor. Later she and her family witnessed the Venetian parade from the deck of the ship.
- Mrs. Russell Blakeslee and two daughters who have been here two weeks and Mr. Blakeslee who joined them for the week-end returned to Detroit.
- Dick Olmstead of Lansing spent the week-end with his uncle and aunt, Mr. and Mrs. Allen Campbell.

What's Doing
At Camp Charlevoix

The fourth week of camp started off with Paul Gach, of Grosse Pointe, being in camp to take the camp pictures. Each boy will be allowed to purchase only three pictures unless parents write that he may purchase more. Monday night three cabin groups went into town to the movies.

The week's trips started with Tommy Beers and Don Allard taking their boys on a three day trip to Fishermen's Island. The boys who enjoyed this trip were: Scott Beaman, Terry Black, Bill Frankel, Tom Gravengood, Phil Py, John Ragsdale and Steve Smith, David Black, Malcolm Campbell, Allan Fork, John Logie Jerry Maish, Dick and Tommy Watkins.

The two cabins of the smallest boys in camp left on Wednesday for an overnight to the park on Lake Michigan at East Port. They had a great time and these boys were headed by Joe Daniel, and Chuck Swing. The boys were Arthur Blaul, Larry Cummings, Tom Frech, Mike Grossman, John Martin, John Bell, Hugh Campbell, Robert Corcoran, Ken Klein, Peter Moe, John Mueller, and Alex Pendleton.

Cabins 12 and 14, led by Don Lewellen and Walt Greising took an overnight to Lake Michigan. These boys were Lev Flournoy, John Hord, Dick Judd, Spike Landell, Andre Loebel, Eddie Vadon, Joel Black, Dick Degener, Bill Fors, Jim Logie, Dick Morgan, Sterling Ragsdale, and Bill Ruggles.

Preparation for Saturday's carnival started on Thursday with each cabin choosing its concession. Cabins 4 and 5 returned from Eastport and the rest of the Junior Section took off for this same trip. Don Dannecker, Tom Murphy, and Joe Landes took their cabin groups. They were Bob Andrews, Tony Badalament, Clem Gill, John Jacobs, Jay McGlveran, David Moyer, Bobby Crew, Tim Crowe, John Northway, John Osborn, and Robbie Swigart.

Jim Land, the riflery instructor says several of the smaller boys are becoming very good shots. The ones he mentioned were Malcolm Campbell, Danny Robinson, Bob Pimsner, Tony Love, and Allan Fork.

Camp Hay-O-Wen-Tha came over to our camp with its athletic teams to play Charlevoix teams. The camps split. Charlevoix won the riflery, the archery and the swimming. The riflery team was Allan Fork, Jim Logie, Roger Keeney and Dick Degener. The boys who comprised the swimming team were Jimmy Stockwell, Bill Hardie, Larry Reisinger, Dick Degener, Jim Logie, Marc McCallister, Barry Haas. The archers who were on the winning team were Mike Riggs, Tom Watkins, Walt Simmons, Andre Loebel, Tommy Gravengood, and Bob Timmons.

The entire dining room at dinner was thrown into an uproar by one of the early settlers up here coming in and announcing that gold had been found on camp property. Ken announced that boys would be permitted to stake out claims and hunt for the gold. Every boy in the room left as if the place was on fire and dashed madly out to line along the shore, in the creek and all over camp.

Saturday was Carnival Day with every cabin having a concession. The proceeds of the carnival go toward supporting twn war orphans. Chuck McKean's cabin took in the most number of tickets. Saturday evening was skit night. Tom Beers cabin put on a funny skit.

Sunday morning, Mr. Parker Pennington of Traverse City, spoke to the congregation at the chapel service.

In the afternoon there was a waterfront meet which the perents enjoyed. There were canoeing races, canoe tilting and swimming.

In the evening the camp Charlevoix Chorus directed by Phil Steding went into town to give a 30 minute program of sea chants. The boys did a fine job. There were 34 boys in the chorus.

Courier Staff Photo

A group of county farmers who attended the Veterans Institute Farmers field day last week are shown here at the Roy McGee farm near Boyne Falls, examining e field of white clover. Left to right (foreground) Carl Grutsch, Jr., of East Jordan, route 2, John Beuman, Boyne City, and Henry Grutsch, also of East Jordan route two.

By Stanley Anderson

Over 100 farmers and veteran Institute officials made the first annual farm tour of Charlevoix county to observe oat, corn, and barley demonstration plots on the Harrison Warner and Howard Crouterfield farms, near Charlevoix. Also visited were pasture establishment and improvement practices on the Harold Thomas farm of East Jordan and the Roy McGee farm of Boyne Falls.

Good gains were made from the use of Ammonium nitrate and 10-10-10 complete fertilizers on infertile steep slopes on the Thomas farm. Increases in growth and population of palatable grasses were brought out by fertilizing with 250 pounds of ammonium nitrate in early spring.

• • •

A 10-10-10 complete analysis fertilizer was applied at the rate of 400 pounds per acre and the increase approached that of the ammonium nitrate application. Where no fertilizer was used very little pasture was available.

Also observed were the establishment of Reed Conary Grass and Ladino Clover. The first year of the population of these crops was only fair. A plot of three year old Reed Canary grass produced excellent pasture. Application of 0-12-12 and 0-20-0 fertilizers on White Dutch Clovers increased both yield and population of this important wild pasture crop.

The next stop was made at the Harrison Warner farm where oat, corn and barley varieties were observed. Eaton, Bonds, Kent, Clinton and Bonhom varieties were planted in one acre plots on heavy silt loam soils. The consensus of opinion rated the Bonda and Eaton varieties superior to the others in this demonstration. The Eaton variety appeared to have a slight edge in yield estimates and the Bonda variety are very heavy in test weight and gained a lot of favor from the touring farmers.

From general observation a mixture of Eaton oats and Bay Barley would make on excellent early mixture while the Bonda Oats, Moore barley would be a superior later mixture. The recommended mixture is bushel for bushel of oats and barley by weight and planted at 1¾ bushel per acre in this area.

• • •

THE OAT PLOTS were sprayed with 2-4-D weed killer and an excellent kill of mustard, lambsquarters and pigweed was observed.

Seeding rates ranging from 1 to 2 bushel per acre did not effect the stand of grain. Equally as good stands from 1-1½ bushels per acre of oats as there was from two bushels seedings.

The corn variety demonstration was not far enough advanced for any practical observations except that the later varieties are not as far advanced at this date as are the earlier adaptable varieties. The varieties in this trial are Kingscrost KE3, Master F21, United V20, Wisconsin 255, DeKalb 56, Michigan 11A and Michigan 51B.

• • •

IN THE BARLEY demonstration Bay, Wisconsin No. 38 and the new Moore varieties were observed. The new Moore variety appeared later than the other two varieties. However, it won wide acclaim from the visiting farmers on the excellent stand and apparent productiveness. Along with the Bay variety it was standing up well whereas the Wisconsin No. 38 already is showing some lodging and crinkling.

A strip of mixed barley and oats were planted with this demonstration and looked exceptionally good. Higher yields of total digestible nutrients are reported from various state experiment stations by planting oats and barley in mixture and this demonstration appears to be no exception.

An oat demonstration plot was also visited on the Howard Croutcrfield farm near Horton's Bay. The oats were planted on light sandy soil and even though their yields will be much lower than on Warner's farm a varietal difference was observed. The Kent variety seemed to be better than the others with the Eaton variety a close second. Rates of seeding made little difference here as was the case on the Warner farm.

• • •

THE LAST STOP was at Roy McGee's farm, East of Boyne Fall's, where different fertilizers were tried to increase the yield of grass and white dutch clover on lowland pastures.

Applications of nitrogen, phosphate and potash were put in one acre strips with check plots of no fertilizer left. 400 pounds of 0-20-0 was applied to one strip, 400 pounds of 0-20-20 to another strip and nitrogen was applied at a rate of 400 pounds to another.

The strip where 0-20-20 was applied the white dutch clover was greatly increased. Total pasture yield was high. Where 0-20-0 was applied some increase in white dutch clover was observed with a corresponding increase in pasture yield.

The nitrogen increased early grass yield but did not increase clover yield. The check plot yielded poor pasture with very small amounts of clovor.

Mr. McGee has a three year old stand of Reed Canary grass that was heavily pastured by hogs and calves. After three weeks rest this stand has completely recovered with a lush stand of pasture about one foot in height.

These demonstrations were carried on the various farms as projects through the Charlevoix Veterans Institue. In charge of these demonstrations were Floyd Ayres, Ellsworth Besemer and Stanley Anderson, instructors of the Institute.

Attending the field day with the veteran and local farmers were Roy Bennett, Supt. of Schools, C. M. Novak, Director of Charlevoix Veterans Institue, Fred Willis, Board of Education and Fred Harger, Elevator man from Saginaw and Lansing.

JOHN DEERE -VAN BRUNT Grain Drill

Extensive tests indicate that drilling fertilizer in the row may boost grain yields as much as 30 per cent. You, too, can enjoy bigger grain yields by fertilizing as you plant with a John Deere-Van Brunt Model "FB" Grain Drill.

This dependable drill cuts planting time in half. It drills with dependable accuracy at 6 M.P.H. . . . in favorable conditions . . . and can be transported 15 M.P.H. or faster on highways. The new low-wheel design and automotive-type wheels make possible smoother, faster travel.

The faster-acting power lift and short turning radius make it easier to do a good drilling job. The welded-steel frame, crank-type axles, direct-reading load measurer and the non-spill box covers are important new features you'll really appreciate.

Get complete details about this new low-wheel fertilizer grain drill. You'll like it! See us soon.

We have grain drills in stock for your wheat plantings.

First of the Fine Cars in Value

Even Wiser than He Seems

PLAINLY, here travels a man wise in the ways of fine motorcars.

You know that, by the four Ventiports ond the rich sweep of chrome which mark his car as a ROADMASTER.

You know it, should you trail him on the highway, by the smooth lift of the big Fireball power plant at his toe's command, by the obvious levelness of the ride he enjoys, the swift ease with which Dynaflow Drive solves his traffic problems.

What is not so plain from what you see is that here also is n man very wise in what today's dollar should buy!

For this man has all that a fine-car owner can ask for—brilliant performance, a ride without equal for gentle softness, finger-eosy handling, ahundant room all uround him, styling that is easily the most distinguished on the highway.

Yet he paid considerably less than comparable merit costs elsewhere.

He found fewer extra charges in his delivered price, with such things as Dynaflow Drive, foam rubber cushions, windshield washers, electric clock, even non-glare rear-view mirror included in the price.

If you know fine cars, it won't take fifteen minutes behind a ROADMASTER wheel to see that here is one of the finest.

If you have inquired about prices, a single glance at the delivered figures estahlishes this as the hig buy of the field.

Why not make both checks — especially since your Buick dealer will be glad to arrange a trial run in a ROADMASTER any time you care to call on him?

Only BUICK has
*Dynaflow DRIVE**
and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Former Local Man Writes of Bombing, Strafing in Korea

A first hand account of the Communist bombing in Korea was given by Vincent Madison, former Charlevoix resident, who is in Korea to assist in erecting a power plant.

The former local man, who is well-known in the area, is on leave from the Detroit Edison company. In a recent letter to a company official, he related the harrowing story of the North Korea bombing of Seoul, Korea's capital city.

Writing from an Army recreation center at Kyoto, Japan said enemy aircraft fire slashed at Seoul, raked the airport with deadly fire and then spattered their transport plane in the air.

• • •

A TELEPHONED warning sent Seoul's foreign civilians scurrying to a supply base at Ascon where the women and children were put aboard a truck convoy for the escape port, Inchon harbor. Some 650 women and children were jammed aboard a Norwegian freighter which had accommodations for only 18. Under air cover and protected by a cruiser and destroyers, the freighter made the run to Japan.

The men after blowing up **their Diesel barge in Inchon harbor to prevent its falling into enemy hands, returned to Seoul. Madison said a Yak fighter bombed and strafed them as they entered the city. A nearby Korean cheered. Korean police leaped on him and beat him to death.**

A radio flash at 2 a.m. sent the last civilians fleeing to the south. Secret documents were burned at the embassy and Madison and others hurried to the airport.

Bombed and strafed by attacking Yaks, the waiting people took refuge while six American fighters drove the enemy planes away. The former local resident praised the U.S. forces and lauded the team work between the Air Force and the Army.

Annual baazar, lunchaon, and baka sala beginning at 12:30 p.m. Thursday, August 10 at Ironton Congragational Church. 31-32x

Restrictions Ordered For Coast Guard Here

The Charlevoix Coast Guard station property has been fenced off and visitors are restricted to the area as a result of an order sent out from tthe District Coast Guard office in Cleveland to all Great Lakes stations to reduce the possibility of sabotage.

Casual or general visitors, excepting properly identified persons, will be prohibited. All floating units are ordered to prohibit visitors at all times.

Visitors, accompanied hy Coast Guard personnel, will be allowed during scheduled hours.

Island's Big Day is Sunday For Homecoming

Sunday, Aug. 13, Beaver Islanders will welcome home all islanders and their friends who will be returning for the annual Homecoming and August Dinner.

A turkey dinner with all the trimmings topped off with home made pies and cakes will be served in the Parish Hall from 12 to 3 o'clock. The women of Holy Cross Parish will be in charge of the dinner and a bevy of island colleens will act as waitresses.

In the afternoon, there will be time for renewing old friendships and visiting around. The Homecoming is like one big, happy family reunion.

In the evening, there will be a dance in the hall. Haan's State-famous square dance orchestra will furnish the music. Fred Spalding and Jewell Gillespie are in charge.

Assisting Father Giles Berthiaume with plans and preparations are Mrs. Mike Cull, Mrs. Grace Cole, Mrs. Burt McDonough, Mrs. George Ricksgera, Lloyd McDonough, Jewell Gillespie, Willie Schmidt and Willie John Gallagher.

Police Warn Motorists to Obey All Traffic Signs

Chief Clarence Heise of the Charlevoix police department said Wednesday that "it is an obvious fact that stop signs are placed at intersections to keep motorists on one highway from running into motorists on the other highway."

Every motorists understands this simple truth, the chief maintained, but, unfortunately, many ignore it. This is proved, he said, by records which show that many accidents happened because drivers did not come to a full stop at stop signs and look to the right and left before entering the intersection with caution, to cross or turn.

"Almost stopping at a stop sign is not enough. It develops a sloppy driving habit which sooner or later will cause an accident. Some day that car that isn't there will run into you, because its driver expected you to stop, as the law requires," the chief stated.

The Charlevoix police department is cooperating with the Michigan State Safety commission and the Michigan State Highway department in a program to make our highways safer. This week's slogan is "Stay Alive, Obey Stop Signs."

To Offer Extension Classes in County

Charlevoix is one of 23 centers in which extension classes will be offered this fall through the Central Michigan College Division of Field Services, it was announced today by J. D. Marcus, of the Division staff.

The first meeting will be Wednesday, September 13, at 5:00 p.m. at the high school.

Marcus stated that all persons planning to enroll in the courses must present matriculation cards before they can register. Matriculation cards may be obtained by writing the Division of Personnel, Central Michigan College, Mt. Pleasant. Other inquiries relative to the courses should be made to the Division of Field Services.

Hospital Carnival Raises $3,528 For New Building

The second annual Charlevoix Hospital carnival and the broadcast which opened the event raised a total of $3,526 for the hospital building fund, Herb Schofield, activities and carnival chairman, has announced.

Some $1,900 was realized from the radio broadcast over station WMBN during which pledges were given and $1,588 from the carnival and related activities.

The anticipated yield was cut to a minimum because of the consistently bad weather.

The games booth in the park will continue to operate throughout the summer and tickets on the Dodge car, donated by Brown Motors, will be available until Sept. 4.

These two things are expected to increase the total before the summer ends.

Sidney Rose, 64 Cleveland Man Drowns Snnday

The body of Sidney F. Rose, 64, of Cleveland Heights, Ohio, who was drowned near Pine Point in Lake Charlevoix Sunday, was recovered at 8 a.m. Monday by the Charlevoix Coast Guard in command of Joseph Etienne.

Mr. Rose, a summer resident at Pine Point resort for 26 years was drowned when he attempted to swim to shore after his outboard motor boat in which he was riding with three passengers filled with water at the bow and capsized 200 yards off shore.

His daughter-in-law, Mrs. Ruth Rose of Chesterland, Ohio, and Mrs. Samual Sampliner of New York City swam to shore and Mr. Sampliner stayed with the overturned boat until rescued by another craft.

The body was taken via plane from Pellston to the J. D. Deutsch Funeral Home Cleveland on Monday for funeral services later this week.

He is survived by his wife, Helen, two sons, John and Thomas and several grandchildren.

Knight Owls to Face Saginaw Saturday

The Charlevoix Knight Owls meet their toughest opponent of the season Saturday night at 8:30 Aug. 12 when they face the Saginaw Drewry's Ale class A team.

The Owls lost a hard fought 3-2 game to the Emmons Dairy from Big Rapids last Sunday. Gallagher held the Dairy men to 6 hits and bagged 3 himself but the locals could garner only 6 hits off C. Emmons and flawless support nipped several promising rallies. Meggison caught an outstanding game for Charlevoix.

Two Local Boys Join Armed Services

Two more Charlevoix boys, Richard Hardy and Robert Tripp, have enlisted in the armed services.

Dick has gone into the Army Air Force and is now at Lackland Air Base, San Antonio, Tex., for basic training. He is the son of Mrs. Helma Hull.

Bob, the son of Mr. and Mrs. Lester Tripp of Burgess, has enlisted in the U.S. Navy and will leave about Aug. 20 for boot training at the U.S.N.T.S., Great Lakes, Ill.

Birlers to Headline Two-Day Program of Sports Entertainment

The Charlevoix Rod and Gun club is making final plans for the fourth annual Sportsmen's carnival to be held here this week-end.

Highlight of the popular two-day event will be a log birling exhibition by Billy Girard and his son of Gladstone in Round Lake off East Park at 7 p.m. Sunday. This world famous team who do all kinds of stunts on the rolling logs were well received when they appeared here several years ago and are being returned by popular request.

Other entertainment will include a pistol shooting exhibit by Cpl. L. M. Coykendall, Michigan State police, at the club grounds Sunday morning and in East Park at 1:30 p.m. Sunday; a wild life exhibit featuring wild life of Michigan including a fawn, a bear and other animals of the state; a street dance Saturday evening, a midway, band concert and contests.

* * *

THE CARNIVAL will get underway in East Park late Saturday afternoon when 12 games and food booths open for business. During the evening a street dance will be staged on Clinton street off Bridge street. The midway and wildlife exhibit will also be open.

Sunday's activities will open with a skeet shoot at 0:30 a.m. at the clubhouse property north of Charlevoix off U.S. 31. Several outstanding sportsmen including the state skeet champion, Mr. and Mrs. George Hess of Wayne are expected to participate in the event which will operate under the Lewis plan. There will also be trap and rifle shooting.

The opening of the midway in East Park at noon Sunday, will mark an afternoon jam-packed with interesting and entertaining events including the pistol shooting exhibition by Cpl. Coykendall, Michigan State Police at 1:30 p.m.; a bait and fly-casting contest at 2:30 p.m.; a concert by the Charlevoix city band directed by C. A. Odmark at 8 p.m. and outboard motor boat and canoe races in Round Lake at 4 p.m.

The log birling exhibition in Round Lake off East Park at 7 p.m. will open the evening activities. A musical program and other entertainment will follow at 9 p.m. after which a boat and motor will be given away.

* * *

CLUB OFFICERS and directors are: president, E. B. "Bo" Bowman, vice-president, Don Swinton; secretary, Bud Fisher; treasurer, Elmer Barber; directors, John Mol, Glenn Pemberton, Glenn Rose, Guy Scott, Sam King and Bonnie Nickerson.

Prizes will be awarded for the skeet, casting, outboard motor and canoe races.

Push Plans for St. Mary's Festival Here Aug. 18-20

Members of St. Mary's parish are busy preparing for their third annual summer festival and bazaar to be held on the school grounds Friday, Saturday and Sunday, Aug. 16-19 and 20.

Rev. Fr. Leo Malinowski is general chairman of the three day festival which will feature booths, games for young and old, food booths, baked goods for which the parish house wives have become justly famous as well as booths where fancy goods, dolls produce and jams and jellies may be purchased.

Booths that were constructed for the Charlevoix Hospital carnival are being placed about the school grounds for the church affair under the supervision of Frank Oleksy. Ted Browe will then wire the booths and the booth chairman and their assistants will decorate them for the festival.

Cash prizes will also be awarded during the festival with a large prize being given each evening.

Air Observers In County Named By Fred Koehler

Fred E. Koehler has been named Charlevoix county liaison officer for the Civilian Air Observers. He received the appointed recently and has named his supervisors throughout the county.

They are: Charlevoix, Edward Hansen; Norwood, Kenneth Empey; Ironton, Sam King; Horton Bay, Clarence Smith; Bay Shore, Ernest Dietz, Boyne Falls, Earl Bell; Walloon Lake, Leslie Fineout.

Charlevoix county is being organized with the remainder of the state under the direction of the Michigan State Police. The stations are set up on a point basis with seven stations eight miles distance apart on a state-wide plan. That is the reason they are in more rural areas with all stations being placed at strategic points in relation to the remainder of the counties in the state.

Bowlers Will Meet Here Monday Night

An important meeting of players, sponsors and others interested in bowling will meet at 6 p.m. Aug. 14 at the Legion hall.

Sponsors and players are urged to attend so that arrangements can be made for the opening of the bowling season.

'Bargains' that Pave Way for Socialism

Uncle Sam has a bargain basement sale in the making with a total of 307 attractive offers of financial aid to state and local governments. All the Federal Government wants in return is a bigger say in running hometown affairs.

In a special study released today State Chambers of Commerce added the bills for Federal aid before this 81st Congress and came up with the total of 307.

If all of them were passed, they would add approximately $3,200,000,000 to present Federal spending the first year and well over $6,000,000,000 a year by the sixth. None of the bills even hinted that the people in the states would pay in full, by Federal taxes, for the very "aid" they were offered.

These proposals cover 41 different types of grant-in-aid. They include such measures as spending $8 million for the Federal Government to enter the character training field and another $50 million to promote the health and soundness of youth.

Federal grant-in-aid to state and local governments have grown steadily since the end of World War II, both in total dollar expenditures and in the number and variety of services subsidized. Federal aid outlays for the fiscal year 1950 amounted to approximately $2½ billion. This is $800 million more than the total sum paid out in the fiscal year 1948—just two years ago.

The amazing thing about this flood of grant-in-aid measures is that few, if any, State Governors have come to Congress asking for such legislation. Many State Legislatures have adopted resolutions roundly criticising Federal grant-in-aid as a growing and costly evil. For instance, the Indiana Legislature said,

"Indiana needs no guardian and intends to have none. We Hoosiers were fooled for quite a spell with the magician's trick that a dollar taxed out of our pockets and sent to Washington, will be bigger when is comes back to us. We have taken a good look at said dollar. We find that it lost weight in its journey to Washington and back. The political brokerage of the bureaucrats has been deducted. We have decided that there is no such thing as 'Federal' aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states."

Voice of Our Readers . . .

Dear Editor,

Some several months ago, as you may recall, you and I were discussing the Charlevoix school situation. As a result of that discussion, and at my suggestion, it was agreed that you would publish a series of articles in the Courier if I would write them. The articles were written and published as free contributions of information to all who were interested in our schools. It is believed, on my part, that they provided a public service. There was no thought on your or my part of any private or selfish reward as a result of those articles.

In preparing the articles, emphasis was placed on straight forward reporting of facts, with the final article being devoted to positive constructive recommendations as to what Charlevoix should do to alleviate a serious overcrowding of present facilities and to provide additional desirable facilities such as metal working shop, agriculture room, automotive repair course, proper music room, expanded commercial and speech facilities, and added essential playground areas for the lower grade students.

In each of two recent issues of the Courier appeared a letter, one signed anonymously (as printed) "A reader and taxpayer", the other by Mr. Walker A. Miles. This letter is being written in reply to those two letters.

A word as to costs, Mr. Reader and Taxpayer: in present property valuations it is computed that a $400,000.00 building program would require a tax of less than nine mills for fifteen years. On a piece of property that is assessed for $2,000.00 that amounts to $18.00 a year or less than 5 cents a day or about a fourth of what a package of cigarets costs. I wonder if you are serious on the tax issue, or if you are just opposed to a new school, and pick any old reason, taxes for instance, as being a good sounding reason for being opposed, an excuse to satisfy yourself. You see, I don't know who you are, if I did know perhaps I could better answer your questions.

Now Mr. Miles, I could consider yours a good letter if I could find it factual, if I could class it as constructive criticism, if I could believe it to be devoid of evidence that you interupt facts to fit your prior convictions, or if I could believe it showed evidence of serious research into the basic facts involved in our school situation. I will undertake an analysis of a part of one paragraph as typical of the entire letter. I refer to the next to the last which states in part "but to DESTROY what we now have, just to build EMPTY MONUMENTS and squander our goods to please the eye". Now lets see how that lines up with my proposals:

1. A new grade school, 13 rooms, on Kipke Field.
2. A shop to provide metal working, automotive repair, and agriculture room in addition to present woodworking instruction.
3. Conversion of present grade school into a High school.
4. Use of present High school building for classrooms and a music room, in such a way as to avoid large numbers of pupils in that building at any one time.

Where is there destruction in that proposal?

As for empty monuments, we have the students in our schools now, we are overcrowded, it is a matter of opinion whether Charlevoix will increase, remain static, or decrease in population. My opinion is that it will increase. But it would take more than a moderate decrease to bring our school enrollment down from some 800 to less than 800 students.

Now just suppose we needed the expanded facilities for only ten years, I believe that they would be found as well worth while as a used baby carriage that reposes with memories in an attic.

One last word, I find it extremely flattering but wholely undeserved to be called in my own-some self a pressure group.

Most sincerely,
Edward K. Shanahan

P.S. I, too, am a taxpayer who believes most sincerely that anything that is good for Charlevoix is good for me.

E.K.S.

ODDS 'N ENDS

By Fran Martin

This section of northern Michigan, it seems, isn't the only place hit by the slow tourist season for in a clipping sent to us by a friend at the Soo the lock city has launched a "see the locks campaign" . . . with a substantial sum raised by the business places in the Soo to finance the campaign such as advertising at the Straits and elsewhere . . . seems one can see the locks . . . the Soo's big tourist attraction . . . despite the guards . . .

• • •

THERE'S a thoughtful little Cub scout around town . . . we don't know who he is but when the Navy ship, PCE 894 . . . docked here last week he came down to the ship with a can of worms for the skipper, Lt. Cmdr. Stephen Luzaich, so he could fish while in port . . . now tell us, who else thought of that . . .

In case you get the idea we like all small animals, you're right . . . and the latest to attract our attention is a little palomino colt owned by Frank Supernaw . . . he was two weeks old Monday and is just about the cutist thing we've ever seen . . . we'd never seen one before and he's certainly something to see . . And speaking of small things, how about the tiny shetland pony on display with its mother during the hospital carnival . . . we never knew horses came that small . . . it weighed 20 pounds when it was born, we hear, and is owned by Lawrence Supernaw . . .

• • •

BEFORE YOU READ this note our fingers are crossed . . . but are we really going to have summer after all? If the crowd at the Lake Michigan beach Sunday afternoon is any sign of things to come . . . things are looking up . . . and we could do with a good bit of that . . . And did you notice that beautiful three-masted schooner in the harbor over the week-end . . . the old schooners with many masts must have been a sight to see . . . that's one of the things "the good old days" had that we'd enjoy seeing . . .

Was a bit taken aback the other day when someone called our attention to an article on infantile paralysis in the August Good Housekeeping to notice that our own hospital is among four in this section of the state equipped to handle polio cases . . . let's hope we won't need it . . . but in case we do, let's be grateful it's here . . . and another thing you might read is an article on page 37 of the August Companion . . . Again we hope it won't apply to us but . . . one never knows.

The war in Korea is being brought closer to home every day with friends being called to serve with the reserves and others enlisting or being shipped out . . . the latest is Cpl. Charles Greeley who has geen stationed at Camp Carson, Colo., since re-enlisting and who left there Monday night for the war zone . . . his address is 11th Prev. Bn. APO 660 %PM, San Francisco, Calif., . . he is the son of Mrs. Ken Forbes . . . and don't forget they're asking for volunteers to aid in air observation . . . it's little enough to do to help so why not give Fred Koehler, our county liaison officer or one of his supervisors listed elsewhere in this issue a ring and offer your services.

Herb Schofield told us something the other day that leads us to believe there's an 'angle' in town . . . see if you don't agree . . During the hospital carnival this person walked up to Herb and gave him a white envelope . . . said it was a small contribution to the hospital fund and that he'd like to remain anonymous . . . Herb thanked him for his generosity but had no idea what was in it till later when he found one cool crisp $100 bill . . . See what we mean when we say 'angle' . . and thanks from all of us.

Scientific Squeeze Play

To check the freshness of Kroger bread, Food Foundation scientists test its "crumb compressibility." That's scientific talk for squeezing the loaf to see how fresh it is. As a result of their scientific squeezing, Kroger scientists have come up with a bread that's softer and better tasting than ever before. Through constant research and practical tests continued progress is made on the quality of Kroger products.

Rock Elm News

By Mrs. A. B. Lewton

This has been a busy corner for the past week as cherry picking is now under way.

Mr. and Mrs. Frank Lawton were at their farm home over the week-end returning to Grand Rapids Sunday afternoon.

Wheat harvest will soon be under way here.

What might have been a serious automobile accident was partly averted by both drivers, seeing that a crash was coming, slowing down and one driver turning out. His car went off the road where it has been washed by the rains. Both cars were damaged and some of the occupants suffered cuts and bruises. No one was seriously hurt. The accident occurred at the corner near where the Rock Elm school house used to be. This is a bad place and it should be taken care of.

District Farmers Suffer Cut in Annual Income

Farmers in the dairy and potato area of Northern Michigan felt a aizeable cut in net earnings last year. This cut meant 56 percent lower net incomes in 1949 than in 1948, according to Ed Rebman, Charlevoix county agricultural agent and Everett M. Elwood, Michigan State College farm management specialist.

This report is part of an annual study made by the Agricultural Economics Department of Michigan State College and the county agricultural agents in the area. There were 54 farmers in the eleven Northern Michigan counties cooperating on this study in 1949.

Gross incomes dropped from $6,718 per farm in 1948 to $5,639 in 1949 - a decline of 15 percent. Farmers received less income from dairy products, hoga, cattle, poultry, and eggs due mainly to lower prices.

While gross incomes declined 15 percent, farm expenses increased 2 percent. Total expenses - including all cash expenses, family labor (other than the operator) depreciation, and 5 percent interest on the investment - amounted to $4,718 in 1948 and $4,820 in 1949. Feed prices were a little lower in 1949 and a little less family labor was used. Machinery and improvement expenses continued to climb.

The squeeze between lower farm income and higher expenses resulted in 56 percent lower net earnings for operators of the 54 farms. This was a drop from an average of $2,000 in 1948 to $873 in 1949. These farmers also received the value of products from the farm which were used in the home.

Calf Scramble Plans Made for Charlevoix Co. Fair

The Charlevoix county fair board, at a meeting last week, drew up final plans for the calf scramble which will be held on September 15 at the 1950 fair, according to Ed Rebman, county agricultural agent.

There will be nine head of hereford calves sponsored by the merchants of Charlevoix, Boyne city and East Jordan that will be turned loose in the pen for the boys to catch and tie to a fence.

Boya who are interested in knowing more about this calf acramble and who would like to raise one of these animals, should contact one of the members of the commitee.

The members of this committee are as follows: from Charlevoix, Clarence Meggison and Clyde Warner, from East Jordan, Archie Murphy and Charles Murphy, and for Boyne City, William Korthase and Ed Rebman. Boys ahould be either 15, 18 or 17 years of age by fair time. Application blanks can be secured from one of the above men.

Use Farm Equipment Safely At All Times

Careless use of high speed farm equipment, especially at harvest time, is the main cause of farm accidents, according to Ed. Rebman, county agricultural agent. Harvesting time is the season safety must be practiced.

Putting your harvesting equipment in good condition is the first thing any farmer can do to prevent accidents, the agents points out. Seats, controls, steps, and other features should be in good conditions before the harvest rush gets underway.

In connection with farm Safety, the National Safety Council recommends: (1) Always stop all machinery before oiling, adjusting, or unclogging. (2) Avoid wearing sloppy or raggy clothing. (3) Alwaya operate tractors at a safe speed and use extra precautions on highwaya. (4) Small children are definitely out of place around harvesting machinery. (5) Avoid jumping off equipment before it has come to a full stop. (6) Remember to look both ways as you approach a highway and cross with care, and (7) on highway obey the signs and rules of the road and don't forget to use headlights and tail lights at night.

Foresters Study Rose Fence Values

Should I plant Multiflora Rose for a fence on my farm?

That's a question coming to Michigan State College foresters since the idea for "living fences" with the new rose has become widely publicized. It has been used extensively in many areas including the south-central states.

Lester E. Bell, forester at Michigan State College, is not ready to recommend it in Michigan - - but neither does he condemn it. He wants to see how experiments being conducted in the state work out.

Wisconsin and Minnesota experiment stations do not recommend the Multiflora Rose because of a lack of winter hardness, Bell says.

Experimental work carried on at the Rose Lake Wildlife Experiment station near Lansing shows:

1. Rose does well on heavy, fertile soils.
2. Poor developments is on light, droughty and sandy soils.
3. Pheasants will live on rose seeds (hips) when pen fed but prefer other foods when available.
4. Rabbits feed on young shoots.

At the Kellogg Experiment Station near Battle Creek a 15-year-old planting of Multiflora Rose froze back to the ground in the winter of 1947, but has now sprouted from the roots.

Because of winter killing, its value as a permanent fence has not so far been proven in Michigan. It has been difficult to get uniform growth because of the wide difference in soil types.

Bell says farmers should go into Multiflora Rose plantings cautiously and on a limited scale in Michigan until more information is available.

Apple Growers Asked To Spray at Once

Apple growers are warned by Ed Rebman, county agricultural agent that the adult of the apple maggot has emerged. All growers should spray at once with:

(1) Zinc sulphate 1 lb., lime, 4 lbs., lead arsenate, 3 lbs., or

(2) 50% wettable DDT, 2 lbs. (repeat in 7 daya when DDT is used) or

(3) In case of a serious infestation of aphids, then 1 lb. of 15% wettable parathion in 100 gallons may be used. Apply on hot, still day for best results.

List Sites for 1951 Grass Days

With the 1950 Michigan State College Grass Days program barely over, plans are underway for another series of educational demonstrations for 1951.

Locations for six of the all-day demonstrations next year have already been selected and committees are preparing demonstration plots to be ready for showing next June.

Richard Bell, farm crops specialist and chairman of the 1950 Grass Daya committee, says the great interest shown in the educational tours was a feature of the events this year. An average of 2,400 people attended the eight Grass Days held throughout Michigan.

Farmers were eager to study the results of fertilizer and management procedures and methods to get better seedings. As usual, machinery demonstrations were popular, but the big increase in interest was in the growing and utilization of grasses and legumes.

In 1951, two Grass Days will be held in each of the three extension districts in lower Michigan.

Farms listed for 1951 events include: Franklin Kells farm near Avoca in St. Clair county; Matthew Borzenick farm near Brant.

Badger scientists report that good Cheddar cheese can be made from the milk produced by cows fed grass silage. In fact the scientists judges gave the cheese a higher score than cheese made at the same time from cows receiving corn silage.

It's poor business to spend money for time and fertilizer and then lose most of it by plowing and planting up and down hill.

Erosion by wind and water robs farmers each year of about $400,000,000 in decreased land values, lower crop yields and reduced income.

Soil Directors to Tour Leelanau

Directors of the Charlevoix Soil Conservation District, according to Ed Rebman, county agricultural agent, has made available to the farmers in this area the use of the Marsh plow.

The plow is owned by the Antrim Soil conservation District and has been leased from them for the month of August. Anyone who has swamp land or new ground that they would like broken up could well afford to use this Marsh plow.

If you are interested in the use of this plow, contact one of the directors of the soil district or the county agricultural agent. Farmers south of Charlevoix should contact Carlton Smith. Farmers north of Charlevoix have as their director Peter Winnick. Those around East Jordan ahould call on George Klooster and the folks near Boyne City should contact Clayton Healey or Norval Korthase.

Average size of a farm in the U. S. is 174 acres. But don't be fooled by measurements, it is productive capacity that counts. Soil conservation makes every acre bigger, the SCS points out. Approximately 1-3 of the richest topsoil of the U. S. has been washed to the foot of slopes, into streams, and down to the ocean.

ORCHARD NOTES

By Claude Fairman

Right now brings the sweet cherry growers in tthe middle of their harvest. What bulletins and pamphlets we have from the Michigan State College, state that the cost of growing sweet cherries is about 18 cents per pound. That includes growth of trees to bearing age and all other costs.

Orchards that cater to the roadside trade plant a succession of varieties from early to late and leave cherries hang until ripe and carry them on the trees over a much longer period to accomodate their customers, with, of course, considerable damaged fruit and whatever else happens.

South of us many cherries are hustled off for marchinos, canneries, truckers, fancy packs to ship, etc. The sweets are usually out of the way for their red tart cherry harvest.

My own experience dates back to my grandfathers orchard on the Old Mission peninsula, or of 50 years experience in orchards and commission houses on South Water st., Chicago. Eating cherries and all fruits and living in the lake country seems to give one perpetual youth. The question asked us most often is, "What varieties can best?" Or, freezes the best? We can't answer that by ourselves as we like a variety of varieties.

We gave our county agent Black Giants which we thought the best and he now states that for him the Windsor was the best. The Windsor variety is the largest, atrongest growing tree, hardiest for cold winters and most prolific, sometimes producing 20 or more lugs per tree. It pits easily and hangs on the tree longer without losing flavor. It grows best on loose soil with plenty of humus, a balanced fertilizer and an all-mineral called El Min E11, adding a touch of borax. It should be sprayed with Fermate or Ferbam and Arsenate of Lead, especially in the early sprays. If black cherry aphids or black plant lice appear, apply Pharathion or Black Leaf 40 early in the season.

Most all of the sweet cherry growers up this way have adopted a plan of leaving the spray off 18 days before harvest of different varieties, according to their ripening dates.

These fruit flies fly around and are caught by the sprays that are on the later ripening varieties. Now back to the cherry deal; just talked to the most learned man along these lines. The growers and canners can be as one under a cooperative plan for all growers and all canners combined.

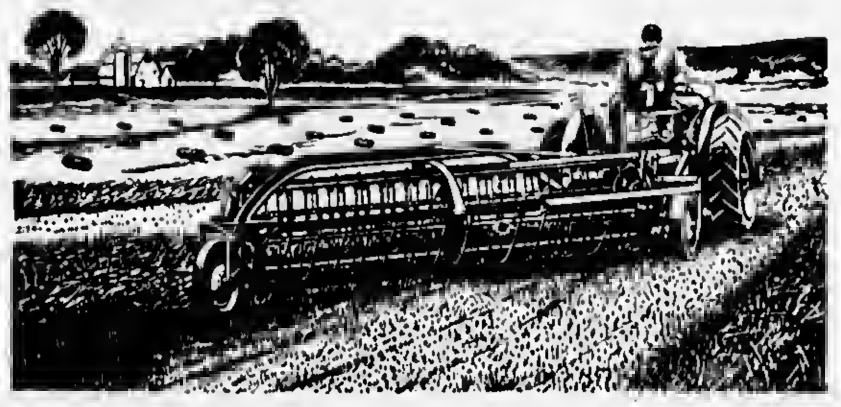
SAVE YOUR STRAW



with the A-C Power-Driven Rake

Good straw is worth real money. Rake your stubble fields promptly after the grain is harvested. That's the way to top-notch bedding — and to extra feed value where part of the straw is used as roughage. The A-C Power Rake is built for faster field travel — to save straw economically by windrowing it quickly for modern field baling.

Look at these advantages!

1. POWER TAKE-OFF OPERATED—for steady raking regardless of ground travel or field conditions. Powered with any 1-plow or larger tractor with standard power take-off.
2. SEALED ANTI-FRICTION BEARINGS — at 33 points, including complete reel assembly, bars and cranks, wheels, power line, and transmission.
3. CONTROLLED STEERING — Fixed *rear* wheel and castered *front* wheel give you true trailing, even on slopes and uneven ground.
4. TANDEM WHEEL EQUIPMENT — available at reasonable cost for the man who needs it.

WHY Lose Turkeys from BLACKHEAD

Turkey growers are profiting from another important contribution to the poultry industry.

This is Enheptin, the first practical-to-use, economical, effective, commercially available drug that can be recommended for blackhead.

Enheptin can be used, mixed in mash, either to control blackhead after an outbreak starts, or to prevent outbreaks of blackhead, by feeding smaller amounts of the drug continuously to the flock.

It combines safety and effectiveness.

Only Chevrolet offers such a
wide and wonderful choice
. . . and at the lowest prices, too!

You can choose between Styleline and Fleetline styling

Many an admiring glance will follow you when you roll by in your new Chevrolet with Body by Fisher. That's true whether you choose a Chevrolet Styleline model, with "notch back" styling, as the designers call it, or a Chevrolet Fleetline model, with "fast back" styling. Both are available on all Chevrolet sedans and at the same prices! Remember—Chevrolet is the only low-priced car that offers these two outstandingly beautiful types of styling . . . thus giving you an opportunity to express your own individual taste in motor car beauty.

You can choose between Automatic and Standard Drive

You have an enviable choice of engines and drives in Chevrolet, too. You can buy a Chevrolet combining Powerglide Automatic Transmission* and 105-h.p. Valve-in-Head Engine for the finest *no-shift driving* at lowest cost, or a Chevrolet combining the highly improved standard Chevrolet Valve-in-Head Engine and Silent Synchro-Mesh Transmission for the finest *standard driving* at lowest cost.

**Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.*

You can choose between the Bel Air and the Convertible

And if it's a sports model you want, here's your car! Choose the fleet, fashionable, steel-topped *Bel Air*, with smart, racy lines, extra-wide windows, and gray, leather-trimmed upholstery, and you'll have the only car of its kind in the low-price field. Or choose the equally beautiful Chevrolet Convertible, with automatic top that lifts or lowers at the touch of a button, and you'll have the finest Convertible in its price range. Also available is an all-steel, four-door Station Wagon—smartest in its field—listing for $260 less than last year.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

It's homecoming time on Beaver Island, back to home sweet home. All week, the boat or plane will bring returning sons and daughters and it's a happy time for island parents.

The August Dinner this year should be one of the best with turkey as the main dish. Lawrence Malloy shopped for the turkeys and all who know Lawrence knows he will have nothing but the best. By-the-way, it's Lawrence who has had the job of carving the meat at August dinners for years.

Many Beaver Islanders will be interested to know Sister Robert who taught on the island for 15 years, is vacationing at the log cabin belonging to the Dominican nuns on Sand Bay, with a group of nuns from Grand Rapids.

Sister Mary Clare and companion from Muskegon have arrived to spend two weeks on the island. Sister Mary Clare is a native of the island and at present director of nurses at Mercy Hospital.

William Belfy has returned home from the Marine Hospital in Detroit. He's looking fine.

Grace Marie McCann returned to the island with her aunt, Mrs. Lester Soergel and three sons from South Haven. Mrs. Soergel and children are visiting her parents, Mr. and Mrs. Gus Mielke.

Mrs. Jack Copens and children Johnny and Susie are visiting Mrs. Copen's parents, Mr. and Mrs. James H. Gallagher.

The weather the first of the week made camping out a rugged business with heavy rains, cold and steady drizzles. A group of campers from Camp Fairwood, Torch Lake, arrived Monday under the leadership of Jack Greely. They camped out Monday night, but after Tuesday's deluge, made headquarters above Pat's store. They left on Wednesday's boat.

Father Thomas Lyons, and Lieutenant John Ulrich, U.S.N. and John Ulrich, Indianapolis, arrived the first of the week to camp at French Bay. The trio were good sports, accepted the weather with all it's dampness but by Wednesday night they decided a dry spot would be a welcome sight. They spent Wednesday and Thursday night in Allen's cabin.

Mary Ellen, Bertha and Charlotte McDonough have arrived to visit their parents, Mr. and Mrs. Bill McDonough.

Johnny LaFreniere returned to the island Friday from summer school at Central Michigan Teachers College.

Lawrence Malloy, Jr. came up from Chicago to join his wife and to visit his parents, Mr. and Mrs. Lawrence Malloy Sr. Terry Brown, grandson of the Malloys, accompanied Lawrence to the island.

Mrs. Carrie Sonderegger, Milwaukee, couldn't let the summer go by without coming to the island. Since 1904 she hasn't missed a summer. She arrived Friday.

George Ricksgers left Thursday for Lapeer to attend the wedding of his son, Robert, to Janice Carpenter. The bride and groom arrived Sunday to honeymoon on the island.

Mrs. Joe Wyman and sons, David and John have returned to their home in Farmington. Mrs. Evelyn Vaden, Mrs. Wyman's sister, returned with them for a visit.

The blueberries are ripening and just in time for the August dinner. Can't you taste blue berry pie?

And Carl Keubler, our conservation officer, says the blackberries are going to be as big as baseballs. The rain and cool spell played havoc with the swimming season, but look what it did for the berry crop.

And Charlie "Harlem" Gallagher says we are going to have the finest potatoes in years.

Mrs. David Wilson took time out from her summer vacation to return to her home in Ferndale for surgery. Back on the island now, she has as her guest Mrs. Howard Hess and daughter, Mary Jean. Judy Meyer arrived Friday to be a guest in the Wilson home for a week.

Mrs. Lucile Osborn and daughter, Kay, are visiting Mrs. Osborn's parents, Mr. and Mrs. "Ket" Gillespie.

Erwin Belfy is visiting his parents, Mr. and Mrs. William Belfy.

Mrs. Lester Gallagher returned to her home in Charlevoix Friday after a visit with her sister, Mrs. Peter O. Gallagher.

Mr. and Mrs. Arthur Miller, Sr. and George Miller arrived Saturday. Mr. and Mrs. Miller are making their home in Mt. Pleasant and this trip was to get a few necessary articles until their furnishings can be moved. Sunday afternoon, Mr. and Mrs. Miller returned to Mt. Pleasant accompanied by their grand-daughter, Carolyn. The Miller party, including George and Carolyn's visitor, Elain Berjeski, flew to the mainland in McPhillip's twin engine plane. Elain returned to her home in Detroit.

Sunday, the North Shore was chartered by the Elk's lodge in Petoskey for an outing on the island. They arrived with brass band playing on deck. The Elks were welcomed by a dock full of islanders and visitors. Dinner was served to the visitors at the King Strang Hotel. Later they enjoyed a sight seeing tour around the island. The delegation left the island at 7 p.m. with the brass band still going strong.

Mrs. Wilbur Martin and daughter, Eileen, came over from Petoskey on the boat Sunday for a visit with Mrs. Martin's daughter, Mrs. Bob McDonough. They returned Sunday evening.

Shirlee Cutler Weds Chicago Resident

Miss Shirlee Cutler, daughter of Mrs. Jens Sorensen of Norwood, became the bride of H. Johnson, son of Mr. and Mrs. Hilmer Johnson of Chicago.

The double ring candlelight ceremony was performed by Dr. Carl M. Kilmer at the Laingsburg Methodist Church, July 1. Mr. and Mrs. Bert Swarthout attended the bride and groom.

The bride chose an ankle-length afternoon dress and picture hat of pink organdy with a corsage of Sally Roses.

McNeal-Saunders Nuptials Read Saturday

A ceremony witnessed by members of the immediate families and friends united in marriage Miss Sally McNeal and Wayne Saunders Saturday afternoon Aug. 5, at the Methodist church.

The bride is the daughter of Mr. and Mrs. James McNeal of Boyne City. The bridegroom is the son of Mr. and Mrs. Oakley Saunders of Ironton. The Rev. Henry Alexander read the double ring service. Baskets of pink and white gladioli, cedar boughs and candilabra flanked the alter.

Mrs. Charles Bellinger, an aunt of the bride, played the wedding music. She accompanied Mrs. Fred Gandzar, who sang, "Saviour Like a Shepherd Lead Us" and "The Lord's Prayer."

Miss McNeal attired in a white sharkskin suit and carrying a hand embroidered handkerchief, which has been in the family for 60 years, was given in marriage by her father. Her pink and white glamellia corsage was arranged by Mrs. Larry Davis, an aunt of the bride. Miss Betty McNeal, sister of the bride, wearing a pink sharkskin suit and a pink and white gladioli corsage, was bridesmaid. Best man was the bridegroom's brother Milford Saunders. Guests were seated by James Shepard of East Jordan, and James Roberts of Charlevoix.

Mrs. McNeal, mother of the bride, wore a navy sheer dress and accessories. Her corsage was pink and white carnations.

Mrs. Saunders, mother of the bridegroom, was attired in a grey printed crepe dress with white accessories and her corsage was pink and white carnations.

In recognition of her services as church organist, the reception following the ceremony was given by the church. Mrs. Lester Fox, chairman of the reception committee, was assisted by Mrs. Lou Davis, Mrs. Don Haig, Mrs. William Petts and Mrs. Archie Sutton. The table was beautifully decorated with white candles, pink and white flowers with green ribbon streamers on a white linen table cloth. Serving the three tiered wedding cake, topped with a miniature bride and groom, was Miss Thelma Saunders of Ypsilanti. The Missess Eleanor Mills and Margaret Jane Tompkins of Boyne City, assisted in serving.

Out of town guests attended from East Jordan, Charlevoix, Rudyard, Ypsilanti, Ironton and Bay Shore.

Included in the bridal party pictures was one of four generations. Mrs. Ed Winkler, great-grandmother of the bride, Mrs. William Davis, grandmother, the mother, Mrs. James McNeal, and the bride, Mrs. Wayne Saunders.

After a wedding trip through the eastern States, Mr. and Mrs. Saunders will make their home at Traverse City.

Lila Tillotson Wed In Ludington Rites

Miss Lila Tillotson, daughter of Mr. and Mrs. Nelson A. Tillotson, of this city, and Mr. Lloyd E. Wieting, Grand Rapids, son of Mr. and Mrs. A. J. Baum, Haslett, were united in marriage, July 29 in Ludington. Judge Owen J. Gavigan performed the ceremony using the single ring service.

The bride was attired in a sheer navy dress with navy and white accessories and wore a corsage of red roses. She was attended by Mrs. Eugene Ward of Cadillac, who wore a lavender print dress, black accessories and her flowers were yellow roses. Mr. Eugene Ward of Cadillac was best man for the groom.

Following the ceremony the wedding party had dinner at the Hotel Stearns. Later Mr. and Mrs. Wieting left for a week's vacation, which included a boat trip to Milwaukee and a tour of Wisconsin and upper Michigan. The couple will make its home in Grand Rapids after August 6, where Mr. Wieting is a press operator at the Grand Rapids Metalcraft Corp.

What's Doing At Camp Charlevoix

After a strenuous week-end with much activity and many visitors, the entire camp slept in on Monday in order to get rested up for the events of the week. Don Lewellen and Walt Greising took the early morning boat and their boys over to Beaver Island for three days of fun and adventure on this "Little Bit of Ireland".

The boys on this trip were: Lev Flournoy, John Hord, Spike Black, Dick Degener, Bill Fors, Sterling Ragsdale and William Ruggles. In the evening the entire camp met in the club house with a roarig fire in the huge stone fireplace.

Chuck Swing showed some slides he had taken on the Grand Canyon, Yellowstone National Park, and then some of his trip through Europe. The boys enjoyed them very much. Cabin 17, John Ellworth's boys gave a short skit, the title of which I never did find out. The boys acting in this were: Ewing Goff, Bob Inch, Ned Lambrecht, Jack MacQuiggan, Carl Newman, with Bob Timmons as master of ceremonies.

Tuesday was given over to cabin activities with the groups doing things together. In the evening the barbers came out and sheared the boys who were getting a little on the shaggy side.

On Wednesday, the afternoon was given over to a games afternoon in the clubhouse. A series of games was held, and the boys got quite a charge out of trying to pin the tail on the Moose, drop cloths pins in a bottle, putt a golf ball in a pail, walk a crooked line looking through field glasses, etc. It was a great afternoon.

Thursday activities were going full force, and it seemed good after the dark weather to get out in the sun again.

On Saturday the Annual Horse Show at Traverse City was held with the camp enterng seven horses in the show. In the Western Camp events we took every place, gathering 21 ribbons and 6 gold cups. In the Western Cowboy events open to Western Riders from this section of the state, our three cowboys rode the camp horses and took two firsts, a second, and two thirds. It was a great day for Camp Charlevoix with the boys enjoying riding in such a large horse show. Jim Stockwell took two firsts, a second, getting two blue ribbons, a gold cup, and then winning the Camp Stake Championship and getting a large gold cup. Ned Lambrecht took two firsts, getting two gold cups, too. The boys winning ribbons were: Clem Gill, Tim Mast, Bill Harde, Barry Haas, Bill Ferguson, Bob Brown, Rusty Lindert.

In the evening the Senior Section practiced Square Dancing in preparation for the visit of Camp Chippewa Trail on Tuesday night. Thirty girls will be our guests and the boys are looking forward to an evening of Square Dancing.

Sunday the boys went back to the horse show to get more ribbons. Chapel was held in the outdoor chapel with Joe Daniels giving a most inspiring talk on

Alger Pays Call To Charlevoix in Campaign Bid

"No new taxes and the modernization of the State Government", has been the theme of Secretary of State Fred M. Alger in his drive for the Republican nomination for Governor to date. In his meeting in Charlevoix county last week, Alger stressed these points.

As the campaign enters the final six weeks before the primary, Alger will expand upon his program. To date he has continuously assailed the program of the present administration which called for increased taxes all down the line he has charged. Alger has held that the Republican controlled legislature acted wisely in rejecting most of the financial program submitted by the present Governor.

"It was at no time a program devised by state officials, either legislative or executive, for the benefit of all of the residents of the State", Alger has consistently told his audiences. "Rather it was a program devised by Gus Scholle, the political boss of the CIO-PAC, and intended solely to benefit minority groups. Even the Governor made no attempt to force this program. He merely dropped it in the legislative hopper and then rushed off to crown queens and call square dances".

Alger conferred with Charlevoix county Republicans about support of his candidacy. He spent several hours in Charlevoix before visiting Boyne City and East Jordan.

He also visited Mr. and Mrs. E. B. Smith of the Chicago club during his stay.

Warner Visitors

Visitors at the Charles Warner home Sunday, were Mr. and Mrs. Harry Warner and son Fred, Mr. and Mrs. Rosenberg all of Elk Rapids, Mr. and Mrs. Jiles Warner of Grand Rapids, Mr. and Mrs. Harley Warner and two children Dawn and Paxton, Mr. and Mrs. Homer Warner and two children Wanda and Dennis.

"A Place In The Sun".

It is hard to realize that the sixth week of camp is upon us. Time has really flown by this summer. Several men have remarked that they have never seen morale so high as it is this summer. We are mighty proud that we are having a happy camp with smiling faces and boys having a very good time.

Once again we should remind you parents that the final banquet is on Friday evening Aug. 25, with parents invited to come in at 7:30 for the program part. The rodeo is on Saturday afternoon, Aug. 26. Parents and guests are invited to this. The final Council Fire is on Saturday evening at 8:00 to which everyone is invited. Camp will break up after breakfast on Sunday, Aug. 27.

Michigan Mirror

Non-Partisan News Letter

By Gene Alleman
Lansing Observer for
Michigan Press Association

"An Anti-Governor Williams move is afoot in the state", reports the Grand Rapids Press.

Basis for the conclusion was an attack made by Charles F. Edgecomb of Detroit, president of the Michigan Truman club and Wayne county auditor, against the Americans for Democratic Action unit in the state. Speaking at a Grand Rapids Democratic rally, Edgecomb assailed the Michigan ADA segment of the Democratic party as being "Marxist missionaries."

We quote the Press: "Edgecomb asserted the ADA has taken over the Democratic machinery in Michigan, Minnesota and Connecticut and that it has 'unduly influenced the executive branch of our state government.'

• • •

"THE SPEAKER, former housing director of Detroit, declared the ADA, in Michigan led by Hicks Griffiths, former state chairman of the Democratic party, had tried to defeat President Truman in his bid for the Democratic nomination in 1948 and in the state 'has left nothing undone to weaken, supersede, circumvent and in effect destroy the position of authority of our national committeeman, George Fitzgerald.' Fitzgerald was elected national committeeman at the 1948 convention.

"Praising President Truman as an 'average American selling an American program', Edgecomb likened Lt. Gov. John W. Connolly to the president.

• • •

"ONE BREATH of political fresh air you get as you pass through Lansing enroute to Grand Rapids is the honesty and the integrity of Connolly and Roth (Attorney General Stephen J. Roth) and a few others who have studiously avoided entanglements with intellectual phonies,' declared Edgecomb.

"Because of the impossibility of working as Democrats under Griffiths in Michigan, a large group under the leadership of our national committeeman friend the Truman Democratic club of Michigan', the speaker added.

"It was then that Edgecomb made it clear that as long as Governor Williams associates with the ADA, he would be opposed by a segment of Michigan Democrats.

• • •

"THE WAYNE COUNTY auditor declared, ' We as Democrats must be re-elected. But we as Democrats must also unload our fifth column. The only way we can do this constructively is to demand that any candidate runner run as a Democrat, that he ner run as a Democrat, that he denounce or renounce any affiliation, indorsement or association with the ADA. Failing to do this, we must consider these candidates regardless of how high the office, as tools using the Democratic party for ulterior purposes . . . There is no room in this party for those who wear political cloaks that are labeled Democrat but which cover up a Marxist philosophy."

The reporter for the Grand Rapids newspaper then related how William H. Carpenter, state central committeeman, took the floor to "defend the name of our governor." Carpenter was quoted as follows:

• • •

I'LL DEFEND the ADA if I have to give Gov. Williams full credit. When the speaker omitted the governor's name in mentioning the breath of political fresh air, he meant the governor creates a bad smell and a stench, didn't he?

"Governor Williams is the inheritor of the policies of Frank Murphy and is the only Democrat to trade blows with the Republicans. My sympathies are with Edgecomb who came hear instructed in what to say by George Fitzgerald, our national committeeman."

The Grand Rapids newspaper reporter then added this interpretation: "Observers reviewing Edgecomb's speech pointed out the Detroiter left Democrats three choices in the coming election. Edgewood implied, they declared, that Democrats can vote for Williams, vote for a Republican or 'sit tight' and not cast a vote for governor.

"They pointed out that Edgecomb and his group would probably prefer the third method of combatting Williams if the governor does not come around to their line of thinking."

THE ABOVE NEWS STORY from Grand Rapids is quoted as proof that Michigan Democrats, like Michigan Republicans, have their own internal family rows. It is interesting to observe, However, that the charges by Edgecomb, as president of Michigan Truman clubs, were also made by Republicans in the 1949 state campaign for state hignway commissioner and state superintendent of public instruction.

We have a hunch that Edgecomb's attack on the ADA will intensify the Republican assault against Williams on the grounds that he is "unduly" influenced by "fifth column" socialists who pose as Democrats. The Detroit Democrat has furnished new ammunition.

Gala Program Set for Annual Sports Carnival, Aug. 12 - 13

One of the highlights of the summer season will be the fourth annual Sportsmen's Carnival of the Charlevoix Rod and Gun club Saturday and Sunday, Aug. 12-13.

Feature event of the two day carnival will be the demonstration of Billy Girard and his son, two of the foremost log birlers in the world. They will dance on a rolling log in Round lake.

This sports carnival usually draws one of the largest crowds of the year here. Sportsmen from many parts of Michigan will come here for the skeet shooting and pistol shooting contests. Corp. Lester M. Coykendall of the Michigan State police will give a pistol demonstration.

There will be a street dance, concessions and games in a fun-packed two days. Bait and fly casting contests for prizes are also scheduled. A band concert and motorboat races are planned.

Be sure to attend the two-day sports carnival Aug. 12-13 in Charlevoix. Most of the north's visitors will be here.

Beaver Island Homecoming Means Fun for Young and Old

One of the season's top attractions for summer visitors in the Charlevoix area will be the annual Beaver Island Homeland on Sunday, Aug. 13 There will be a gay old time.

This is the weekend when the Island welcomes home all of its former residents and their friends. There will be eats and fun galore.

Visitors can take Joe McPhillip's plane or the Motorship North Shore to reach the Island. The homecoming is just like a big family reunion. Everyone is invited. And you will have the time of your life if you go.

A big turkey dinner with home made goodies will be served from 12 until 3 p.m. A real old-fashioned square dance band will play for dancing in the hall.

On the following weekend, Aug. 18-20, Charlevoix will be the central point for visitors coming to St. Mary's annual summer festival. Everything making up a real festival will be present. Fun for young and old is the motto for the festival.

The city clark's office will be open until 8 p.m. on the last day of registration. Ragistration may be made befora that time during regular office hours.

Registration to qualify for voting in the primary is required for those persons who have recently moved into the city, those who have attained the voting age of 21 since the last election and those persons who have never previously registered here.

• • •

ANY ELECTOR falling into one of these categories who is registering for the first time here must, if a naturalized citizen, show citizenship papers in order to be registered.

The city clerk also asked qualified electors who have changed their voting address to report change to the clerk's office.

Besides many contests for stata offices three have developed on the Rapublican tlckat in Charlavoix county.

Three candidates will seek the nomination for the office of sherrif with Floyd Ikens, the incumbent, having competition from R. T. Davis and Glenn Rose, both of Charlevoix.

Fenton R. Bulow, incumbent county clerk will be opposed by William Underhill of Boyne City and Angus Fochtman, incumbent county road commission will have Karl Erber, also of Cbarlevoix, as his apponent for the office.

Others who are running for office witbout opposition are Rex E. Davis, register of deeds; Lillis M. Flanders, treasurer; C. Meredith Bice, prosecutor; Mary C. Feindt, surveyor; James D. Stackus, coroner and Donald Swinton, drain commissioner.

Tooley Rites Held Monday at Boyne City

Funeral services for Lyle Tooley, 54, of Boyne City, were held at the Stackus Funeral Home, Monday with burial in Maple lawn cemetery. He died at his home Friday following a long illness.

A native of Boyne City, he had operated a meat business there for many years.

He is survived by his wife, the former Rosemary Cooper of this city; three daughters, Mrs. Calvin Coblentz of Boyne City, Mrs. Neil Mallory of East Lansing and Tressa Tooley of Grand Rapids; his father, Clarence Tooley; two sisters, Mrs. Clarence Wood of Charlevoix and Mrs. Fred Bailey of Grand Rapids and a brother, Fitch of Boyne City.

Local Men Visit Island Lightkeepers

Don Campbell and Harold Hampton had an interesting visit with three lightkeepers on South Fox Island recently.

They visited Captains William Kruwell, Peter Timmer and Ollin Cain. They reported that the men have improvised a commendable airfield south of the lighthouse on the only flat spot on the island.

Campbell reported that the men are enthusiastic readers of the Charlevoix Courier.

Don't Miss Next Hospital Meeting

Due to a poor turnout, the annual Charlevoix hospital meeting was postponed until Wednesday, Aug. 23 at 8 p.m. at the city hall.

Residents are urged to attend this meeting as several important matters affecting the community will be taken up at this time, hospital directors said.

Four Teachers To Join Faculty This Fall

Four new teachers will join the faculty of the Charlevoix public schools when the fall term opens Sept. 11, Supt. Roy G. Bennett has announced.

Mrs. Laura Courtade of Kingsley will teach Latin and English; Miss Donna Valley of Detroit will teach dramatics, speech and English; Mrs. Geraldine Goss of Charlevoix will teach the fourth grade in the elementary school and Del Terrell who comes here from Traverse City will assume the coaching duties next week and teach in the high school.

Mrs. Courtade who has taught at Northport for several years is a graduate of Central Michigan College, Mt. Pleasant. Miss Valley received her bachelor of arts degree from Wheaton College, Mass., and more recently her master's degree from the University of Michigan.

• • •

MRS GOSS, who has taught in the Charlevoix school system before, is a graduate of the Wayne University, Detroit.

Del Terrell wbo will arrive here next week from a vacation trip to his home state of Pennsylvania, is also a graduate of Wayne University and attended the University of Cincinnati. For the past two years he has been assistant coach at Traverse City.

He will take over the football and basketball coaching duties from Ray L. Kipke who asked to be relieved of his duties last spring after 22 years as Rayders' coach. Mr. Kipke will continue on the faculty as math teacher.

Prior to the opening of the local schools Sept. 11 the teachers will attend a two-day teachers institue for Charlevoix and Emmet counties schools at Petoskey Sept. 7 and 8.

Clayton Saunders To Receive Degree

R. Clayton Saunders, a former resident now residing in Belleville, will be one of a class of 171 students who will receive his bachelor of arts degree from Michigan State Teachers' College, Ypsilanti Friday.

He taught in various schools in Charlevoix county before going to southern Michigan about ten years ago. Since then he has taught at Romulus and Belleville.

He is the son of Mrs. Joe Moore of this city. He and Mrs. Saunders plan to come to Charlevoix this week-end to join their sons who came last week with their aunt, Mrs. Frank Courier.

Barbara Poquette, daughter of Mr. and Mrs. Frank Poquette, was chosen as cinderella at the "Mystery ride" sponsored by the Charlevoix, Emmet and Pomona Grange held last week.

Barbara was awarded a free trip to Muskegon. She will be presented a pair of silver slippers at the regular meeting of the Pomona Grange this Friday night.

Frederick Kirby, Former Resident Enters Annapolis

Frederick J. Kirby, former Charlevoix and Beaver Island resident, has received an appointment to the U.S. Naval Academy, Annapolis, Md.

Son of Mr. and Mrs. John D. Kirby of Youngstown, N.Y., Frederick attended school here for a year in 1942 and two years on the Island where his father was a member of the Coast Guard. His father was transferred to Youngstown, N. Y. where Frederick graduated from high school in 1949. He attended the Hilder Preparatory school in Washington, D. C.

Frederick was active in the Naval Reserve and was appointed last spring to the Academy. He started his schooling there June 20.

Knight Owls Enter Tourney Monday

The Charlevoix Knight Owls will play their first district tournament game Monday, Aug 21 at Petoskey when they tangle with the Cheboygan Cleaners at 8:30 p.m. Both teams drew a bye in the first round.

The winner of this game will meet the winner of the Home Dairy of Petoskey and Ginup's of Cheboygan. This game will be played Wednesday, Aug. 23 at 8:30 p.m.

The tournament selections were made Monday in Petoskey. John Knight is district softball commissioner.

The Charlevoix Knight Owls face Mt. Pleasant here Sunday, Aug. 20 at 8:30 p.m.

The Owls lost a heartbreaker to the Class A Saginaw Drewry's Ale team last Saturday, 0-7

Leading 4-2 going into the 7th it looked like Charlevoix was going to spring an upset, but Saginaw rallied to tie the score with the aid of a wild throw by Bob Carey. They finally scored three times in their half of the 10th and that was the ball game.

Bob Potter pitched a great game for Charlevoix and hit a triple and single.

Frank Poole Named Civil Defense Aide

Frank Poole, a member of the Leslie T. Shapton post No. 226 American Legion, has been named as one of two men in Charlevoix county to serve as liaison personnel in all aerial protection plans within the county.

It is part of a civilian refense program being set up by the Michigan department of Aeronautics in case of war. More details will be forthcoming on the work to be done by the committee headed by Mr. Poole.

The appointment was made by E. M. Gapczynski, committeeman of the Lower 11th district in response to a request by the governor and state officials asking the American Legion to perform this service under emergency conditions.

Resident's Mother Dies

Funeral services for Mrs. Katherine Brown, 75, wife of Mid Brown of Mancelona and mother of Mrs. Frank Oleksy of this city, were held at St. Anthony's church, Mancelona, Saturday. Burial was in the Catholic cemetery there.

She died Thursday at her home following a long illness.

29 Men To Take Physicals Sept. 12

Charlevoix county has been asked to send 29 men to Detroit Sept. 12 for pre-induction physical examinations, the Charlevoix Courier learned late Wednesday.

On Sept. 27, six of the 48 men who traveled to Detroit for physicals, will be inducted into the armed forces, the draft board disclosed.

This announcement coincides with information from State Selective Service headquarters that the demand for men is increaseing in the light of recent events in Korea.

City to Light Mercer Blvd., Council Rules

City electric crews will install lighting facilities on Mercer boulevard, the council decided Monday night.

The action of the councll resulted after months of efforts by several residents in the Mercer area to obtain electric powar. Walter Howe was spokesman for the group.

At present there are five homes which will be connected for electricity. Each of the owners has agreed to pay the city $20 which will be rebated to them in monthly power bills. Howe said the group is willing to do its utmost to aid the city in providing the seetion with lights.

• • •

HAL HILL, superintendent of utilities, reported to the council that tentative cost for the installation of transformers, six poles and allied items was about $1500 but the actual cost will be somewhat more than that because of the increase in the price of materials.

On a resolution made by Alderman Drew Young, the council voted to sell a small triangle of land east of the trailer park to C. W. Sucher for $500. The parcel borders on property already owned by Mr. Sucher.

The council acted to correct a complaint of Joseph Etienne, commanding officer of the Coast Guard here, who said that tbe dust condition on Grant and Upright is bothersome. The city street department was requested to spray the streets with oil instead of brine.

A workmen's compensation policy was renewed by action of the council. Bills totaling $11,296.69 were ordered paid.

Rod, Gun Show Rated Success By Big Crowd

The fourth annual Charlevoix Rod and Gun club carnival closed Sunday evening after two days of entertainment which was well attended by local residents as well as many out of town visitors.

Games and food booths in East Park attractad many while the skeet shoot at the Club grounds, the log birling exhibition by Billy Girard and his son, the pistol shooting exhibition by J. M. Coykendal, Michigan Stata polica and the outboard motor boat races in Round Lake and the concert by the Charlevoix City Band ware witnessed by larga crowds during the afternoon and evening Sunday.

Fourteen contestants entered the skeet shoot at the club grounds Sunday morning. A three-way tie for first place resulted when Frank Gruler and Glenn Garrett of Petoskey and Keith Nickerson of Charlevoix all shot 47 each out of 50; in the second bracket Jack Garrett of Petoskey and Bonnie Nickerson of Charlevoix tied for first place with 40 out of 50 and Harry Gillett of Harbor Springs placed second with 39.

• • •

KEITH NICKERSON, shooting in an exhibition, shot a straight 50 for a perfect score.

In the casting contests in East Park Stanley Bisque of Detroit took first place in the wet fly and second place in the dry fly and bait casting contest. Bruce Sheckler of Petoskey took a second in the wet fly and first in the dry fly contests while Al Girordot of Detroit placed first in the bait casting contest.

The outboard motor boat races had plenty of thrill during the races and also during the warm-up period when one capsized on a turn.

There were three classes with two heats in one class. The winners were: fish boat class, Bill Ward of Charlevoix first and O. L. Bowerman of East Jordan second; Class A, Wayne Steiner of Bellaire, first and Ray Mason of Battle Creek, second; Class B, first heat, Ralph Willcy of Battle Creek, first and Chester Wilks of Bellaire, second; second beat, Chester Wilks of Bellaire, first and Fred Gervers of Bellaire, second.

Glaring Headlights Are Traffic Hazzard

Those who drive on American highways after dark are aware of a persistent and even inconvenience from the glare of oncoming automobile headlights.

To state officials and the National Safety Council it is more than an inconvenience; it is a highway hazard costly in human life. Not only are there fatalities due to failure to see pedestrians or obstructions in a dazzle of light, but the effort to drive in the face of glare probably is a contributing factor to other accidents through fatigue, impatience or misjudgment.

At one time it was thought that polarized glass in headlight lenses and windshields would be a solution to this problem, but studies by motor vehicle officials and the Bureau of Standards finds formidable obstacles in the way of introducing this equipment on some 44 million automobiles already in service.

Doubtless continued research will find some solution for the problem. One promising line of experiment has to do with increased use of light-reflecting material on roadside markers, signs, and pavement stripings.

Of course, the cardinal rule of night driving is to keep one's eye on the outer edge of the road rather than looking into the glare of headlights. Since this is true, would it not be worth while to outline the edge as well as the center of the pavement with a white or reflecting paint strip.

Whatever the ultimate answer, there is a simple practice which can ease the situation materially but which seems to be increasingly neglected. This is the matter of lowering the high beams of headlights when in traffic or meeting other cars.

If this simple courtesy were more widely observed, or if its observance were enforced by police and highway patrols, many tragedies would be averted.

Don't Overlook the Lieutenant Governor's Race

While most voters have their eyes on the governor's race in the primary on Sept. 12, the race for the lieutenant governor has been pushed to the back seat of politics.

It has always been this way. But the lieutenant governor is an important government position in these critical times. His position is real important if for no other reason that he stands to become governor in the event of death of the state's chief executive.

Leading candidate among four Republicans for the lieutenant governor's chair is William C. Vandenberg of Holland, who is completing his sixth year as state senator. He has served on several important committees.

Voters of the 23rd district who know him best point to the fact that he has spent 30 years in public service. He retired from active business in 1946, two years after being elected to the state senate.

He has come to be recognized in Lansing as one of the leading figures in the state's upper house. He has had a commanding role influencing economy in state government. At a time when the reverse of good sense and conservation in spending the peoples money is often highly popular, the influence of men like Vandenberg is exerting a sobering effect.

How A Prayer Helped Build a Large Company

Many years ago, F. Stanley Beveridge was in Auburn, N. Y. on business, and while there he walked into a church of worship. In a pamphlet he discovered a prayer which contained a message that offered a splenddid guide. Later he read it aloud at a sales meeting in Reading, Pa., and immediately people asked for copies. Thereafter it became his company's icon. At that time Mr. Beveridge was operating a small brush company which he had founded in 1931. The company has grown by leaps and bounds and in 1949 sold to its customers in excess of $50,000,000 worth of articles.

Mr. Beveridge is a leading humanitarian, has made many contributions to Boys Town, and annually sponsors the Boys Town Choir program on a National network. For many years his company has contributed substantial sums of money to churches of all denominations.

At Stanley there is unique application of this golden rule. Everyone is an "associate" – participating in profit-sharing dividends, a year-end bonus, and an excellent retirement plan. Personnel turnover in the company is less than two percent.

In these doubtful days of hydrogen bombs and cold wars and international distrust, perhaps it might be wise if we all put into practice the deeply important philosophy contained in the anonymous prayer upon which this manufacturing company was developed part of which goes . . .

" . . . . Give me a quick perception of the feelings and needs of others, and make me eager-hearted in helping them. Amen."

Voice of Our Readers . . .

Dear Editor,

I was disappointed to see in last week's Courier the views expressed by Mr. Walker Miles on the construction of the proposed new school building.

Mr. Miles stated; "To Destroy what we now have, just to build Empty Monuments and squander our goods, to please the eyes, looks like a lot of foolishness to me." I would like to know if Mr. Miles really knows what he is talking about? I wonder if he ever had to sit in a study hall trying to concentrate when all of a sudden a big chunk of plaster fell from the ceiling and splattered on the floor? Or did he ever hear one, two, three or twenty students climbing the stairs making so much noise (not intentional because the old wooden stairs just naturally creak and groan with every step) that a student in the study hall couldn't possibly think?

Has Mr. Miles ever visited a class in the local high school to see for himself why Charlevoix needs a new building? Every single classroom is filled to more than capacity resulting in the fact that the school can present only a very limited variety of subjects (Physics once every two years, chemistry once every two years; no french or spanish, very little in the way of handicraft subjects and nothing in the line of Agriculture).

To give an example of the lack of classroom space note the following statement that was made by a fellow student: "When a Soph in Charlevoix H.S. I started out the year with five subjects. After one week I decided to drop Latin II and take Biology. Imagine my surprise when I was notified that it would be impossible for me to enter the Biology class because there was not enough space in the classroom for anymore students.

Mr. Miles states that the local High School is a play School instead of a place of real learning and he further states that the entire school year could have been compressed into 90 days of actual study. If Mr. Miles wants each teacher to stand over their pupils with a whip and force them to study six solid hours a day I believe he should be back in the early 19th Century when such things were common, besides I wonder how much learning the students would get under the above circumstances. All work and no play just doesn't go in these modern times.

In connection with the statement that C.H.S. is not a place of real learning that Mr. Miles made I would like to pass on the following information: In June 1948 seven young men (Dave Hardy, Bill Petersen, Glenn Cook, Bernie and Don Zeitler, Cliff Lagerman and the undersigned) from Charlevoix joined the United States Air Force together and were immediately shipped to San Antonio, Texas where we were assigned to a flight which numbered 62 men.

In the fifth week of Basic Training all 62 men in the flight were given the day long General Classification Test. The final results showed that the seven men from Charlevoix were among the top 12. Five of us were assigned to AF Technical Schools to further our learning in specific fields.

Two of the men finished the Administration School (12 week course) at Cheyenne, Wyoming in the upper 25 of a graduating class of 150 (This class consisted of about 40 men who had spent anywhere from one to ten years in the service which gave them a tremendous advantage over the rest of the men).

Now these seven men mentioned above are all graduates of C.H.S. with none being exceptional while in school, but we must have been above average as shown above, so if Mr. Miles doesn't think that the students learn enough in the limited number of subjects the run-down building allows I suggest that he move to Traverse City, Petoskey, East Jordan or Boyne Falls where I am sure that the school biuldings won't fall down because of old age. The above schools might not have enough classroom space but I am sure that they have plenty compared to C.H.S.

If the people of Charlevoix don't build a new School, perhaps they will come to their senses, too late, some morning when the old fire trap burns down, maybe while classes are in session (I sure would hate to be in it if a fire started, because many of the students wouldn't be able to make it out.)

If Mr. Miles has some more silly notions he wants to express let's hear them in the next issue of the Courier.

Dick Donaldson

Dear Editor:

I would like to express a word of appreciation for an editorial that appeared in the Courier a short while ago on "Thank God for Our Churches". We are thankful for the churches which have lived down through the years bringing to us all that is good and wholesome and vital to life. And may the churches become more thankful for the people as they become worthy of thankfulness.

This leads me to say that in Charlevoix it seems only a small per cent of the people are truly worthy of such thankfulness from the churches. It has become a common practice to desecrate our Sabbath days as seen by the many activities which displace worship in the lives of the people. But this is almost insignificant when we really see how the law and a sense of righteousness are forgotten in the many modes of gambling, which are illegal as well as Unchristian, that are openly practiced in our city streets and parks. It is time that the voice of the law and of all Christian people be heard in opposition to such practices. May the churches become proud and thankful for the people of Charlevoix.

Respectfully,
Rev. Gaylord D. Howell

Effective at once the Courier will comply with a request made to all newspapers to omit the addresses of all servicemen being transferred overseas . . . We will use the boys' names but not their complete addresses as we have done in the past . . . Sorry, orders . . . And speaking of transfers, Cpl. Charles Greeley called his family, Mr. and Mrs. Ken Forbes, last Thursday to tell them that he was being flown to Korea . . . And Earldeon Stephens who has been stationed in Japan is also being transferred to Korea with his outfit.

And does it seem like five years since Charlevoix and all the world, it seems, went wild with joy . . . the war was over . . . there'd be peace again and everything would be as before . . . but we never quite made it . . . it wasn't for lack of prayers and hopes of the parents and wives and families of the young men who are being called up now . . . but somewhere along the line we missed something . . . let's hope we soon find it . . .

• • •

WASN'T THE sportsmen's carnival over the week-end great fun . . . like the kids the wild animals took our eye . . . the little coyotes along with the others were just the cutest things and the little fawn . . . every youngster in town recognized him immediately as Bambi and called him by name . . . And did you notice the little skunks respond to the name Flower . . . who says kids don't learn a few things along the road to growing up . . .

One thing we missed but which, we understand, gave the crowd a thrill was the outboard motorboat which did a flip-flop and went over in Round Lake . . . Guess it was something to see . . as were all those races . . . but we'll take an easier, or rather, a more comfortable way to make an honest dollar.

Have you heard about the little dog who's been 'riding' the bridge recently? He's given a lot of people a scare for when the span of the bridge is raised he manages to scramble up toward the top to take a ride up . . . No one seems to know who he belongs too but we must admit he's an adventuresome pooch.

• • •

MRS CLAIR Webster was telling us the other day about her son, Bud's unusual experience when the USS P[illegible]E was in port recently . . . An officer on board, who turned out to be Lt. Cmdr. William Thornton, spotted Bud on the dock and called down to him "I know you" . . . he couldn't call Bud by name but he remembered him from the Pacific area where both served for sometime . . . You can imagine the reminiscing which followed . . .

Now we've heard everything, we think, since Mrs. Harry Gregory reports having an apple tree in her yard which is not only bearing fruit but which is also in bloom . . . we've heard of freak things but this one tops them all . . . It's good to see Pete McFarland out again after his recent visit to the hospital . . . and the same goes for Pat Hawley . . . both of whom were seen soaking up the sunshine we've been having recently . . .

DO YOU KNOW who considers herself a very luck lady? None other then Mrs. Ana Brady . . . who received the first piece of the 250 pound birthday cake at Edwards Mart Friday . . . she just happened to be shopping in the store at the time . . . By the way, she's 85 years old and the store is a long walk from her home on Sheridan ave.

Willard Smith, a commander in the U. S. Coast Guard, can start his own fleet now that he's won the boat given away by the Rod and Gun club . . . he was here from Washington visiting his parents, Capt. and Mrs. Oscar Smith at the time . . . And Ken Wilson and his wife, the former Fran Meggison, will have to find a boat to go with their outboard motor . . . We always tho't they, the motor and boat, went together . . . were we wrong . . .

Anna Higman, M. F. Olmstead Exchange Vows

In a quiet ceremony solemnized at 8:30 Wednesday evening, Miss Anna M. Higman and M. Franklin Olmstead exchanged their wedding vows. The Rev. Jackson E. Turner officiated at the double ring service at the Congregational manse.

The bride is the daughter of the late Mr. and Mrs. William Higman and the bridegroom is the son of Miles Olmstead of Sturgeon Bay, Wis., and the late Mrs. Olmstead.

The bride selected a gray summer suit, navy and white accessories and a corsage of white gladioli for her wedding.

Mrs. Joseph McPhillips, her only attendent, wore a beige suit, brown and white accessories and a corsage of peach gladioli.

Mr. McPhillips assisted the bridegroom as best man.

A wedding reception for the couple was held at the bride's home Thursday evening with Mrs. Alfred Gill Jr., Mrs Robert Gerrie of Boyne City and Bonita Higman of Petoskey as hostesses. A tierd wedding cake topped with a nosegay of sweetpeas graced the refreshment table which was decorated with lighted tapers and banked with gladioli in pastel shades. Bouquets of gladioli and garden flowers were used about the rooms.

The couple returned here after a brief wedding trip. The new Mrs. Olmstead will remain here for the present while Mr. Olmstead, a member of the U. S. Army Air Force reserve, reports at Hamilton Field, Calif., for assignment.

Among those from away who attended the reception were Mr. and Mrs. George Higman and family of Frankfort, Mr. and Mrs. Robert Gerrie and daughter, Kay, and son, Kenard of Boyne City and Mr. and Mrs. Harry Olmstead of White Bear Lake, Minn.

HAY FEVER
Can Be
Relieved

Now— medical science is able to work wonders for hay-fever sufferers. If hay-fever is making you miserable with constant sneezing and a stuffed-up feeling, much of your misery can be relieved. Your doctor, aided by certain tests, can determine which pollens are irritating to you—ragweed is only one of several culprits which may be responsible—and prescribe proper treatment to ease the discomfort. If you have hay-fever, or if you are bothered by a "summer cold" that hangs on in spite of all efforts, consult your doctor. His diagnosis and treatment can do a great deal to relieve this condition.

Catches Fish, Loses Wallet

Ellsworth—Usually when you hear a fisherman with an alibi, it's about the big one that got away.

But a story with a different angle was told here Thursday when Marlin Rogers of Toledo, who has a cottage on Six Mile lake, reported that he had caught nine perch that afternoon, but a wallet with $30 in it had worked out of his pocket and went to the bottom of the lake.

Mr. Rogers was further embarrassed when it was necessary for him to "hock" some tools in order to buy gasoline to make a trip to Charlevoix to borrow some cash from a relative. Fisherman's luck?

Negro Singers Give Concert Here Sunday

The American Way

The words "Michigan" and "fishing" are practically synonymous at this time of the year. And after an exciting day's fishing, it's the "American Way" to enjoy a glass of cool, refreshing Michigan brewed beer to top off the day.

For beer is the kind of beverage Americans like. It belongs . . . to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs . . . to our own American heritage of personal freedom. Beer Belongs . . . Enjoy It

Charlevoix County Farm News

Art Nicloy's Herd Leads Dairy Cows In County Again

A Holstein cow owned by Art Nicloy and sons of East Jordan, produced during the month of July, 81.3 pounds of butterfat, according to monthly report of Don Graham, testor as turned over to Ed Rebman, county agricultural agent.

The next highest cow was also Holstein owned by John Wieland of Ellsworth and she produced 72.6 pounds of butterfat during the month. The high herd of 8 Guernsey cows was owned by Franklin Cellner of Charlevoix. This herd averaged during the month of July, 47.9 pounds of butterfat per cow.

There were a total of 36 herds on test during the month with a total of 403 cows. The average test was 4.01 percent with an average production of 796 pounds of milk and 31.9 pounds of butterfat for the month for all cows.

Farmers Union Hears State Head

S. P. Martin, state president of the Farmers Union, discussed the advantages of the Brannan plan, at the annual picnic of the Charlevoix county Farmers Union Aug. 13 at Whiting park. Some 75 members and guests attended.

He reported Charles Brannan, secretary of agriculture, and author of the controversial Brannan plan will be at Michigan State College Aug. 22 to speak at a Farm meeting. Persons interested in attending are asked to contact Seth Whitmore of East Jordan, LeRoy Hardy, county PMA chairman, or Clyde Goodman as they will be going to East Lansing.

Mr. Whitmore spoke on the marketing situation and its related problems.

Mr. McPherson, 86 years old, played several selections on the violin. The Perks of Charlevoix county defeated the Jerks of Antrim county in a softball game, 21-4. Hilbert Hardy was captain of the Jerks and August Knop, the Perks. Clyde Goodman was umpire.

McPherson socked two homers and Hugh Graham,one.

The next meeting of the county Union will be held Aug. 22 at 8:30 P.M. at the South Arm local. Potluck dinner will be served.

Mr. Seller meet Mr. Buyer in the Courier "For Sale" section.

Norwood;Banks Group Meets Tues., Aug. 22

The annual meeting of the Norwood-Banks Hunting association will be held at 8:30 p.m. Tuesday August 22 at the Norwood Farmers Union hall.

This is an important meeting as the future of the organization will be decided. The group will either disband or re-organize for another year.

The membership will consider the need for organizing under the Williamston conservation plan under which it operated last year to control deer hunting.

August 30 Is Account Day for Area Farmers

Farm account day for summer visits for farmers who are keeping farm accounts with the Cooperative Extension Service will be Wednesday, Aug. 30, according to Ed Rebman, county agricultural agent.

Everett Elwood, extension specialist in agricultural economics from Michigan State College will be in the county to return the records of those farmers who had their books checked for last year. While returning the records, Mr. Elwood and the county agent will point out the weak points of the report to the farmer so that changes may be made in his farming program.

Keeping farm accounts is the only sure way of knowing whether or not you are making money. All farmers should plan now to start a good farm account book at the beginning of next year.

Don't Use Old Crates In Moving Chickens

Farmers who bring used chicken crates into their poultry yards and houses are "flirting with diseases," thinks Ed Rebman, county agricultural agent.

Many farmers pick up crates at produce houses when they are ready to cull their flock or sell broilers and fryers. These used crates, unless thoroughly washed and sterilized, may carry many kinds of poultry diseases picked up from previous use.

"If you must rely on borrowed crates, leave them on your truck and carry the poultry from the poultry house or yard to the crates," the agent warned.

In moving birds from one farm to another he suggest putting wire or canvass over the top of a two-box wagon or trailer instead of borrowing crates.

Just as the foundation of the church building is in the soil, so is the foundation of life itself.

Jim Rayman is shown driving the J. I. Case tractor and combine on the Howard Stephens farm. His young brother, Leonard, 10th grade Charlevoix high school student, wields the shovel in bagging the grain after it leaves the hopper.

Most Wheat Growers in County Expecting Good Yields This Year

It's combining time in Charlevoix county.

Most farmers cutting wheat expect a good yield this year. Last week the farm reporter visited Jimmy Rayman, promising young farmer who was combining the wheat on the Howard Stephens farm, near Charlevoix.

Rayman is farming 179 acres on his mother's farm on Route 2, Charlevoix. He has 100 acres under rotation. The moisture content of the Stephens wheat was some less than 14, making is ideal for combining.

Rayman was combining 24 acres of wheat for Stephens, Charlevoix farm implement dealer. Stephens farming 120 acres has 20 acre of oats, five of corn and nine of barley.

On the Rayman farm, there is 110 acres under rotation. Jim is aiming his program under the Veterans Institute here toward dairying. He has 13 head of Holsteins rated as very good producers. His herd average is 335 pounds of butterfat for last year. His top cow produced 416 and his lowest. 299.

While he has varied crops including five acres of wheat, 24 in oats and eight in corn for sileage, he hopes to major in dairy cattle and pigs. At present he has four OIC sows. Jim reports that he wants to have at least 20 milking cows.

He started on the Veterans program in March, 1949.

With the exception of the time spent in service, he has spent most of his life on the farm. He spent three years in the armed forces.

ORCHARD NOTES

By Claude Fairman

Since starting this column, many city dwellers and suburban residents have asked about planting one or more Montmorency cherry trees for pie cherries. Some are having me order for them and bunching their order with mine to obtain the wholesale price rate.

Others may do so on any kind of fruit trees, if we are notified by mid-winter. You will receive directions for planting and care of young trees. Also many of the same have brought us samples of leaves that have been injured.

In every case, the leaves proved to be injured from spray material, mostly arsenical injury, caused by not stirring enough or letting the mixture stand too long. However, in some of these cases, some trees would have been injured, and some not.

This denotes a weaker growing tree, caused by some deficiency in the soil, or some shade tree being too close to the fruit tree.

The properly fertilized tree and the healthy tree does not become injured by spray as easily as the weaker tree.

Special Deer Season Set Dec. 1-5

The conservation department in Lansing has started distribution of application cards for the special Charlevoix county deer season Dec. 1-5. Some 4,000 hunting license agents will have a supply by Sept. 15.

Interested hunters are asked not to write the conservation department for cards. They can be obtained at local license issuing agents.

The conservation department will issue 19,500 permits for the first firearm "one deer" season in 29 years. Qualified hunters will be able to shoot any age deer of either sex from Dec. 1-5 in special designated areas.

To begin with, we had something over 500 million acres of tillable land in the United States. More than half of our farm land has been damaged by erosion.

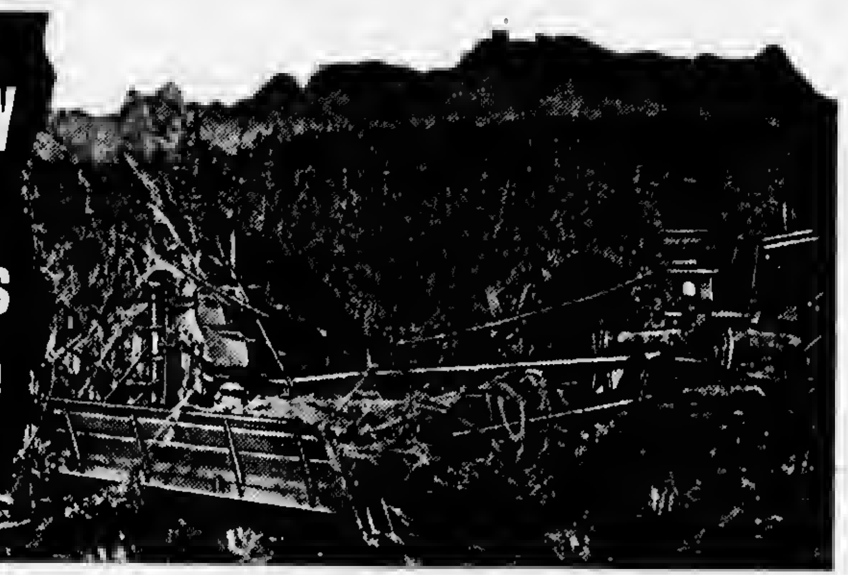
Tying Accuracy Assures Better Bundles ...Easier, More Profitable Harvests .... with a JOHN DEERE Corn Binder



Thanks to its combination "high-low" binding attachment, the John Deere Power Corn Binder handles tall or short fodder and ensilage crops with greater savings than ever before. Harvests are easier and more profitable because it makes neat, well-tied bundles that are easier to shock ... easier to feed into the ensilage cutter.

From the ground up, the long-lived John Deere is ruggedly built to withstand the strains of cutting heavy crops. The extra capacity in the gatherers and binding chamber permits handling a large volume of stalks without overloading. It's simple and easy to operate; adjustments are quickly made.

For lasting satisfaction ... for maximum cutting capacity at a minimum cost ... depend on a reliable John Deere Corn Binder. See us soon for complete information.

WHY Lose Turkeys from BLACKHEAD

Turkey growers are profiting from another important contribution to the poultry industry.

This is Enheptin, the first practical-to-use, economical, effective, commercially available drug that can be recommended for blackhead.

Enheptin can be used, mixed in mash, either to control blackhead after an outbreak starts, or to prevent outbreaks of blackhead, by feeding smaller amounts of the drug continuously to the flock.

It combines safety and effectiveness.

Results of games played thus far; Silver Birches nosed out the Iron Works 8 to 7 in a well played game, then beat Russells 16 to 4 and Freedmans 16 to 10. Mailhots also won their first 3 games trimming Freedmans 15 to 5, Parsels 13 to 9 and the Chatterbox 28 to 10. Sees won their first 2 games edging Cadillac-Olds 11 to 10 and then swamping Atwood 19 to 2. The Iron Works put on an exhibition of heavy slugging by thumping Chatterbox 35 to 0. Parsels and Cadillac-Olds tangled in a real hitting game with parsels outscoring the Olds 25 to 21 Freedmans also took the measure of Olds 12 to 9. For the first time since the season started Russells are out of the cellar by virtue of not having lost as many games as Cadillac-Olds.

MINOR LEAGUE

Atwood won the first round of play by thumping Ellsworth 11 to 4. The Belvedere boys have entered a team for the second round and were beaten in their first two games. Cities Service and Edwards are tied for first each having won 2 and lost none.

What's Doing At Camp Charlevoix

It hardly seems possible that the sixth week of camp has come and gone, and that only two weeks remain. One of the ways that we can tell that the season is drawing to a close is to hear "Ken" announce in the dining room the name of a boy who is being enrolled for next year. Several boys were enrolled during the past week by letter or telephone so that the number is growing every day.

On Monday the Juniors left for their three day trip to Wilderness State park, and the Intermediate section returned with many tales of the fun they had, of the camp site they built (tables included) and of the good time they all had. In the evening, Don Lewellen, Webb Wilson and Jim Land took their cabins into town to the movies. The boys enjoying this were Lev Flournoy, John Hord Dick Judd, Spike Landell, Andre Loebel, Ed Vordon, Bob Brown, Alex Cross, Roger Keeney, Rusty Lindert, Bill Sites, Barry Haas, Bill Hardie, Marc McCallister, Alan Mendelssohn, Jimmy Rockwell ond Jimmy Stockwell.

Tuesday was a great day in camp with the boys of the Senior Section getting ready to be hosts to the older girls from Camp Chippewa Troil, a girl's camp on Elk Lake. The girls arrived about five o'clock and after an early dinner, o square dance was held. At the end of the party, it was voted to hold another one next year. Chuck Swing of our camp did the calling and did it in such a woy that very few boys missed their cues.

On Wednesday morning the Pioneer Section left for n ten day canoe trip in the upper peninsula. John Ellsworth took these boys. They put into the river at Newberry.

The boys on this long trip to the Taquamana Falls are Bob Inch, Ed Lambrecht, Carl Newman, and Bob Timmons. The same day Jim Land took his cabin of older boys on a canoe trip down Black River. These boys were gone three days and the boys on this trip were Barry Haas, Bill Hardie, Marc McCallister, Alan Mendelssohn, Jim Rockwell, and Jim Stockwell.

Wednesday evening a Green-Grey Capture the Flag was held up in the pasture and it was a great battle. The Greys managed to find the Green's flag and move it a short ways so they were declared as the winners.

On Thursday the Jolly Juniors returned to camp with many reports on a great trip. Sleeping out the three nights was great fun for them. Jack Harris took cobin 13 on an overnight sailing trip. These boys being Bob Brown, Alex Cross, Roger Keeney, Rusty Lindert and Bill Sites.

Friday the boys from the Black River trip returned and John McCormick, the cowboy, and Jack Horris, who had just returned from the sailing overnight trip, took cabin 15 on an overnight horseback trip. The boys going on this trip were Bill Ferguson, Tony Love, Bill Putt, Larry Reisinger, and Walt Simmons.

Saturday evening another of the fine Indian Ceremonies that Jake Whitecrow holds was put on in the council ring. He initiated Ken into the Seneca Tribe os Chief Eagle Eye. It was all very solemn ond most impressive. Several Indian dances were put on and the boys are now looking forward to the Final Council Fire on Saturday night, August 26, when the finest dancers from the summer will perform, as will Jake himself. This will be a ceremony worth seeing, and we hope that all the parents who are here for that week-end will plan to attend.

At the Sunday Morning Chapel Service held in the outdoor Chapel, Chuck Swing gave a very fine and helpful talk, his subject being "Climbing". The chapel choir sang "This Is My Father's World". In the afternoon we had an obstacle relay in which every boy in camp had a part, whether it was rolling an orange with his nose, shooting five basketball free-throws, carrying a pail of water, sawing o log in two, canoeing across the bay, rigging a sailboat, or building a fire and heoting water until it boiled. With over thirty different events, the race was close at the end. The Greens finally won with Ricki Lenz's fire boiling the water faster than Johnny Ragsdale's fire.

Sunday evening Vespers were held in all sections with Walter Greising speaking to the Seniors and Intermediates.

This week Monday Ken and four counsellors took the first enrollees of this year up to Mackinac Island for the day.

Edwards Food Mart open evenings til 9 p.m. Sundays 9 a.m to 2 p.m. — 5 to 8 p.m. Always a parking place. 27-32x

Scenic Tours of Charlevoix Area Are Unsurpassed for Beauty

For scenic northland beauty, Charlevoix county and surrounding areas are hard to beat. Thousands of tourists make a scenic tour of the county each year.

If you have a few hours and desire to see beautiful lakes, hills and valleys, go south from Charlevoix on M-66 to East Jordan, passing the Ironton Ferry, or turn aside and ride across ferry and take the county road to Advance and Boyne City and then route 75 to Walloon lake. Go north on US 31 to Petoskey.

If just a short drive is wanted, turn left at the junction with US 31 and return to Charlevoix. If an all-day trip is the order, continue on 131 through Petoskey, Bay View, Conway, Alanson, Pellston to Levering.

Turn west to Cross village, noted Indian village and early mission site. Then follow the shore drive, high above Lake Michigan through Good Hart to Harbor Springs and Petoskey and thence back to Charlevoix on US 31.

St. Mary's Festival This Week Promises Fun and Good Food

Another big week-end of fun and frolic.

Charlevoix for the third week-end this summer will be the center of big doings – this time it's the St. Mary's Festival and Bazaar. The festival opens Friday and closes Sunday.

The St. Mary's Festival has long been famous for its delicious food, baked goods and fancy goods. But that's only part of it.

There will be hundreds of dollars in prizes which will be distributed. The festival and bazaar will be held on the school grounds, just off of Bridge street.

Rev. Fr. Leo Malinowski said festivities should be the highpoint of the summer season. The carnival last year drew crowds from neighboring communities.

Members of the parish have been busy for weeks in preparation for this annual affair. It promises to be quite a three-day event.

Camille Geneit Exchanges Vows with Raymond Gaul in Garden Ceremony

Camille J. Geneit, daughter of Mrs. Grace Geneit, became the bride of Raymond E. Gaul, son of Mr. and Mrs. Alfred Gaul of Lansing, in a garden wedding at the home of her grandparents, Mr. and Mrs. Dan Swartz. The Rev. Jackson E. Turner officiated at the double ring service at 4 o'clock Friday afternoon before an arbor decorated with summer flowers and ferns and flanked by baskets of white gladioli and blue larkspur. Thirty guests witnessed the impressive ceremony.

The bride, given in marriage by her brother, Dan W. Geneit, selected a fitted white summer suit, a navy picture hat and navy and white accessories for her wedding. Her only jewelry was a pearl neckless, a gift of the bridegroom. Her flowers was a corsage of early rose gladioli.

• • •

HER ONLY attendant, Nancy Heering, wore a pink summer suit, cinnamon and white accessories and a corsage of blue boy gladioli.

James Rice of Lansing assisted the bridegroom as best man.

Mrs. Geneit chose an aqua summer suit, white accessories and a corsage of Picardy gladioli for her daughter's wedding. Mrs. Gaul, mother of the bridegroom wore a pink summer suit, black accessories and a corsage of blue boy gladioli.

A garden reception followed with a tiered cake, topped with a miniature bridal couple, gracing the refreshment table which was decorated with low bowls of summer flowers.

Immediately following the reception the couple left on a wedding trip along the east shore of Lake Michigan before returning to Lansing to reside at 323 West Saginaw street.

The bride is a graduate of the Charlevoix high school and the Edward Sparrow Hospital school of Nursing. The bridegroom, a graduate of the Everett high school in Lansing, is now an electrician's apprentice.

Among those from away who attended the wedding were Mr. and Mrs. Alfred Gaul and Mr. and Mrs. James Rice of Lansing and Mr. and Mrs. Edgar Behrens and two sons of Midland.

In 1700 it took 19 people working in the soil to produce food for 20 so one could go to town. Now, 1-½ to 2 can produce enough for 10. The city is a product of the agriculture machines.

Marion Craig Says Vows in Church Ceremony

Marion I. Craig, daughter of Harry A. Craig, became the bride of David W. Rogers, son of Mr. and Mrs. Sampson Rogers of Oak Park, Ill., at a double ring service solemnized at the First Congregational church Saturday afternoon. The Rev. G. R. Parker of Northport officiated at the ceremony in the presence of 200 guests. Four large balsam trees, baskets of white gladioli and larkspur and lighted tapers formed the background for the service.

Preceding the ceremony Marianne Rathbun of Lansing sang "O Promise Me", "Perfect Love", and "The Lord's Prayer" accompanied at the organ by Mrs. Stewart Henner who also played a program of traditional music and the wedding marches.

The bride, given in marriage by her father, selected a gown of white satin styled with a round neckline outlined in nylon tulle, short sleeves and a fitted bodice. Unpressed pleats and a train were features of the full skirt. A Juliet cap of white satin held her fingertip veil and she carried a bouquet of white gladioli and ivy.

• • •

MRS GEORGE Wigglesworth Jr., of Adrian, sister of the bride, was matron of honor and Sally Swinton, cousin of the bride and Carol Rogers of Oak Park, sister of the bridegroom were bridesmaids. They wore identical gowns of lime green tafetta designed with round necklines and full skirts. Their headdresses of white daisies matched their bouquets of the same flowers and ivy.

William Pendill of Oak Park was best man and ushers were Robert Craig of Buffalo, N. Y., brother of the bride, and David Robinson of Galesburg, Ill., Herbert Knight and David Taylor of Oak Park.

Mrs. A. L. Swinton of Marquette, aunt of the bride, wore a green silk print gown, black accessories and a corsage of gardenias. Mrs. Rogers, mother of the bridegroom, wore a black and white printed chiffon gown with matching accessories and a corsage of gardenias.

A reception on the lawn at the bride's home on the bluff overlooking Round Lake followed the wedding ceremony. The bride's cake wreathed in maidenhair fern graced the refreshment table placed under the trees. Patricia Webb and Mrs. Don W. Herrick presided at the table.

• • •

THE COUPLE left on a wedding trip to Mackinac Island, Manitoulin Island and Georgian Bay in Canada before going to Oak Park to make their home. For traveling the bride selected a cocoa brown gaberdine suit and black accessories.

The bride is a graduate of Michigan State College and the bridegroom a graduate of Knox College.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

Editor's Note—

Due to the great volume of news only part of the Beaver Island news is printed this week. The remainder will be published next week.

Sunday was a day made to order for the August Dinner. The lake was calm for crossing. There was just enough coolness in the air to make it comfortable.

The August Dinner was delicious and well served, all thanks to those who worked to make it a grand success.

Circumstances beyond the control of those in charge of the dinner made it necessary to change the main dish on the menu, turkey, to beef and ham. The turkey arrived Friday but not in good condition. Quick work by the committee members and the assistance of Henry Supernaw, Jr. in Charlevoix made it possible to secure enough beef and ham to meet the needs for the dinner.

• • •

THE ALTAR at Holy Cross Church was beautifully decorated for the Homecoming with gold colored gladioli and overlaid with a gold embroidered altar cloth.

The August Dinner Dance in the Parish Hall with Haas's State-famous square dance orchestra from Pontiac providing the music climaxed the day of days on the island. Bill Spalding, son of Mr. and Mrs. Fred Spalding, came up with the orchestra to call the square dances.

The record for the greatest number of miles covered to come to the island for the Homecoming is held by Father Fabian Keenan. Father traveled 3,000 miles from Pismo Beach, Calif. to be here among his former parishoners. Father arrived Thursday for a week's stay.

Mr. and Mrs. Andrew Grossi and daughters Mary Ann and Andrea, Chicago Heights, returned to their home Monday after spending several days in their cabin on Little Sand Bay.

Mrs. James H. Gallagher and her son, Father Victor Gallagher, spent the past week touring the upper peninsula and visiting interesting spots. They returned to the island Saturday afternoon in time for the homecoming.

Mrs. Russell Palmer and niece, Jill Smith, spent a few days in Charlevoix during the week.

Tuesday evening around supper time, the village was alarmed when a blazing fire broke out in Herman Pischner's barn. The fire was not discovered until it was beyond control. Everything in the barn was destroyed including farm implements, sacks of feed and a load of hay. The loss was estimated at around $2500.

• • •

LUCKILY, there was very little wind and the buildings nearby were saved. The Coast Guards under Chief Clarence Sikorski, Conservation officer Carl Keubler and a corps of volunteer firemen were responsible for keeping the fire localized and saving the wood shed filled with a winter's supply of wood.

Tuesday evening, members of the Third Order of St. Francis met at the home of Mrs. Mary "Vesti" McDonough.

A cemetery cleaning bee was held the first of the week to trim up the cemetery.

Thanks to the Beaver Island Club of Chicago for the generous donation of $300 for the up-keep of the cemetery. All Beaver Islanders are grateful to the Chicago Club for the many worthwhile gifts.

• • •

MR. AND MRS Francis Stebbins of Presque Isle and Lansing flew to the island in their Seebee Thursday to be the guest of Mr. and Mrs. Paul Heflin. Mr. and Mrs. Stebbins are frequent visitors to the island and, if you remember, they flew to the island last summer with Governor Williams.

Mrs. Winifred Sheridan, sister of Mrs. Heflin, spent a week as the guest of her brother-in-law and sister. Mrs. Sheridan usually spends the summer on the island, but this year, she is traveling around and visiting many interesting spots in the U.S.A. and Canada.

Mrs. Wilfred O'Brien has been on the sick list for the past week.

Mrs. Ellie Bonner has had two more falls since the first one mentioned in this column a few weeks ago. Doctor Palmer was called early Friday moring after the third fall and an examination proved no bones broken but a good many bruises.

Koreans Resent Change in Living

Couple Relates Experiences in Korea

By Fran Martin

Photo by Fran Martin

Mr. and Mrs. Gannon look at a map of Korea, following the tide of the battles, as thay recall their experiences in that country during 1946 and 1947.

Lack of passable roads has been a stumbling block for American forces in Korea.

So reported Larry Gannon, chef at the Beach hotel, who with his wife, lived in Korea for a year, working as civilians with the U.S. military government in 1946-47.

The terrain is made up of rugged mountains and rice paddies for the most part, they related.

Their story of Korea is interesting and gives one an insight into the sort of people our allies are.

When the Japanese invaded the country in 1910 they brought to Korea everything Japanese—their language and history were taught in the schools by Japanese teachers and key positions in all businesses and industries were held by the Japanese. The government was also run by the invaders.

• • •

IT WAS THE Mission of the Americans following the end of World War II to re-establish Korea as an independent nation. It was their job to remove imperialism from Korea as well as to maintain order, establish an effective government along democratic lines, replace the Japanese government in Korea, rebuild a sound economy, to train the Koreans to handle their own affairs and to prepare Korea to govern itself as a free and independent nation.

It was to assist in this that the Gannons went to Korea in 1946. Mr. Gannon, whose home is in Morro Bay, Calif., went as a mess steward to set up in Seoul a group of dining rooms to feed the more then 2,000 American civilians in the capitol city. He trained the Koreans to cook American food and to operate the dining rooms. He was also a trouble-shooter for this sort of work wherever he was needed.

Mrs. Gannon was with the auditing division of the Department of commerce for the Department of War handling properties. It was her job to teach Koreans the fine points of caring for their books in the auditing department.

• • •

THE COUPLE met in Seoul and was married after they returned to this country.

The Koreans, they relate, have been described as the Irish of the Orient . . . they are a happy people who sing at their work, enjoy a good joke, laugh easily and love their families.

They are a primitive people compared with those of the western world. They live much the same today as they did years ago. Their houses are all built on the same plan whether they live in the country or the city. The poor people in the country have one large room which serves as eating, sleeping and living quarters.

As the family grows, more rooms, which are individual houses are added and built around a court yard until they form a little village.

Their diet consists chiefly of rice, fish and vegetables. There is little meat, sugar, flour and other staples which Americans consider an important part of a balanced diet.

They are strictly family people and this filial love, Mrs. Gannon said, is one of the reasons why there are so few successful persons in any line of work. When one member of a family has a good position it falls to him to support all his relatives. He accepts this as his lot and never gets ahead because of his burden.

The old people of the community are revered and as a mark of distinction wear a special hat which resembles a top hat.

The army of the south Koreans in 1947 consisted mostly of a constabulary which would be comparable to a state militia in this country. They were poorly armed and trained as compared

Local Chest Meeting Set For Sept. 12

The county committee of the United Fund met at East Jordan to plan the coming drive.

Plans were made to break the county-wide organization down to three independent units: — one unit to work with the East Jordan Community Chest and its surrounding townships, one to work with Charlevoix and its townships, and a third suggested for Boyne City and its surrounding area — although Boyne City was not represented.

Funds in reserve which have been used from time to time for emergency welfare cases, etc., will be split three ways between the three cities and their surrounding townships.

In last year's Community Chest Drive, the United Fund portion of the drive was split three ways however, it was administered by an overall countywide committee. It now will be directly a part of each Community Chest, with no overall county organization.

The initial meeting of the Charlevoix Community Chest to elect officers and organize the fall campaign will be held at 6 p.m., Tuesday, Sept. 12, in the city hall. Everyone is urged to attend this meeting.

It is planned to have the campaign start Oct. 10, which will be the kick-off date nationally, and will also be coordinated with East Jordan's Community Chest.

This year, Associated Services will be included in the Community Chest. This was organized after the deactivization of the USO Services last January, at the suggestion of President Truman, to take the place of the USO and avoid many duplications and assure the use of contributed funds in the full interest of the armed forces.

Bernard Hayes has arrived from Owosso to join Mrs. Hayes and daughter for two weeks. They are visiting Mrs. Hayes parents, Mr. and Mrs. William Gibson.

• Mrs. Glenn Cummings left Wednesday for an extended visit in Detroit.

County School Office in Library

The office of the Charlevoix county superintendent of schools, will be opened in the Charlevoix public library building Monday, Aug. 26, Mrs. Catherina C. Bergeon, county superintendent has announced. Until now the office has been maintained at 209 Clinton street.

The new office will occupy part of the basement of the library building. The Clinton street entrance will be used for the office. Office hours will be announced later.

Banks - Norwood Group to Continue Hunting Plan

Plans got underway Tuesday night to continue for another year the Norwood-Banks Hunt association. It was decided by the group to apply to the Conservation department for permission to operate under the Williamston plan this year.

Members voted to hold an organization meeting with representatives of the Conservation department Tuesday evening, Sept. 5 at the Hilton school. At that meeting, land owners in the area may renew their membership and become familiar with the new setup.

The by-laws as set up last year were adopted from the Williamston plan of hunting with slight variations in acreage requirements. If the plan is operated under the sponsorship of the Conservation department the owners must comply with acreage requirements and the department will supply the necessary posting signs and hunting permit tickets.

Discussion of the results of last years operation indicated that destruction of farmers field crops and property was insignificant as compared with previous years. It also was the opinion that there was less wild shooting by reckless hunters who overran some area in previous years.

Help! Help!

Persons knowing the whereabouts of the old uniforms of the Charlevoix baseball team are asked to contact Bill Supernaw at the post office. The uniforms are needed for a group of baseball players.

Local Schools Open Sept. 11

Workmen are busy at the Charlevoix public schools preparing the buildings and grounds for the opening of the 1950-51 school term, Supt. Roy G. Bennett has announced.

At the present time Mason street is being widened the length of the school property to make additional space available for parking. The street from the east side of the tennis courts to Grant street is being widened six feet and is expected to furnish better parking facilities for the buses.

Five rooms in the elementary building and three class rooms and the cafeteria in the high school building have been painted, and major and minor repairs made throughout the building for the Sept.11 opening of the schools. New electric and gas equipment in the Homemaking classroom has also been installed by the companies with whom the school has contracts.

29 Men Called for Pre-induction Exam

The names of the 29 Charlevoix county registrants to report at the courthouse here Sept. 12 for transportation to Detroit for pre-induction physical examinations were released Wednesday by the Charlevoix county draft board.

The list includes the following:

Charlevoix: Oliver H. Johnson, Richard J. Webster, Carl D. Zeitler, Donald W. Vosburg Lawrence E. Elsworth, Archie J. Pottar, William F. Sarasin, Herman R. Bayer.

Boyne Falls: Albert C. Fiel, Walter B. Barnadyn, Walter J. Kominski, Peter P. Skop, Edward J. Romanik.

Boyne City: Howard M. Ryan Jr., Aldon R. Niver, Samuel W. Corwin, Maurice J. Hocquard, Arthur J. Tooley, Lyle F. Bearss, Joseph F. Bauman jr.

East Jordan: Herbert M. Griffin, Ralph E. Scott, George M. Moore, William P. Reich, Berton E. Bunker, Daniel G. Sinclair.

St. James:: Joseph L. McDonough, Francis E. Left.

Walloon Lake: Robert C. Hull.

Forty-eight Charlevoix county men will leave here next Tuesday for Detroit for pre-induction physical examinations. Six of this group will be called for induction into the armed services Sept. 27.

Hospital's Payroll Here Is $66,000

While installing many improvements to effect a more efficient operation and greater safety, the Charlevoix hospital showed a much smaller net loss than in the previous year, it was reported at the annual meeting Wednesday night.

The net loss after contributions was cut to $1,037.47 as compared with the loss in the fiscal year ending June 30, 1949 of $5,017.61.

A brief resume of the operations for the fiscal year ended June 30, 1950, indicates the hospital's total cost of operations was $109,066.03.

• • •

THIS INCLUDED a total payroll for the year of $66,104.60, and supplies in the amount of $22,782.75. All of the salaries were paid in Charlevoix, and a fair proportion of the supplies were purchased here.

Included in this figure are many improvements to effect more efficient operation and greater safety. Additional equipment was purchased for the laundry and the laundry was completely rearranged. For added fire protection, a sprinkler system was placed in the laundry, and a fire alarm system which indicates any rapid rise in temperature was installed. There was considerable renovation in the way of repairs and paint throughout the hospital.

The net income for hospital services was $98,569.37, leaving an operating loss of $10,496.66 which was cut to only $1,037.47 by other income which included $8572.46 in donations from the North Side Welfare Association, Belvedere Club, Chicago Club, Charlevoix Community Fund, United Fund of Charlevoix County, City of Charlevoix, and Charlevoix County, and many other contributors.

• • •

THIS LOSS compares with a net loss of $5,017.81 for the fiscal year ended June 30, 1949, and is under 10 per cent. This percentage is considerably less than the average hospital.

The average per diem cost per patient for the Charlevoix Hospital was $14.89, compared to an average per diem for hospitals in the State of Michigan of $15.25.

Particularly in the light of these operations being carried out in an old, inefficient building, it is quite gratifying to know that, through careful management, the hospital is operating more efficiently than the average hospital in the State.

This is an excellent indication of how satisfactory the operations will be after the new, efficient hospital has been constructed.

Army Surveys Proposed Small Boat Harbors

The Corps of Engineers of the Department of Army has underway at the present time studies of proposed small boat harbors on the Great Lakes, the district engineer, Milwaukee, district, notified the Charlevoix Marine Club. The studies are being made in response to specific directives of Congress.

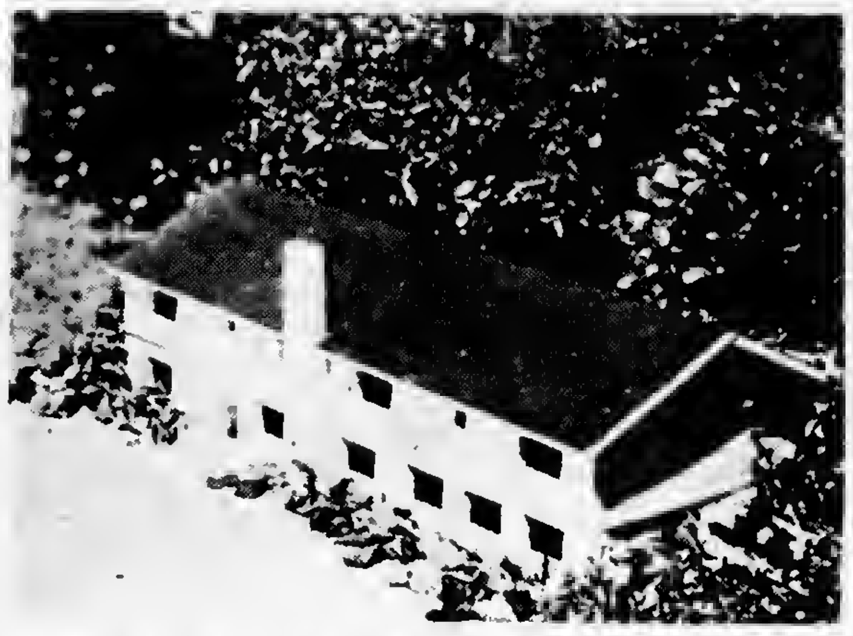
The studies, prompted by increased requests by boating interests upon the Federal Government to improve the facilities, are being conducted with a view toward the improvement and the construction of additional small boat harbors in such manner and in sufficient number so as to greatly reduce the hazards of the ever-increasing recreational craft navigation on the Great Lakes.

In connection with these studies a questionnaire form will be mailed to all registered owners of inboard motor and sailing craft in the Great Lakes region with the request that they indicate thereon certain data relating to the usage of their boats during the 1950 season. From the information furnished on the returned questionnaires it will be possible for the Corps to determine where the greatest need for harbors of refuge exist.

The forms will be mailed to owners during the months of August and September and are to be returned by Oct. 15.

Mrs. Herman Bennett and two daughters have returned to Detroit after spending two weeks at the Tower Hotel. Mr. Bennett came for them.

New Beaver Island Hotel Will Be Big Asset to Tourist Trade



A scala model of tha new Beaver Lodge being built on Beaver Island by Mr. and Mrs. H. B. "Jack" Johnson of Ludington and Pentwater. The modal was constructed by Uno Suomala of Charlavoix.

By Margaret Hanley

Beaver Island's progress as a resort pushed forward another step in recent weeks with the starting a new hotel.

The hotel, to be known as the Beaver Lodge, is being built by Mr. and Mrs. H. B. Jack Johnston of Ludington and Pentwater and Mr. and Mrs. Lawrence Davison of Spring Lake. Mr. and Mrs. Johnston selected a beautiful spot among the pines and cedars on the portage, commonly called back beach, as the sight for the hotel.

Secluded and yet within walking distance from the village, the selected spot is ideal with its 300 ft. beach frontage and expansive view of the surrounding islands.

An adequate road has been cut and bedded for access to the building project. With the aid of the bulldozer, the work on this 1000 foot road was accomplished in one day.

Plans and details for the hotel were worked out with the assistance of Uno Suomela of Charlevoix. The two-story fireproof building will be made of walite block and measures 81 ft. by 33 ft. There will be 16 bedrooms with private baths. Each bedroom will have a large picture window.

The lobby with winding stairway and open fire place will feature two large picture windows. According to plans, there will be a complete electric kitchen, a large dining room paneled with knotty cedar, reading room, office, two downstairs lavatories, complete laundry and furnace room.

An oil furnace will heat the building with warm air registers in every room. A porch running the length of the hotel will afford guests relaxation and a superb view.

For the amusement of the guests, there will be a double croquet court, shuffle board and tennis courts. Riding horses will be added in the future. A station wagon will service the hotel patrons.

Mr. and Mrs. Lawrence Davison of Spring Lake will manage the hotel. Mr. Davison was formerally associated with Frank C. Teal Electric Company of Detroit. He is an electrical engineer. Mr. and Mrs. Davison are expected on the island soon, Mr. Davison to oversee the building of the hotel in the absence of Mr. and Mrs. Johnston. The Davisons have one daughter, Betty; a student of Hope College, Holland. Betty will be an asset to her parents in the hotel business inasmuch as she is a talented musician and artist and a proficient equestrienne. Mrs. Davison has been active in musical circles in Spring Lake.

Mr. and Mrs. Johnston, who are registered pharmacists, were former owners of three drug stores, two in Ludington and one in Pentwater. They retired from the drug business about a year ago. They have been frequent visitors to the island for the past seven years.

Some Areas In County Hit By Early Frost

Farm crops in the Boyne Falls, Boyne City sector of Charlevoix county were not appreciably hurt by frost Monday night, Ed Rebman, county agent, said, after an inspection of several farms.

While several farms near Boyne City reported temperatures as low as 32, it was generally believed that most of the county escaped the frost. At the U.S. Coast Guard station in Charlevoix, the low for Tuesday morning was 44 degrees.

Meantime, Pat Curtis of Route two, Charlevoix said that frost hurt tomatoes and other crops on low ground on his farm. The severity of the frost could not be immedlatly determined, he said.

Rebman said that Walter Carson near Boyne City reported his green and snap beans had been hit by frost. He also said potatoes had been nipped. Another Boyne City area farmer, Floyd Griffin said his melons and corn were bit by frost.

Other parts of the state reported near freezing weather with Cadillac registering 34 and Gladwin, 33 degree readings.

Rebman disclosed that September 1 is the date of the average first frost in the west side of the county and other parts of the county usually having frosts toward the end of September.

To Get Degree

Harvey B. Bowen, a graduate of the Charlevoix high school, is one of 900 graduates who will receive their degrees at Michigan State College Sept. 2.

Rites Friday for Carl A. Swanson, 76

Funeral services for Carl A. Swanson, 76, retired railroad employe, were held at the See Funeral home Friday. Rev. W. D. Wood officiated. Burial was in the Brookside cemetery. He died Wednesday at the Grandvue Convalescent home near East Jordan where he had been a patient for a week.

Born in Mississippi Sept. 22, 1873, he lived in the west and worked on the railroads for many years before coming here in 1926. He lived here with his brother, the late Edward Swanson and Mrs. Swanson until his recent illness.

Besides his sister-in-law and many nieces and nephews, he is survived by a sister, Mrs. Emma Gleason of Baldwin.

Preparations Pushed for Songfest Here

Committee chairmen are busy completing plans for the eighth annual Barbershop Jamboree here Sept. 1-4, General Chairman Jack Dollenmaier disclosed Wednesday.

The Jamboree, annually one of the highpoints of tha summer season, will feature at least eight ranking quartets, led by the inimicable Mid-States Four of Chicago, international champions in 1949.

The public program, scheduled to be held Sept. 2 at the high school auditorium, will highlight the four-day program which is expected to bring several hundred visitors to Charlevoix. The headquarters for the SPEBSQSA will be the Beach hotel.

• • •

JERRY SCUDDER, who is handling advance reservations as well as a host of other arrangements, reported that the advance reservations indicated the largest turnout since the local chapter started putting on the annual show eight years ago.

Bob Miles, chairman of the stage committee, declined to divulge any information on the stage setting but he and his workers can be counted on to think up a novel setting. Last year's stage setting won him and the local group national recognition.

Other committee chairmen are Don Feagan, public address, Dallas Henry, headquarters staff, assisted by A. R. Heilig, Charles Hamlin and Lowell Merica; Mrs. Heilig, ladies party; Barney Englehart, signs and street decorations; Dollenmaier, casino party program, Dr. G. B. Saltonstall, casino orchestra; Scudder, registration and housing, ticket printing; and John Grupa, ticket sellers and takers.

• • •

AMONG THE quartets slated to sing at the public jamboree are the Village Aires of Palo Heights, Ill., finalists at the International show last spring. They placed sixth out of 40 quartets.

The Pitch Pipers of Grand Rapids, old favorites here, who have appeared at every Charlevoix jamboree, the Barons of Harmony, of Saginaw, past Michigan State champions, the Garden-Aires of Detroit, also former state champions.

The Harmony Hoosiers of Elkhart, Ind., newly-organized and spark plugged by Jumbo Smith, former tenor member of the Doctors of Harmony, 1947-48 international champions, the Four Hoarsemen of Ypsilanti, "four college guys with a song in their heart" and the Barberettes, of Sturgis, a ranking girls quartet.

Quartets from Charlevoix, Boyne City and East Jordan will take part, Dollenmaier said.

Grid Practice Starts Aug. 28 Terrill Reports

Coach Del Terrill has issued a call for football candidates for his 1950 Rayder squad.

The boys are asked to meet at Room 100 at the high school at 7:30 Friday evening, Aug. 25 for a get-acquainted meeting.

On Monday, Aug. 28 they will meet at the boy's locker room at 1:30 p.m. for physical examinations by Dr. A. F. Litzenberger.

Later in the day football equipment will be issued and football practice for the season will start at Kipke Field.

Dies in Petoskey

Funeral services for I. M. Reinhertz of Petoskey were held at the Peters Funeral Home there Wednesday. Burial was in the Greenwood cemetery. He died Monday a day after suffering a cerebral hemorrhage. A widely known Petoskey retail merchant for many years he is survived by his wife, the former Mildred Kaufman of Charlevoix; a brother and two sisters.

Mr. and Mrs. Rudy Korth had as their guests last week the former's son-in-law and daughter Mr. and Mrs. Arthur Meiling of Kalamazoo.

Coming Events

Aug. 25—Barnard Grange will meet Friday, Aug. 25 instead of Aug. 16 as scheduled.

Sept. 1 - 4 — Eighth annual meeting of the SPEBSQSA at the Beach hotel.

The Wrong Way to Win Friends and Influence People

A ranking official of the West Michigan Tourist and Resort Association last week did his best to anger and stir up more dissatisfaction with his organization.

The official, Chester C. Wells of Grand Rapids, was quoted by the Associated Press in a number of daily newspapers in reply to a query about business conditions in the tourist and resort sections of the state.

This is what Wells had to say: "Business is off compared with previous peak years - say the last three. But I don't know any resort operators who are starving to death."

Well, Mr. Wells, perhaps there are no resort operators starving to death. That statement attributed to Mr. Wells is likely to be denied because persons when they say the wrong thing to the press, make a business of saying they were misquoted.

That remark of Wells has rankled many resort operators in Charlevoix county who may have something to say when his group asks the Chambers of Commerce to buy a page of advertising in that booklet put out by his organization.

Not only was that statement unfunny but it comes at a time when the bulk of resort and tourist people in northern Michigan are experiencing one of the poorest seasons in memory. Chiefly because of the inclement weather.

It's been difficult enough this summer for many people in northern Michigan whose livelihood rests on the tourist business. To someone who like Mr. Wells gets his paycheck for directing activities of his organization, it's easy to make cutting remarks which hurt people's feelings. It's easy to talk about some people not starving when one is cushioned in a desk job like Wells. It makes little difference to him whether the season is poor in Charlevoix, Antrim and Emmet counties. He draws his fat check just the same, 52 weeks a year.

We have sympathy for many of our people who are trying to do an honest job in catering to tourist and resort people. They work hard to make their guests comfortable during the all too short season.

No responsible official worth his salt would ever make a statement like Wells did. If that remark is indicative of his ability in handling his position, then the direction of the tourist and resort association is in incapable hands.

Sharply critical of Wells and his offhand remarks, one director of the association said that he would take it up with several other directors to prevent a recurrence which breeds ill-will for the tourist association.

While tourist and resort operators may not be starving few will show a profit this season in northern Michigan. It promises to be a lean winter for many who depend on earning their living in the summer months.

We sympathize with these people who are having a bad time of it this year and have nothing but scorn for an official of a tourist group who insults the people whose efforts keep him from starving.

Voice of Our Readers . . .

Dear Mr. Spaniolo:

I noticed, in looking over the Aug. 10th issue of the Courier, that great indignation was expressed over my recent letter to you, in which I mentioned one democratic item, which was not being administered as such. In this article of Aug. 10th no mention was made of this fact, but still the writer stated that what I said was not factual. He only referred to my statement of our destroying what we now have and building empty monuments. His supposed facts to back his dissention are very weak.

1. A new grade school, 13 rooms, on Kipke Field. My answer to that is this. Some years ago the people of this town desided to centralize at the present site, in order to give closer supervision and to cut costs of operation. The Lincoln and Washington schools were abandoned and four instructors were discharged. These buildings still stand and are in good enough repair to be again used, if necessary, until it is proven that we need a new $400,000.00 school building to house that one additional student, as reported school census increase. make a good place.

2. A shop to provide metal working, automotive repair, and agriculture room in addition to present woodworking instruction. My answer is; That so far as I know, there is available storage space, which could be utilized for the necessary metal work expansion. As for Auto Repair, there are any number of auto repair shops in Charlevoix, which do not have enough work to keep them busy during the winter, and it could be easily arranged to have any number of classes taught during this nine months period, in any one of these shops. As for Agriculture, I always thought actual experience on a farm, with a farmer, was the best teacher, but if a room for teaching theory is needed, the North Side school house would make a good place.

3. "Conversion of present grade school into a High School." From what I have already mentioned, we can still let the children retain their present quarters.

4. "Use of the present High School building for class rooms and a music rom, in such a way as to avoid large numbers of pupils in that building at any one time."

This sounds good as a statement but this is what is being advocated even at this time. It is getting spread, by word of mouth, that the present High School building is falling apart. Now to all you intelligent people; go down and look that building over, from basement to the attic. You will find that structure as sound as your new grade building. You will find that the floors are worn and that the stair treads need replacing. New floors and new stair treads will add strength to the structure and will add fifty years with complete safety for a packed house. I sincerely intreat the people of Charlevoix not to again allow the destruction of good property, in the same manner and without cause, as they destroyed the central grade building.

The World has been the Oyster of many a man, who has been in absolute command of a ship at sea, but when he again becomes just an ordinary Citizen, as you or me, his scope of command narrows and he finds Each Individual has a right to express his own ideas, and that sometimes the other fellow may be at least partially right. I have many times Thanked God for the Men who wrote the Constitution of the United States and the Bill of Rights.

In the article of Aug. 10th., was mentioned the amount necessary to pay for this New Monument, proposed 5c from the price of a pack of cigarets per day. Well, as I do not smoke, drink, or have an automobile to compare this cost to, it will be necessary for the writer to tell me how many pairs of socks I will have to do without over the next 15 years, in order for me to pay my proposed assessment. When you come down to those facts, it is none of his business or that of any other person, what I do with my money, so long as I am not hurting or imposing upon someone, in it's use.

You may destroy a building or other object, by REFUSING TO KEEP IT IN REPAIR. My last article must have done some good, as I noticed men at the Public Library, looking over damage that has needed repair for five years or more. LET US KEEP WHAT WE HAVE IN GOOD REPAIR.

Sincerely yours,
Walker A. Miles.

ODDS 'N ENDS

By Fran Martin

Charlevoix got a little unexpected publicity recently when a colored picture of the little lighthouse and pond near the Information booth with Round Lake as a background appeared on the cover of a refrigeration catalog of a Chicago firm . . . It's pretty too . . .

Have you seen Jimmy Brady recently with his two black eyes and swollen nose? The poor fellow took to sleep-walking Thursday night and fell down the stairs at his home fracturing his nose and really getting banged up . . . a trip to the hospital repaired the nose but he'll have to wait for the eyes to clear up . . .

• • •

WONDER WHAT Bob Miles and his committee will dream up this year as a stage decoration for the Barbershop jamboree . . . we'll bet it will be something mighty clever . . . And if you want to see it don't forget to get a ticket for the one big program open to the public . . .

Our thanks to Gene Kramer, manager of the Beach Hotel, for telling us about the Gannons, Larry and Ethel. They're the couple who told us about Korea . . . we hope you'll enjoy reading it as much as we enjoyed getting it from this charming couple . . .

• • •

CAN IT BE that what little summer we had is gone so soon . . . Over the week-end we saw more shivering people then we usually see in the middle of the winter . . . When anyone says we've had a had summer in the north, believe us, they aren't kidding . . . And it isn't just Charlevoix . . . it's everyplace in the resort area . . .

Three Charlevoix boys, Bill and Bob Carey and Ross Case are among 66 being called by Coach Biggie Munn for football practice Sept. 6 at Michigan State. Bob is one of 14 returning lettermen and is slated for his old end position. Ross, a sophomore, will also be trying for an end position while Bill has been shifted to the quarterback position . . . looks like Charlevoix's going to have quite an interest in the Spartans this season . . .

AND SPEAKING of football, several changes will be seen this fall in the N.M.C.C. league coaching staff . . . Walt Oberlin of Harbor, an AAF Reserve, has resigned and plans to re-enter the service soon . . . Paul Kullman a recent Central Michigan grad, will replace him . . . At East Jordan Gayle Saxton, will succeed Dan Devine who is returning to school for graduate work . . . Gaylord is still looking for a new football coach after Arden Blanchard of Frankfort asked to be released from his contract which he signed last spring . . . Sherm Martin will continue as basketball and baseball coach . . . At Mancelona Pat Patterson is 1-A and is awaiting the decision of his draft board . . . and at Charlevoix Del Terrell is taking over . . . a lot of new faces on the coaches bench as well as on the playing field . . . but it looks like a good year . . .

OUR OWN Venetian queen, Ann Gill, received an invitation recently to participate in the Miss America contest at Atlantic City, N. J., next month . . . but among other things the 18-year-old age limit put the damper on that . . . Queen Ann won't be 18 til January . . .. but it's nice to know our queen was invited . . .

It's good to hear that the Andrew Essenbergs finally heard from Andy who is in Korea with the army . . . it had been seven weeks since their last letter . . . The same goes for the John Stephens who heard from Earldean after several weeks . . . We'd appreciate any further news of our local boys in the combat zone . . .

Personal Mention

- Miss Rose Kollman arrived from Chicago last week for a two weeks visit with Mr. and Mrs. Ralph McRae.
- Pete Sharrow arrived from Miami Beach, Fla., last week to join Mrs. Sharrow and two children for the remainder of the summer.
- Mr. and Mrs. Robert Foster and family have arrived from Kalamazoo to visit his parents, Mr. and Mrs. J. M. Foster.
- Mr. and Mrs. Jack Slavin and children, Jack and Dotty, have returned to their home in Berwyn, Ill., later this week after spending two weeks with Mrs. Slavin's mother, Mss. H. B. Hooker.

Plan Science Movies At Baptist Church

The unique in nature, from birds in the air to fish in the sea, form sequences in "Dust or Destiny," scientific-religious film to be presented in the First Baptist Church, Sunday (Aug. 27), at 8 p.m., according to the Rev. Lawrence L. Lewis, pastor.

Strange silvery fish, who know the tides better than any mariner, come up at certain times on California beaches and there, living out of water for several minutes, lay their eggs in the sand.

Beside revealing the unusual spawning habits of grunion, "Dust or Destiny" also, through photomicrography and lapse-time photography, shows the actual growth of the eye, heart, tail, and other parts of the fish before hatching.

Recent Bride Feted At Local Showers

Mrs. Franklin Olmstead, the former Anne Higman whose marriage to Mr. Olmstead was an event of Aug. 9, was guest of honor at two post nuptial showers given this week.

On Monday evening Mrs. Oakley Hammond, Mrs. F. W. Young and Miss Marjorie Webster invited 24 guests to a miscellanous shower at the former's home. Canasta was played during the evening with Mrs. Don Swinton, Mrs. Harold Bedford, Mrs. C. M. Bice, Mrs. L. E. Grate and Mrs. James Bellinger winning the prizes. Later refreshments were served at small tables decorated with summer flowers.

On Tuesday evening Mrs. Joseph McPhillips and Ann Cunningham was hostesses at a linen shower given at the McPhillips' home. A tiered bride's cake and summer flowers decorated the refreshment table. Seventeen guests enjoyed canasta games during the evening.

Mrs. Olmstead received a variety of gifts at both parties.

Sgt. Stanley Evers left Wednesday for Beloxi, Miss., where he will attend radar school at Keesler Field. He has been stationed at Selfridge Field and Oscoda Air Base since his return from Germany in April. He had spent several days with his parents, Mr. and Mrs. Evers before leaving for the south.

Couple Relates Experiences in Korea

(Continued from page 1)

to the North Korean army which at that time was known to have 200,000 men trained by the Communists. It is this crack army which moved down over the 38th parallel late in June to attack the South Koreans.

• • •

THE AMERICANS set up a new school system for the Koreans to replace the Japanese schools. They aided in the writing of new textbooks and the training of new teachers. Although some are well educated in the schools set up by the missionaries, the majority have the intelligence of about a ten-year-old, the Gannons found. The majority of the schools are operated by the various churches and until 1945 most universities were financed and operated by the churches.

One of the first things the Americans did for the Koreans was to innoculate them for cholera which had always been a great killer. They also helped train and staff the native hospitals which even at their best were poorly equipped and staffed.

• • •

THEIR MODE of dress is the same throughout the country with the white blouses and black skirts or trousers being almost a uniform. White has been worn since the people were ordered to wear it as a sign of mourning for one of their kings. Clothes of the western world are seen only in the cities.

The highways have been improved in recent years as have the railroad systems, they said, but they are still poorly constructed, narrow and bordered on each side by the rice paddies. In the mountains, and there are many, they are narrow and steep. There are few trees in Korea and what there are have had their branches pulled from them for firewood.

What has happened to their many friends among the Koreans the Gannons can only guess.

Annual County Picnic Scheduled for Sept. 4

The annual county picnic will be held Sept. 4 at Whiting park.

Sponsored by the Charlevoix East Jordan and Boyne City Chambers of Commerce, the picnic is open to the public. K. C. Festerling, district 4-H agent, and Ed Rebman, county farm agent, are in charge of the program.

Sermon in Song

"The Sermon in Song" will be presented at 8 p.m. Thursday (Aug. 24) at the Methodist church. The sermon begins with the Old Testament and is woven in song and narration. Keith Hershey will be the narrator and Rev. Ohmer J. Curtiss, a minister in the Methodist church, is the soloist.

Hurt in Fall

James Whitley, 32, of the Charlevoix municipal light crew, suffered several fractured ribs and severe bruises Tuesday morning when he fell 20 feet from a tree while trimming branches along the power line south of Central Lake. He was treated at the Charlevoix Hospital where his condition was listed as satisfactory late Wednesday.

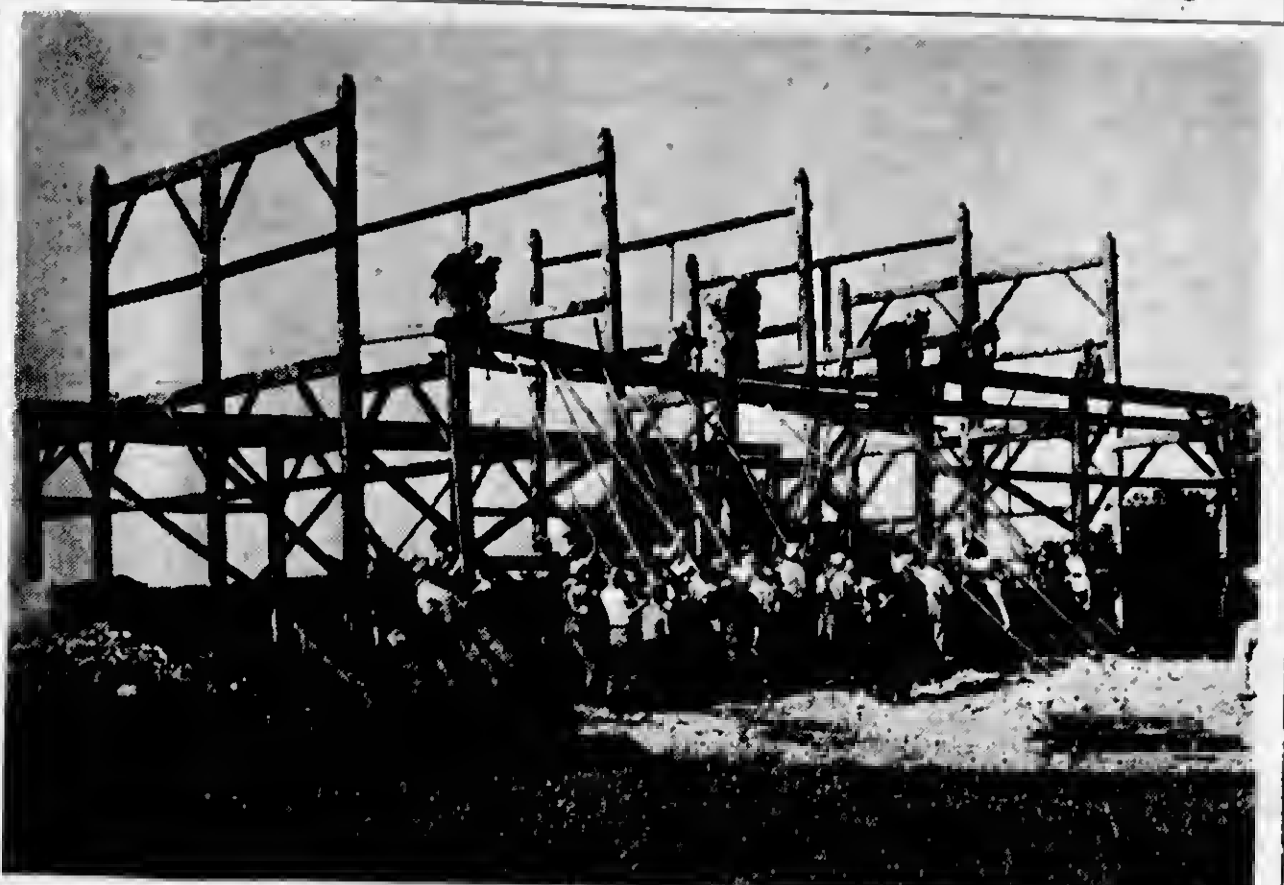
Neighbors Gather on Bradford Farm for Barn Raising



Ellsworth - About 50 neighbors and friends met last Wednesday at the farm of Edward Bradford, just west of Ellsworth village limits, for an old fashioned barn raising bee.

The men, armed with long pike poles responded in unison to the by now almost forgotten cry "Ho, heave" of the foreman, James Heeres, raising the heavy beams and timbers "with the greatest of ease."

Present day barns are constructed mostly of the laminated rafter type, requiring the help of only a few men, and old time barn raising bees are nearly a thing of the past, remembered only by a few old timers.

Bradford's barn, 40x60, was one he tore down inside the village and rebuilt at the present site. No nails are found in the superstructure, which is held together by wooden pegs.

The working crew enjoyed a homecooked supper at the town hall.

Ellsworth Notes

By John Timmer

Mr. and Mrs. George Kooyer and Sherrel McKenzie of Rudyard left for their homes last week after assisting with the cherry harvest at the William Kooyer farm.

People seen at the barbecue held at the Ellsworth park Saturday included Nick Dekkenga of Grandville, DeWitt Patterson of Royal Oak, Mr. and Mrs. Roy Best of Metamora, Charles Kass of Grand Rapids, Edward Elzinga of Lansing, Mrs. J. Willard Smith of Northland, Wash., her mother, Mrs. Jaqueline Carpenter of Central Lake, Mr. and Mrs. Walter Youngedyke, Albert Kuiper of Grand Rapids, John Prins and sister, Mrs. Anna DeHammer of Grand Rapids and Edgar Carpenter, who is vacationing at Benway Lake.

A card received Monday from Jay Kuiper, who is recuperating at Ferguson Clinic, Grand Rapids, after surgery, states that he is improving rapidly and receives so much mail from local folks that it is hard for him to answer all the letters and cards.

Mr. and Mrs. John Wynsma spent the week-end at the homes of their parents, Mr. and Mrs. Egbert Wynsma and Mr. and Mrs. Charles D. Edson. Other children at the Edson home for the week-end were Mr. and Mrs. Gerald Woodman, Isaballe Edson and Mike Edson of Lansing.

Mrs. Elizabeth Ophoff of Grand Rapids arrived Monday for a few days visit at the home of Mr. and Mrs. John Timmer.

Mr. and Mrs. Henry Bratt and family of Grand Rapids are vacationing this week in the cottage of Mrs. Mettie DeJonge.

Mr. and Mrs. Lester F. Arndt spent the week-end in Port Huron and on their return home brought their daughter, Mrs. Douglas Cotney and daughter of Detroit home with them for a visit.

Louis C. Masterson of Mancelona, teacher in the local schools from 1904 to 1906 was a caller Saturday at the home of Mr. and Mrs. Delbert E. Clow. Guests Sunday were Dr. and Mrs. John Skow and son, John, of Toledo, Mr. and Mrs. Glenn Townsend of Petoskey, Mrs. Rex Holmes, the former Amy Lohr, teacher here in 1918 to 1919, of Ann Arbor and William Oliver of Pittsburgh, Pa. Jim and Bill Skow, sons of Dr. and Mrs. John Skow, left with their parents for a vacation at Black Lake, near Cheboygan and Mr. Oliver will remain for a visit with his mother, Mrs. Anna Oliver.

All quiet around this corner once more. Cherry picking is finished in both the Porter and the Jensen orchards and the Porter orchard has received the final spray. There will have to be considerable clearing out of broken down trees caused by the overload of fruit before the sprayer can go through the Jensen orchard.

Mr. and Mrs. Thomas Cox of Kalamazoo visited Mrs. Cox's sister and brother-in-law, Mr. and Mrs. Lawrence Jensen for a few days last week.

Mr. and Mrs. Joe Hyatt of Detroit are spending the summer at their cottage on Lake Charlevoix.

Mr. and Mrs. L. Stuccor came from Detroit last week for their vacation and are occupying the Jensen cottage.

It is important that soil be well nourished for it takes as much work to plan, seed or plant and otherwise handle an acre of small yield as it does an acre yielding well. The tax is the same also.

BEAVER ISLAND

By Mrs. J. C. Henley

Editor's Note: Due to the quantity of news from the Island last week and the limited space in the Courier it was necessary to hold this part of the news over to this issue.

Mr. and Mrs. Charles Wilmot and daughter, Karen, arrived last week from Cleveland to spend three weeks with Mrs. Wilmot's mother, Mrs. Elizabeth Gallagher.

At the Nackerman's house, there's Mr. and Mrs. Arthur Huston and family Yplisonti and Rodney Nackerman from Pontiac.

Mrs. James Gibson and two children and Mrs. Gibson's mother Mrs. Lester Adsit, spent four days on the island. Mrs. Adsit will be remembered as Nora Malloy - one of the "Buffalo girls". They occupied one of Allen's cabins.

Mr. and Mrs. Delphis Pelletier, Charlevoix, were over for the home coming and were so happy to be back on the island - even for short time. They stayed at their old home near the airport.

• • •

THE GEORGE RICKSGER'S home was humming with guests for homecoming. There were Mr. and Mrs. Henry Ricksgers, Margaret and Catherine from Pontiac and then the bride and groom, Bob and Janice Ricksgers from Lapeer.

Mr. and Mrs. Bernard McCafferty of Chicago and little daughter are dividing their time between their parents, Mr. and Mrs. Burt McDonough and Mr. and Mrs. Francis Mooney.

At Mr. and Mrs. Tom Gatliff's house, there is Mrs. Dorothy Licavoli and daughter, Mr. and Mrs. Corneil Gatliff. Mr. and Mrs. Dan Gatliff are dividing their visit between the Gatliff's and Mr. and Mrs. Hug Connaghan. All these visitors are from Detroit.

Mrs. Wesley King and Mr. and Mrs. Jack Madden and children Bonnie and Dickie are visiting Mr. and Mrs. Francis Mooney.

Mr. and Mrs. Henry Crouse and sons are spending their annual vacation on the island with Mrs. Crouse's parents, Judge and Mrs. E. R. Boyles.

Edna Mae McCann is visiting her son, Verle, and her parents, Mr. and Mrs. William Belfy.

Bill Barkley reported at Camp Grayling Sunday. Bill is a member of the national guards.

Sister Henrica arrived on the island last week for a vacation. Sister taught on the island for twelve years and on August 4th, celebrated her golden jubilee as a member of the Dominican order. The celebration took place at Marywood, the mother house of the Dominican nuns who staff the island schools.

• • •

MRS. HANNAH BUSS, Chicago, is visiting her brother and wife, Mr. and Mrs. Hugh Boyle. The Boyles also have their grandchildren, Patricia and Doniel Sauder, at their home.

Others who came for the homecoming were Helen O'Brien, Frances Malloy, Francis Brown, Dorothy Lee McCann, Patricia O'Donnell, Leo Gallagher, Billy O'Donnel, Pat Burke, Burnell Green from Chicago. Mr. and Mrs. Eddie O'Donnell, Rogers Ricksgers, Rose Greene, Grand Rapids. Dan Green and Tony O' Donnell, Detroit. Mrs. Steve Dubeil, Mr. and Mrs. Henry Supernaw and family, Giles McCann, Joan Pischner, Charlevoix.

Your B. I. reporter tried to jot down names here and there through out the day so those who could not attend the homecoming would know who the lucky ones were who made it. It is estimated about four hundred dinners were served - so you know the crowd was here as in former years. The names omitted this week, I hope to have in next week's news.

A vote of thanks to the crew of the North Shore. Two trips were made Saturday and Sunday to accommodate the folks coming to the island for the August Dinner.

Mr. and Mrs. John K. Sexton, Cleveland, are visiting Mrs. Sexton's mother, Mrs. Myrtle Ditlefson and her aunt, Mrs. Ellie Bonner.

Mr. and Mrs. David Wilson have as their guests Mr. Wilson's aunt, Mrs. J. E. Wilson and Mrs. William Duhn and three children of Pleasant Ridge.

Mrs Louise Barkley has as her guests her daughter, Mrs. James Inseli, and Betty Ann Cox, Detroit.

Mr. and Mrs. Norbert Gallagher and four youngsters are visiting Norbert's parents, Mr. and Mrs. James H. Gallagher.

Jack Copens arrived last week to join his wife and children who are visiting the Gallaghers - that is, Kittie and James.

Mrs. John Petenard and son John, Chicago, are the guests of Mr. and Mrs. W. J. Gallagher.

Mary Greene, Chicago, is visiting her sister and brother-in-law Mr. and Mrs. John Andy Gallagher.

What's Doing
At Camp Charlevoix

The Seventh Week of camp started out by Ken taking the first enrollees for this year up to Mackinac Island for the day. It was a great day, hot, sunny, and the boys had a most enjoyable time. Walt Greising, Tom Murphy, Don Allard, and Chuck McKean were the counsellors to go along. The list of boys who went is much too long for this article, however, each boy has probably written home regarding the fun he had.

On Tuesday the long trips left camp, and as these were activity trips, the best boys in each activity choosing these trips, the list is a long one, too. The Horse Trip with the cowboy John McCormick and the Assistant Cowboy, Jake Whitecrow in the lead, took the following boys on this trip: Ned Lamgrecht, Jim Stockwell, Barry Haas, Bill Hardie, Jerry Maish, Lev Flournoy, Doug Buckler, Bill Ferguson, Timmy Mast, Bob Brown, Rusty Lindert, Dick Morgan, and they had a great time.

THE CANOE TRIP down the Manistee River left on Tuesday, too, under the guidance of Chuck Swing, the trips man, and John Ellsworth and Phil Steding.

These boys were Bob Timmons, Bob Inch, Walt Simmons, Marc McCallister, Tony Love, Larry Reisinger, Dick Degener, Allan Leadbetter, Steve Smith, John Logie, Eddie Vardon, and they all came back with fine tans and much to tell about a long fine trip.

Jack Harris and Chuck McKean took out their finest sailors on a sailing trip and these boys met some rough sailing weather. It was great experience for them and they received much good from being able to skipper their boats in the rough weather that they encountered. The boys on this trip were: Jimmy Logie, John Beeman, Tommy Osborne, Bill Pult, Ronnie Hanawalt, Peter Williams, Alan Mendelssohn, Lucian Layne, Dick Smith, and John Jensen.

ON WEDNESDAY afternoon Joe Daniels took his nature class up to the fish hatchery at Oden, Michigan. Twenty boys were on this trip, and outside of one boy walking right into a fish pond, nothing went amiss and all reported a fine edventure.

Thursday afternoon we had the annual Green and Grey Concellor Hunt. An amount of money was placed on the finding of each counsellor and the team that found the most men, and had the highest dollar total, won the points. The Greys once again won two points.

Friday all trips came back, and it was the first time in three weeks that all boys were in camp at the same time. Trips are over now for the 1950 season, and from here on in, boys will be finishing up their activity standards and trying to accomplish as much as possible.

On Saturday evening Cabins 4 and 5 of the Junior Section gave the play, "The Lighthouse Keeper's Daughter". They did a fine job and the boys seemed to be enjoying what they were doing. Jim Land's Cabin gave a bit of "Chinese Drama" in which Allan Mendelssohn was the heroine, "Ting-A-Ling" and Jim Rockwell was the father "Ling-Ling". Barry Hass was the mean old emperor and the props were handled by Jimmy Stockwell. Bill Hardie was the orchestra, plucking one string of e ukelele throughout the entire performance.

During the week-end, the "Mugwump" was put into operation. This is a brightly painted bird that either the Greens or the Greys have to hide and they must run it before the entire camp and hide it again without having it taken away, thus getting a point toward the Green-Grey Score. Needless to say that there is much coniving goes on and interest is very high.

Sunday morning Don Dannecker was the speaker at the outdoor chapel service. He challenged the boys to take inventory of their summer accomplishments. It set everyone to really thinking.

In the afternoon the green and Grey Tug of War was held and the Greens getting all three points. The score now is 13-12 in favor of the Greys.

The last week of camp is under way to a terrific start. The Green and Grey Banquet is to be held on Tuesday night. On Friday night is the Final Banquet, and from the cards that are coming in, there will be a great number of parents here for the entire week-end and it will be great to see them all and to chat with them regarding the progress made by their sons.

Let's all keep our fingers crossed for warm sunny days over the week-end so that the season will end on the same high note that has carried throughout the season.

Probation Violator Sentinced 1-15 Years

Jack Schantz, 19, was sentenced to one to 15 years in southern Michigan for violation of probation by Judge Charles L. Brown in Circuit Court here Monday.

He had been placed on probation last month after pleading guilty to a charge of breaking and entering the Auto Electric Service at 107 Antrim st. June 8.

It is estimated that at least two billion dollars worth of soil fertility are lost annually.

Knight Owls Take Tourney's Opener

The Knight Owls of Charlevoix advanced to the second round of the district softball tourney at Petoskey when they defeated Reliable Cleaners, 4-2.

Junior Supernaw came through with a brilliant game and had a shutout until the seventh inning. Bill Carey got two hits. By winning in the tourney, the Owls broke an eight-game losing streak.

The Owls were tripped Sunday night by Trude Hardware of Traverse City. Chick Gallagher deserved a better fate but loose fielding in the fifth inning helped the winners score four runs.

IT HAPPENED ON . . . . BEAVER ISLAND

By Mrs. J. C. Hanley

Each day last week when the North Shore left the island, farewells and goodbyes echoed and re-echoed at the dock. The farewells meant a parting of relatives and friends for months and maybe years and each day the dock was crowded and salutes given by the boat and cars for a rousing goodby to those departing.

Parting is a sweet sorrow, so they say, but to little Colleen Nackerman it was bitter when she said goodbye to her brother, Rodney. The tears flowed and flowed and it was evident she didn't like the idea of her brother leaving one bit.

While most of the folks were leaving the island last week, there were some coming. Mrs. Marion Rice, Charlevoix County health nurse, arrived Monday to prepare the way for Mr. and Mrs. Carol Lockhard of Gaylord, who arrived Thursday for chest x-rays. The x-rays machine was set up in the Parish Hall where Mr. Lockard, assisted by Mrs. Lockard, x-rayed 79. The credit for the good turn out is due Mrs. Rice, whose interest in the island we all appreciate.

Grace Marie McCann returned to South Haven with her aunt, Mrs. Lester Soergel, and will remain there for the school year.

Charlotte McDonough left Thursday for Kansas City to enroll in an Air school.

Bob Delaney, Grand Rapids, has been the guest of Mr. and Mrs. James H. Gallagher. The Gallagher's home which was filled with their children and grandchildren for the home coming gradually emptied during the week.

Out where the hotel is going up, Francis Ricksgers and Bob McDonough say it's a common sight to see eagles daily. Friday, they saw something unusual—an eagle in flight with a young fledgling aboard it's back. That, I'll say, was a 64 dollar sight.

Perry Gatliff writes from his bed in the Marine Hospital, Detroit, quote "Stanley Floyd says the record for the largest number of flat tires is held by Patsy Doney and himself. They claim 26 flats in one day from the Coast Guard Station to the garage" Well, we know Stanley and his jokes, so Stanley, we doubt ye.

Shirley White, who has been visiting her grand-parents, Mr. and Mrs. James O'Donnell, returned to her home in Manistee Friday.

Mrs. Helen McCafferty, Charlevoix, has been visiting relatives and friends.

A couple of old timers who returned to the island for the homecoming were Captain Eddie Martin, Grand Haven and Danny E. Martin, Manistique.

Captain and Mrs. Owen Gallagher, Grand Haven, have been visiting on the island. Captain Gallagher is the brother of Dominic and the island's first lady, Mrs. Dan Boyle, known to all as Aunt Maggie "Turner".

James McCauley and his brother-in-law, Wayne Long, where home for the August dinner. They came up from Pontiac.

Mrs. W. R. Campbell and granddaughter, Pontiac, recently visited Mr. and Mrs. Frank Nackerman. Mrs. Campbell is Mrs. Nackerman's mother.

Mr. and Mrs. Roger Carlisle returned to their home in Indianapolis Friday. Fred Spalding accompanied the Carlisles to Charlevoix.

It's raspberry time on the island. This is a good year for berries and if you know the spots, there's plenty of good pickin'. Island shelves will be filled with jams and jellies this winter.

Bill Duhn came up this week-end with Dave Wilson to join his family who have been visiting in the Wilson's home. Bill, the missus and three children returned to Pleasant Ridge Sunday with Dave. Dave commutes every week-end from Detroit to the island to be with his family.

Mrs. Ray Overmeyer and Mrs. Erma Voories, South Bend, spent a few days on the island last week. Ray and Erma were busy every minute of their stay working on their island home. Charles Martin set up new fence posts and new fencing while they were here. Ray and Erma left on Sunday's boat.

Need More Boys For Calf Scramble At County Fair

There is a need for more boys to sign up for calf scramble at the Charlevoix County Fair Sept. 12 through 16, Ed Rebman, county agricultuural agent, said. These boys must be either 15, 16 or 17 years of age at fair time. A total of nine head of good Hereford calves have been obtained for the calf scramble. Every boy who wins a calf will have the opportunity of caring for the calf for the next year and bringing it back to the 1951 fair at which time it will be sold at auction. Merchants of Charlevoix, Boyne City and East Jordan are sponsoring this event.

Any boy who lives on a farm that wishes to take part in this program should contact Clyde Warner or Clarence Meggison at Charlevoix, Archie Murphy or Charles Murphy at East Jordan or William Korthase or Ed Rebman at Boyne City.

When You Pick a Tractor - Be Sure You Can Always Get Parts.

Any tractor is a big investment. You have the right to expect years of profitable performance from such an investment. In this connection one of tha first things to think about is—"Will I be able to get parts?"

Ford TRACTOR

The Ford Motor Co., manufactures the Ford tractor. What greater assurance could you have of being able to get parts—anywhere, anytime.

Not only is this important to you as long as you have the tractor, but is is also something the buyer thinks about seriously when you go to sell or trade in your used Ford tractor. This is only one of the many reasons why Ford tractor commands a high resale price.

You can even get parts for Fordson tractors built 31 years ago!

Conrad Klooster Farm Boasts One Of Biggest Wheat Fields in North

Conrad Klooster, right, inspects wheat samples with Mike Fielstra, who did tha combining.

One of the largest fields of wheat in northern Michigan, unbroken by fences, is being combined this week for its owner, Conrad Klooster, Atwood farm implement dealer.

The field of Yorken wheat measures 60 acres, Klooster said. The yield is expected to be between 1600 and 1700 bushels or about 25 bushels to the acre.

Mike Fielstra, Klooster's chief mechanic, has been doing the combining, about 15 acres a day. They yield this year is about 15 bushels to the acre short of last year's when Klooster reported 40.

* * *

THE WHEAT field of Klooster's is pretty rough for row crops, and so it was put to wheat last year and this year. Next season he hopes to use it for clover seed and hay. A liberal dosage of 3-12-12 fertilizer was put in last fall. Klooster estimated it would average about 400 pounds to the acre.

Despite the fact that Klooster puts most of his time in enlarging his farm implement business in the last few years, he still finds time to direct operations on his 180 acres of tillable land.

At present Klooster is deeply interested in changing his farm program to one of dairy and beef cattle. He is having his barn remodeled into the pen-type so that it can care for some Holstein heifers expected this fall.

* * *

ONCE A BIG raiser of potatoes, he has been gradually cutting his potato acreage. This year he will harvest about 18 acres of Katahdins as compared with his peak acreage of 60 acres of spuds a few years ago.

Klooster is also putting more attention on his young cherry orchard, amounting to about 14 acres of Montmorencies. Other crops on his farm include 18 acres of corn, 10 acres of oats and barley and 70 acres of hay.

A lifelong resident of Banks township, he has been a John Deere dealer for 13 years, starting out on a small scale until now he is one of the largest dealers in northern Michigan.

In years to come his farm will raise much more hay and grain to fit into his milk and beef cattle program.

List Advantages of Pen Type Dairy Barn

Many folks in the county have been asking questions regarding the advantages and disadvantages of pen type barns according to Ed Rebman, county agricultural agent. In fact several pen type barns at the present time are in use in this county. These farmers state that they would not go back to the stanchion barn as they like their type of cattle housing. extremely well. Other farmers who have stanchion barns also prefer this type of housing and would not care to go to pen barns.

Some of the advantages of handling a herd in a pen type barn are: it saves labor by almost 50 per cent, uninjured cows, very little udder trouble, easier to bring cows in heat, and lastly, the set up is flexible so that the use of the pen may be changed to other purposes.

The pen type barn also has some disadvantages. Some of these are, it takes about three times as much bedding as used in the stanchion barn, cows must be dehorned, and also are not as easy to display when a man wants to show off his dairy herd.

What ever type of construction a farmer uses the importance is to build it as economically as possible, using home grown lumber made into laminated rafters will reduce this cost. Build a barn for the cows and not for yourself.

Pine Trees Ready

Pine trees may be ordered from the Conservation Department for this fall and next spring planting at the present time. The department lists Red Pine, White Pine, Jack Pine trees available. Orders that are sent in now will be given priority and farmers will get what they order. Do not wait until next March or April to put in your order for these trees as they may be all sold out. Order blanks may be obtained from Ed Rebman, county agricultural agent.

IN THE FALL it pays to have your own ALL-CROP Harvester

Bang's Test Needed For Exhibit Purpose

A Bang's test on all dairy cattle over 12 months of age is required in order that they may be exhibited at the Charlevoix County Fair. The federal, veterinarians are now in the area testing cattle as a part of the retesting program. The report from these federal veterinarians will be satisfactory if the animal is clean.

If the veterinarians are not going to be able to reach your farm before fair time, please contact Ed. Rebman, county agricultural agent, so that arrangements can be made. Some other way will be determined to have your animal tested so that they may be shown at the county fair. All farmers have been urged by the fair board to bring in livestock and to make this years fair the biggest in history.

Growers Warned of Spraying Their Apples

Second Brood Codling Moth:

Apple growers are warned by Ed Rebman, county agricultural agent, that the second brood codling moths are now emerging in NW Michigan. Apples should be sprayed as soon as possible to control this insect. A good spray would be to use 1½ to 2 pounds of 50% wettable DDT in your 100 gallons of spray.

ORCHARD NOTES

By Claude Fairman

At this time we can see the effects of various ways of spraying, except for the dormant spray for peach leaf curl, other dormant sprays are not necessary at this time. Fungus diseases do not need a dormant spray.

For insects such as green aphids, leaf roller, leaf hopper, red mites, etc., spray with Parathion if and when any of these appear on apples. For cherries spray with Parathion if case bearer or black cherry aphids appear in large numbers. The above is in place for the dormant sprays.

* * *

RED MITE is not likely to appear in the home orchard. They are small and can be seen only with a magnifying glass. The red mite leaves a pale looking leaf. Our own experiment of spraying with Fermate on apples has been every seven days until the bloom and once during bloom and stopping then, starting at the green tip stage.

This has given us scab free apples over the three years experiment time. However, for further proof, this program will continue. Our experiment for shot hole fungus or leaf spot on cherries, especially sour cherries: this year three applications of Fermate was used on three rows with no shot hole showing up, applying the first spray when most of the petals had fallen, the second six days after the first and the next and last seven days later.

The balance of the cherry orchard has been sprayed several years on the new principal and stopping the preharvest spray. Also no after harvest spray has been used for the last 10 years. Our county agent says we have one of the most productive orchards in the county.

Apple scab and shot hole fungus is something that is sure to be with us every year, although there is less of it in a dry season, especially if the spring of the year is dry. Certain varieties of apples do not take scab easily. Snow, McIntosh, Delicious and others take scab more than some others such as Greening, Baldwin, Jonathan and Wagner which are not as liable to scab.

We all know what scab looks like on apples and it also leaves brown spots on the leaves. To detect shothole on cherries, look for a little grayish matter on the under side of the leaf early in the season.

After it develops close to harvest, an affected leaf may be held up to the sun and if it is shothole you will see the holes or spot.

The early and often spraying does the trick of prevention. Later sprays, after scab or shot hole appears, have little effect.

Scenic Tours of Charlevoix Area Are Unsurpassed for Beauty

For scenic northland beauty, Charlevoix county and surrounding areas are hard to beat. Thousands of tourists make a scenic tour of the county each year.

If you have a few hours and desire to see beautiful lakes, hills and valleys, go south from Charlevoix on M-66 to East Jordan, passing the Ironton Ferry, or turn aside and ride across ferry and take the county road to Advance and Boyne City and then route 75 to Walloon lake. Go north on US 31 to Petoskey.

If just a short drive is wanted, turn left at the junction with US 31 and return to Charlevoix. If an all-day trip is the order, continue on 131 through Petoskey, Bay View, Conway, Alanson, Pellston to Levering.

Turn west to Cross village, noted Indian village and early mission site. Then follow the shore drive, high above Lake Michigan through Good Hart to Harbor Springs and Petoskey and thence back to Charlevoix on US 31.

Plenty of Rhythm, Harmony At SPEB Songfest Sept. 1-4

Climaxing a summer of activities and entertainment for the summer visitors and residents in Charlevoix will be the eighth annual SPEBSQSA songfest Sept. 1-4.

Headlining an outstanding array of barbershoppers will be the Mid-States Four, 1949 International Champions at Buffalo. Known far and wide as a comical quartet, they can also sing with the best of them. They have been popular favorites every time they have appeared here.

The Beach hotel will be the center of activities for the Barbershoppers and their guests. Indications point to the biggest songfest ever held here with advance reservations surpassing those of other years.

The jamboree here has become one of the most popular events of the Barbershoppers and there will be guests from many of the large cities of the nation in attendance.

Jerry Beeler, international president of the Barbershoppers, will be master of ceremonies at the Jamboree Sept. 2 at the high school. This is open to the public.

There will be plenty of fun and harmony in Charlevoix over the Labor Day weekend.

See's Softballers Take Lead; Potter Pitches No Hit--No Run Game for Birches

Major League

Rain continues to keep the schedule in a complex situation. Original plans called for ending the second round of play on Saturday Sept. 2, however, it may be necessary to extend play into the first week of September.

Last week's play resulted in some interesting changes in the standings. One of the features of the week was a no-hit and no-run game pitched by Bob Potter of the Silver Birch Court team as they swamped all over Parsels 23 to 0. Bob walked three and struck out four.

Chatterbox, which in their previous two starts were tramped on rather severely, gave the Atwood boys a real battle before bowing 4 to 5 in the last inning. Ross Case pitched a two hitter for Chatterbox as did Bob Klooster for Atwood. Errors proved to be the deciding factor in this game.

The Iron Works continued their heavy hitting by lacing Freedmans 23 to 8, thereby staying up with the leaders. Hamerski hit a home run for the winners.

Sees team who have been threatening all season really played some fine ball to knock off the two leading teams and go into first place. On successive nights they beat Mailhots 12 to 6 and Silver Birchs 7 to 1. Chick Gallagher pitched both games and his strike-out ball played an important part in both games. On several occasions it looked as if he might run into trouble but a strikeout pulled him out. Chick struck out nine from Mailhots and five from Silver Birches. Bill Carey homered for Mailhots while Seely and Hess hit for the circuit for Sees. "Supey" struck out 7 against Sees.

A determined Russells team outscored Cadillac-Olds 16 to 13 for their first win of the season. The Indians played without four of their regular players but took advantage of the Olds pitchers for thirteen bases on balls. Art Lewis pitched steady ball for Russells.

Cadillac-Olds held the strong Iron Works team for four innings but were finally over powered by a score of 13 to 1. The Iron Works hammered out 14 hits including 2 home runs, 3 triples and 3 doubles.

The Chatterbox ran into trouble in the first inning against the Silver Birches when the latter scored 9 times: This proved to be too much as the Silver Birches coasted to a 14 to 6 win. However, Chatterbox has been improving with every game and they finally broke into the win column by nosing out the Russells team 17 to 15.

Minor League

Edwards Food Mart handed the new Belvedere team its second defeat 23 to 7. Q. Walker and Glassford hit home runs for the Edwards boys.

Atwood trampled Miller Boats 18 to 3. The winners only made seven hits but combined errors and walks for most of their runs. Klooster held the Miller boat team to 1 hit.

Belvedere up-set Supernaw-Campbell team 11 to 5 for their first win. Fox hit a home run for Belvedere. The summer visitors also handed American Legion a defeat by edging them 8 to 7. T. Bleha hit a home run for the Legion.

Atwood also kept pace with the leaders winning their fourth straight by beating Edwards 8 to 4.

Cities Service played three games during the week and won all of them. They beat Supernaw-Campbell 10 to 5 with S. Whitley and J. McDermott hitting home runs for the winners. Deano Davenport held Miller Boats to one hit as the boys in green won 13 to 2. Their other win was over Edwards 9 to 3.

Summer Residents Give $32,000 to Fund

Drive Mounts Past $90,000 Mark for New Hospital

Gifts from a group of summer residents in Charlevoix injected new life into the hospital building fund drive this week as the total raised for the new building mounted past the $90,000 mark.

The total late Wednesday stood at $90,475, Herbert Schofield, fund secretary disclosed.

Some 40 families who spend their summers in Charlevoix, a few for the first time, contributed $32,000. A committee of the summer residents received immediate pledges and contributions Not a single person solicited failed to make a sizeable contribution.

• • •

THE RESPONSE to the need for a new hospital was spontaneous and very gratifying, a committee member reported. "We were told they felt it was a privilege to help the community provide the area with the best possible hospital facilities", he said.

The contributions and pledges came at a time when the hospital drive was lagging. Receipts from the hospital carnival were disappointing, chiefly because of unseasonable weather.

• • •

DRIVE LEADERS commended the summer residents for their subscriptions to the new hospital, adding that the project moved several steps closer to reality as a result of the contributions. Robert Bridge, treasurer of the drive, expressed a typical comment of the leaders.

"The community owes a great deal to the generosity of these men and women who have given so unselfishly to aid our hospital project".

The contributors who accounted for the $32,000 are as follows:

Mr. and Mrs. P. J. Trounstine, Mr. and Mrs. G. H. Gunst, Mr. and Mrs. Morris Nover, Mr. and

Sequanota Club Gives $2300 for Hospital Drive

Memera of the Sequanota club contributed $2320 to the new hospital building fund, it was disclosed yesterday.

While the contributions were made in the name of the club, it was understood that each of the members made a donation, Herb Schofield, fund secretary, said.

Officers of the club are: Dr. Charles Hatteur, president, Jackson Letts, vice president, Mrs. Evelyn Hayward, secretary, and Harry Landis, treasurer.

The names of the contributors follows: Dr. and Mrs. Hattuer, Mr. Letts, Mrs. Hayward, Mr. Landis, O. J. Andrews, Mrs. Mary Ewing, Mr. and Mrs. S. E. Chamberlain, Mrs. Frank N. Goerner, Mrs. Joseph C. Andrews, Mr. and Mrs. B. A. Shaver.

Council Hears Report on Finance Issue

If the city maintains a close vigil on its expenses for the next eight months, it will be able to meet its obligations without additional loans, City Comptroller Don Swinton told the council Monday night.

The $20,000 loan which the city obtained last winter will be paid in November, he said, adding that unless large expenditures are made, the municipality can get by until taxes are collected next summer.

Swinton qualified his statement by saying that it would take prudent spending all the way through if the city is to avoid additional borrowing of funds for operation.

• • •

AT PRESENT he said there is $59,000 in the general and the light fund. He predicted that it will cost the city about $5,000 a month from the general fund for operations while the light department breaks even during the non-summer months.

Despite a suggestion of Alderman William Heering that the council ought to reconsider its agreement to sell a parcel of land, across from the trailer park, to C. W. Sucher for $500, the council decided to abide by its decision.

Probate Judge Floyd Supp and Arthur Bergeon, former mayor, spoke in favor of the city sticking to its decision, adding that Mr. Sucher had done a great deal to improve that section of land along Park avenue.

• • •

THE COUNCIL heard Hal Hill superintendent of utilities, predict that the Diesel engine at the light plant is listing enough so that it can't be used again next summer unless something is done to decrease the vibration.

Sportsmen Plant Trout in Streams

The Charlevoix Rod and Gun club, following its annual custom, is planting brook and rainbow trout in area streams, the fish committee reported.

Last week the committee planter 7,000 brook trout in Stover, Price, Skinner and Deer Creeks and Boyne river. This week-end the group will plant 20,000 rainbow in Monroe creek and Lake Charlevoix.

International Finalists to Harmonize at Jamboree

One of the outstanding young quartets in the middle west is the Village-Aires of Palos Heights, Ill. The quartet which placed in the international finals this year at Omaha will sing at the annual Jamboree Saturday night at the high school auditorium. Members of the quartet are Jim Bond, bass; Rex Reeve, baritone; Dave Mittlestadt, lead; and Clair DeFrew, tenor.

School Days Bring Halt to Summer Fun

Vacation days will soon be over for Charlevoix children with the opening dates being announced this week.

The Charlevoix public schools will open Sept. 11 with a teachers' conference and on Sept. 12 for the enrollment of all students, Supt. Roy G. Bennett has announced.

The opening date of St. Mary's school has been set for Sept. 6, Father Leo Malinowski has stated.

The teachers of the Charlevoix schools will start their work Thursday by attending the Charlevoix-Emmet county institute at the Petoskey high school Thursday and Friday.

Monday, Sept. 11, all members of the faculty of the Charlevoix public schools will meet in room 100 of the high school building for a teachers' conference at 10 a.m. At 11 a.m. the high school teachers will receive their class assignments and supplies in the same room while the elementary school teachers will meet in Room 108 for assignments and supplies.

They will re-assemble after lunch in their respective buildings for equipment study and distribution of textbooks and equipment.

A social hour will be held at 3 p.m.

The students will enroll at the regular hour, 9 a.m. for the 1950-51 school year. Busses will make regular trips to bring the pupils in for enrollment and the first day of school.

School Opening Dates Listed

The opening dates and teachers for the schools in Charlevoix county have been announced by Mrs. Catherina C. Bergeon, county superintendent of schools.

Eight new teachers will assume their duties in five of the rural schools and one city school, Boyne Falls, will have a new superintendent.

The schools, their teachers and opening dates follow: Horton's Bay, Miss Grace Burkey of Petoskey; Marion Center, Mrs. Laura Foley of Charlevoix. Rites Tuesday For Auto Pioneer Ransom E. Olds

R. E. Olds, 86, automotive pioneer who developed the Oldsmobile and Reo cars and a summer resident here for many years, died Saturday.

He had been stricken July 30 on his return from his summer home here.

Funeral services were held in Lansing Tuesday.

A native of Geneva, Ohio, he received his early education in Cleveland and Lansing with a business college course in the latter city.

He was one of those people whose automotive efforts late in the last century eventually motorized the country. His Oldsmobile appeared a year before Henry Ford's first model.

He is survived by his wife, Metta and two daughter, Mrs. Gladys Olds Anderson and Mrs. Clarence S. Roe, of Lansing, who also have summer cottages here.

Can't Forget Steam Engines

Boyhood Dream Comes True

By Victor Spaniole

A fascination for engines which has gripped him since childhood has resulted in a most unusual hobby for Albert A. Schaerer, Charlevoix summer resident.

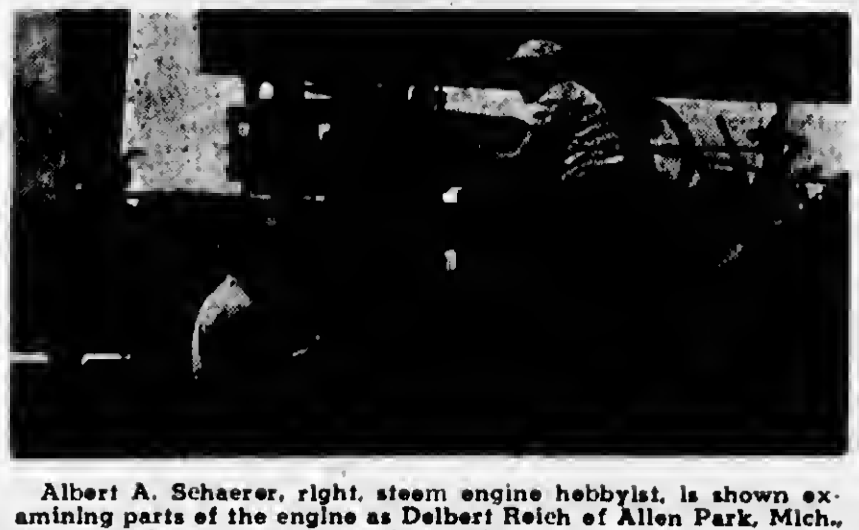
Mr. Schaerer is getting a "bigger kick" from his love of steam engines. At present he has two oldtimers in his yard on the Boyne City road. One of the steam engines is an old Nichols-Shepherd, constructed in 1897 and the other is a J. I. Case engine built in 1911 or 1912.

Spending most of his spare time in the summer months puttering with the engines, Mr. Schaerer had a visitor last week from a Detroit suburb who drove up here to take a look at the engines because he too has an immense like for the steamers.

Last Thursday, Mr. Schaerer and Delbert Reich of Allen Park, Mich., started both engines (they are coal and wood burners) and drove them to the edge of the Charlevoix - Boyne City road where they attracted many motorists.

• • •

A PIERCING steam whistle blasted the August air with a noise that could be heard for a mile or two. Several persons stopped their car to get a close look at the old engines, parts which are no longer made.



Albert A. Schaerer, right, steam engine hobbyist, is shown examining parts of the engine as Delbert Reich of Allen Park, Mich., who came here to see the engine, looks on.

These engines played an important role in the early threshing of grain of several decades past. They were also used to roll asphalt pavement. While Mr. Schaerer has loved engines since he was a boy on his folk's farm near Monroe, it has not been until the last few years that he has had time to devote to the steam engines. He is among a small number of engine enthusiasts in the United States. But they make up in enthusiasm what they lack in numbers.

Nothing pleases Mr. Schaerer any more than being able to take the engine, weighing several tons, apart and polishing the exterior. In fact his delight is so great when he starts doing a job on the engine, that Mrs. Schaerer has difficulty getting him to take time out for his meals or

Parade of Quartets Big Feature of Four-Day Songfest

Barbershoppers from many points in the middle west will converge on Charlevoix this weekend for the eighth annual SPEBSQSA Jamboree, one of the outstanding harmony events in the state.

The vanguard of harmony singers will begin to reach Charlevoix late Friday. The four-day songfest will conclude Labor Day.

Indications point to an attendance of more than 500 barbershoppers and their guests. The Beach hotel, SPEB headquarters, has been sold out for nearly a month. Jerry Scudder, chairman of reservations, predicts that this year's crowd will surpass that of other years.

• • •

THE JAMBOREE, only public event of the session, will feature eight or more of the middle west's leading quartets. The program will be held at 8:30 p.m. Saturday at the high school auditorium.

Again heading the parade of quartets will be the odds-on favorites, the Mid-States of Chicago, 940 International champions, who are as good in comic roles as they are in harmony.

Ticket sales for the Jamboree are going briskly. They are available from any member, Dal's barber shop and at the Courier office. Persons intending to attend are urged to get their tickets early as the event usually draws a large crowd.

Among the quartets to sing at the Jamboree will be the Village-Aires of Palos Heights, Ill., sixth place winners in the International contest this year, the Pitch Pipers of Grand Rapids. Barons of Harmony of Saginaw, past state champions and the Garden Aires of Detroit, Harmony Hoosiers of Elkhart, Ind., and the Four Hoarsemen of Ypsilanti and the Barberettes of Sturgis, the only girl quartet.

• • •

LEADING THE long list of visiting dignitaries of international SPEB will be J. D. "Jerry" Beeler, international president, who will be master of ceremonies for the Jamboree.

Another highlight of the Saturday night show will be the community singing led by Thomas Needham, director of the Metropolitan chorus in Detroit, composed of SPEB members from Wayne and Oakland counties.

Michigan district officers and delegates will meet Sunday at the Beach hotel to transact business.

Gridders Drill Twice Daily for Grayling Opener

With physical examinations over and football uniforms issued, the 53 candidates for the 1050 Rayders squad are reporting for practice twice daily in preparation for the season's opener at Grayling Sept. 22.

Coach Del Terrill is putting the boys in shape with a stiff workout in calisthenics and the fundementals of stance and blocking as well as ball handling and offensive plays.

Forming the nucleus of the 1050 squad will be 13 lettermen including four regulars and nine others who saw limited action during the season.

In the line will be such familiar names as Charles Fairbanks and Charles Krahnke who played in the end positions last season; Fritz Ailard, tackle; Howard Campbell, Niley Louiselle, Harold Hamlin and Bill Ward, guards.

Ron Cunningham, whose speed made him a regular last season and Dale Suomela and Tom Donaldson, will be seeking regular berths in the half-back position; Don Hardy, full back and Bill Wallace will be the other backfield lettermen returning.

Children's Groups Aid Hospital Drive

Two groups of children put on shows to raise money for the hospital. One group raised $5.30. Those taking part were Marilyn Colton, Bruce Colton, Lenora Oseff, Elizabeth Oseff and Hilda Rosenberg.

The other group raised $12.36. Taking part in the show were Lee Bernstein, Donna Wisok, Judy Moss and Howard Bernstein.

Bishop Wade To Be Speaker Here Sept. 10

Bishop Raymond J. Wade, retired Methodist bishop and head of the Bay View association for the past 10 years, will be the guest speaker at the Methodist church here Sunday, Sept. 10. He will fill the pulpit for the Rev. G. D. Howell who will be on vacation.

An outstanding religious leader, he is the bishop of a section of Europe which includes Norway, Sweden, Finland, Denmark and seven other countries and at one time embraced a section of Russia. He is also bishop of a section of Africa. He returned last September from a trip to the church's missions on continental Europe and well informed on the religious and political situation in Europe.

On other Sunday during the Rev. Mr. Howell's vacation A. E. Arnold of Boyne City and the Rev. Russell R. King, district superintendent of Traverse City will speak. On Sept. 3 Mr. Arnold, president of the Gideons of the Petoskey Camp, will speak on the subject, "Menial Men for Many Tasks".

May Their Generosity Always Be Remembered

Determined that Charlevoix shall have a new hospital, a group of summer residents, some of whom are visiting here for the first time, have pledged or contributed more than $32,000.

This amount was subscribed in the last 10 days with little fanfare and knowledge of the general public. Upwards of 40 residents signed pledge cards or contributed cash so that the hospital fund can move closer to its goal.

One summer resident who served on the committee put it this way: "We feel that Charlevoix is entitled to the best hospital possible in years to come because it is the most important building in the community.

"Charlevoix as a whole has a right to expect the best facilities to safeguard their health and that of their children. Toward that end we want to do our utmost to help the city obtain a new hospital."

We are told that the response from the summer residents to the committee was immediate and spontaneous with several of them saying they felt privileged to give for such a cause.

The community owes a debt of gratitude to these men and women who while spending only a few months out of the year in Charlevoix insist of being a part of the community.

To this group, words cannot measure our gratitude. Their gifts will be forever remembered.

Thanks a lot for your thoughtfulness. May our hospital become a reality in the near future.

Let's Help the Few Who Do It All

The famed remark of Winston Churchill that never have so many owed so much to so few, certainly holds true in Charlevoix.

In the last year while attending scores of meetings relative to a host of projects for Charlevoix, we have remarked about the poor turnouts, no matter how good the project might be.

Apparently, the multitude of the residents believe in letting other people carry the brunt of the responsibilities for them in a civic way. Few times do these people volunteer do help a cause whether it be a church project, business men's venture or charitable drive such as the Red Cross or Community Chest.

It's always the same old few who year in and year out carry the bulk of the work and responsibilities in planning a worthwhile program.

Not long ago the annual hospital meeting was held. We should have said was going to be held. Not enough people put in an appearance for a quorum. It was necessary to schedule another meeting. Many times during the last year, the business men's group held important meetings. What happened? Oft times less than 10 people attended, and not all those who attended were merchants.

The Red Cross and Community Chest scheduled meetings and the response was the same. A handful of the faithful turn out to carry the load for the rest while they stayed home. The supervisors meet several times annually. The only people who attend are those who have business there.

In the case of the supervisors meetings, the excuse has been that they are held in the daytime when most people are working. That may be a legitimate excuse but what about the other meetings, most of which are scheduled at night.

When it comes to attendance for a basketball or sports contest, this town can match any in the north. But it's a different story when it comes to a civic venture.

Why should this be? Most people are interested in their community. The people as a whole in Charlevoix are not likely to be much different from those in other communities. It can be said without fear of contradiction, the people who attend the meetings are some of the busiest in town and this should serve as a spur to the others to take part in civic affairs.

Another example of failure to turn out for meetings was the annual school meeting. Some 32 people attended voting to increase school taxes for everyone who owns property in the school district. There was plenty of objection to the millage increase on the street the next day - after the meeting had been held and action which they thought was against their purse, was taken.

The result of this attendance problem and lack of interest in the things that build for a better Charlevoix is that the leaders who have been reaping criticism instead of co-operation for their efforts, may decide to call it quits.

When this occurs, the progress which Charlevoix has made in recent years will come to a stop

We owe it to ourselves not to anyone else when we attend public meetings of various kinds. Let's quit Charlevoix's favorite sport - criticizing and second-guessing everything that is done for betterment. Let's attend and take part in the job of making Charlevoix a better place in which to live.

ODDS 'N ENDS

By Fran Martin

The town will be jumpin' this week-end with the Barbershoppers here for the eighth annual jamboree . . . We don't know how much you know about this annual shin-dig but you know that the local chapter of the SPEBSQSA (you actually learn that combination after several years) is the smallest chapter in the country to sponsor such an outstanding song-fest as we have had every Labor Day week-end for the last eight years . . There's a lot of work involved too so why not turn out for the concert at the gym Saturday night . . . it'a some super entertainment for very little . . .

We've always been sold on the idea of a small town . . . and Saturday brought another 'fer-instance' which made us feel all the more deeply about it . . . The Carl Russells received a message Saturday that their son, Gerry, had been wounded in Korea . . and what happens? . . . everyone says it's too bad and let it go at that . . . not in Charlevoix . . . they call the family, stop in to see them, offer their sympathy and wishes for his recover and in many ways let the parents know they're not alone . . . See what we mean . . .

• • •

WE HAD A LOT of favorable comments on our story about Korea as told by the Larry Gannons . . . One thing that was omitted but which we felt was worth mentioning was the fact that the Korean language is the phonetic language in the Orient and added to that the fact that there are only 26 surnames in the language and everytime the name is written it'a a different combination of letters . . . A bit confusing to say the least . . .

We have some candidates for the most photographed kids in town . . . they're the Swanson boys, Larry and Tommy who have the ponies . . . everyone wants his picture taken on the horse . . so the boys must hold the ponies . . . another picture . . .

Another one of our boys has left for overseas . . . he's M/Sgt. Joe Schwab, a veteran of some 11 years in the air force, who is now in Japan with the B-29's . . he has written his mother, Mrs. Anna Eccleston . . .

The National Safety Council reports that 500 Americans will have a holiday date with death this Labor Day week-end . . . would it be asking too much if we asked you to be careful and break that date . . . You know one of the hardest jobs about the newspaper business is writing of accidents and deaths of those we know so well . . . Give us a break this week-end and in so doing you'll be helping yourself . . .

Congratulations to the Herb Schofields on the arrival of their new son . . . after three daughters . . . it's the second boy in 55 years on Mrs. Schofields's side of the family, we're told . . . so it's really an occasion . . .

• • •

NO MATTER where you go these days you hear "How are the Tigers doing today?" Do you suppose they're really going to win that American league pennant . . . if they don't it won't be because the local fans aren't rooting for them . . . By the way, how does one go agout getting a World Series ticket? . . We'll bet money that if the Tigers do win there'll be quite a few who'll manage to go . . .

Wasn't the summer day we had last Thursday wonderful . . . just a sample of what the weather could have been like here but wasn't . . . if you know what we mean . . . Mayhe we'll have a beautiful Indian summer . . . we keep telling ourselves . . .

Football practice . . . does it seem possible . . . But Coach Del Terrill had a wonderful turnout for his get-acquainted meeting Friday night and they're off to a good start this week with two practice sessions a day . . there'll be a lot of sore muscles and hard work between now and the season's opener at Grayling on Sept. 22 . . . Take a look at that roster . . . looks good to us . . . And for your information . . . the Rayders have more letter-winners returning than any other school in the league . . . looks like a good season, we predict . . .

Bill and Bob Carey concluded their gang's activities Friday and will have a few days to theinselves before reporting next week for Michigan State football practice . . . the gang was treated to a farewell party at Wag's . . . with Butch Wagner acting as host to the group . . . the kids had a lot of fun and so did their directors . . . so what could be more fun . . .

BABY TALK

A daughter, Mary Christine, was born Sunday, August 27 to Mr. and Mrs. Richard Lennox at St. Joseph Hospital, Flint.

Mrs. Lennox is the former Betty Willis, daughter of Mr. and Mrs. Fred Willis.

Births recorded at the Charlevoix Hospital recently include:

A son, Thomas Wayne, born to Mr. and Mrs. George T. Whaling Aug. 23.

A son born to Mr. and Mrs. George Morgan Aug. 23.

A son born to Mr. and Mrs. Herbert B. Schofield Aug. 27.

Help the hospital drive.

Voice of Our Readers . . .

Editor:

May I congratulate you on your editorial on bright auto lights.

I have been driving for 33 years and consider bright auto lights the greatest highway menace; not only a menace but an entirely unnecessary nuisance. The long-range bright headlight is no longer needed and should be declared "unlawful" — both for euipment on cars and trucks and for use when so installed. Keep up the campaign!

Will the State of Michigan please mark some of its ahrines (for example, the Council Trees) — so we outsiders can find them!

It was only after some repeated inquiry that we found the above historic spot.

Why not have auto drivers stop when pedestrians are in the cross walks? Other summer towns do this — to the safety of adults and children.

We thoroughly enjoying not only your scenery but also your cordial hospitality.

LABOR DAY...MID-CENTURY

Labor Day usually means picnics, enjoyment and a well-earned rest for most people. But we all recognize the more significant meaning. This year, we pay tribute to American workers whose production power through 50 years has given this nation the highest standard of living in the world. In observance of Labor's special day this bank will not be open for business on Monday, September 4.

Final Plans Set For Labor Day Picnic in County

Final plans for the annual Whiting Park picnic on Labor Day, September 4 have been announced. All families in Charlevoix county are urged to bring their picnic lunch and their own coffee to the Whiting Park located between Boyne City and Ironton. The Chambers of Commerce of Charlevoix, East Jordan and Boyne City are financing the picnic. The program and plans are under the direction of K. C. Festerling, 4-H Club agent and Ed Rebman, county agricultural agent.

The program in the afternoon will start promptly at 2 p.m. with a softball game between two 4-H teams. Following this will be a softball game between fathers and sons. The childrens games will start at 3 p.m. and will include all the races, slipper kicks and other games. There will also be a nail driving contest for the women. Square dancing in the Whiting Park Clubhouse will get underway at 4 p.m.

In addition to the above program, there will be horse shoes and bingo for those that like to play these games. Prizes will also be awarded to the oldest lady, oldest gentlemen and to the largest family present at the picnic. Everyone is urged to attend.

Paul White, 56, Dies At Little Traverse

Ellsworth — Funeral services were held Friday afternoon at Diton's Funeral Home, Central Lake, for Paul J. White, 56, who died after a heart attack Tuesday at Little Traverse hospital, Petoskey.

Mr. White had been manager for 30 years of the local shale pit of the Petoskey Portland Cement Co. and was a veteran of World War 1. Surviving are the widow, Bertha, and a brother, Claude, both of Ellsworth. Burial was in Southern cemetery, Central Lake.

Two Others Listed For Draft Exam

The names of Edward J. Lord of East Jordan and James N. Roberts of Charlevoix replace the names of Daniel Sinclair and George W. Moore, both of East Jordan, on the list of registrants who will leave here Sept. 12 for pre-induction physicals at Detroit the following day.

The first group of Charlevoix county men during the present crisis to undergo pre-induction physicals left this city Tuesday morning by bus for examination in Detroit. Forty-two men were in the group and three others were to meet the contingent at Fort Wayne. They spent Tuesday and Wednesday night at the Fort Shelby and will return here later today.

Gerald Russell Is First Local Casualty

Pvt. Gerald Russell, 19, son of Mr. and Mrs. Carl M. Russell has been slightly wounded in action in Korea to become Charlevoix's first casualty in the present conflict.

The message telling his parents of his injury was received Saturday and stated that he had been wounded Aug. 8. The last letter his parents had received from him was dated Aug. 7. The message also stated that he was being treated in a hospital in Japan and told the parents his present address.

Pvt. Russell enlisted in the army last December and went to Japan with the First Cavalry Division in April. He went to Korea late in July.

Boy Falls from Dock, Drowns

Allen Herling, 12, only child of Mr. and Mrs. Elmer Herling of Saginaw, was drowned late Saturday when he fell from a dock while fishing.

The accident occurred at 6:55 p.m. at the end of the dock where the parents yacht, the Mary Sue, was tied. They had arrived in Charlevoix Friday and were to leave the boat here for repairs when they returned to Saginaw Sunday.

Louis A. Weil Jr., of Grand Rapids, publisher of the Grand Rapids Herald, a patron at the Parkside dining room, first saw the lad as he floundered in the water. He spread the alarm, ran to the dock and dived in after the boy. His efforts and those of several others failed to locate the body which was recovered at 7:30 by the Charlevoix Coast Guard in command of Joseph Etienne. Attempts to revive the boy by means of artificial respiration administered by the Coast Guard and treatment by Dr. L. E. Grate proved futile.

The body was taken to the See Funeral Home Saturday night and to Saginaw Sunday.

Long Illness Proves Fatal to Rudolph Best, 75

Funeral services for R. C. Best, 75, father of Mrs. L. P. Petersen and former East Jordan resident, were held at the See Funeral Home Sunday. The Rev. G. D. Howell officiated. Burial was in the Brookside cemetery.

Mr. Best, who had lived in Charlevoix for the last 12 years, died at the Charlevoix Convalescent home early Friday after a long illness.

Born in Keokuk, Ia., Jan. 14, 1875, he came to Michigan as a young man and was married to Bertha West of Bellaire. They made their home in East Jordan where Mr. Best operated the White Star restuarant for many years. Mrs. Best preceeding him in death in 1920. He retired about 12 years ago and came here to live with his daughter, Mrs. Petersen. When in East Jordan he had been an active member of the I.O.O.F. and the K. of P. lodges.

Besides Mrs. Petersen, he is survived by another daughter, Mrs. Howard Bayliss of Alma; a son, D. A. Best of Detroit; a sister, Mrs. Bertha Thomas of Peoria, Ill; seven grandchildren and one great-grandchild.

other relaxation.

His neighbors along Lake Charlevoix are familiar with his hobby as they often times are startled by blasts from the steam whistles on the engines.

His largest engine, the Case, was purchased from the city of Harbor Springs last summer. It really is his favorite. Until about 10 years ago, Harbor Springs used it for steaming asphalt. Boasting a 12 horsepower engine, it has seen long and faithful service at Harbor Springs.

• • •

IT REQUIRES nearly two hours to generate enough steam to get the engine rolling, Mr. Schaerer said. It was this time lag in getting it started that Mr. Schaerer believes, was responsible for the activity of faster starting engines and cars.

"People today would not stand for something like this that takes so long to start", he said. They want something to push on to start instantly with the touch of a finger or foot."

His other engine, the Nichols-Shepherd, was built in 1897 and was the center of threshing operations in the bygone days. He bought that from a scrap dealer in East Jordan in 1947. This engine saw action during World War II in an area sawmill.

Were it not for men like Mr. Schaerer who still love to recall the preceding era, the engines would end up on a scrap heap.

The tie among the hobbyists who collect engines is a publication called Farm Album. It is devoted to old time steam engines and their owners. It provides information on the availability of parts for the engines.

The engine hobbyists get together several times each year at conventions and swap experiences.

Mr. Schaerer, owner of the Motor City Paper Tube Co., manufacturer of Paper cans, mailing tubes used chiefly in the automobile trade, has been coming to Charlevoix since 1936. Mr. and Mrs. Schaerer have two sons, both of whom are married. The elder Schaerers recently completed a ranch-type home on the shore of Lake Charlevoix.

They make it a habit of coming to Charlevoix in late spring and remaining until October.

Council Hears Report On Finance Issue

(Continued from page one)

City Attorney Norman Ance said Professor Hanson of the University of Michigan is advising the city regarding the engine. He termed the professor one of the leading "practical experts" on vibration in the nation.

Gregory Shadko offered his opinion that the city might be better off to sell the engine and make other arrangements. This would cost the city upward of $100,000 which it does not have, Ance replied.

MR. SHADKO also told the council that the state highway department favors either a four-lane or two-lane highway for Petoskey avenue, pointing out that highway officials discourage three-lane highways whenever possible.

In a four-lane setup, the state pays for the two center lanes and half of one of the other lanes and the federal government, half of the remaining lanes with the city assuming the rest or about $5 per running foot, Shadko said.

Bills totaling $9,544.90 were ordered paid.

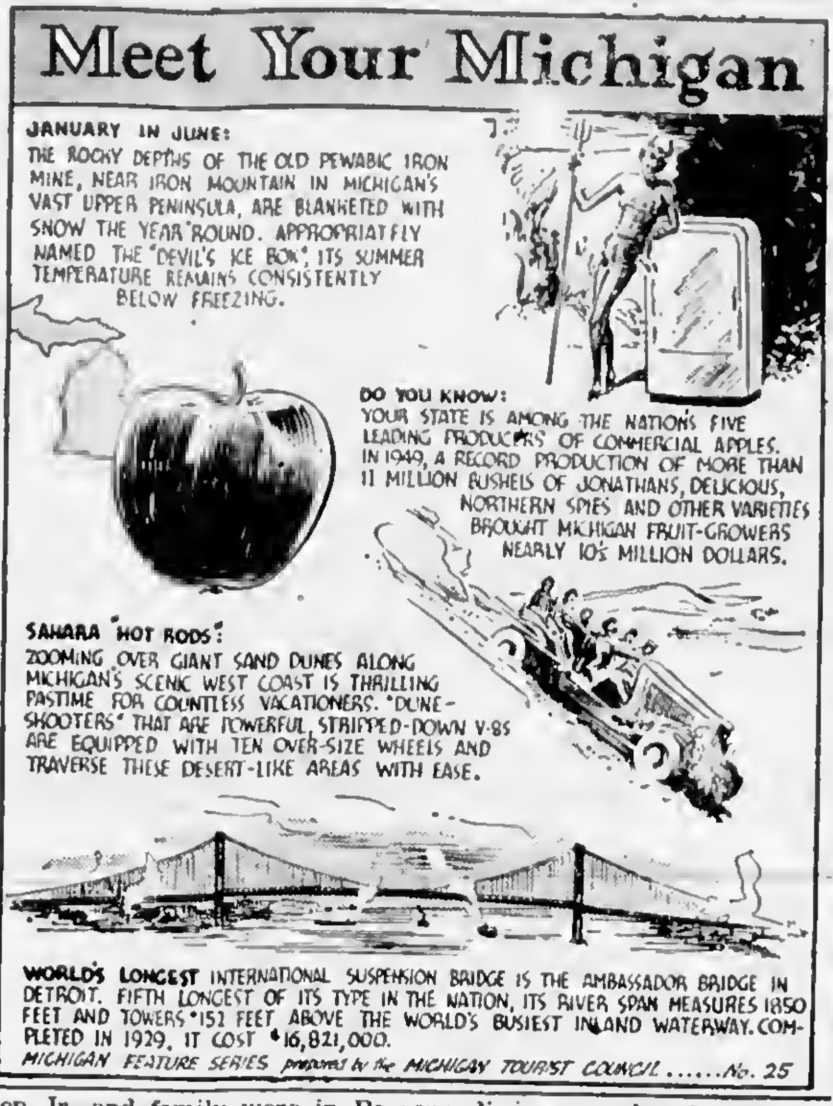
Meet Your Michigan



JANUARY IN JUNE:
THE ROCKY DEPTHS OF THE OLD PEWABIC IRON MINE, NEAR IRON MOUNTAIN IN MICHIGAN'S VAST UPPER PENINSULA, ARE BLANKETED WITH SNOW THE YEAR ROUND. APPROPRIATELY NAMED THE "DEVIL'S ICE BOX", ITS SUMMER TEMPERATURE REMAINS CONSISTENTLY BELOW FREEZING.

DO YOU KNOW:
YOUR STATE IS AMONG THE NATION'S FIVE LEADING PRODUCERS OF COMMERCIAL APPLES. IN 1949, A RECORD PRODUCTION OF MORE THAN 11 MILLION BUSHELS OF JONATHANS, DELICIOUS, NORTHERN SPIES AND OTHER VARIETIES BROUGHT MICHIGAN FRUIT-GROWERS NEARLY 10½ MILLION DOLLARS.

SAHARA "HOT RODS":
ZOOMING OVER GIANT SAND DUNES ALONG MICHIGAN'S SCENIC WEST COAST IS THRILLING PASTIME FOR COUNTLESS VACATIONERS. "DUNE-SHOOTERS" THAT ARE POWERFUL, STRIPPED-DOWN V-8S ARE EQUIPPED WITH TEN OVER-SIZE WHEELS AND TRAVERSE THESE DESERT-LIKE AREAS WITH EASE.

WORLD'S LONGEST INTERNATIONAL SUSPENSION BRIDGE IS THE AMBASSADOR BRIDGE IN DETROIT. FIFTH LONGEST OF ITS TYPE IN THE NATION, ITS RIVER SPAN MEASURES 1850 FEET AND TOWERS 152 FEET ABOVE THE WORLD'S BUSIEST INLAND WATERWAY. COMPLETED IN 1929, IT COST $16,821,000.

Shrine Dedicated in Special Ceremony

Ellsworth—In a special ceremony Aug. 15, Father John Brietenstein of Grayling dedicated and blessed "The Little cathedral in the Pines" near the home of Morris Burricks on US 27 north of Grayling.

The shrine was built upon the promise of Mr. Burrick which was made at the time of an operation of the eyes of his friend, Mrs. Amelia Gillett of Ellsworth.

Mrs. Gillett, now 84, was blind and the promise for the erection of the shrine was made if her eyesight was restored by an operation which took place May 19, 1949. Mrs. Gillett is now able to see. She has been a resident of Ellsworth since 1896. Her husband Fred, died Jan. 19, 1942.

Forest Industry

The forest industry of the Pacific Northwest provides 60 per cent of the payrolls of that region.

Red Cross May Plan Plasma Clinic

The Charlevoix county chapter of the American Red Cross held a meeting in East Jordan recently.

George Ferris of Boyne City who assumed the duties of acting chairman following the resignation of Ralph Hamilton July 1 as county chairman presided.

Mrs. Neal Freidley of Boyne City who was named executive secretary to succeed Mrs. John Hartlep of Boyne City, July 1 made a report of her work for July.

The organization went on record to keep the month of March for the annual fund drive. The arrangements for a blood plasma clinic in the county later this fall was also discussed.

Mrs. R. G. Bennett and Rev. W. D. Wood attended from Charlevoix.

Yolks of Eggs

Many yolks of hen eggs have more than one germinal disk. These show up as round, light colored spots on the surface of the yolk. Usually only one of these disks ever develops into the embryo and ultimately produces a baby chick.

"Empire State"

George Washington, after a tour of the state's harbors, waterways and fertile countryside, and after studying its military and commercial importance, called New York the Seat of Empire. A few years later the appellation, "The Empire State," came into popular use.

IT HAPPENED ON ....
BEAVER ISLAND

By Mrs. J. C. Hanley

The construction job on Beaver Island's REA plant has been completed. A crew from the mainland with Buddy McDonough, Donald McDonough and Joe Dillingham extended the building on both sides and painted the building white. The appearance together with the additional power is a real asset to the island.

John McGowan's cottage, formerally Doctor Ruth's cottage, is getting a coat of paint and Pat LaFreniere says the new look has really done something for the place.

Back beach is coming forward rapidly. Not only is the new hotel going up, but a cottage for H. A. Roy of Pontiac and one is being planned for Norman Kraft of Detroit. Walter Wojan is building the Roy cottage and Mr. Kraft is planning a Bellaire log cottage.

Fred Spalding has the agency of the Bellaire cottages on the island.

* * *

NORMAN KRAFT and daughters, Mona Lee and Celise are guests at the King Strang Hotel.

Father Fabian Keenan left the island by plane Thursday. Father will not return to the west coast. His new appointment is St. Peter's Church, Louisville, Ky. At least that is quite a few miles closer to the island than Pismo Beach.

Ralph Rutt of Hammond Indiana has built a honey of a log cabin down on the south arm of Lake Genesereth. Ralph and his son-in-law worked out the plans, planed the logs for a flat surface on the interior and built the majority of the house themselves. They were assisted by Lester "Doney" Gallagher and Art Taft. Ralph and his son-in-law returned to Hammond Wednesday.

* * *

SPEAKING of Wednesday—a damaging frost hit the island early in the morning nipping the crops in the country and a few gardens in the village. Joe "Mafroe" Sendenburg who lives in the village specialized in cucumbers this year and his entire crop was damaged. Joe's dream of home made pickles on the pantry shelf this winter has faded.

Mr. and Mrs. Rolland McCann and Gus Mielke left Thursday for Kentucky to visit Rolland McCann, Jr. who is beginning his third year in his studies towards the priesthood in the Dominican Order. They drove down in Mr. Mielke's new Chevrolet which was waiting for them when they landed in Charlevoix.

Mrs. David Pike and children returned to the island to await the stork which is due to arrive at the McDonough home most any day now.

Mr. and Mrs. Lyle Schafer and daughter, Mary Ella, Milan, Ohio spent the past week on the island. They occupied Allen's log house. It was the Schafer's first visit to the island and from all indications it won't be their last.

* * *

THE ASSOCIATION of Commerce has received inquiries from far away places, chiefly in the U.S.A. but this past week there was an inquiry from Syria. The gentleman saw our ad in Carefree Days. That magazine does get around.

Rosemary and Ellen Nackerman returned to Ypsilanti with their sister and brother-in-law, Mr. and Mrs. Arthur Huston for a week's visit. They will also spend a week in Pontiac before returning to the island.

Bernadette Malloy accompanied her sister-in-law and brother, Mr. and Mrs. Lawrence Malloy, Jr. to Chicago for a visit.

Marguerite Connaghan and nephews Billy Bennett and Charles Dudley were in Charlevoix for a few days last week.

Mr. and Mrs. Leo Stern and family and Mrs. Fanny Stern, Detroit, are vacationing on the island.

* * *

MR. AND MRS. Thomas Baer, Monticello, Ind. spent their honeymoon on the island this past week.

Mrs. Carl Left and children Susie and Butch, are visiting Mrs. Left's parents in Charlevoix.

Mr. and Mrs. Hugh Jr., Chicago, are vacationing at the Ray's cottage near the head of the island.

Judge and Mrs. E. R. Boyles returned to their home in Charlotte after spending the summer in their Sand Bay log cottage.

Mrs. Wilfred O'Brien remains on the sick list, although is somewhat improved. Mrs. O'Brien wants to thank all of her friends who sent "get well" cards.

Wilfred O'Brien wants a little help. He has built a beautiful 21 foot sail boat and he wants someone to suggest a name.

Mr. and Mrs. Lloyd McDonough's twenty-fifth wedding anniversary was Friday. Their son, Bruce, had a birthday Saturday, so they combined the two occassions and celebrated Saturday evening with a dinner in their home.

Pat LaFreniere said he and Liz celebrated their twentieth anniversary a week ago Sunday at their Lodge. A number of their friends gathered for a rabbit feast—tame rabbits of course.

Mr. and Mrs. Trim Reynolds and daughter were visitors to the island over the week-end.

Martha Miller had a trip to Jackson with husband, George, to overlook the house they expect to occupy in a few weeks.

A party of eight flew up from Detroit in three planes to fish for bass in and around the surrounding islands. They fly over the territory, spot the schools of bass, base on Beaver island and engage one of the fishermen to take them to the chosen spot. This time, Chuck Kleinhenz took them in his fish tug to Hog Island. This system works fine and it's a great sport. This is the fourth trip these flying fishermen have made to the island since the season opened. They were guests at the King Strang Hotel.

Mrs. Ila Adams, who has been the guest of Mrs. Edyth Kleinhenz for the past two weeks, returned to Bay Shore Saturday.

Bill Barkley and brother-in-law, James Insel, returned from duty at Camp Grayling Saturday in time to lend a helping hand to Bill's mother, Mrs. Louise Barkley, who moved the family back to Detroit Sunday. Bill and James received word before leaving camp that Uncle Sam will request their presence in a designated camp in thirty to sixty days. Bill left his number one headache on the island the puddle jumper, with Glenn McDonough.

Bud Martin and Larry Cull are on leave from their boats and are home visiting their parents, Larry leaves Wednesday for his examination in Detroit.

Michael Schradzki Dies in Hospital

Michael Schradzki, 84, summer visitor here for 40 years, died Sunday at the Charlevoix hospital following a cerebral hemorrhage suffered Saturday.

The body was returned to Peoria, Ill., where funeral services were held Wednesday. Burial was in the Springdale cemetery.

A resident of Peoria, Ill., where he had been an insurance agent for many years, Mr. Schradzki was well known in Charlevoix, particularly by the children to whom he had shown so many kindnesses.

He is survived by his wife, Lottie. Their only son preceded him in death.

Our Congressmam COMMENTS

By Charles Potter

Shades of pre-Pearl Harbor days are haunting us again. We all recall the scrap iron we sent to Japan which came back to us in the form of tanks and bullets. We had the same short-sighted policy in our relationship with Russia after World War II.

Since September 1945 until the present time more than $279,000,000 worth of tanks, guns, ships, agricultural, industrial and other commodities have been sent to Russia. It is tragic to speculate just how much of that material is now being used against our own men in Korea.

Since September 1945 we have sent $2,800,000 in tanks and other vehicles to Russia. We sent $21,000,000 in vessels and other water craft and almost $0,000,000 in miscellaneous military equipment.

On October 15, 1945 Leo Crowley acting for the United States and Leonid Rudenko on behalf of the Soviet Union signed an agreement in Washington providing that materials and supplies under the lend-lease program which were "in inventory or procurement in the United States for the purpose of providing war aid to the U.S.S.R. but which had not been transferred to the Soviet" should be completed, packaged and shipped to Russia.

It certainly was not contemplated by the people of the United States that we would continue to furnish military aid to Russia after the victory was won, but our foreign policy officials pulled another fast one on us. This action by foggy-thinking officials has aided greatly the war aims of the Soviet Union.

Scenic Tours of Charlevoix Area Are Unsurpassed for Beauty

For scenic northland beauty, Charlevoix county and surrounding areas are hard to beat. Thousands of tourists make a scenic tour of the county each year.

If you have a few hours and desire to see beautiful lakes, hills and valleys, go south from Charlevoix on M-66 to East Jordan, passing the Ironton Ferry, or turn aside and ride across ferry and take the county road to Advance and Boyne City and then route 75 to Walloon lake. Go north on US 31 to Petoskey.

If just a short drive is wanted, turn left at the junction with US 31 and return to Charlevoix. If an all-day trip is the order, continue on 131 through Petoskey, Bay View, Conway, Alanson, Pellston to Levering.

Turn west to Cross village, noted Indian village and early mission site. Then follow the shore drive, high above Lake Michigan through Good Hart to Harbor Springs and Petoskey and thence back to Charlevoix on US 31.

Plenty of Rhythm, Harmony At SPEB Songfest Sept. 1-4

Climaxing a summer of activities and entertainment for the summer visitors and residents in Charlevoix will be the eighth annual SPEBSQSA songfest Sept. 1-4.

Headlining an outstanding array of barbershoppers will be the Mid-States Four, 1949 International Champions at Buffalo. Known far and wide as a comical quartet, they can also sing with the best of them. They have been popular favorites every time they have appeared here.

The Beach hotel will be the center of activities for the Barbershoppers and their guests. Indications point to the biggest songfest ever held here with advance reservations surpassing those of other years.

The jamboree here has become one of the most popular events of the Barbershoppers and there will be guests from many of the large cities of the nation in attendance.

Jerry Beeler, international president of the Barbershoppers, will be master of ceremonies at the Jamboree Sept. 2 at the high school. This is open to the public.

There will be plenty of fun and harmony in Charlevoix over the Labor Day weekend.

Charlevoix County Farm News

List Way to Maintain Milk Yield in Fall

Fall is claimed by many dairymen as the toughest season of the year to feed the dairy herd. During this season the amount of field-furnished grub is uncertain depending on the amount of rain and how early the frost comes. Also, the farmer is busy with the rush of fall work and the cows are slighted. Those dairymen with a patch of reed canary grass should have some good fall pasture. Balbo rye furnishes fine browsing in late September and early October, but is still used by a relatively few dairymen. Silage that has been feed supply in August is apt to be buried under the new filling.

To keep up milk production during these fall months here are some suggestions that dairymen might consider according to Ed Rebman, county agricultural agent.

1. He can pasture heavily those fields of alfalfa-brome that he is going to plow up next spring.
2. He can keep hay constantly before the cows in the fields, and in the barn when he starts cooping up the cows nights.
3. He can feed green corn, preferably buzzed through a cutter and fed in the manger, or in outside racks. Corn heaved over the fence is largely wasted, as the cows romp over the plants searching for ears.
4. He can start feeding silage when it is "made" enough to be tasty and when the weather gets brisk enough to prevent surface mould.
5. He can step up his grain feeding to wintertime make-up and amounts.
6. He can throttle his understandable disinclination to start the steady grind of barn choring and gather in the cows when he knows in his heart that the fields are milk-less. Spending chilly hours on frosty foilage sets a cow back, — it's hard to get her into high gear again.

Dairymen are urged that it's easier to do some extra work in feeding and maintain milk production than it is to let the milk production drop and bring it back up. With farm expenses still very high and prices down somewhat from last year all farmers should do the best job of feeding to hold their production in order to make as great a return as possible.

You Need the STRENGTH.. CLEARANCE .. DEPENDABILITY a JOHN DEERE Offers You

Strength and clearance—these two outstanding plow features combine with dependability to make John Deere today's tractor plow leader.

The leadership of the John Deere is due, largely, to the stronger, tougher *Truss-Frame* construction which equalizes the shocks of hard work over the entire plow frame. Clearance is ample for extremely trashy conditions. The *genuine* John Deere bottoms scour cleanly, pulverize properly.

The result? Plow performance you'll really appreciate! See us for details about the John Deere Plow that best suits your requirements. Come in soon.

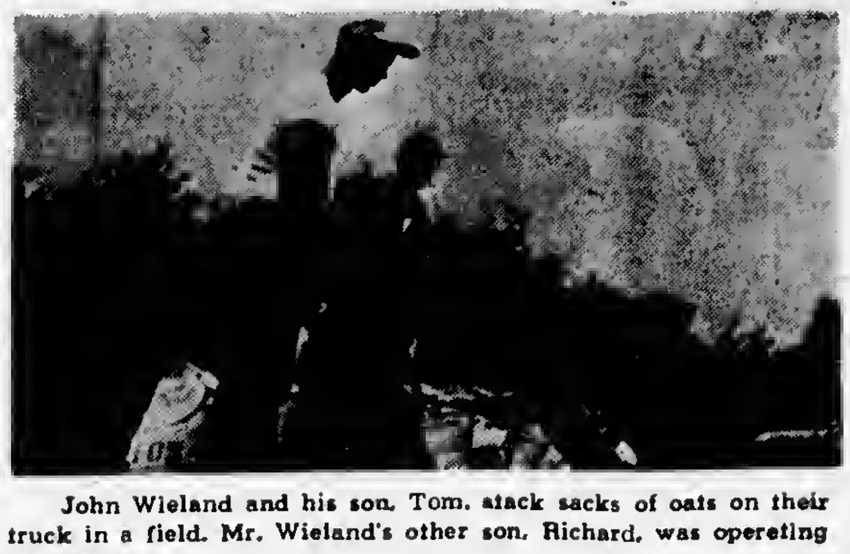
Wielands Finds Irrigation Not Needed on Potatoes thts Year



John Wieland and his son, Tom, stack sacks of oats on their truck in a field. Mr. Wieland's other son, Richard, was opereting the combina.

This summer has been one of the wettest in memory for many Charlevoix and Antrim county farmers.

To back up this statement, consider the experience of John R. Wieland and sons, Richard and Tom, who own and oparate 400 acres in Banks township.

Being some of the few irrigation farmers in northern Michigan, the Wielands have had to irrigate their certified seed potatoes only twice this summer, and on one of these occasions, it was hardly necessary, John Wieland reported.

• • •

JOHN WIELAND is one of the pioneers in growing certified seed potatoes along with the Peebles family in this section of northern Michigan. He estimates that it was agout 25 years ago when they started growing certified potatoes which at that time were starting to gain recognition.

The Wielands maintain that potatoes need an inch of moisture every week during the growing season. Growing about 25 acres of Katadins and Russets, the irrigation equipment pours out 400 gallons of water a minute or 24,000 gallons an hour.

Like the Peebles family, the Wielands really think a lot of irrigated farming. For example, a top plot of potatoes last year yielded 575 bushels to the acre compared with 250 bushels on a non-irrigated field. He also tried irrigation on some carrots. The yield from an acre of irrigated carrots was 25 tons or nearly dourots. He is growing five acres each rots. He is frowing five acres each of beets and carrrots.

A FULL LINE of mechanized farm equipment helps the Wielands on their large farm. An old advocate of the pen type barns for his livestock, Mr. Wieland keeps 25 head of cattle. The sons are members of Holsteins - Friesian association.

The herd is rated one of the best in the area by the Dairy Herd Improvement association. Last year the herd averaged 345 pounds of butterfat per cow, ranking first in herds of its size. Last month it had the second high cow in DHIA. Because of his dairy operation (the Wielands feed all their grain and hay.

Commenting on his potato crop, Wieland said that it looks very good but that the price outlook is poor at present.

During the last week, tha Wielands have been combining thair 50 acres of oats which they said are running about 50 bushels or better to the acre for a good yield. Thair use of straw is so great that they buy some for their pen type barn.

Wieland reported that his cattle are fed 34 per cent Milkmaker, using some 400 pounds of it mixed with a ton of oats, wheat or corn. Minerals of course are added to it, he said.

From his 24 acres of corn, he places half of it in his silos and the remainder is husked. His silos, constructed a year ago are of cement stave, 11 by 36, and hold about 75 tons.

Just for variety, the Wielands have five acres in Montmorency cherries which were planted last spring.

ORCHARD NOTES

By Cleude Fairman

C. Fairman

The recent orchard tour in Leelanau county of the Michigan State Horticulture society held in cooperation with the Leelanau county Hort society called on the largest and best orchards, especially in the north end of the county to note effects of various spraying and soil management practices as well as fertilizers used on different types of soil and under different conditions.

It was stated that the beautiful scenery and fruit growing went together. While they were doing a beautiful job over there, this writer and his staff noticed that orchards on this side of the lake were still better. We also had scenery and our land is better and generally our trees grow larger and healthier.

Our newly organized society in Antrim and Charlevoix counties will also have tours and help to promote a better interest in fruit growing in our locality. McIntosh apples, Montmorency cherries and Red Haven peaches are our leaders here.

They grow better up here than any other place. Who knows but we may have large processing plants and cold storage right here in or near Charlevoix some day.

Don't Buy Raw Milk, Health Aides Say

Don't buy or use raw milk or homemade butter, ice cream, or cheese, the Michigan Department of Health urged vacationists this week.

City-dwellers accustomed to the pasteurized milk supply required by law in the state often do not know that farm-fresh milk and milk products can be dangerous, the Department said.

There's no short cut or easy way to do a soil conservation job. It costs money and effort, the S.C.S. points out.

Praise New Rat, Mice Killer Discovery

A new rat and mouse killer hailed as one of the safest from the human standpoint and one which holds promise of wiping out rodent colonies completely and permanently, is now available to the general public, it has been announced by the Wisconsin Alumni Research foundation.

Warfarin, the new death-dealing substance, developed at the University of Wisconsin is avail- to rodenticide manufacturers.

Warfarin's effectiveness will make it of great value for use on farms and in restuarants, warehouses, and manfacturing establishments. Other poisons kill so rapidly that dead and dying rats serve as warning to the rest of the colony. Tasteless and odorless Warfarin, however, is slow-acting and relies upon the cumulative effects of small quantities consumed over a period of days.

Poisoned rats show no immediate effects. They eventually become drowsy, and begin to walk with a slow and measured gait. Finally, without suffering, they die of internal hemorrhage. Other rats are not warned of the poison - - there is no dash for water, there are no convulsions - - and the bait then remains to keep stray rats from again populating the area.

One major advantage of Warfarin rodenticides is their relative safety. Since they rely upon cumulative doses for results, there is little chance that enough bait will be taken by humans, pets, or domestic animals to cause adverse effects. Out of the several hundred nation-wide tests made on Warfarin, no case of accidental human poison was reported.

Need Trees?

Lansing - Over 17,000,000 seedlings and transplants, largest stockpile the conservation department ever has been able to offer for private reforestation projects, will be available for fall and spring planting. Farmers and others who are interested should direct requests to the department's forestry division at Lansing.

Two County Boys Win Short Course Scholarships

Ed Korthase, son of Mr. and Mrs. Wiliam Korthase of Boyne City and Fred Looze, son of Mr. and Mrs. Perry Looze of East Jordan, have won short course scholarships at Michigan State College, according to Ed Rebman, county agricultural agent.

The $100 scholarship for Ed Korthase will be sponsored by the Boyne City Branch of the State Bank of East Jordan, according to Howard Darbee, manager. Ed Korthase graduated from Boyne City High School this past year and has been active member of local FFA Chapter.

The scholarship for Fred Looze is sponsored by the State Bank of East Jordan as announced by Robert Campbell, executive vice-president of the bank. Mr. Looze graduated from the East Jordan High school last spring and has also been very active in the FFA Chapter and other organizations.

Richard Schroeder, who was a teacher of both East Jordan and Boyne City High Schools for the past year, has been largely responsible for the decision of these boys to take the 8 weeks course at Michigan State College in general agriculture. Both of these boys, when they return, plan to go into general agriculture.

Do You Know--

American topsoil, this thin blanket of humus and decomposed rock-seldom thicker than the bite of hard thrust spade, is one of the most precious single resources in our country.

Soil conservation has meant savings to the farmer in seed, fertilizer, labor and power and increased income.

History proves that industrial development is unstable unless it rests on a broad adequate foundation of soil production.

Brannan Talk Is Discussed By Farmers' Union

Members of the Charlevoix County Farmers Union, meeting Aug. 22 at South Arm, heard reports on the Brannan speech at East Lansing recently. A good turnout of members attended.

John Spoelman, Claude Pearsall and L. Adkins who heard Secretary of Agriculture Brannan speak, related that the talk was enlightening. They said that one person in the audience raised the question: "Who's going to pay for the farm program under the Brannan plan"?

Mr. Brannan replied that the same ones who are paying for the present program will pay for it. Brannan said he hoped it would not cost as much as the present farm subsidy program.

Archie Murphy explained the calf scramble for the county fair at East Jordan. He said boys 15 to 17 are eligible for the event and urged them to join in and help make the project worthwhile. Mr. Pearsall explained about the entertainment at the fair. Boys interested in the scramble are asked to call Mr. Murphy, East Jordan RFD, Ed Rebman, Boyne City, Clyde Warner, Charlevoix.

Mrs. Guy McPherson reported on her local. Archie Murphy reported on the Saturday night dance.

The next county meeting will be held Sept. 19 with the Pleasant Valley group at Echo town hall. Potluck lunch will be served. The buyers club was discussed and orders placed.

The national organization's educational director, Mrs. Flossie Harris, of Denver, Colo., will be in the county soon to aid in the work for the locals.

Chickweed Can Be Controlled, Agent Says

Control of chickweed in strawberries has been obtained with a compound known as IPC according to Ed Rebman, county agricultural agent. This compound was used at the rates of 5, 10, 15 and 25 pounds per acre applied in September, October and November. The chickweed at first exhibits a water-soaked appearance at the basal portion of the stem then turns brown and dies approximately two months after application.

Yields of fruit from treated plants has been equal to that of plants in hand weeded rows. At the lower application rates no damage was noticed on the roots of the strawberry plants. Some injury was noticed on roots of plants with 25 pounds of the chemical per acre and on formation of new roots at the base of the ground.

Early spring application of IPC will also control chickweed in strawberries. It should be applied as early as one can get on the soil, preferrably late March or early April.

Signs of Fall

LANSING - Michigan's 4,000 hunting license agents will have a stock of game license and copies of the 1950 game law digest by the second week of September.

Final shipments to upper peninsula dealers now are being made.

Plant Wheat After Sept. 3 to Avoid Hessian Fly

The Hessian fly free date for planting wheat in Charlepoix County is September 3 Ed Rebman, county agent reported. Wheat planted before this date is subject to damage from this insect. The only satisfactory control at this time for Hessian fly is planting wheat in the fall after the date of Sept. 3.

The Hessian fly attacks wheat in the fall and spring. Wheat plants become stunted and may turn dark bluish-green in color. Infested plants finally die back from the leaf tips. The injury is done entirely by the larvae (maggots) of this insect which feed beneath the leaf sheath usually next to the ground.

The larvae have a shiny appearance, are white or greenish white in color, legless, headless and are aout 3/16 inch in length. Hessian fly over winters mainly as a full grown larva in a puparium called a "flaxseed." The maggots, pupating in the spring eventually become tho flies that lay the eggs for the spring generation. There are normally two generations in Michigan, one in the spring and one in the fall.

Hessian fly does not live to lay eggs after late summer. Preventing egg laying in the fall by planting wheat in the "fly free period" not only eliminates the damage in the fall but also reduces the number of flies overwintering for the spring generation.

County agent Rebman warns that it will more than pay for farmers to hold off planting their wheat until after September 3 to prevent this Hessian fly damage.

Weather Cuts Softball Play To Six Games

MAJOR LEAGUE

The weatherman again was the biggest winner during the past week as he permitted only 6 games to be played out of the 14 that were scheduled.

Sees held the top spot for the second straight week by stopping a stubborn Chatterbox team 14 to 6. T. Shores paved the way at the plate for Sees with a triple and two doubles. W. Harvey, pitching for Sees held the Chatterbox to 6 hits.

* * *

MAILHOTS stayed in the running by winning two last week. They took the measure of Cadillac-Olds 10 to 7 by scoring 5 times in the last innning. W. Carey started on the mound for Mailhots with H. Supernaw coming on in the third. J. Mailhot homered for the Outfitters as they hammered out 11 hits. In their other win Mailhots took the slipping Atwood boys 9 to 7. Again the winners had to come from behind as they scored 8 runs in the last inning. "Supey" allowing only 4 hits while Mailhots managed to collect 6 safeties off Bob Klooster.

Atwood salvaged one game when they nosed Freedmans 15 to 14. Errors again proved too costly for Freedmans, however, T. Wieland's heavy hitting was a hig factor in Atwood's win. Tom drove in 7 runs with a triple, double and single.

* * *

THE IRON WORKS seemed to score at will in beating Atwood 20 to 3. The Foundry boys continue their heavy hitting as they pounded out 11 hits. Atwood's defense was somewhat below par as they made 7 errors, one wild pitch, one passed ball also giving the Iron Works team 12 bases on balls.

Silver Birch took Cadillac-Olds 10 to 3 as R. Potter allowed only 4 hits to the boys in maroon. In spite of the score the game was a good one. The Olds team showed more hustle than they have for some time. Del Terrill handled the catching and seemed to have a steadying influence on the Olds team.

Parsels moved up a notch in the standings as they handed Freedmans a 13 to 10 defeat. Freedmans could get only 4 hits off D. Mathews as they committed 6 rather costly errors which figured prominently in the scoring.

MINOR LEAGUE

The battle for first place was settled when Atwood finally won from Cities Services in an extra inning ball game 11 to 8. H. Klooster held Cities Service to 2 hits, however, the boys from town worked "Hank" for 12 bases on balls.

Cities Service avenged an earlier defeat by Ellsworth as Deano Davenport pitched a no hitter. He missed a shut-out when the boys in green made 2 errors in the 4th nnd Ellsworth scroed twice. Final score was Cities Service 10 and Ellsworth 2.

Campbell-Supernaw scored an 8 to 7 win over the American Legion for their first win in the second round. The Legion team also bowed to the Belvedere boys 8 to 7. The summer visitors now have a record of 3 wins against 3 loses as they bowed to a heavier hitting Atwood team 14 to 3.

County Fair at East Jordan Opens Sept. 12

The 1950 Charlevoix County fair September 12- 16 at East Jordan, is bigger and better than last year's according to Ed Rebman, county agricultural agent and secretary of the fair board.

Good premiums are offered for all exhibits and good shows have been engaged to preform every afternoon and evening during the week. Friday, September 15 is Children's Day.

All agriculutral exhibits are to be entered on Tuesday, September 12 and preferably before 5:00 p.m. on that day. Bring your exhibits in as soon after dinner as possible. There will also be several machinery companies and commercial exhibits entered.

Joie Chitwood's World Champion Auto Dare Devils will be on a two hour preformance in both afternoon and evening on Wednesday, September 13. Some of the stunts that these men will do are the car ramp-to-ramp leap, catapulting a 1050 auto completely out of control, 80 or more feet through the air while another sedan races underneath. Other exciting stunts will also be performed.

The WLS National Barn dance will be featured Thursday evening, September 14. There are many interesting features of this barn dance but the main and original idea of rustic comedy and music in the setting of a hay loft still remains. This is vaudeville up to date, interspersed with novelty features with the highest standards.

Horse racing will be held Thursday and Friday afternoons. The calf scramble with nine Hereford calves will be staged before the grandstand on Friday afternoon. Horsepulling contests will be held on Saturday. Earl Peterson and his musical show will perform on Friday and Saturday evenings.

Outstanding judges have been secured to judge the exhibits. The judging will take place on both Wednesday and Thursday morning and afternooons. The exact time for judging will be posted at the secretary's office.

New Names Mark Grid Roster for 1950 Lineup

With ten days of football practice behind them the Charlevoix Rayders 1950 squad is beginning to take form.

Coach Del Terrill reports many new names from the roster of 54 candidates who reported for practice who are shaping up and who are expected to give experienced lettermen a tough race for positions on the Varsity squad.

Among the newcomers are Charles Murrell, Nathan Boss, Leonard Raymond and Leo Allard, who are all trying for a regular guard position; Tom Bleha, center; Stan Whitley, tackle or end Ted Browe, tackle; Dean Boss and Bobo Bennett, ends.

In the backfield Norm Ketchman and Dean Davenport, vieing for the quarterback positions; Gerry Left and Fred Jolliffe, halfbacks, Jim Lewis, full back and Louis 'Sunny' Mason, a back, are trying hard for regular berths.

All the newcomers are sophomores and juniors.

The Rayders will continue with two practice sessions daily until school opens next week.

The 1050 schedule follows:

Sept. 22—Grayling there.
Sept. 29 — Boyne City here
Oct. 6 — East Jordan there
Oct. 13 — Gaylord here
Oct. 20 — Harbor Springs there
Oct. 27 — Pellston here
Nov. 3 — Mancelona here

Milo Miller Found Dead In Truck

Milo Miller, 34, truck driver for the Charlevoix Limestone Co., was found dead in his truck on the Maple Grove road in Hayes township at 8:30 Monday morning. Frank Winnick, 38, who had been asleep in the truck with him found him dead when awakened by a passing motorist.

Winnick told Sheriff Floyd Ikens he and Miller had spent Sunday evening together and that Miller was driving him home about 3:30 a.m. when they missed a turn. In backing the truck to make the turn it went into the ditch at the cross-roads and they decided to sleep in the cab until morning when they planned to get Winnick's brother's tractor to pull them out.

Dr. L. E. Grate, coroner, stated death was due to natural causes after performing an autopsy. He also said Miller had been under a doctor's care for a heart condition.

Born in Charlevoix Aug., 1916, Miller had spent his entire life in this community.

He is survived by his mother, Mrs. Milo Miller Sr.; four sisters, Mrs. Gordon Bennett and Mrs. Virginia Bacot of Ann Arbor; three brother, David, Robert and Willis.

Funeral services were held at the See Funeral Home at 2:00 p.m. Wednesday with Rev. Jackson E. Turner officiating. Burial was in the Brookside cemetery.

Edwards Improving After Auto Mishap

Louis Edwards, 25, is recovering satisfactorily at the Charlevoix hospital from injuries suffered in an accident Friday morning. He received fractured ribs, collar bone and several bruises when his car was struck by another driven by Claude Stanley, 60, of the Belvedere Club at the intersection of May st. and Garfield ave. on M-66.

Stanley was treated at the hospital for minor injuries.

42 Received Aid in Year

Goldman Meyer Group Reports

The operating committee of the Lenore Goldman Meyer Fund, composed of Charlevoix residents, met with the members of the Goldman family recently to report on the work accomplished by the fund during the past year.

The committee reported that during the fiscal year ending Aug. 1, $1,007.00 had been spent in aiding 19 cases involving 42 persons. The sum also included more than $300 for the milk program in the local schools.

During the nine years the fund has been in operation approximately $10,000 has been spent to aid hardship cases in the Charlevoix area. The fund offers emergency assistance other than medical care to those who are in dire straits and who are not receiving assistance from another saurce. It provides anything from a pair of mittens to household items, food and coal to emergency cases such as fire victims until other aid can be provided.

The milk fund whereby children from a needy family receive milk was added after the fund had been organized for several years. The teachers in the lower grades provide milk to any child who needs it and only his teacher knows that he does not pay for it.

More recently the operating committee has taken over a new service, that of serving as a clearing house for large items which

State Photographers Will Convene Here Sept. 10-12

The annual fall meeting of the Michigan Photographers Society will be held at the Beach Hotel Sept. 10-11-12, with Mr. and Mrs. Allen E. Arnold, former residents, serving as hosts to the group.

Plans are being made by Mr. and Mrs. Eugene L. Kramer of the Beach Hotel and S. E. Coleman of the Charlevoix Board of Commerce to entertain the visitors while in Charlevoix. A cruise on Lake Charlevoix, a shuffleboard tournament and visits to various points of interest will be among the entertainment provided by Charlevoix.

Mr. and Mrs. Allen are planning the program for the three-day meeting at the hotel.

Bob Ashdon, new commanding officer of the Coast Guard station here stands with the departing commander, Joe Etienne, who reports to Cleveland.

Robert C. Ashdon, Warrant Bosun, U.S.C.G., is returning to Charlevoix to become officer in charge of the Charlevoix lifeboat station and Coast Guard units in the Charlevoix area.

He succeeds Joseph Etienne, Chief Warrant Bosun and commanding officer of the Charlevoix area since April, 1947, who has been assigned to the chief operations division of the Ninth Coast Guard district in Cleveland.

The assignments will become effective about Sept. 11.

Mr. Ashdon will come here from Mackinac Island lifeboat station where he has been stationed since June, 1949. A veteran of 13 years in the service, he has been stationed at Beaver Island, Plum Island, Charlevoix, Marquette and during World War II did convoy duty to Iceland and participated in the invasion of Guadalcanal and other Pacific islands while operating a Higgins landing craft.

He is the son of Mr. and Mrs. Ray Ashdon and is married to the former Shirley Partridge, also of this city. They have two children, Tony and Andrea. He was promoted to the rank of warrant bosun last month.

New Store Owner Plans Remodeling

The Smith Housefurnishing company, purchased by Ralph V. Hess, formerly of Nashville, Mich., will undergo extensive remodeling and redecorating. Work will start in two weeks.

The sale of the furniture business was completed Tuesday with Mr. Hess taking formal possession. The new owner plans to construct a new front, install a modern, lighted sign and completely revamp the interior to enlarge the display area.

Mr. Hess comes here with more than 20 years experience as a retailer and undertaker. Until recently he owned an undertaking business in Nashville. Until a few years ago, he also had a retail furniture store.

A visitor here for many years, he built a cabin on Oyster Bay earlier this year. He said he found the Charlevoix area so enjoyable for living that he made arrangements to sell his business in Nashville and move here.

Mr. and Mrs. Hess have a son, Ralph Jr., who is entering Central Michigan college this fall and a daughter, Joan, a senior in high school.

Jim Bowman's Name Omitted from List

Our faces are red.

The Courier inadvertently omitted the name of Jim Bowman, senior letterwinner, from the list of lettermen returning for football this fall.

Jim is 5-10, weighs 175 pounds and plays center. He is looked upon to play a lot of football for this year's team.

The Courier slipped up by omitting his name and regrets the omission.

Quartet Parade Enjoyed by Large Throng

The final week-end of the summer season witnessed the largest crowd of visitors this year in Charlevoix as the Barbershop singers from scores of SPEBSQSA chapters in the middle west gathered here for the four-day songfest.

Leaders of the local SPEB chapter were quick to say that this year's crowd was the largest to attend the Labor Day week-end songfest. Jerry Scudder, chairman of reservations, said the Beach hotel, headquarters for the visitors, was jammed to capacity.

Rooming houses and cabin proprietors also said the week-end was their busiest of the summer.

Highlight of the SPEB session was the parade of quartets Saturday night at the high school gymnasium. A near capacity throng enjoyed an outstanding program of harmony and entertainment. The Mid-States Four of Chicago continued to dominate the quartets taking part in the event.

The crowd handed out a lot of applause to the Barber-Q four, the Village-Aires, the Hoosiers of Harmony and the Huron Hoarsemen of Ypsilanti. The stage setting, arranged by Bob Miles, pleased the audience with its originality and ingenuity.

J. D. "Jerry" Beeler, society international president commended the local chapter and the community for being hosts to such a large turnout. He pointed out that Charlevoix is the smallest city in the nation to stage such a major songfest.

500 Residents Attend Annual County Picnic

Some 500 Charlevoix county residents, gathered at Whiting Park Monday for the annual Labor Day picnic.

The activities opened with a baseball game between two 4-H clubs, the 31 Club of Bay Shore and the Peninsula club with the latter taking the game, 21-14.

At noon a picnic lunch was enjoyed by the crowd with each family bringing its own lunch.

Special prizes were awarded with the Stanley Florenski family of Boyne City winning the prizes for having the largest family on the grounds. There were nine children present.

Mrs. Elizabeth Miller, of Boyne City, who is 00 years old, was the oldest woman present. She was presented with a box of candy. George Underhill, 87, was given a box of cigars for being the oldest man present.

A square dance in the late afternoon concluded the day's activities, which were arranged by Ed Rebman, county agriculture agent and K. C. Festerling, county 4-H club leader. Prizes were furnished by the Charlevoix, East Jordan and Boyne City Chambers of Commerce.

Officials Predicting 4,000 Votes in County Primary Next Tuesday

The Republican race for governor and not the interest in the contests in county offices will bring out a heavy vote in Charlevoix county in the Primary Election, Tuesday, Sept. 12, Fenton R. Bulow, county clerk, has predicted.

Charlevoix county, being a Republican stronghold, will back its favorite candidates to the hilt and thus is expected to tally about 4,000 votes. Bulow also said the urban vote would be heavier then the rural vote for at this time of year the farmers are very busy and have great distances to drive to the polls.

The polls will open at 7 a.m. and close at 8 p.m. In Charlevoix the polls will be in the city hall. In the surrounding townships they will be in the respective townhalls.

Voters are warned that they must vote only one ticket or their votes will be rejected. For example, if you vote for G. Mennen Williams for governor on the Democratic ticket, you can not vote for a Republican candidate on the reverse side of the ballot. Since the contests are on the Republican ticket, study it carefully and make sure you do not split your vote or you will lose your vote.

DESPITE THE FACT that there are three county contests small interest has been shown in them.

The five-man race for governor has attracted some interest in this county with three of the candidates appearing here during the last few weeks. Fred Alger, Harry F. Kelly, former governor, and Albert Engel, Muskegon congressman, spoke to groups in the county. Other candidates for governor are Eugene Keyes and Albert Leitch of Brighton.

COUNTY GOP officials predict that Kelly and Alger will get the lion's shares of the Republican votes in the county with Engel and Keyes also coming in

Congressman Potter Hits at Half-Hearted War Effort

A fervent plea for all-out mobilization for war and urging every help be given the men on the firing line by the folks back home was given the other day in Congress by our 11th district congressman, Charles E. Potter.

It was not just another plea. For Congressman Potter knows all about fighting. He served his country with valor and courage. He walks with the help of two canes and artificial legs because of injuries suffered in World War II.

Potter, recognized as one of the promising young Republicans in Congress, usually is respected for his common sense statements. His behavior in Congress speaks well for him as an American citizen rather than a politician.

To Potter, the only question should be asked of any civilian effort. Does it help speed the war effort?

Here is a statement he made in Congress: If the men in Korea can make the sacrifice of their lives, I can sacrifice my political career. We draft men to go into service to do our fighting, so we should not hesitate for one instant to mobilize for total war."

Potter recalled his own experiences as a combat infantry officer. "I was a combat officer when we hit the Siegfried line. We were ordered to halt with the enemy in front of us on both flanks. We had run out of gasoline and it had to be rationed. We were also out of ammunition. At that very time, the Stars and Stripes, Army newspaper published a news-story that the coal miners were out on strike in the States.

That didn't sit well with the boys in the front lines. It cut the moral fiber of every American soldier."

Potter's statements sound logical. You can't ask a man to take a chance on losing his life on the battlefield in Korea on one hand and then fail to invoke civilian curbs to help provide the fighters with the essentials.

The lesson of Potter's personal experience is that if we are going to fight a war, it has to be with complete mobilization.

No Excuses for Not Voting in Fall Primary

Are you going to vote in the primary next Tuesday?

The answer to that question should be an emphatic YES with no strings attached.

A Charlevoix resident was heard to say the other day in one of the stores that she did not think she would bother to vote in the primary but would cast a ballot in the November election.

You don't have to analyze that statement for long without noting the fallacy of it. This primary will determine who the candidates will be in the final fall election and yet she will not bother to vote, adding her voice in the determination of who the men will be in November.

A lot of voters fail to realize the importance of casting ballots in the primary. The custom should be that every one of us 21 or older should vote in each election with no exceptions. But such is not the case.

Less than half of the eligible voters cast ballots. That is the reason for our minority government. We will always have this type of government until the big majority gets out and votes.

In the state Republican primary, a five-way race for the gubernatorial nomination to oppose Governor Williams in November. Regardless which of the candidates you favor, be sure to go to the polls.

In Charlevoix county, we have contests for sheriff, county clerk and road commissioner.

Regardless how we feel about the election, we have a solemn duty to cast a ballot. When we feel complacent and smug about taking time to vote, that is the time when the wrong element will make further inroads against the American way of life.

We can't let other people do our voting for us. That is one job we must do for ourselves. Make it a point to vote next Tuesday and at every election. That is one way we can make this city, county and state a better place in which to live.

No excuses for not voting next Tuesday. Let's protect America by voting in every election.

Stork Shower Given Mrs. Fred Koehler

Mrs. Fred Koehler was guest of honor at a stork shower given Tuesday evening by Mrs. James Whitley, Mrs. A. M. Allard and Mrs. Buster Russell at the latter's home.

The 17 guests enjoyed a social hour, games and refreshments after which Mrs. Koehler opened her many lovely gifts.

The refreshment table was centered with a large cake decorated in pastel colors and made by Mrs. Whitley.

Our land is just as long and wide as it ever was but it's not as thick in lots of places.

ODDS 'N ENDS

By Fran Martin

It isn't often one finds a familiar name in the list of war correspondents but in a list of 22 AP correspondents covering the Pacific front was one you'll all recognize . . . Stanley Swinton son of Prof. and Mrs. Roy Swinton of Ann Arbor and cousin of Don Swinton.

We have what we think is a new angle on the 'man bites dog' story . . . two-year-old Debby Peeler of Detroit was bitten by a parakeet while visiting her aunt, Mrs. Bud Bergmann here recently . . . not to be outdone by the bird Debby bit back, fracturing the bird's wing . . . but it's been set and we're glad to report, recovering nicely from the incident.

• • •

CONGRATULATIONS to Bob Ashdon for his promotion as officer in charge of the local lifeboat station . . . the family can no longer be called the "island Ashdons" . . . named because of so much island duty in his years of service . . . And many thanks and best wishes to Joseph Etienne who has received a fine boost in being assigned to the Cleveland office.

Don't you feel just a little sorry for the youngsters of this town who have to return to school next week . . . the carefree days of swimming, playing, eating and sleeping when the spirit moved them are over and they'll have to get back into that old groove . . it's going to be tough those first few weeks . . . particularly if we get that Indian summer everyone's hoping for . . .

• • •

ANOTHER BIT OF NEWS that we think is about the nicest in a long time is the fact that Perry Smith is home again . . . after about six months at the San in Gaylord . . . It all came as quite a surprise . . . his release . . . and no one any happier about it then his family . . . and his many friends . . . in fact, just about everyone in town . . .

We're sorry to hear Barbara Bodley, daughter of the Sanford Bodleys of Hayes township is in the University Hospital with polio . . . . . the 13-year-old youngster went to Whittaker early last month to visit her grandmother and while there was stricken . . . she was taken to Ann Arbor and placed in an iron lung in the contagious ward . . . She's getting along well, her mother has written but is very lonesome and would love to hear from her friends here . . . so don't forget to drop her a card % Contagious Ward, University Hospital, Ann Arbor.

Gennett Family Has Happy Reunion

The Gennett Family reunion was held at the home of William Gennett, Sept. 3 in Williamsburg. Those who attended were Mr. and Mrs. Henry Kidder and son, Mr. and Mrs. Thomas Sulpher and family, Mr. and Mrs. Lloyd Kidder and family, Mr. and Mrs. Verne Darrow of Cadillac.

Mr. and Mrs. Ralph Stafford and family, Mrs. Rose Gardiner, Mrs. Kenneth Thompson and daughter, Mr. and Mrs. Irvin Hallett and son, Mr. and Mrs. Dick Hallett and daughters of Detroit, Floyd and Verne Andrus of Wyandotte.

Mr. and Mrs. Robert Powell and son, Mr. and Mrs. William Powell and family and Mr. and Mrs. Robert Gennett and family of Grand Rapids.

Mr. and Mrs. Reed Gennett of Bellaire, Mr. and Mrs. Plenny Gennett, Marin See, Mr. and Mrs. Colon McKenzie, Mr. and Mrs. Merrill Richardson, Mr. and Mrs. Maxim Gennett and daughter, William Graves, Mr. and Mrs. Clifford Gennett and family of Charlevoix.

Announce Betrothal Of Rena Knudsen

Mr. and Mrs. John Knudsen of East Jordan, wish to announce the engagement of their daughter, Rena, to Albert Slate, son of Mr. and Mrs. Harry Slate of East Jordan. Wedding date has not been set.

Among The Notables

Among the guests at the Parade of Quartets Saturday night were Dale Stafford, managing editor of the Detroit Free Press, and Owen J. "Pat" Cleary and Mrs. Cleary. Mr. Cleary is chairman of the state central G.O.P. committee and candidate for secretary of state.

BABY TALK

Births recorded at the Charlevoix Hospital recently include:

A son, John Marcus, born to Mr. and Mrs. John Bissell Aug 30.

A son born to Mr. and Mrs. J. Giles McCann Sept. 2.

A daughter born to Mr. and Mrs. Joseph Dixon of Keego Harbor Sept. 3.

A son born to Mr. and Mrs. Silas Doctor of Ellsworth Sept. 3.

A daughter, Londa Lea, born August 22, to Mr. and Mrs. Anthony Edward Novotny at Lockwood Hospital.

Wasn't is wonderful seeing the North American in Sunday . . but what a time the skipper had docking the ship because of the strong wind whipping down the channel off Lake Michigan . . . the weather man cooperated too and even though the skies weren't sunny they were dry . . . While watching the ship come in we heard several former residents reminiscing about the days when the Manitou docked twice a week and your summer wasn't complete until you'd made the Thursday cruise to Mackinac Island and back . . . How long ago was that? Too long . . .

• • •

SUMMER has officially come to an end . . . Elsewhere Labor Day marks the time when you put away the straw hats and spectator pumps but in Charlevoix it's the time for saying sad good-byes to our summer visitors . . . We really don't realize how much we've enjoyed having them around til then . . . And then we say Don't forget us and please come back . . And that goes double for us . . . we're glad you came, we hope you liked us well enough to want to come back . . . And we'll see you next summer . . .

• • •

AND AMONG the summer residents who left early this week are the Charles Godchaux . . . we never knew before that their summer home at the end of Michigan ave. has been home to six generations . . . The Hillers came first more then 40 years ago and since then have followed five more generations . . . quite a record . . . which we hope will continue for many more generations . . .

Dear Editor

Your editorial in the Charlevoix Courier of August 24, regarding Chester C. Wells of the West Michigan Tourist and Resort Ass'n, certainly hits the spot.

We dropped out of the West Michigan Tourist Ass'n this year after being members for the past four years, for the same reason you so capably explained in your editorial.

Congratulations for such good spirit in your writing.

REPUBLICANS of MICHIGAN....

Let's ask ourselves a fair question
.... Which of Our Candidates
for Governor can defeat
Williams in the November Election?

THE ANSWER IS SIMPLE:

In winning re-election as Secretary of State in 1948, Fred Alger led the Republican ticket with 1,043,913 votes in the face of a Democratic landslide. *THINK THAT OVER* between now and election day . . . and remember *this* . . . it will take *youth* to win . . . Alger is *young*. It will take a vote getter to win . . . and Alger has *proved* his vote getting ability. *Make no mistake* . . . Fred Alger is the one man among our candidates for Governer who can bring us victory in November.

Let's not waste our valuable votes on a candidate who hasn't a chance to win the election. Let's get together and nominate the one man who has everything it takes to beat Williams! Youth . . . vigor . . . an honest record . . . and the proven ability to get votes . . . WITH FRED ALGER WE CAN WIN AN IMPORTANT REPUBLICAN VICTORY IN NOVEMBER!

I See by the Courier . . .
